SHOCKED BY A BLACK RECORD

Philadelphia Aghast Before the Revelation

A MASK OF MORALITY

Torn Aside by Receiver of Real Estate Trust Company Who Reveals Hipple as Thief of Five Million and Sixty-Five Thousand Dollars, A Co-Receiver Desired.

(By the Associated Press.) Philadelphia, Pa., Aug. 31.—The statement of Receiver Earle of the broken Real Estate Trust Company of this city that Frank K. Hipple, the late president of the concern, had stolen securities valued at \$5,000,000 and that the lending of \$3,000,000 to Adolph Segal on insufficient security amounted to as much as theft, created a profound sensation throughout the city today.

The revelation was an especially cruel blow to his many intimate friends most of whom are prominent in the Presbyterian church, either as clergymen or laymen. So high was their estimation of the man who abhorred tobacco and liquor and refrained from reading Sunday newspapers that not only the various organizations in the Presbyterian Church made the trust company their depository but hundreds of members of that denomination placed their money in his company. The number of pastors who used the bank to care for their savings was exceptionally large. Most of them refused to entertain the theory that Hipple ended his own life and it was difficult to make them believe that his secret operations were as irregular as they are alleged to be. In addition to his church work Mr. Hipple took an active interest in reform politics and is said to have been a heavy contributor to the reformers' campaign fund in last year's notable contest in this city.

The criticism heretofore expressed by depositors of the failure of the directors of the company to discover Hipple's transactions has increased and many of the larger creditors are angry at what they term the negligence of these men. There is now pending before the local courts an application for the appointment of a co-receiver who shall directly represent the depositors and inform them of the true condition of the company. A decision is expected today.

Criticism of Directors. It is alleged that several of the directors had knowledge that some of Hipple's transactions were unsafe, but they had such confidence in his integrity that they did not suspect the true state of affairs or entertain the belief that his operations were irregular. It became known today that the employees of the company were aware that there was something wrong with the accounts. Several of them went so far as to leave checks with their fellow employees when they went on vacation to an immediate withdrawal of their deposits if their suspicions were confirmed.

The receiver has become so alarmed at the criticism expressed by creditors that he has issued a statement to depositors asking them not to take part in litigation at the expense of their funds before they have talked with him. He says it has been his experience most of such litigation has failed, and that by refraining from taking legal action the creditors will be aiding him in obtaining the results asked for.

Adolph Segal, whose borrowing from the trust company was the principal cause of the failure and who has talked freely on his transactions with Hipple, has adopted a policy of silence. He now refuses to discuss any phase or development in the affair, and directs all inquiries to his attorneys.

The failure of the real estate trust company is likely to lead to a revision of the state laws governing trust companies. Under the present laws trust companies in this state are permitted to do a surety business and a movement is now on foot to separate the two.

State Treasurer Berry today issued a draft on a Baltimore indemnity company which was surety for the \$175,000 state deposit in the real estate company at the time of its failure, for payment of the full amount of the deposit. The Baltimore company has notified Treasurer Berry that the money will be paid at once.

Bryan Arrives in New Haven

(Continued from First Page.)
Stops at Stamford. Stamford, Conn., Aug. 31.—The first stop of Mr. Bryan's train was at Stamford and there it was only a momentary pause as the train was fifteen minutes behind its schedule time. A crowd of many hundreds of persons had gathered, but they only had a fleeting glimpse of Mr. Bryan. The reason for this was that when the train was stopped his car was at the west end of the station and in a place which could only be reached by a foot bridge. In consequence scarcely a hundred people got to the rear platform and heard Mr. Bryan speak. He said: "Ladies and Gentlemen: I have

only a moment to greet you and that isn't time enough to enter upon the discussion of any subject. I'll come again," and the train moved on with Mr. Bryan smiling and bowing.

Woman Waves Flag. Bridgeport, Conn., Aug. 31.—The train on which Mr. Bryan is traveling stopped three minutes here but Mr. Bryan did not speak. Only a small crowd gathered and the demonstration was chiefly confined to the waving of a large flag by a woman. Mr. Bryan waved his hat toward the woman.

Mr. Bryan Was Gratified. New York, August 31.—William Jennings Bryan, despite the strain of yesterday and last night, rose early this morning. He was up and about shortly after 7 o'clock. Though he said he felt fine and was smiling when the newspaper men visited him, he could not dispel the look of weariness in his face brought by the strain of his reception and the incidents connected with it.

Mr. Bryan was in his shirt sleeves and slippers when he received the reporters. He was asked to give some expression of opinion regarding last night's greeting, but he said he preferred not to talk of it. It had filled his heart with emotion, he said, and was a matter so personal and dear to him that it was difficult to express an opinion in words.

Pressed for some word to the people regarding the reception Mr. Bryan finally said: "It would be the big event in the life of any man to face what I faced last night. I was more than pleased with the reception accorded me, but these words can't convey my meaning—any words are insufficient. I think you know how grateful I feel for the welcome I received last night. I said so to that sea of faces in the garden last night and I really meant it."

Mr. Bryan said he would make no formal statement on any subject, political or otherwise. While Mr. Bryan was talking to his early morning callers and opening his mail, Mrs. Bryan came in for a few minutes and was introduced to those present.

Among the callers was a delegation of natives of India headed by Tundit (Professor) Mohammed Darabattullah. They presented an address to Mr. Bryan in which they thanked him for his reference, in his speech last night, to British rule in India.

Believes in the People. Just before Mr. Bryan left the Hotel Victoria at 9:45 a. m., he was prevailed upon to give expression to his views on certain subjects. His remarks were brought out by a question in which he was asked if he would co-operate with Governor Folk of Missouri in a set propaganda of democratic doctrines for the next two years.

"I have not co-operated with anybody thus far," Mr. Bryan replied. "But I want to co-operate with everybody who holds the same views I hold and who wishes to co-operate with me."

After a moment Mr. Bryan continued: "The popular idea in the east is that much good results from two or three men getting together and arranging things for the masses. Believe me, as I have always believed in the past, that the people are capable of thinking for themselves. I believe in the people thinking and acting for themselves. In that way they get the best results."

The trip from the Hotel Victoria to the Grand Central depot was made in carriages. Mr. Bryan boarded a special parlor car attached to the 10:02 train for New Haven over the New York, New Haven and Hartford Railroad. Mr. Bryan stood on the rear platform of the car, and greeted a crowd numbering several hundred on the station platform. The train left at 10:06.

Bryan Goes to Newark Tomorrow.

Newark, N. J., Aug. 31.—Arrangements were completed today whereby William J. Bryan will visit this city tomorrow afternoon. He will arrive in this city shortly before 4 o'clock and will be escorted by a number of democratic clubs and other organizations to military park in the heart of the city, where he will make an address. Afterwards Mr. Bryan will be escorted to the residence of farmer United States Senator James Smith, Jr., where a reception in his honor will be given. When the reception is concluded Mr. Bryan will leave for Jersey City, where he will spend the balance of the evening.

TRANSPORT SHERIDAN ASHORE ON OAHU ISLE

(By the Associated Press.) Honolulu, Aug. 31.—United States army transport Sheridan is ashore on Barbers Point, the southwestern extremity of the island of Oahu, on which Honolulu is located. News of the grounding of the Sheridan was received from the wireless telegraph station at Barbers Point this morning but no details of the accident have yet been learned. It is reported that the steamer is on a coral reef. Arrangements are being made to send assistance immediately to the stranded vessel. The tug Fearless is the only vessel available at present. There is a light-house on Barbers Point.

S.S.S. A CERTAIN SAFE TREATMENT

Even if mercury and potash could cure Contagious Blood Poison the condition in which these strong minerals leave the system would make the cure worse than the disease. But they cannot cure the vile disorder; they can only cover up the symptoms for awhile to break out with renewed violence when the treatment is left off. When the virus of Contagious Blood Poison enters the blood the entire circulation becomes poisoned, and the loathsome symptoms begin to appear. The mouth and throat ulcerate, hair and eyebrows come out, glands of the neck and groin swell, copper-colored spots appear on the body, and in severe cases sores and ulcers break out, and even the bones become diseased. S. S. S. is the only certain, safe cure for Contagious Blood Poison; thousands have been cured by it after failing with the mineral treatment, Hot Springs, etc. It is the only remedy that is able to get at the root of the disease and force out the poison so that no signs are ever seen again. S. S. S. is purely vegetable, being made of roots, herbs and barks, and never leaves any bad effects, but instead, tones up the stomach and digestion and builds up every part of the system while removing the poison from the blood. Book with instructions for self treatment and medical advice free. **THE SWIFT SPECIFIC CO., ATLANTA, GA.**
