## MOODY FOR THE BENCH

Attorney General Succeeds Justice Brown

His Nomination Will Be Sent to the Senate in December—Practically Admitted Officially That He Will Be Named By President Roosevelt.

(By the Associated Press.)

Washington, Oct. 24.—While no official statement is obtainable unofficial information confirms the report that the president will appoint Attorney General William H. Moody of Massachusetts to the vacancy on the supreme court bench made vacant by the retirement of Associate Justice Henry B. Brown. The announced intention of the president to appoint Mr. Moody to the supreme court bench came as a surprise as it was generally understood that he had eliminated the attorney general from consideration in that connection because of the fact mainly that Massachusetts already has a representative on the bench in the person of Associate Justice Holmes.

Mr. Moody's nomination will be sent to the senate when congress convenes but the general expectation is that he will not take his seat on the bench until about January 1, when as previously announced, he expects to retire from the attorney generalship.

## WILD INDIANS STILL WARLIKE

(By the Associated Press.)

Omaha, Neb., Oct. 24.—Word was received here today from the scene of the Indian depredations in Wyoming to the effect that Captain C. P. Johnson of Major Grierson's command, with an orderly and a scout, overtook the Utes on Little Powder River, about forty miles north of Milletie. It is said the Indians absolutely refused to return to their reservation and declared they were going to Dakota. Major Grierson, it is said, has determined to await reinforcements before trying to force the removal of the band, as cowboys report that the Utes are holding nightly dances and are in a mood for trouble.

## Y. M. C. A. IN RALEIGH

Mass Meeting Next Sunday Afternoon.

All Persons Interested in Establishment of Y. M. C. A. Here Called to Meet in Metropolitan Hall at 4 O'Clock—Result of a Recent Conference on the Matter.

Next Sunday afternoon at Metropolitan Hall at 4 o'clock there will be a mass meeting of all persons in Raleigh who are interested in the establishment of a Young Men's Christian Association.

Raleigh is at this date the only capital in this country without a Y. M. C. A., and there are many persons here who desire that such a state of things as this shall no longer exist.

At a recent conference of persons deeply concerned in this matter, it was decided to have a preliminary meeting, and at this Rev. Dr. Alfred H. Moment, the pastor of the First Presbyterian Church, was made the chairman of the movement. Very careful consideration was further given the subject, and the time, next Sunday afternoon, for the mass meeting was chosen.

At this meeting there will be special talks by Governor Glenn, Associate Justice Hope of the supreme court, Hon. Edward H. Battle, Dr. George T. Winston of the Agricultural and Mechanical College, Mr. Joseph G. Brown, the president of the Chamber of Commerce, Mr. Joseph Daniels, Dr. Hubert A. Royster, Dr. Moment and other ministers, and Col. Fred A. Olds, who is deeply interested in the work, and who is the chairman of the Y. M. C. A. committee of the Industrial Club. The case is to be very frankly and fully presented to the people of Raleigh.

At Charlotte it will be found that the Y. M. C. A. thirty years ago built a then handsome home, has maintained it well all the time, has now nearly a thousand members, maintained a number of living rooms for young men in its building and not long ago sold the latter at a very handsome figure, having really outgrown it, and is now erecting a very large one, in which will be provided not only lecture and reading rooms, gymnasium, library, baths, but living rooms for 100 young men. The work of the Y. M. C. A. in Charlotte has been a great factor in the development of that remarkably thriving city.

Here in Raleigh there are hundreds of young men who have nowhere to go at night, this applying not only to those born here, but to those who have made Raleigh their home, to students and to those who are here for short periods. Never a day passes without inquiries from visitors here as to the location of the Y. M. C. A., and there is the most unbounded surprise and regret on their part when they learn that Raleigh has nothing of the kind.

## THE EXHIBITION SHOOT TOMORROW.

The acknowledged champion trap shot of the world, W. R. Crosby, with several other good shooters, will visit the Raleigh Gun Club tomorrow afternoon from 1 to 3. This exhibition of expert shooting will be free to all, and a large crowd should go to the club grounds in Cameron field. The ladies are especially invited.

At this exhibition, for the first time, a lady trap shooter will appear in Raleigh. Mrs. Tepperwein can discount many men who have had years of experience, although she only took up shooting within the last three years, and has become as good as the best. Her husband will amuse and surprise the people with his wonderful feats of marksmanship with the rifle, breaking small objects thrown into the air, and in rapid succession draw an Indian head perfectly with his rifle. This alone should bring out many visitors.

## WASHINGTON BRIDGE SUIT.

Judge and Mrs. J. E. Shepherd left this morning for Washington, N. C., where Judge Shepherd will appear for the plaintiffs in the suit of Citizens of Washington vs the Norfolk & Southern Railroad Co. involving the right of the Railroad Company to construct the bridge there regarding which there has been so much litigation the past few months.

est hunt the association has ever known. Applications for months and for reservations in the hotel and entries of dogs for the Derby races and Kennel Show are coming in every hour by wire, long-distance phone and mail.

The number of ladies who will participate in the hunt is unusually large and the social functions consequently will be numerous and varied. The foxes—red and grey—are plentiful, the Mecklenburg mounts are in excellent condition and the visiting packs of splendid dogs mingling their voices with the welcoming cries of the fine Mecklenburg pack are making the welkin ring and Tuesday morning there will be as handsome a field showing of hunters, horses and dogs as has ever been seen in old Virginia.

Among those already here are Mr. Jas. T. Twitty, Buffalo, N. Y., six horses and twenty dogs; Mr. C. H. L. Johnson, Washington, D. C., with his handsome pack; Mr. W. V. Thraves, Belona, Va., with his pack of 25 dogs; Mr. and Mrs. S. P. Cooper, Henderson, N. C., 18 dogs; Mr. E. W. Overby, Boynton, Va., and Mr. R. G. Sneed, Townsville, N. ### CALENDAR.

### WEATHER FORECAST.

(By the Associated Press.)  
Washington, Oct. 24.—Forecast for North Carolina for tonight and Thursday:

Rain tonight and probably Thursday; variable winds becoming southerly.

The area of low pressure which was central over the lower Mississippi valley yesterday has combined with a low which was approaching this country from the Northwest Territory and formed a disturbance of considerable energy central this morning over Minnesota and Wisconsin. It has caused rains in the upper Mississippi and lower Missouri valleys. Over the Rocky Mountain region the pressure is high attended by low temperatures except in northern Montana. Throughout the cotton belt the weather is cloudy with temperatures about the same as those of yesterday except in the western portion where there has been a fall; frost was reported at Abilene and Oklahoma. In the eastern portion of the belt light showers occurred. The low pressure condition in the west will probably move eastwardly causing rain in this vicinity tonight and probably Thursday.

## Money Sticks Out of the Ground in the Coeur d'Alene

### COEUR D'ALENE EAGLE MINE

In the world-famed Coeur d'Alene of Idaho—the district that produces half the lead supply of the United States and has returned in profits \$2,500 for every dollar ever spent in development, which is an unusual record. Coeur d'Alene produced \$17,000,000 in Lead and Silver last year.

### We Have Struck \$100 Ore

In a giant vein fifty feet wide in places cropping for over four thousand feet up the hillside. Only a mile and one-half from railroad. Wood and water plentiful. The vein, the characteristic silver-lead ore of the camp, but richer in silver values than usual. Development just started—down a sixty-foot shaft in five or thirteen feet wide and getting richer every foot.

The investor can "get in at the start" on this mine. Ground floor price, \$50. I predict this stock will sell on the open market, inside 12 months, at from \$10 to \$25 per share. This camp has never had a failure—hundreds have made fortunes by investing in Coeur d'Alene stock within the last few months.
