## HIS FAREWELL TO ZION

### Dowie Will Lead Last Service Next Sunday

Believed That He Is In Very Bad Health—Will Go to Mexico if His Condition Permits—Wife Denied Admittance.

(By the Associated Press.) Chicago, Sept. 17.—John Alexander Dowie, who, according to general belief in Zion City, is in an extremely low condition of health, yesterday announced a farewell service at Shiloh House for next Sunday.

Immediately after the service he will leave for Mexico if his physical condition will permit, and it is not expected that he ever will see Zion City again.

In a communication from the old leader, which was read at the Tabernacle by Elder A. E. Arrington, he advised his loyal followers to remain away from the polls at the election for a new general overseer tomorrow.

Reports of Dowie's condition were taken to his wife at her summer home at White Lake, Mich., and she hastened to Zion City, accompanied by her son Gladstone. They arrived at Shiloh House Thursday night, but were denied admittance. Mrs. Dowie came to Chicago yesterday to remain with a friend and her son returned to Michigan.

The polls for the election tomorrow will be open at 6 a. m. to 9 p. m. The election of Voliva, who spoke to a large outdoor meeting yesterday, is conceded by a practically unanimous vote.

## AHOSKIE MAN IS MURDERED

(By the Associated Press.) Norfolk, Va., Sept. 17.—James W. Hall, aged 63, night watchman at the plant of the Air Line Manufacturing Company at Port Norfolk, was found murdered Sunday morning. The weapon, an iron bolt with a heavy nut on the end, was lying close by. The victim had been robbed of his gold watch and pistol. Willie Briggs and John Norfleet, negro tramps, have been arrested on suspicion, but there is nothing as yet to connect them with the crime. They are being held pending a further investigation.

The victim was from Ahoskie, N. C. to which place the body will be sent.

## A BRITISH ADMIRAL, DEWEY BACKER, DEAD

(By the Associated Press.) Gibraltar, Sept. 17.—Rear Admiral Sir Edward Chichester, who commanded the British squadron at Manila during the Spanish-American war, died here this morning of pneumonia, after an illness of a few days. His work in transporting a quarter of a million men thousands of miles to South Africa won him great praise during the Boer war.

It was Sir Edward Chichester who, according to report, stood by the Americans in Manila Bay at a time when friction between Admiral Dewey and the German commander seemed likely to lead to serious consequences.

## DOROSHEVSKY SHOT AT AND IS WOUNDED

(By the Associated Press.) Warsaw, Russian Poland, Sept. 17.—General Doroshevsky, president of the court-martial which on September 15 condemned two revolutionists to death by hanging, was shot at and wounded in the thigh while driving here this morning. The would-be assassin escaped.

## SHE IS OFF THE REEF

### The Manchuria Now Anchored at Honolulu

It Cost Half a Million to Save Her—Attention Now Turned to Saving the Mongolia Stranded on Midway Island.

(By the Associated Press.) Honolulu, Sept. 17.—The steamship Manchuria is now anchored off this harbor. It has not yet been decided whether she shall be towed to San Francisco or whether she shall proceed under her own steam. If she is towed it will probably be necessary to send for tugs. It is reported that the propeller is damaged and that the rudder is useless. Divers will examine the ship today. It is stated that the cost of saving the Manchuria will amount to over half a million dollars. One hundred thousand dollars worth of tackle was left at the bottom of the ocean.

Litigation over salvage has been obviated by definite agreements with all steamers that participated. It will be impossible to send immediate assistance to salvage the steamship Mongolia, which ran ashore on Midway Island yesterday. All the wreckage tackle here has been used in floating the Manchuria and in attempting to save the transport Sheridan.

Midway Island being so little above the sea level, affords no protection on any side from heavy seas. The position of the Mongolia is not known here, but a storm coming from any direction would affect her. Storms may be expected soon.

According to the latest advices received here the steamer Mongolia lies on the windward side of Midway island in a dangerous place. She is leaking slightly. The steamer had on board 200 cabin passengers and 500 Asiatics in the steerage. It is stated that Captain Matealf, who with Captain Pillsbury floated the Manchuria, will take the steamer Restorer to Midway to help the Mongolia as soon as it is possible to raise the tackle used in saving the Manchuria.

## HOUSTON'S NEGROES' NIGHT OF CARMINE

(By the Associated Press.) Houston, Texas, Sept. 17.—One negro killed by a street car and a man and woman shot and a woman cut is the record of blood letting among the negro population here last night. Andrew Dickinson was cut in two by a street car. William Humphrey used a shot gun on his wife. C. Talbot, fifteen years of age, shot a hack driver in the stomach, and Hanna Dennison carved Mary Powell with a hatchet. The street car accident is the only death so far, but the others will die.

## ALEXANDER, DEFAULTER, IS NOW UNDER ARREST.

(By the Associated Press.) Pittsburg, Pa., Sept. 17.—Thomas W. Alexander, who was arrested in Pittsburg last night as a fugitive from justice from Augusta, Ga., where it is alleged he is charged with defaulting to the amount of \$200,000, stated today that he would return voluntarily to Augusta with the officers now on the way here. "The amount involved in this transaction is not nearly so great as the published reports make it," said Alexander today. "I left behind securities which have either been disposed of already or will be shortly, which will realize sufficient to nearly cover the shortage. The stories printed relative to matters I left behind and such stuff are all rot. I cannot say anything more until I get back to Augusta and see my attorney."

Mr. Alexander said there would be no trouble about securing bail when he reaches home. The accused spent the day in seeing the sights of the city under the guidance of two detectives.

## AT ST. MARY'S SCHOOL

### The Sixty-Fourth Session Will Open Thursday

A Program for the Week, Beginning Tuesday, Has Been Arranged—This Will Facilitate the Work of Classifying the Pupils.

The sixty-fourth session of St. Mary's School will open Thursday of this week. In order to facilitate the work of classifying pupils the following program has been arranged:

Tuesday, new pupils from the city will report at the office for registration and classification at 9 a. m. Wednesday, old pupils from the city will report at the office at 9 a. m. On Thursday, 9 to 10:30 a. m., boarding pupils will report at the office for registration and classification.

All pupils, city and boarders, will meet in the study hall in the main building at 10:30. Opening service will begin at 11 o'clock. The procession will form in the study hall, where faculty and pupils have assembled. The order of the procession will be—day pupils, followed by boarding pupils, faculty, trustees and the bishop of the diocese—to the chapel. From 2 to 4:30 p. m. the registration and classification of boarding pupils will continue at the office. From 2 to 5:30 p. m., those pupils entering by examination and those old pupils who have made up work in the summer and are ready to stand examination upon it will report to the study hall for examination.

On Friday, regular morning service will begin in the chapel. This will be followed, 9:30 to 1:30, by further registration and classification; 1:30 to 1:50, examinations as arranged on the preceding day, and announced; 2 to 5, further classification, arranging, and examination.

Saturday the regular class work will begin, each pupil reporting to all classes as scheduled ready for assignment of work; at 9:30 a. m., regular morning service in the chapel; from 9:30 to 3:30, regular classes and class work.

Parents and pupils on arriving at the school are requested to come at once to the office in the East Rock House, where all pupils will register, and full information, with details, will be furnished.

## A CITY OF LAWBREAKERS.

Chicago's Municipal Code and the Number of Those Who Break It. Chicago is a city of law-breakers. When the 2,000,000 people of the town collide with the 2,450 sections of the municipal code, it is the code that gives way. Chicago people are not wicked, but they take a contemptuous view of the statutes and ordinances. It is estimated that Chicago's 2,000,000 citizens violate the law \$2,000,000 times a day. Everybody breaks the law sometime. Most people break it every day, and not a few reputable citizens manage criminally to violate the code hundreds of times daily and keep out of the clutches of the police. It is not merely the water-waste law, the garbage-removal law, the tax law, or the dog-license law—all of which were made to be broken, and are ignored or violated by the flower of the town without a disapproving quibble of conscience—but there are hundreds of other laws broken, bent, and twisted in every conceivable way.
