Selling Orders Made Prices Dip Sharply

A FEVERISH RALLY

Market Soon On Down Grade Again. United States Steel and Reading Established Low Records for the Movement—Only Few Prominent Stocks Below Yesterday's Closing.

(By the Associated Press.) New York, June 30.—At the opening of the stock market today there was a sprinkling of gains amongst prominent market leaders which showed efforts at support of the market. There were free offerings at other quarters of the list, however, causing sharp declines. Great Northern preferred fell 2, Canadian Pacific 1-1/2, Atlantic Coast Line, Hide & Leather preferred and Anaconda a point and Pennsylvania, Reading, Atchison and American Ice large fractions. Virginia Iron sold at a decline of 3-1/2 and Chicago Terminal preferred at an advance of 2. Selling orders swept away the feeble resistance of the bulls, and prices dipped sharply. Only a few of the prominent stocks, however, sold below the low level of yesterday. U. S. Steel and Reading established low records for the movement of 22-7/8 and 121 respectively.

After the forced selling orders had been disposed of the market rallied feverishly. Some stocks sold above yesterday's closing. St. Paul and Northern Pacific gaining a point and Anaconda 2. The market was on the down grade again at 11 o'clock. Bears covered some short lines in anticipation of the bank statement but that document proved disappointing in the small contractions in loans and prices sold off to the lowest of the day. Pennsylvania, New York Central, Reading, U. S. Steel preferred and Amalgamated Copper were prominent. New York Central dropped 2-3/4, Pennsylvania 1-7/8, Smelting 1-3/4, Reading 1-5/8, Amalgamated Copper 1-1/8, and St. Paul and U. S. Steel preferred 1. The Minneapolis, St. Paul & Sault Ste. Marie stocks lost 3/4, Northwestern 2, Atlantic Coast Line 1-3/4, Atchison 1-1/2, Illinois Central 1-3/8, Southern Railway 1-1/4, Wells Fargo Express 3/4, Tennessee Coal & Iron and other a point. Short covering again caused a rally which reached 1 in a few prominent stocks. The rally was well held in most cases but the closing was irregular.

NO SMALL POX AT BEAUFORT.

A letter received by Collector E. C. Dineen today stated that the two suspected small pox patients at the boarding house of Miss Sarah Davis at Beaufort had left. Both patients have been discharged. The house has been thoroughly disinfected and fumigated and is now open to the public. There is considerable doubt in the minds of many as to the disease having been small pox at all. The number of visitors at Beaufort is increasing and the indications point to a large number there during July.

ERROR OF \$3,000,000 NEARLY GOT IN BILL

(By the Associated Press.) Washington, July 30.—One of the peculiar features connected with the last day of congress was the signing of the sundry civil bill. As it was passed it contained an item appropriating \$3,000,000 for the condemnation of a site for a building for the departments of state, justice and commerce and labor in Washington. This item was dropped out in conference, however, after it had been transformed to the omnibus public building bill, and later it was dropped out of that bill also.

The enrollment clerks failed to notice that the appropriation had been eliminated from the sundry civil bill, and included it in the copy of the bill laid before the president for his signature. Just as the president had concluded signing his name Senator Scott discovered the error. Senator Hale and Chairman Tawney of the house appropriation committee prepared a resolution repealing that feature of the bill making the \$3,000,000 appropriation, and this was passed by both bodies.

Parker, secretary of that association; Dairy Expert B. H. Rawl, of the United States Agricultural Department; Edward H. Webster, of the same department; E. B. Wilcox, who looks after experiment stations all over the country; C. M. Connor, of the Florida Experiment Station; R. W. Scott, one of the best known farmers in the state; John S. Cunningham, so well known as a tobacco grower. The ladies are to have a hearing also as many farmers' wives and daughters will be present and to these there will be talks by Dr. Della Dixon Carroll and Mrs. Walter Grimes of Raleigh, and Miss Viola Biddle of the State Normal and Industrial College.

JUST ASK FOR ARBUCKLES' ARIOSA COFFEE. The genuine comes in a sealed package bearing the signature of Arbuckle Bros., and contains one pound full weight. Any reliable grocer can easily obtain it but if yours is misguided enough to offer an imitation or tries to substitute his own loose grocery store coffee, send to us direct. Neither circumstances nor combinations shall prevent your having Arbuckle's Ariosia coffee if you want it. For your convenience, if you cannot obtain it from a nearby store, we will send ten full pounds from our nearest depot, packed in a strong wood box, transportation paid to your freight station. Price will be \$1.50. There will be nothing more to pay. You can send express or postal money order. Price fluctuates and is not guaranteed for any period. The coffee will come in the original wrappers bearing the signature of Arbuckle Bros., which entitles you to presents. Ten pounds mean ten signatures to start with! You don't have to sell anything to get the presents—there is no work for you to do; the presents are simply given free for signatures. If your friends save signatures for you that will help you get a choice of nearly 100 useful articles—all of them illustrated in colors in a book we will send you free if you write for it. The presents are all right. We distributed 4,000,000 presents in twelve months. But it is the quality of Ariosia—the fact that it is the greatest coffee value in the world for the money, that makes its sales for 37 years greater than the sales of all other packaged coffees in the United States combined. It is a blend of Brazilian coffee of delicious flavor and aroma, that increases the power and ambition to work. We drink it ourselves with the best coffee in the world to choose from. Don't buy loose coffee. You may be sure that it collects the dust of the store and freely absorbs impurities. You never know where it comes from, where it has been or how much it has been handled. There is nothing to identify it except the price—no way to know positively that you are actually receiving what you pay for—the grocer doesn't know for he has to trust somebody who trusts somebody else. Insist upon Arbuckle's Ariosia Coffee and if your grocer refuses to sell it to you write to us. By the original mother's process of coating the bean patented by this firm, the delightful flavor and aroma characteristic of our skilled coffee blending and
