BY HAND OF MANIAC

Three Lives Taken, One of Them His Own

Two Escape From the Knife of the Murderous Madman By Reckless Leaps From the Building in Which He Lived.

(By the Associated Press.)
Chicago, Ill., Aug. 14.—In a fit of insanity today Emil Berner, a mechanic of Batavia, Ill., murdered his brother-in-law, Ernest Franzon, by cutting his throat with a razor, slashed Mrs. Berner so severely that she will die and then cut his own throat and died within a few moments. After he had injured Berner's wife summoned neighbors. The tragedy was enacted at the Berner home. Berner had been ill for three weeks and at times had been delirious, but no symptoms of violent insanity had been previously noticed. Today, standing up to his brother-in-law, who had been watching at the sick man's bedside, but who had dropped into a daze from exhaustion, Berner slashed Franzon's throat cutting the jugular vein. Berner then fled the room and met his wife in the doorway, leaving her to be slashed by him from behind. He then dashed upstairs to rooms occupied by his daughter and a boarder. Warned by the screams of the mother and frightened by the wild appearance of Berner, both the daughter and the boarder escaped to jump out to the ground ten feet below. Berner then slashed his own throat. He was dead when found.

To People of North Carolina

(Continued from first page.)
use of needed forces which through out to the utmost extent. "The newspapers with their means of hearing and disseminating the news can greatly aid in warning of danger, and thus preventing crime. I ask of the papers of the state, daily and weekly, to publish this address and to write strong editorials calling on their people to assist in maintaining the law. I have confidence in the people and the press of the state, both civil and military, and therefore call on them to help me in my efforts to maintain peace and quiet and to forever prevent such disastrous scenes as have just passed through—scenes which reflect on our people, giving us the name of law-breakers, which the entire civilized majority of our people do not deserve, and which injure our good state in every sense—materially, educationally and morally. "Living in Raleigh, often far from the scene of trouble, I can only get through agents, and in person when I can arrive on the scene, so again I call on all good citizens, civil and military, who love their state, who desire to protect its fair name, to give me both their physical and moral support, and if mortal man can accomplish such an end I shall and will fulfill the law, and protect all citizens."

COMPANY'S PLAN TO REAP DOUBLE FARES.

(By the Associated Press.)
New York, Aug. 15.—A unique plan to meet the conditions which have arisen over the refusal of many passengers on the Brooklyn Rapid Transit Company's lines to pay a double fare to Coney Island, will be put in practice by the company today. Heretofore the principal difficulty has been experienced on the trolley cars which cross the single fare limit. Most of these cars have been withdrawn and today passengers who desire to visit Coney Island will be compelled to travel the entire distance in elevated trains or to transfer from surface cars to the elevated at the single fare limit. It is on the elevated trains that the new plan will be inaugurated. These trains will be in two sections. Passengers who express a willingness to pay the double fare will be placed in the forward cars, while those who protest against the second payment will be placed in cars at the rear. It is the plan of the company to make a canvass of the train immediately after leaving the single fare limit line and when this is complete to cut off and sidetrack the cars containing those who refuse to make a second payment.

PAPER MILLS SINK IN HEAPS OF ASHES.

(By the Associated Press.)
Ypsilanti, Mich., Aug. 15.—The Superior mills of the Ypsilanti Paper company, located a short distance outside of the city limits were practically destroyed by fire early today. The loss is about \$100,000, fairly well insured. The mill employed eighty hands and had been working day and night. It manufactured sulphite fibre paper.

BRYAN AND PARTY OFF FOR MADRID.

(By the Associated Press.)
Paris, Aug. 15.—William J. Bryan and his party left Paris today for Madrid.

STRIKE MAY CUT OUT PHOTOS OF CANDIDATES.

(By the Associated Press.)
Chicago, August 15.—The familiar campaign poster bearing the face of the political candidate may be a scarce article in the coming campaign owing to the spreading of the lithographers' strike yesterday. Many plants where the pictures are made have closed down while others may be compelled to do

HYOE COUNTY EPIDEMIC

Assistant State Veterinarian on the Situation

Says More Than 100 Horses Have Died—Recoveries Are Rare—Disease Commonly Known As "Staggers"—Caused Most Probably By Fungus Or Mold In Feed.

Assistant State Veterinarian G. A. Roberts returned this morning from Hyoe county, where he went under direction of the state department of agriculture to investigate the epidemic that is causing the death of so many horses in that section. He found that at least one hundred horses had died in two townships, Lake Landing and Currituck, in Hyoe county. Of all the cases he found there were only three that gave promise of recovery. The disease is what is commonly known as "staggers" and is thought to originate from fungus or mold in the feed or water. Mr. Roberts says he only found the feed on hand for stock is gradually ruined by the continued rains, but the cause throughout the county are almost a total failure. He estimates the situation as to the epidemic, and so what he can do to check it, carrying with him appliances for disinfecting and studying more effectively the disease. He will also go into Craven, Pamlico and Beaufort counties on the same mission, completing having come in to the department from those counties during the past few days. Mr. Roberts found that many people have shipped their fine horses away from the disease appeared. He thinks that a more economical and a safer course would be to get food for them without the territory infected, or rather affected, as he is of the opinion that the disease is not contagious.

FOR WINTER RESORT

To Get Raleigh a Special Rate List

To Advertise Tobacco Market \$100 to be Spent at Once, and \$200 More if \$400 is Raised Outside—Special Committee to Act in Matter of Selecting a Secretary.

Important action was taken by the Chamber of Commerce and its representatives last night when the railroad committee was instructed to select a special round trip rate for Raleigh as a winter resort, and also to see to it that Raleigh is placed in the resort guide books that are published in Boston and New York and other large cities. If Raleigh is put in these lists the railroads will issue excursion tickets for the benefit of the winter tourists who pour south during the inclement months.

This action was taken on motion of Mr. James H. POU, Mr. Sherwood Higgs is chairman of the railroad committee.

The resignation of Secretary R. M. Phillips, who has been elected secretary of the Chamber of Commerce, was accepted, and the matter of selecting his successor was left to a special committee composed of President Joseph G. Brown, Alex. Webb, John C. Drewry, T. W. Dobbin and Judge T. B. Womack, which committee will report to a subsequent meeting of the board of directors. Notices are being sent out for the collection of the dues for next year. The fiscal year ends September 11.

The chamber made an appropriation of \$100 to be used immediately in advertising Raleigh as a tobacco market, and provided for the appropriation of \$200 additional, conditioned upon the raising of \$100 outside for a like purpose. This makes a total of \$300 to be spent in making Raleigh's tobacco market better known.

The report of the committee on tobacco company was made by Chairman J. E. Parke, and remarks were made by Messrs. Parham and Chatham of the Farmers' Warehouse. Mr. Jas. H. POU of the railroad committee noted that the committee be instructed to open negotiations with the Raleigh and Pamlico Sound Railroad with the view of obtaining such rates as would insure a large portion of the tobacco grown along its line being brought to the Raleigh market.

FOREST FIRES RAGE; MANY ARE HOMELESS

(By the Associated Press.)
Blauok, Minn., Aug. 15.—Several large forest fires are burning fiercely west and south of here. Much damage has already been done. Many settlers have been forced to abandon their homes and have lost most of their property. Wild animals are invading the limits of the village.

THREE HURT IN CRASH ON AN ELECTRIC LINE

(By the Associated Press.)
Chargin Falls, O., Aug. 15.—A special car on the Cleveland & Eastern Electric road carrying 25 passengers, collided with a milk car while running at a high rate of speed near here today, resulting in the serious injury of at least three persons. Daniel Plowman, motorman on the milk car, was badly and perhaps fatally hurt. Miss Grace Dodge of Auburn, Ohio, and Mrs. Irwin of Troy, Ohio, received injuries more or less serious.

Two "Skidoo" Nominations.

(Continued from first page.)
The nomination was not a mighty one. Mr. Godwin was called on and said he would be glad to be nominated for the first time, but he did not want to be nominated for the first time. He had been brought up in a democratic family, and that was why he had voted for Cleveland in the first place. As for Mr. POU, he had nothing particularly against him. He had a father that was a lawyer and a good one. "He done a few dirty tricks," Mr. Godwin said, but he had been in school quiet as possible. He had heard Governor Glenn make a powerful prohibition speech and declare that a man who didn't support prohibition was no man at all, and then he had heard POU endorse what the governor had said and declare for prohibition. Then after the convention, "There are no names present, are there?" asked Mr. Godwin, anxiously—some of POU's friends had gone to him and said, "Pou you played hell!" and it was the truth, too, said Mr. Godwin.

A little later Mr. Godwin had been at another convention in Johnston and heard Jarrell say they must have a little bit of liquor in Johnston for medicinal purposes, and then POU had gotten into and endorsed Jarrell and said they must have a little liquor in Johnston, after he had endorsed Governor Glenn for prohibition.

Mr. Godwin declared that Johnston county was out with POU, and wound up by saying "If the other counties do as well as Johnston I am certain of victory today."

The executive committee for the congressional district was then chosen, as follows: one from each county and one at large: Chatham, Dr. H. T. Chapin; Franklin, W. W. Green; Nash, Mack Bramley; Johnston, James D. Parker; Vance, S. E. Satterwhite; Wake, Claudius Dockery; at large, J. C. Stanchel of Johnston. The committee organized with J. C. Stanchel chairman, and W. G. Briggs secretary.

Immediately after the congressional convention had adjourned, Commissioner Nichols called to order the convention of the sixth judicial district, and designated A. J. Barefoot, chairman. Mr. Barefoot is republican nominee for the senate for the district comprising Johnston, Harnett and Sampson.

The business at hand was the nomination of a candidate for solicitor. J. F. Dobson, former postmaster at Goldsboro, nominated ex-Judge W. S. O'B. Robinson. The nomination was seconded by J. D. Parker of Johnston, and on the latter's motion the nomination was made by acclamation.

It was decided after several motions and amendments that the executive committee should consist of two members from each of the four counties—Wake, Johnston, Harnett and Wayne, and one at large.

The following were chosen: J. W. Harden and H. P. Harrell of Wake; S. G. Pate and S. O. Holmes of Wayne; J. B. Holland and J. M. Coats of Harnett; H. F. Peeden and Doc Stevenson of Johnston, and John Nichols at large. The committee organized with John Nichols chairman, and Assistant Postmaster J. B. Leonard secretary.

Berry Godwin, the candidate for congress nominated today by the republicans of this district, is a farmer and merchant, 40 years of age, a native of Johnston county, where he has lived all his life. He has been successful in business at Pine Level, and is a man of some means. In 1896 he was a candidate for register of deeds of his county. He has been active in local politics for several years, and is popular in the county.

Take a day off and enjoy the seashore at Wrightsville Beach, August 25th. Great one-day excursion is the Tabernacle. Fare only \$2.25.
