NATIONAL BISCUIT COMPANY

STANDARD OIL TO CRUSH MORE

Will Buy or Ruin the Distilling Plants

USES ALCOHOL BILL

Recent Law By Congress Will Cut Into Trust Profits and Rockefeller Interests Prepare to Eliminate the Independents—Starts in Illinois.

(By the Associated Press.) Chicago, Aug. 27.—The Standard Oil Company has taken steps toward acquiring ownership of all the principal distilling plants in the United States, according to a special dispatch from Peoria, Ill., to the Tribune. A conference was held Friday last in Chicago between representatives of the distilling interests and the Standard Oil Company.

A price has been set upon every distillery in Peoria and indications are that a deal will be effected and the plants will pass into the hands of the Standard soon.

It is said the price asked was considered too high by the Standard Oil people and the latter threatened if suitable terms could not be reached, to build distilling houses of their own.

The chief reason of this action on the part of the Standard Oil Company was the recent passage of the alcohol bill by congress. Experts employed by the Rockefeller interests, after experimenting, reported their product cannot be manufactured cheaply enough to make a serious competitor of gasoline, but that it could be used in the manufacture of mercerized cotton and other fabrics and would be an extremely favorable product to control.

Tribute to Capt. W. G. Allen.

The Lumberton Robesonian prints the following letter on the resignation of Capt. W. G. Allen:

To the Editor of The Robesonian: It seldom happens in a life time we have occasion to take note of an incident that brings with it so much genuine regret as the resignation of Capt. Allen, pleasant, genial, with a good word of cheer and encouragement for all with whom he came in contact either in a business or social way. A delightful companion that will be missed from our circle and many days will come and go e'er his place will be filled, should it ever be. But this was not all. He was a man possessed of fine abilities and skill in his chosen profession, that of building roads and equipping highways with bridges and culverts for the convenience of travel. Two or three years ago, and I speak from experience, the roads around Lumberton and other townships of the county, were almost impassible during bad weather; the numerous swamps through which these roads lead, would almost swim a horse, but these conditions have wonderfully changed within the past two years. You can now travel from one end of the county to the other and make good time, rain or shine, and the bad swamps have been bridged and the road beds raised, and whatever may be said of the Wake county man and the objections raised to him for this reason, it is absurd and the argument of ignorance and prejudice. What he has done for the roads of old Robeson, stands as a lesson to those who may follow, and will remain a monument to the skill and ingenuity of the man. So rules the intelligence of the county—and it is a debatable question at the opening of another presumably bad season when the work done during the summer under continued rains will fall down to a greater or less extent, whether the commissioners were wise in accepting his resignation at this time, but required him to fill out the term for which he was elected one year hence.

Robeson's loss will be Wake's gain, yet we may hope the exigencies of the case the future may present, will force him back to our midst as time proves the need of his services.

"A TRAVELLER."

THE ONLY REMEDY THAT CURES RHEUMATISM TO STAY CURED.

GETS AT THE JOINTS FROM THE INSIDE

RUBBING DON'T CURE.

Rheumatism is an internal disease and requires an internal remedy. **RHEUMACIDE** "Gets at the Joints from the Inside," and that is the reason it Cures after all other remedies have failed. Rheumacide sweeps all the poisonous germs and acids out of the blood and "Makes You Well All Over." Those pains are danger signals, warning you of a disease that threatens the entire system. Headache, Sins, Bad Taste in the Mouth, that "No-Account" feeling indicate that you need

Rheumacide

REMOVES THE CAUSE OF THE PAIN.

Quincy, Mass., July 18, 1905.
Dear Sirs: I was laid up last November with Rheumatism in my feet and ankles, but after taking four bottles of Rheumacide I have not been bothered since. I tried every old kind of liniment and was under two doctors, and all I tried had the same result, until I got Rheumacide. Now, I am pleased to say, it has not been necessary for me to take any medicine for Rheumatism since February last. Everybody that I recommended it to has had the same results.
Yours very truly,
P. RANAGAN, Manager,
Quincy Industrial Cooperative Society.

Cured 80-year-old Mrs. Mary Welborn, of High Point, N. C., after she had suffered 20 years. Cured Rev. J. R. Wheeler, 70 years old, a leading Methodist minister, of Reisterstown, Md. Cured John F. Elms, of Baltimore, after Johns Hopkins Hospital had completely failed. Cured James Wilkes, of Dillon, S. C., after he had been in bed three years and his legs were drawn up against his back. Better get a bottle from your Druggist at once. Sample bottle and booklet FREE if you send 5 cents for postage.

There's Danger in Delay

REVOLUTION OF UN-REASON

(Continued from First Page.) render themselves to the government forces, or who surrender with their followers and their arms, will also be allowed to return to their families. Finally to all who surrender the government guarantees that they will never be disturbed in any manner as a result of the part they have taken in the uprising and that they will be allowed to follow the usual pursuits without molestation. Alfredo Zayas, president of the liberal party, informed the Associated Press today that there was absolutely no truth in the report that Vice President Mendez Capote had consulted with him on the question whether peace could not be restored by President Palma's withdrawal from the presidency, by permitting Mendez Capote to succeed him, and by giving certain posts to the liberals, which consultation was said to have caused grave differences between the president and the vice-president. Zayas says the insurgents probably would not consider such a settlement under any circumstances.

"We've Got 'Em on the Run." Secretary of the Treasury Sterling said to the Associated Press today: "We think we have got them on the run in the province of Santa Clara. If we have not got them running we very soon will have them going. Pino Guerra, in the province of Pinar del Rio, does not want to fight but he will have to do so. Our forces at San Juan de Martinez and in his vicinity numbers 800 men, and his is not much larger. He may, besides his regularly armed men, have four hundred or five hundred followers armed only with machetes. We will settle them in two or three days."

The name of President Palma's daughter appears on the list of women who have offered themselves to serve as nurses during the suppression of the insurrection. Thirty Americans are among the recruits who have joined Major Clews' new rapid-fire-gun battalion.

A TRAIN DERAILED; THREE MEN KILLED

(By the Associated Press.) St. Paul, Minn., Aug. 27.—Reports received at the headquarters of the Great Northern Railway here say that an eastbound mixed train was derailed near Swift, Mont., last night. A combination passenger coach was overturned, and Frank E. Prewitt and Charles Schultz of Arlington, Mont., passengers, were killed. A brakeman named Brown was also killed. Eight or ten passengers were bruised. The cause of the derailment is unexplained. The train was moving slowly.

AUGUST FROST IN IOWA LOWLAND.

(By the Associated Press.) Des Moines, Ia., Aug. 27.—A frost was reported in the Iowa lowlands for the first time this season, although it is not thought that the great Iowa corn crop will suffer damage because of it. The mercury dropped as low as forty at Cedar Rapids and Creston, the coldest August day for fifteen years. Charles City reported light frosts although the temperature was 42.

MISS BUMPAS' DEATH Remains Passed Through Here Today to Durham

The End Came at 9 O'Clock Last Night After a Relapse From Typhoid Fever—Dr. Bumpas in Holy Land, Cannot Reach Here for Several Weeks.

The news of the death of Miss Jennie Bumpas reached the city last night. The end came at about 9 o'clock last night at the home of Mrs. J. A. Meadows in New Bern. Miss Bumpas had been ill for weeks with typhoid fever. At one time it was thought she was on the road to recovery, but a relapse came and no medical skill could help the beloved young lady. When it was believed she was out of danger a cable to that effect was sent to Rev. R. F. Bumpas, her father, who is traveling in the Holy Land. A few days ago when it was seen that the result must be fatal a second message was cabled to Dr. Bumpas, but it is learned that this message has not yet reached him.

Miss Bumpas was just 21 years old, and was graduated from Peace Institute last year, when she gave a musical recital that is well remembered and that was much commented on at the time in the most favorable terms. She was an unusually bright and attractive girl, with a lovely disposition that made her warm friends everywhere. She was one of the most loved young women that ever came to Raleigh.

Her death is peculiarly sad for the reason that her father could not be with her at the end and also that her brother died three or four years ago just as he reached his majority. Miss Bumpas was the last surviving child of Dr. and Mrs. Bumpas, five children having died before reaching adult life. Mrs. Bumpas was with her daughter during her long illness and when she passed away.

The remains passed through Raleigh at 3.30 this afternoon on the way to Durham, where the interment will take place, the other members of the family being buried in Durham also. A number of friends from this city joined the party and accompanied the remains to Durham. There was a number of lovely floral offerings from Raleigh people and from the Edenton Street Methodist Church and the Sunday school. There was a very handsome offering of flowers from the Centenary Methodist Church of New Bern, of which church Dr. Bumpas was pastor for three years just prior to coming to the Edenton Street Church.

Malaria Makes Pale Sickly Children.
The Old Standard Grove's Tasteless Chill Tonic drives malaria and builds up the system. Sold by all dealers for 27 years. Price 50 cents.

S.S.S. DRIVES OUT RHEUMATISM

The aches and pains of Rheumatism are only symptoms which may be scattered or relieved with liniments, plasters, blisters, etc., or quieted with opiates. As soon as the treatment is left off, however, or there is any exposure to dampness, or an attack of indigestion, the nagging pains, sore muscles and tender places on the flesh return, and the sufferer finds that he has merely checked the symptoms, while the real cause remains in the system. The cause of Rheumatism is a too acid condition of the blood, brought on by indigestion, chronic constipation, weak kidneys, and a general sluggish condition of the system. Waste matter collects in the system each day which nature intends shall be carried off, but when it is left because of a sluggish condition of the system it sours and forms uric acid and other acids. These are taken up by the blood and carried to all parts of the body to produce the pains and aches of Rheumatism. S. S. S. cures Rheumatism by going down into the blood and driving out the cause and making this life stream rich, pure and healthy. When the blood has been purified and built up by S. S. S. the pains and aches pass away, the muscles become soft and elastic, and Rheumatism driven from the system. Book on Rheumatism and medical advice free. **THE SWIFT SPECIFIC CO., ATLANTA, GA.**
