

ANTI-SALOON JURORS

Novel Question Before Supreme Court Today

State vs. Sulton Raises the Issue of Whether Membership in League Will Disqualify a Man From Sitting as Juror in Case for Retailing Liquor.

The argument of appeals from the third district began in the supreme court this morning, the only case of special interest being State vs. William Sulton, from Craven county, in which the remarkable issue is raised as to whether membership in an anti-saloon league is a disqualification for service on a jury to try a case for retailing liquor without license.

It was last April that the defendant in the case was put on trial in Craven, convicted and sentenced by Judge Long to five months' imprisonment and \$500 fine. Sulton had been a saloon keeper in New Bern prior to the voting of prohibition and has several times since been prosecuted for retailing without license.

In the case in question it was sought by the defense to keep out of the jury box a number of men who were admittedly members of the anti-saloon league who had contributed to a fund raised for the prosecution of violators of the law prohibiting the sale of liquor. The defense was not allowed to show that the jurors in question had attended a meeting of the league a week before to inaugurate a crusade against retailing. They contended, though, that they had not made a contribution for the specific purpose of prosecuting Sulton.

The argument of the case today was by Attorney General Gilmer and Melver for the state and Ward, Stevenson and Clark for the defendant.

HARRISON OUT UNDER BOND

He Gives Out a Statement Tending to Prove an Alibi.

(Special to The Evening Times.) Elizabeth City, N. C., Sept. 11.—Joshua Harrison, under indictment for the kidnaping of little Kenneth, son of Senator Beasley, on the 13th of February in '95, walked out of prison yesterday, the bond of \$2,200 required in his case having been given.

By consent of his attorney Mr. Harrison gives out a statement in which he declares himself absolutely innocent of complicity in the alleged kidnaping of the Beasley child. In this declaration he avers that he did not even know the boy by sight and heard nothing of his disappearance until Tuesday following the day on which he vanished. He then went on to point out his whereabouts for a fortnight or more preceding and subsequent to the boy's disappearance. According to his statements a very strong argument for an alibi has been presented.

Mr. Harrison states furthermore

READ AND YOU WILL LEARN

That the leading medical writers and teachers of all the several schools of practice endorse and recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, "liver complaint," torpid liver, or biliousness, chronic bowel affections, and all catarrhal diseases of whatever region, name or nature. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and their results, as bronchial, throat and lung diseases (except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering, or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherry bark, Golden Seal root, Bloodroot, Stone root, Mandrake root and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. Bartholow, of Jefferson Med. College, Prof. Hare, of the Univ. of Pa.; Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago; Prof. John King, M. D., late of Cincinnati; Prof. John M. Scudder, M. D., late of Cincinnati; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago, and scores of others equally eminent in their several schools of practice.

The "Golden Medical Discovery" is the only medicine put up for sale through druggists for like purposes, that has any such professional endorsement—worth more than any number of ordinary testimonials. Open publicity of its formula on the bottle wrapper is the best possible guaranty of its merits. A glance at this published formula will show that "Golden Medical Discovery" contains no poisonous or harmful agents and no alcohol—chemically pure, triple-refined glycerine being used instead. Glycerine is entirely unobjectionable and besides is a most useful ingredient in the cure of all stomach as well as bronchial, throat and lung affections. There is the highest medical authority for its use in all such cases. The "Discovery" is a concentrated glyceric extract of native medicinal roots and is safe and reliable.

A booklet of extracts from eminent medical authorities, endorsing its merits, is mailed free on request. Address Dr. R. V. Pierce, Buffalo, N. Y.

that no enmity exists between himself and Senator Beasley, that though himself a republican, he voted for the father of the boy he is charged with having abducted and that Senator Beasley's fight to enforce the liquor laws in Currituck has done him no damage whatever.

REMEDY FOR MAGAZINES THAT HAVE GROWN TOO HOT

(By The Associated Press.) Washington, Sept. 11.—Overheated magazines of the battleships Minnesota and Louisiana are giving concern to officers of the different bureaus which have to deal with the problems of the internal arrangements of naval buildings. These magazines are overheated by the steam pipes which conduct steam from the boilers to the steering engine. The pipes are covered with non-conductible material, but even so they make the compartments too warm for ammunition which must be stored in them to make the ships complete fighting machines.

To remedy the present condition the steam pipes will have to be carried through different parts of the ship from the magazines, or air spaces will have to be constructed between the pipes and magazine chambers. These changes can be made at any time and will not necessarily interfere with the use of the Louisiana to take the president to Panama.

Malaria Causes Loss of Appetite. The Old Standic Gorrer's Tasteless Chill Tonic drives out malaria and builds up the system. Sold by all dealers for 27 years. Price 50 cents.

FERRELL GIVES BOND

Hearing Today Postponed Until October 9

Dr. Rowland Considers Bertha Brown Out of Danger, But Won't Let Her Go to Court Yet—Bond Fixed at \$400—Woman Is Still in Jail.

The hearing of Wayland Ferrell, who is said to have accidentally shot Bertha Brown in a struggle for the possession of a pistol in the hallway of the woman's house on East Davie street, was set for today before Police Justice Badger.

Dr. Rowland, who has been attending the wounded woman, appeared and told the justice that he did not consider it would be safe for her to come to court inside of two weeks. He stated that it was certain she would recover unless some very unexpected complication should set in.

Justice Badger thereupon decided to let Ferrell out on a justified bond of \$400, which was given as soon as it could be arranged, and the young man is out of jail after his incarceration of several weeks. The bond of Irene Valliers, the woman in jail, was put at \$100, which she has not yet given.

The date for the hearing has now been set for October 9.

Fred Herndon, colored, was fined \$33.33 this morning in police court for running a disorderly house. He keeps a restaurant for negroes on East Davie street.

IMPORTANT CASES ON THE DOCKET

(Special to The Evening Times.) Asheville, N. C., Sept. 11.—Superior court for the trial of civil cases convened here yesterday with Judge O. H. Allen presiding. A large number of damage suits against the Southern Railway Company and other corporations are on the calendar. The big \$300,000 suit of E. E. Hamblin and wife against the city of Asheville, involving 3,000 acres of the city's water shed boundary will be called tomorrow.

The farmers of Buncombe county will meet here on the first Monday in October for the purpose of organizing a Buncombe County Farmers' Association.

HOMEOPATHIC CONGRESS OF THE WORLD IN SESSION

(By The Associated Press.) Atlantic City, N. J., Sept. 11.—The world's homeopathic congress which was formally opened yesterday with delegates present from Europe and all sections of America, began today the scientific discussion of papers on nearly all subjects coming within the jurisdiction of the profession.

Prior to the meeting of the congress the delegates to the American Institute of Homeopathy, which is

meeting in conjunction with the congress, held in business session and took up several important questions, among which the matter of establishing an institute medical journal. After discussion this question was laid aside until tomorrow and the institute adjourned to meet in the scientific session of the congress.

This May be a Raleigh Burglar

(Continued from First Page.) 752232; one gent's gold-filled watch, Rockford Watch Co., movement No. 555884, case No. 7011267, with 17 jewel; chain and Elk tooth charm attached.

CANNON THUNDERING AGAINST VILLAGES

(By The Associated Press.) St. Vincent, Sept. 11.—It is reported here by telegraph that the village of St. Vincent has been bombarded by artillery in consequence of disorders which commenced there following the arrest of M. Oulpio, the peasant leader of the late parliament who is to be tried by court martial for complicity in the uprising at Grenada last July. The inhabitants of the village fled and their houses were destroyed. The artillery, according to report, is now pointing against the village of Petroskulina.

CONVENTION OF ARMY SURGEONS

(By The Associated Press.) Buffalo, N. Y., Sept. 11.—The convention of the association of military surgeons of the United States convened here today.

At the morning session the reports of the secretary and treasurer were read.

The closing business of the session was the reading of the Egan Saunders prize essay on "The Training of the Medical Officer of the State forces to best qualify him for land service and for mobilization with national troops."

ARRANGING FOR POLICE CHIEFS' MEETING IN 1907

(By The Associated Press.) Norfolk, Va., Sept. 11.—Major Richard Sylvester, chief of police of Washington, D. C. and president of the international association of chiefs of police, arrived here today and began preliminary arrangements for the 1907 meeting of the international chiefs which he announced will be held in Norfolk.

The lowest-priced paper in North Carolina with the same news service as The Raleigh Evening Times is \$6 per annum. The Times may be had at the old price, \$4 per year, if your subscription is paid in advance for one year before October 1st. After the 1st the price will be \$5 per year.

BOAT SUPPOSED LOST

'TURNS UP AT QUEBEC

(By The Associated Press.) Lorain, O., Sept. 11.—A special dispatch to the Lorain News today from Sidney N. S., says: A. J. Moxham, former president of the Dominion Iron & Steel Company, his wife and children and the entire crew of Moxham's yacht Adele are believed to have perished.

"Details are lacking, but men who saw the yacht go down are positive that she was the Adele. They saw the Adele a short time before, but after the yacht disappeared no trace of the Adele could be found."

A. J. Moxham was a former partner of Tom L. Johnson in the steel business. They came to Lorain together from Johnstown, Pa., and built the steel plant in this city, the concern then being the Federal Steel Company.

When the Federal sold out to the United States Steel Corporation six or seven years ago Mr. Moxham left and went to Nova Scotia and became president of the Dominion Steel Company. He was about fifty years old and wealthy. The family consisted of a wife and two children.

The Yacht at Quebec. Quebec, Sept. 11.—The yacht Constance with A. J. Moxham and family on board is here.

NO TRUTH IN THIS REPORTED WRECK

(By The Associated Press.) Wilmington, Del., Sept. 11.—All doubts about the safety of Mr. H. J. Moxham and family were removed by a dispatch at this city this afternoon from Mr. Moxham. It is stated that there was no truth in reported yacht disaster and that Mr. Moxham and all his family are well.

TRIED TO KILL WIFE FOR ONLY SIX CENTS

(By The Associated Press.) Paterson, N. J., Sept. 11.—The expenditure of six cents for household necessities without her husband's approval may cost Mrs. William Leonard her life. She is now in a hospital in a precarious condition and her husband is under arrest charged with beating her with an axe handle. According to the story told to the police by Leonard's ten-year-old son and partially substantiated by neighbors who overheard the quarrel, Leonard became furious when he missed six cents which he had left in the house. When Mrs. Leonard admitted that she had spent the money, the boy says, his father attacked her as she stood with a month-old baby in her arms. He felled her with the axe handle and kicked her as she lay on the floor. Neighbors called the police and the injured woman was removed to a hospital. Leonard was arrested as he was entering a neighboring saloon.

WAR IN THE TROPICS ON YELLOW SCOURGE

(By The Associated Press.) New Orleans, La., Sept. 11.—One of the most encouraging reports of the present summer of the struggle to exterminate yellow fever was given out today by Juan J. Fernandez, consul general for the republic of Honduras. It indicates that the tropical countries from which it has been charged yellow fever infection has been transmitted to the southern United States are successfully ridding their territories of this disease. In Honduras with an American surgeon in charge, precautions have been carried almost to extremes, houses of the very poor in some cases having been burned to destroy the filth and new houses having been supplied in their places. Frequently clothing worn by beggars has been burned, better and cleaner material replacing the garments burned. Cisterns have been screened and sulphur has been burned indoors and petroleum spread over the surface of stagnant pools. Weeds have been cut in great quantities. As a result during the fast two months in communities where last year fifty or more cases of yellow fever were reported not one case has been reported during the last two months.

ONE MURDER CASE IS TO BE TRIED

(Special to The Evening Times.) Wadesboro, N. C., Sept. 11.—September term of criminal court for Anson county convened Monday, Judge M. H. Justice, presiding.

There is one murder case to be tried at this term of court, that of State v. Wesley McBride, charged with the killing of Mr. Mike Williams last January. The case has been set for Thursday and a special venire of seventy-five men will be subpoenaed to select the jury from.
