FIRST ATTRACTION.

Miss Corinne Frances to Open the Season With the Musical Comedy "Violette."

Advance notice of "Violette," to be at the Academy of Music next Wednesday night for the opening of the season, has been sent out as follows:

Miss Corinne Frances, the pleasing young comedienne, who toured the country last season as "Phyllis" in "When We Were Twenty One" winning warm praise wherever she appeared, will be here again next Wednesday night at the Academy of Music in the new musical comedy success "Violette" which her manager, Mr. Brandon Courtney had written expressly for her. In "When We Were Twenty One" Miss Frances was able to show only one side of her undoubted ability as an actress—the side that may be designated as the legitimate. That she won applause so universally from the critics who had seen Maxine Elliott in the same role is sufficient proof of her success in that line. Her new part in the title role of "Violette" gives full scope to her exhibit her excellence in other and even more satisfying directions. "Violette" is an entirely new musical comedy of a much higher order than the stage has been recently accustomed to, and Miss Frances has several vocal numbers exactly suited to her charming personality. The supporting company of 25 people is of the highest class, having been selected by Mr. Courtney from among the best obtainable material in New York. The chorus is composed of expensive singers, chosen for their voices as well as appearance and the girls are remarkably pretty and attractive. The costuming and staging of the piece has been done in a most lavish manner and altogether our theatre goers are assured of a rare treat.

Mr. S. H. Smith, who has been recently graduated from the Textile Department of the A. and M. College, has been appointed secretary and treasurer and general manager of the Bowling Green Knitting Mills, Bowling Green, S. C.

Mr. Smith, during the time he was in college, spent his summers working as bookkeeper in one of the mills near Raleigh.

Encouraging reports come from all graduates of the Textile Department. All the last year graduates have secured positions in mills. Four of the textile students are superintendents of cotton mills in North Carolina. Other students are occupying various responsible positions in mills.

BOY HURLED TO INSTANT DEATH

(Special to the Evening Times.)
Lenoir, N. C., Aug. 30.—This morning about 11 o'clock while Fred Pearson was running a mouler in the shops of the Moore Furniture Company he was caught in the belt and hurled to death in an instant. His right side was torn open, his jaw broken and his head badly crushed.

Fred was eleven years old, a son of Mr. George Pearson of Gamewell. The family have many friends in the county who will deeply sympathize with them in this great calamity.

Race Horses in Japan.
(Everybody's Magazine.)
The Japanese have a way of learning whatever foreign art or business they want to introduce into Japan. Two young Japanese are studying the business or science of horse breeding in Kentucky, its capital. When they have mastered it they will start breeding establishments in Tokyo. A Japanese horse may yet win the Futurity, the Grand Prix or the Derby.

Hard Test for Credulity.
(Kansas City Journal.)
Some newspaper men are terrible liars. In writing up a cyclone out west one of them said it turned a well inside out, a cellar upside down, moved a township line, blew the staves out of a whisky barrel and left nothing but the hunchbone, changed the day of the week, blew a mortgage off a farm, blew out the cracks of a fence and knocked the wind out of a politician.

New York Hears Bryan Tonight

(Continued from First Page.)
tion of a definite program for Mr. Bryan during his stay in the east. He will go to New Haven on Friday and will have a reception at noon on the college green.

On the following day he will be in Bridgeport as the guest of Senator Archibald McNeill. He will leave New York for the west Sunday night or Monday.

Scores of workmen were in Madison Square Garden early today arranging seats and decorations so as to have everything in readiness for the Bryan reception tonight. A tremendous crowd is expected and elaborate police arrangements for handling the people have been made. Chief Inspector Moses W. Cortright will be in charge and he will have under him two inspectors, nine captains, ten sergeants and 600 patrolmen. The police will be on hand at 5 o'clock, half an hour before the doors are opened. Fourth and Madison Avenues and 26th and 27th streets are to be roped off to prevent the crowds from getting too close to the entrances.

The crowds of visitors from the various sections of the country were largely augmented this morning. Every train arriving in this city had scores of men, many with their families, who wished to take part in the celebration. Among the visitors westerners seem to be in the majority. The Broadway hotels are filled with them. The blocks from 23rd street to 42nd street was filled all day with typical men of the west, waiting for Mr. Bryan to come ashore.

Training for Delinquent Parents.

We have reform schools for wayward children, which doubtless do the best they can. But if there could be reform schools for parents there would be little or no need of reform schools for children. Delinquent parents are to blame for delinquent children—in nine cases out of ten. If parents would do their duty, if they could be forced by state, church, society, press, public opinion or the whips and scorns of the time, to realize their responsibility of the children they have brought into the world—then there would be no need of the state reform school. The parents would keep that school. Its course of instruction would be admonitory and preventive. It is seldom that a child brought up in the right way by the parents will afterward take the wrong way.—Portland Oregonian.
