PRICE 5c.

## THREE ARRESTS MADE AT NOON

### Adolph Segal, Borrower of Five Millions

## AND BANK OFFICERS

These are William North, Treasurer of the Real Estate Trust Company, and Marshall Collingwood, Assistant Treasurer—The Men Give Bail.

(By the Associated Press.) Philadelphia, Pa., Sept. 5.—Charged with having defrauded the depositors of the Real Estate Trust Company of this city, out of many millions of dollars, Adolph Segal, a promoter of many enterprises; William F. North, the treasurer of the trust company, and Marshall S. Collingwood, the assistant treasurer were arrested about noon today at the instance of District Attorney Bell, who has spent nearly a week in investigating the affairs of the wrecked institution. Segal was held in \$5,000 bail and the two trust company officers in \$10,000 each. They entered bond and will be given a hearing tomorrow.

This turn in the affairs of the company is only one of the many sensations expected to develop in connection with the failure of which it is estimated, will exceed ten million dollars before the receiver finishes his investigation.

### The Charges Against Them.

The affidavits accompanying the warrants were sworn to by Walter C. Browning, a depositor and creditor of the Real Estate Trust Company. They aver that Segal, North and Collingwood with Frank K. Hipple, the president of the company who committed suicide, and with other unknown persons, defrauded the trust company "out of many millions of dollars," and that they fraudulently applied the money to their own use. It is further charged that Segal was an abettor to the embezzlement of the many millions of dollars, and that North committed perjury knowingly having furnished to the commissioner of banking of Pennsylvania, false reports of the value of the company's assets, resources and liabilities. Collingwood and North are also accused of having received money from depositors after they knew the company was insolvent.

The three men knew they were to be arrested and early in the day they sought out their bondsmen. After the warrants were issued the district attorney notified the attorneys for the accused men and they waived formal service of the warrants. At noon the three men with their bondsmen appeared at the magistrate's office and entered bail.

Adolph Segal who is looked upon as the principal in the failure of the institution had nothing to say after his arrest. He contented himself by referring all persons to his attorneys.

## LINCOLN WILL GREET BRYAN

(By the Associated Press.) Lincoln, Neb., Sept. 5.—The city of Lincoln and a good part of the state of Nebraska began early preparations this morning for a plain, old fashioned welcome in honor of William J. Bryan, who will return to his home here this evening. Weather conditions today are ideal. The greatest crowd ever known in Lincoln is here to attend the reception.

From every direction special trains began early to arrive as early as 6 o'clock, the visitors coming not only from Nebraska, but from every neighboring state. Missouri and Iowa sent large delegations, hundreds came from South Dakota, and Kansas and Colorado were well represented. Mr. Bryan is expected to arrive here at 5:30 o'clock this afternoon.

### NO FAITH IN THEIR LOYALTY.

Officers Fear to Trust Their Men. Answer to Threat of Terrorists.

(By the Associated Press.)

Sevastopol, Sept. 5.—In answer to the publication of a notice from the terrorists that a sentence of death had been imposed on Colonel Dumbadze, commander of a rifle regiment here, the officers of the corps in an open letter have announced that in case of an attack being made on the colonel they will exact vengeance on the leaders of the progressive parties.

It is now supposed that the three cannon which disappeared last week from a torpedo boat under repair here, were stolen by revolutionists.

Admiral Skrydloff commander of the Black Sea fleet, and the military commander here are very apprehensive, both regarding the attitude of the sailors of the fleet and the garrison of the

fortress. The annual cruise of the training squadron as well as the regular manoeuvres have been abandoned. The warships will only make short trips to sea, scarcely venturing beyond the range of the guns of the forts.

The military patrols in the city have been withdrawn inside the walls of the forts, the governor announcing that the men are needed for their regular military training, but it is said that the step is due to the fear that the soldiers will be corrupted if they are allowed to be in contact with the masses. The merchants of this city have practically been thrown on their own resources in the matter of protection from lawlessness. The governor, at a recent meeting of merchants, advised them to organize their own guard for the protection of property, as soldiers could no longer be spared for police duty as the municipality is bankrupt and unable to maintain efficient protection.

The Jews who are in a chronic state of terror, interpreted the withdrawal of the troops as evidence that the mob was to be let loose on them and they were responsible for the alarmists reports that anti-Jewish outbreaks were imminent, which reached the outside world.

## A REPUBLICAN SWEEP

### The Republicans Carry the Green Mountain State

Proctor, Republican Candidate for Governor, Receives 42,150 Votes Against 26,474 Cast for Clement, the Independent and Republican.

(By the Associated Press.)

Rutland, Vt., Sept. 5.—Complete returns from yesterday's state election show that Fletcher D. Proctor, of Proctor (Republican) was elected governor by 15,676 over Percival W. Clement of Rutland (Independent and Democratic.)

The vote: Proctor, 42,150; Clement, 26,474; scattering, 1,000.

The remainder of the republican state ticket was successful by pluralities about equal to that received by Proctor. The republicans carried every county in the state except Bennington and the party leaders claim that county by a small margin. The republicans gained over 10,000 votes over the number four years ago and Clement lost 1,800. The prohibition loss was proportionately greater.

Congressman David J. Foster of Burlington and Kittredge Haskins of Brattleboro, both republicans, were elected by majorities greater than those they received two years ago. The lower branch of the legislature is overwhelmingly republican and all the members of the senate but one belong to that party. The republicans elected their entire ticket by a plurality approaching that of Governor-elect Proctor.

## THREE ENGINES PILED IN WRECK

(By the Associated Press.) Cumberland, Md., Sept. 5.—After two freight trains, east and west bound on the Baltimore & Ohio Railroad had collided at Sir Johns Run, fifty miles east of Cumberland, today, blocking both tracks, a third freight train ran into the wreckage before a flagman could be sent back.

Brakeman W. L. C. Woods of Brunswick, Md., was killed and Engineer J. I. Snider and F. McKeever, fireman both of Brunswick, were frightfully scalded and may not recover. It is reported that a boy was stealing a ride on the train and that he was caught under the wreckage. The eastbound track was blocked about four hours and the westbound track was closed for a longer time.

## TWO TRAMPS DIE IN UGLY WRECK.

(By the Associated Press.)

Grand Rapids, Mich., Sept. 5.—A special to the Evening Press from Traverse City, says:

Pere Marquette train No. 5, generally known as the "flyer" struck passenger train No. 10 at Wallin at 11 o'clock last night. The flyer is said to have been running ahead of time. No. 10 was just backing into the siding when the flyer struck. Two tramps, names unknown, will die; Conductor Wilson had a leg broken and four women were more or less seriously injured. Both engines were badly smashed.

## BRIDGE BREAKS, CAR GOES DOWN

### One Man is Killed, Several Persons Hurt

## A DROP INTO A CREEK

The Car Was Crowded—In Panic Following the Fall Through the Bridge the Coolness of the Conductor Probably Enabled Him to Save Several Lives.

(By the Associated Press.)

Roanoke, Va., Sept. 5.—One negro was instantly killed and five white people more or less seriously injured by the collapse of a street railway bridge over Tinker Creek between Roanoke and Vinton today.

The dead: Charles Cuff, a negro. The injured: Charles Parker, arm crushed and afterwards amputated; P. B. Lane, wrist cut and head bruised; Frank Belk, head badly cut; Fred Long, arm broken, and Mrs. W. D. Price, all of Vinton, arm broken.

The car was coming from Vinton to Roanoke and was carrying about a hundred passengers. On the east side of the bridge the motorman stopped his car to allow several persons to get on board and had barely started again and was about the middle of the bridge when it collapsed, dropping the crowded car backwards into a creek fifteen feet below. Cuff was instantly killed.

A panic followed the crash, and Conductor Trout fought the passengers to keep them from trampling each other, and probably saved a number of lives by his determined efforts.

The bridge was considered one of the best on the system and no cause is known for its collapse.

## ARMY WORMS PLAY HAVOC

### Millions in Farm of W. A. Simpkins Near Here

## FOUND ELSEWHERE TOO

They Have Already Begun to Ruin Food Products and Rip Sweet Potato Vines Bare—First Time Pest Has Been Known Locally in Twelve Years.

Army worms, millions strong, have invaded the premises of Mr. W. A. Simpkins, four miles northeast of Raleigh, where they are cutting and tearing to pieces food products by the acre. On Sunday Mr. Simpkins saw them crossing the roads in droves over a distance of two hundred yards, and other reports indicate that they have appeared around Clayton. Mr. Simpkins says that they have also entered the property of Mr. Adde Coley, his neighbor.

Farmers remember that army worms did great damage hereabout twelve years ago and this appears to be a second visitation. They are eating Mr. Simpkins' crab grass, stemming the cane and sweet potato vines and have begun to pull his fodder. The worms are from half an inch to four and one half inches in length and in multitude they are bewildering. No possible estimate can be made of the number.

Mr. Simpkins has called on the department of agriculture for information. He believes that they will have to be killed by a spray, but they will work ruin before that can be done.

### Electric Lights in Prospect.

(Special to the Evening Times.)

Statesville, N. C., Sept. 4.—Mr. W. S. Lee, Jr., of the Southern Power Co., Charlotte, Mr. R. G. Lucas, an attorney for the company and Mr. F. S. Tucker of the Westinghouse Company were here yesterday to consult with the board of aldermen about a contract for electric power for Statesville. Mr. Chas. Waddell of Asheville an electrical engineer employed by the board and private citizens to make estimates on the amount of power that could be used was also here. There was no definite contract or arrangement made as a quorum of the board could not be secured.

## JEROME TALKS TO DEMOCRATS

### He Sees No Real Leadership in New York

## TO RETURN TO SENSES

He Believes They Are on the Eve of Doing That But Looks for No Political Millennium Such as Has Been Prophesied Very Frequently of Late.

(By the Associated Press.)

Albany, N. Y., Sept. 5.—District Attorney William Travers Jerome of New York was the central figure in the conference of up-state democrats, called to meet here today to consider the condition of the democratic party in the state of New York. It was declared by the sponsors of the conference that Mr. Jerome was present merely as a spectator, not as a party to the conference and that the meeting was not in the interest of his candidacy, or that of any other man for the democratic nomination for Governor.

Mr. Jerome mentioned no names in his address. He dealt with the general purposes, general condition and possible failures of the democratic party. He declared it as his understanding that the conference was in the interest of no particular candidate, "least of all to dictate to or threaten the convention of our party soon to assemble at Buffalo."

He took direct issue with the opinion recently expressed by Governor Folk of Missouri and others, though he named no one.

"Real leadership is nowhere in sight," he said, "and what passes for leadership seems to consist of demagogic denunciation of existing conditions and the advancing of vague schemes of socialism and paternalism which are essentially revolutionary in character. We are not on the threshold of the greatest political awakening this nation has ever known, making the beginning of a new era, as we are, I believe, about to return to our senses, and to earnestly address ourselves to the solution of the difficult problems that the past has shown to be entirely adequate to meet the greatest emergencies."

"The so-called 'muck raker' has had a great vogue, and, on the whole, has done a good work. But in mere exposure and denunciation English-speaking people cannot rest."

Unless the conditions were remedied, he indicated Remedies.

Mr. Jerome declared, by the encouragement of independent thought and action, by conventions made open rather than subservient to "a central clique," "the thousands of self-respecting voters in the state who are democratic in principle but vote the republican ticket will continue where they are into our ranks in numbers which will be indifferent to political affairs or join our political opponents."

The people of the democratic party, "disgraced and humiliated by years of mismanagement, to give it no harsher name," would array themselves behind their party candidates if they are men of character, standing on a platform of real democracy.

"And in that platform," he said in closing, "they want no crazy socialism nor revolutionary paternalism. What they want is men and not measures. They have little faith in new laws while there is not honesty and capacity enough in public servants to work the old."

## WATER UNDER CONTROL

### Coffman Wires the Condition of the Boston

He Wires That the Cruiser Will Probably Be Free of Water Late in the Afternoon When the Boston May Proceed.

(By the Associated Press.)

Washington, Sept. 5.—The navy department has received a dispatch dated from Commander Coffman of the cruiser Boston, which is now in Bellingham Harbor, Wash., after having been injured by grounding on Peabody Rock as follows:

"Water about under control. Hope to have ship free from water about 5 p. m."

The department is of the opinion that the Boston will be able to proceed to Bremerton navy yard some time today.

Send in your subscription now to The Evening Times and receive the old rates of \$4.00 per year.

## WAITING FOR BRYAN'S REPLY

### Chairman Simmons Wired Him Last Night

## HIS PROBABLE DATES

It is Almost Definite That the Great Commoner Will Speak Here on Tuesday, September 18—Will Be in Winston Monday Morning and Greensboro and Salisbury Same Day.

(By the Associated Press.)

Up to this afternoon no answer had been received from William Jennings Bryan regarding his visit to North Carolina this month. State Chairman Simmons wired to him last night asking when he would reach the state and exactly what dates he could give Raleigh.

However, Senator Simmons has been in communication with Mr. Bryan since his announcement to the special committee in New York that he would be in North Carolina in September if he could not come fair week, and the indications are that the great commoner will be in the state some time in the week beginning Sunday, September 15, and will speak at Winston Monday morning, in Greensboro in the afternoon and in Salisbury at night.

It is likely that he will come to Raleigh from Salisbury and speak here on Tuesday the 18th, leaving here for Columbia, S. C., the next day.

It is understood that Mr. Bryan will enter the state from Virginia on the evening of Sunday the 16th from Roanoke, Va., where he will go to enter his daughter as a student in Hollins Institute. He will go probably direct from Roanoke to Winston.

## FINE OPENING OF THE B. U. W.

### Rooms Engaged by 225 Boarding Students

## ADDRESS THIS MORNING

Full Complement of Teachers on the Ground—Largest Enrollment in History Indicated—Examinations Today—Faculty Changes Since Last Year—Business Manager Employed.

The Baptist University for Women opened this morning under the best possible auspices for the coming session as to numbers of students and equipment.

A number of gentlemen visitors were present at the regular chapel exercises at 9 o'clock this morning, when Hon. J. Y. Joyner, state superintendent of public instruction, delivered a brief address of welcome to the girls. The large pipe organ has been installed complete, and with other improvements gives the chapel a handsome and attractive appearance.

The full complement of officers and teachers, 34 in all, are on the ground save the matron, who has not yet arrived.

The number of boarding pupils who have engaged rooms is 225, and a few others will be likely to report in a day or two. This is a record-breaking opening, and indications point to the largest enrollment in the history of the institution.

Today and tomorrow are devoted to the entrance examinations. The whole student body will be classified on Friday and the classes will meet for work on Saturday.

The faculty changes since last session are as follows:

Miss Jones, in charge of the English department, is replaced by Miss Powell, B. A. University of Chicago, who is ready to present her thesis for the master's degree. Miss Meserve, B. A. of Vassar, daughter of Dr. Chas. P. Meserve, president of Shaw University, takes the place of Miss Parry as assistant in languages. Miss Blinn takes the place of Mr.

Jackson in the music department.

Mr. Gustav Hagedorn takes the position of teacher of violin in place of Miss Anderson.

Miss Steedly and Mrs. Ferrall supply the places of Misses Brower and Stone respectively.

Miss Paschal, assistant in mathematics last session, and Prof. Boomhour, are caring for the department of mathematics in the absence of Mr. Watson, who has retired for a year to study at Harvard.

Mr. W. J. Ferrall has been employed as business manager and bursar of the University.

### CHINESE BRINGS BOYS TO ENTER ANNAPOLIS.

(By the Associated Press.)

San Francisco, Cal., Sept. 5.—

Among the passengers on the Toyen Kissan America, which arrived here yesterday from China, were Chen Shei Tung and Ten Fong Ten, two Chinese boys. They are enroute to Annapolis, where they will enter the United States Naval Academy.

## LAFOLLETTE LOST HIS

### Lenroot Beaten in the Race for Nomination

Aylward is the Democratic Opponent of Davidson Who Was Named by the Republicans in the Wisconsin Primary Held Yesterday.

(By the Associated Press.)

Milwaukee, Wis., Sept. 5.—The latest returns from yesterday's primary elections throughout Wisconsin indicate that Governor James O. Davidson, republican, swept the state, winning from his opponent, Speaker Irvine L. Lenroot, in the race for the nomination for governor by a majority of forty thousand votes.

John A. Aylward, democrat of Madison, for governor received the nomination over Ernst Merton of Waukesha by a safe majority.

In the congressional race, William J. Cary, republican of Milwaukee, defeated Congressman Theobald Getgen for nomination in the fourth district. William H. Stafford, republican, the present congressman from the fifth district, was re-nominated over Henry B. Cochems in a close contest. Congressman J. W. Babcock and Judge D. O. Mahoney are running a close race in the third district with the result still in doubt. The same conditions exist in the ninth district where Congressman Edwin S. Miners and Gustave Kustermann appear to be running about even.

To Improve the Naval Service. (By the Associated Press.) Washington, Sept. 5.—Although the naval personnel board will not hold its first meeting for two weeks there is a great deal of interest manifested in its work. Already there have been many responses to the requests of officers for their views as to what should be done to improve the naval service. The data is being prepared for the board and briefed so as to make the work of the members as easy as possible and enable the board to make a report in the time specified by the secretary.

## BRYAN PUT FOOT IN HIS MOUTH

### IN HIS MOUTH

(By the Associated Press.) New York, Sept. 5.—Senator Knox, who arrived from Europe today, said he had seen the reports of W. J. Bryan's speech at Madison Square Garden. When asked for his opinion on Mr. Bryan's advocacy of government ownership of railroads the senator said:

"Mr. Bryan appears to have opened his mouth and put his foot in it. I have a great desire to see the full effect of Mr. Bryan's speech on the American people."

### IMPORTANT MATTERS AWAITING BONAPARTE.

(By the Associated Press.)

Washington, Sept. 5.—Secretary Bonaparte will return to the navy department next Thursday. He will find a number of important matters awaiting his attention among which are the report on the Alabama and Illinois collision and the contract for the boilers for the New York and Massachusetts. No matter what recommendation the court of inquiry made in the Alabama-Illinois case, the ordering of a court martial is wholly in the hands of the secretary. The boiler contract has already been decided by Assistant Secretary Newberry in an endorsement supporting the bureau of steam engineering, which awarded the contract to the Babcock and Wilcox Company, although the bid of the Old City Boiler Works was \$27,000 less, on the ground that the latter company did not comply with the specifications.

## A BIG UPRISING IS FEARED NOW

### South American Republics May Have Revolt

## TALK NOW OF A JUNTA

One Said to Have Been Organized at New Orleans to Collect Funds. Cousin of President of Honduras Describes the Plans.

(By the Associated Press.)

New Orleans, Sept. 5.—The existence of an alleged junta which is said to be collecting funds and supplies for a revolution to be started simultaneously about November 1 in the five central American republics, Costa Rica, Honduras, Salvador, Nicaragua, and Guatemala, was announced here today. Don Angel Urgate, who says he is a cousin of Policarpo Bonilla, brother of the president of Honduras said in an interview:

"I am informed that there is to be a general uprising in the five republics. My mission is to collect funds for a revolution in Honduras, where Policarpo Bonilla, my cousin, will lead the insurgent forces. The people of the five republics in Central America are all dissatisfied with their rulers."

Urgate added he believes an attempt at revolution in Salvador will be a failure but that he hopes for success in the other republics. Urgate came here a few days ago from Mobile and in the hotel at which he is stopping there have been since several conferences of men from Central American republics. So persistent have the reports been about such a junta become that Tomas Buniga, who was temporarily exiled from Costa Rica about a year ago after being defeated as a candidate for president today took occasion to deny publicly that he has any connection with the alleged revolutionary movement. His name had been connected with the reports because he is on the point of going to Bluefields, Nicaragua.

NEW JERSEY LED IN SHOOT AT SEA GIRT. (By the Associated Press.) Sea Girt, N. J., Sept. 5.—At the conclusion of the firing at the 300 yards stage of the national team match here today, New Jersey remained in the lead with a total of 1,506. The New York team passed the Massachusetts team and was in second place with 1,504. Massachusetts being third with 1,491. The standing of the next seven leading teams follows: U. S. Infantry 1,479; marine corps 1,471; navy 1,469; Wisconsin 1,466; District of Columbia 1,455; Rhode Island 1,447; Ohio 1,444.

## CALL MONEY SOARS AGAIN

### SOARS AGAIN

(By the Associated Press.) New York, Sept. 5.—Money on call on the stock exchange today loaned at the outset at 17 per cent, and quickly advanced to 24 per cent. Yesterday's flurry to 30 per cent and the known condition of the banks as disclosed in Saturday's bank statement, together with the course of the currency movement since, gives the explanation of the action of the money market. With the surplus of reserve above legal requirements as shown by the bank statement since the period of the statement on sub-treasury operations of \$4,455,000 and a continued outflow of cash to the interior by express the exhaustion of the loaning power of the banks is made clear. Calling of loans in the stock market put a stop to an early moderate rise and turned prices downward.

At 2:15 p. m. call money was quoted at 40 per cent.

Prices for stocks receded about a point generally when the call money rate went up to 40 per cent but the loss was regained about fifteen minutes before the closing when call money was quoted at 25 per cent.

Call money closed at 35 per cent. One loan of \$250,000 was made at forty per cent and some small loans at 35.
