Army Don't Need Show Tactics.
(By the Associated Press.)
Washington, August 4.—Captain J. A. Logan, Jr., the substitute officer of the army, who with Major I. W. Littell, the army quartermaster, accompanied one of the large circuses for some time to observe circus methods, has reported that although the discipline and system about the show were admirable, the equipment used is much heavier than the army can make use of and the subsistence is not suited to army needs.

Death of Canadian Jurist.
Halifax, N. S., August 4.—Associate Justice Robert Sedgwick of the supreme court of Canada, died at Colchester today, at the age of 58 years.

R. H. Murray, in a sketch of H. H. Rogers, the "brains" of the Standard Oil octopus, tells this: Rogers once walked into the hut of Ned Haskins, who lived the life of a hermit in a hut eight feet square, close to Fort Phoenix, in Fairhaven, Mass., where Mr. Rogers' summer house stands now. "Ned, what would you do if you had \$10,000,000?" asked Rogers. "By jings," said the hermit, after long cogitation, "I'd have this hut built two feet larger."

Colored Letter Carrier Bound Over to Court

W. H. Dowd Arrested and Taken Before United States Commissioner Nichols, Who Found Probable Cause and Held Him for Court. Left Letters in Satchel.

W. H. Dowd, a negro letter carrier here, who has been in the service a number of years, has been bound over to the federal court on the charge of detaining and delaying letters addressed to patrons of the Raleigh postoffice, and in some failing to deliver them altogether.

From time to time complaints had been coming into the postoffice of letters delayed in delivery after reaching this office, and Postoffice Inspector Buck has been at work on the case with the result that Dowd was arrested and taken before United States Commissioner John Nichols, who, after hearing all the evidence, found probable cause and held the carrier for court in the sum of \$200, for which he gave bond.

It appeared from the testimony that Dowd had frequently carried out mail matter and had brought back the same in his satchel and left it there until the next day and sometimes even over Sunday at times.

Patient of State Hospital Who Got Away Last August

George E. Billings of Durham, It Appears, Met Death Soon After Escape—Body Found in a Creek in Johnston County Was His—Family Searched Nearly a Year.

A story comes from Durham to the effect that George E. Billings, formerly an inmate of the State Hospital for the Insane here, and whose family have been hunting for him nearly a year, is dead, and that he is buried in Johnston county in a grave marked unknown.

Billings' home was in Durham and he was sent to the asylum from that city. He escaped last August and his family had never seen him since. Not very long after his escape the dead body of a white man was found in a creek in Johnston county. Coroner LeMay of Johnston county at that time learned the facts of the man's escape from Dr. McKee. The man's hands were tied with a grape vine when the body was found, and the remains were so badly decomposed that positive identification was impossible. However, certain circumstances made it almost beyond a doubt that the body was that of Billings.

The Durham story says that the family was not notified of the death of Billings until after the first of the present year.

Of the whole number of persons arrested, 162 were convicted, 46 are awaiting the action of court, 51 are awaiting the action of the grand jury, 29 were acquitted, 19 were ignored by the grand jury, 5 were notified and four were discharged by the United States commissioner.

Order as to the Depot at Hickory

Work Must Begin Within Thirty Days Says The Corporation Commission—Original Order Was In 1903—Case Came To Suspend Court—Injunction Perpetuated—New Site Necessary.

The corporation commission made an order today for the Southern Railway Co. and the Carolina and Northwestern Railroad Co. to proceed without further delay with the provision of better and safer passenger and freight facilities at Hickory.

It was in 1903 that the commission made the original order for improvement in the facilities at Hickory and in compliance with this order the two companies began to make changes in depot facilities at the present old freight and passenger station in the center of the town. Citizens objected to the companies from proceeding with this on the ground that the location was dangerous to the life and limb of people and furthermore that the ground on which the depot was located really belonged to the town of Hickory.

This case was brought up to the supreme court and the injunction made perpetual. It was held by the court, however, that the Southern Railway Company really owned the site in question.

In view of the injunction which stands against improving facilities at the present depot and the latest order by the commission that facilities must be improved the next thing will be agreeing on a new location for freight and passenger depots. The order calls for improvement within thirty days.
