THE GOVERNOR RETURNS

Trip to Washington About Christening Cruiser

Armored Cruiser North Carolina Can't Go to Wilmington for the Ceremony—Miss Rebekah Glenn to be Sponsor and Champagne Will be Used—Newport News October 6.

Governor Glenn returned this morning from Washington, where he went to make an effort to have the christening of the new armored cruiser North Carolina take place at Wilmington instead of Newport News. He says that he found after conference with the authorities that it would be impossible to have this change made so that the ceremony will take place as originally announced at Newport News, October 6.

He has also agreed while he was in Washington that the governor's daughter, Miss Rebekah Glenn, will be the sponsor. There had been some talk through the state of having water instead of wine used for the christening, but the department ruled that the usual custom of using wine must be adhered to.

Governor Glenn had expected to spend today in Marietta for the purpose of delivering an address there, but he missed the connection at Blacksburg and had to give up that part of his trip.

The governor received the assurance while in Washington that the cruiser will go to Wilmington to receive the silver service which will be given by the state when the vessel is completed, and he feels sure that the people of the state will see to it that a service is given which will in every way be an honor to the splendid vessel which will bear the name of the state on the high seas and reflect credit on the commonwealth.

was no use hurting Charlie, that she was going to take her away from here anyway and it would never hurt her. She wanted to give him money enough to send the child to her.

The girl told Justice Badger practically the same story she had told Col. Nichols. Starling was out of town at that time, and the thing was kept as quiet as possible so as to insure his arrest. He was found Saturday evening.

About the same time that Starling returned to town Mrs. McDonald also returned. A warrant was sworn out and House arrested for harboring Lena against her mother's will. In the absence of House an order for the arrest of Lena was issued and she was taken to Col. Harris' office, where her mother and House were. The case for harboring the girl came up this morning in Squire Reel's court and was quashed.

CHAIR CAR ON SOUTHERN

Greensboro, Goldsboro Service in Operation

Soon to Traveling Public on Trains 108 and 135 Established Sunday. Standard Car Every Day—Excellent Services Which Was in Much Demand.

The Southern Railway began yesterday operating a standard chair car on Trains 108 and 135, Greensboro and Goldsboro. The car came in from Greensboro yesterday morning on its first trip and went back to that town in the afternoon. Hereafter, it will be a regular traveling institution. It arrives at Raleigh from the west at 10:30 a. m. and arrives from the east at 3:30 o'clock. The business yesterday and today was fairly good, and that, too, in spite of the fact that the service had not been advertised.

The service will be a boon to traveling people on local trains and will relieve to a large extent some of the congestion. This is the rush season and those who can afford to pay the seat date will do so cheerfully, because it is money well spent. While the Pullman company has nothing to do whatever with its ownership and operation, standard Pullman rates will prevail in accordance with the day tariff for accommodations.

There has been a demand for the service, but it could not be provided heretofore inasmuch as the Southern could not get the car from the shop. Now, however, it has been able to look more carefully to the wants of the public on this division.

The train passing here at 11:50, west bound, and the train arriving here about 5 a. m. eastbound, carry a Pullman between Goldsboro and Greensboro. That service will not be disturbed.

HERMAN OELRICHS DEAD ON THE DEEP

(By the Associated Press.)
New York. A special to the Telegram from Newport today says that Herman Oelrichs, New York manager of the North German Lloyd Steamship Company, formerly prominent in athletics and a member of some of the best known clubs in this city is dead on board the North German Lloyd liner, Kaiser Wilhelm der Grosse, which is due to arrive in this city tomorrow. No details of the death were received. Both Mr. and Mrs. Herman Oelrichs have been socially prominent in New York and Newport in both of which cities they have beautiful homes. He was born in Baltimore and succeeded his father as New York representative of the North German Lloyd Company. Formerly he was one of the best long distance swimmers in America and prominent in other branches of athletics. At one time he was a member of the democratic national committee. In 1890 he married Miss Therese Alice Fair, daughter of Senator Fair of California, and he was one of the executors in the Fair will during the famous contest of that will.

By Wireless from the Ocean.
Newport, R. I., Sept. 3.—Herman Oelrichs of New York died Saturday on board the steamer Kaiser Wilhelm der Grosse while on his way to this country, according to a wireless message received here today from the steamer by Mrs. Oelrichs. Mrs. Oelrichs accompanied by her son, Herman, and by Mrs. W. K. Vanderbilt, left for New York during the afternoon to meet the steamer. Charles M. Oelrichs a brother of the dead man also left for the metropolis.

TO WARRANT ARRESTS

District Attorney Bell Has Discovered Enough

He Will Not Take Action, However, Until He Has Gone Thoroughly Through the Affairs of the Real Estate Company.

(By the Associated Press.)

Philadelphia, Pa., Sept. 3.—District Attorney Bell with the aid of three assistants today began an investigation of the affairs of the Real Estate Trust Company which failed last week with a view of ascertaining to what extent the laws of the state were violated in the transactions carried on by Frank K. Hipple, the late president of the company and the others connected with the institution.

In his preliminary examination with Receiver Earle, Mr. Bell said he found sufficient evidence to cause several arrests, but he preferred to make a complete independent investigation of the company's affairs before obtaining warrants. The district attorney will not give out the names of the officers or directors whom he considers are criminally liable, and it is not expected he will take any action until he has made a complete examination of the company. He said no arrests will be made today.

Mr. Bell said he holds that any officer or director who had knowledge of Hipple's irregular transactions and took no action is criminally liable. All the directors who will talk of the failure deny they had any knowledge of the true conditions of affairs. William F. North, the treasurer of the company who, the directors say, should have had knowledge of the insecure loans made by Hipple, refuses to discuss the matter in any way.

Receiver Earle is still at work attempting to unravel the entangled affairs of the company. Mr. Earle now has nothing to say regarding a possible reorganization of the company and paying the depositors in full. It is believed the company will never resume business and that the percentage of money they will receive will be as large as was first expected.

GUSH TO SEE THE FIGHT

Gans and Nelson Draw Men in Throgs

Rumors Make the Air Electric as the Ring Contest Draws Near—Money for Seats Falls in Like a Flood.

(By the Associated Press.)
Goldfield, Nev., Sept. 3.—Every able-bodied man within a radius of 200 miles is in Goldfield today. The men came in last night in automobiles, special trains, wagons and on burros and horses and others afoot.

Gans and Nelson slept soundly last night and it was late this morning before they were about. Neither man did any work, but rested preparatory to weighing in at 12 o'clock. Both men, of course, expressed the greatest confidence and said he would surely win and that he would have no excuse to make owing to lack of condition.

Gans still rules the favorite this morning at 10 to 7. There was not much early betting, however, as the Nelson money was not in evidence. The sale of tickets to the fight has been tremendous. At 9 o'clock \$70,000 had been taken in and there was still a long line of miners waiting to purchase 50 seats.

There were rumors this morning that Nelson would bolt at the last moment, that he would make some unreasonable demand from Gans that would block the fight, but it is hardly probable that Nelson will trifle further with the hasty temper of the Goldfield men.

It was also reported that Gans, in order to annoy Nolan, will refuse to weigh in twice with his fighting clothes on. Gans, it is alleged, is to wrangle with Nolan and Nelson and get them worried and then finally give in. This report may also be put in the improbable class together with the one that Gans will weigh 140 pounds.

Joe Gans later weighed in on the official scales in the arena at 1:30 o'clock. He weighed 135 pounds with glasses. He will easily be under the required weight when the first official weighing in is made.

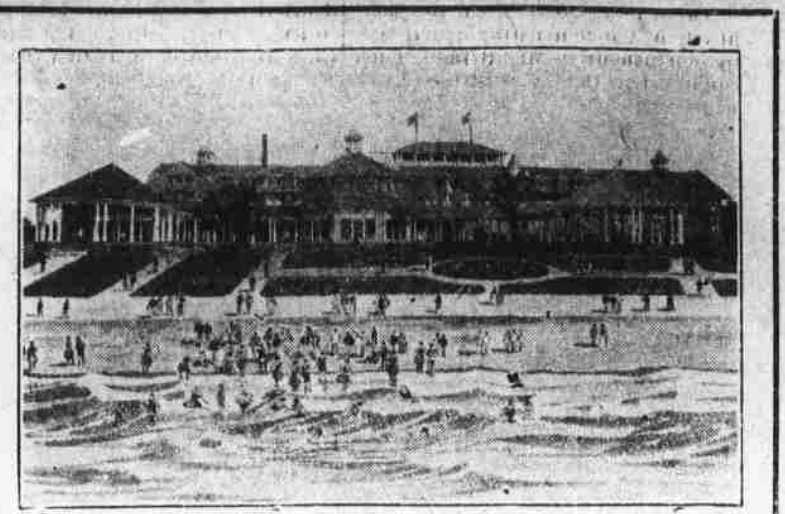

Death of Little Girl.

Little Elsie, daughter of Mr. and Mrs. E. G. Horton, died this morning at 11:30 o'clock from throat trouble after an illness of about a week. She was four years old. The funeral will be held at 10 o'clock tomorrow from the residence, conducted by Rev. J. C. Masse.
