"Following the attack on a force of county police late last night, it was decided to raid what is known as Browns ville, including Clark University, an institution for negroes, which has in the past received large support from northern philanthropists. With two companies of state militia, the governor's horse guards, and a force of county police and citizens specially sworn in as deputies, Major Williamson care fully disposed his force during the late hours of the night, surrounding with a skirmish line the entire section, cover ing about fifteen acres.

When daylight came and the ne groes emerged from their homes, they were ordered to hold up their hands. Few had the temerity to disobey. Not shot was fired by the troops, the only shot being fired by a citizen deputy which wounded a negro in the foot The too zealous officer was placed under arrest for disobeying orders. (By the Associated Press.) Knoxville, Tenn., Sept. 25.—Thirty-five negro prisoners, including eighteen murderers, two of whom are sentenced to die, rebelled against the jailer at the Knox county jail last night, refusing to go from the corridor into their cells. For two hours they kept the officers at bay.

Although in closed bars four officers were cut with bottles thrown by the prisoners and C. A. Reeder, Jr., aged twelve, son of the sheriff, slightly cut. The jailers turned the hose on the refractory negroes, but this frenzied them. The negroes finally captured the hose and turned it on the officers and then attacked the latter with bottles, plates, cups and saucers and with broom handles, on the ends of which open knives were fas-

Three of the officers were hemmed in by the negroes and had to draw their pistols in order to get out of range of the battle. The arrival of the sheriff and police finally quelled the negroes. The trouble is said to have resulted from the negroes reading of the Atlanta riot.

(By the Associated Press.) Buffalo, N. Y., Sept. 25 .- District Attorney Jerome's candidacy for governor was practically withdrawn today at an adjourned meeting of the so-called Albany conference of anti-Hearst democrats. At the meettatives from about 25 counties it was decided that the delegates opposed to the nomination of William Randolph Hearst should concentrate on either Judge Gaynor or Mayor Adam

A poll of the delegation was made on the floor of the convention. There has been much talk of some of the Tammany delegates not attending a caucus. With out a caucus any bolting element would be unable to show its hand and Tammany thus would remain a solid phalanx before the convention. The selection of Lewis Nixon as temporary chairman was the first Tammany victory, and also is re-
