AN AVID CROWD AT THE INQUEST

Seeking the Cause of the Thoroughfare Wreck

WITNESSES ARE CALLED

The Pennsylvania Offers the Extensive Resources at its Command to Assist in Ascertaining the Cause of the Disaster in Which so Many Met Their Death.

(By the Associated Press.)
Atlantic City, N. J., Nov. 1.—In anticipation of startling disclosures an eager audience gathered at the coroner's inquest today which is to examine and fix the responsibility for the electric railroad wreck of Sunday. The Pennsylvania Railroad is represented by Judge Joseph P. Gaskill, ex-Judge Joseph Thompson and George A. Bourgeois. The state of New Jersey's interests are being looked after by District Attorney Abbott. Foreman Lee, of the coroner's jury arose at the opening and asked permission to make a public statement, in which he decried a story printed in a Philadelphia paper alleging that he had prejudged the innocence of the railroad company.

Coroner Gaskill then charged the jury to discover the cause of the accident, whether by the act of God or man. Attorney Bourgeois for the railroad company offered the extensive resources of the Pennsylvania Company to assist in ascertaining the true cause of the accident.

"We don't know," he said, "and want to know. We have nothing to hide."

He asked the jury to state in its verdict whether the electric line and bridge, in their judgment, is of the most improved kind.

The Witnesses Testify.

The first witness called was W. R. Reiman, station agent. His testimony was only as to the identification of Walter Scott, the automan, and the speed of the train above which he said should not be over twenty-five miles an hour.

James Curtis, the conductor of the wrecked train, testified that there was no delay and that the train reached Pleasantville one minute ahead of time. The first he knew of the wreck was a sudden bump and the train dashed into the Thoroughfare. Curtis said he escaped by kicking a hole through the window. He denied that he had been warned before leaving Camden that anything was wrong with the rear car. He admitted that there was a "stock" bump just as the accident occurred as though the train had met some obstruction.

Brakeman Ralph Wood said he judged there were twenty-five people in the rear car and about the same number in the second car. He said he thought there were between sixty and sixty-five people on the train when it left Pleasantville. He remembered seeing only seven people get out of the wreck after it hit the water.

Conductor Curtis was recalled and said there were seventy passengers on the train when it left Camden. They picked up five or six at Nowfield.

CHICAGO'S RECORD IN BANK CLEARINGS.

(By the Associated Press.)
Chicago, Nov. 1.—Clearings of Chicago banks in October were \$1,000,431,400, the largest total for any month in the history of the Chicago clearing house. The former high record of \$991,617,953 was made last December during the banking activity caused by the closing of the Chicago National and other Walsh institutions.

The increase in the clearings in the month just ended was nearly \$85,000,000 over the total for October, 1905.

E. T. B. GLENN IS STILL VERY ILL.

No change for the better is reported in the condition of Mr. E. T. B. Glenn, brother of Governor Glenn, who is desperately ill in Macon, Ga. The physicians still have very little hope for his recovery. Governor Glenn will scarcely be able to return to North Carolina before the election. He has appointments for campaign speeches in Concord and in Forsyth county on the eve of the election.

COLD KILLS THE GERM.

Lieut. Perry Says There Are No Bald Heads in the Arctic Region. The people who come back from Klondike testify to the fact that no native bald heads are there. The evidence is that the cold climate kills the germs that eat the hair off at the root. Lieut. Perry, who went to the Arctic Regions, gives the same evidence. Newbro's Herpicide has the same effect as the cold climate. It kills the germ that eats the hair off at the roots, and the hair grows again. Herpicide is the first hair remedy built upon the principle of destroying the germ that eats the hair off. Its phenomenal sale demonstrates the correctness of the scalp germ theory. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

HOPE OF STRIKE'S END TO ADOPT COURT HOUSE PLANS

Mayor Boyden Sees Presidents Spencer, O'Connell

Some of the Strike Breakers Are Leaving Spencer Without Apparent Cause—The Mayor Hopes for Early Adjustment.

(Special to The Evening Times.)
Salisbury, N. C., Nov. 1.—A visit to Washington, in which he met the big road men, President Samuel Spencer, General Manager H. B. Spencer and Second Vice President C. H. Ackert, also President James O'Connell of the International Association of Machinists, convinces Mayor Boyden that there is hope of an early adjustment of the strike.

Mr. Boyden was most kindly received and the suggestions offered by him were taken under advisement. President Spencer impressed Mr. Boyden with his fairness and desire to settle the differences in a way that would not bring discredit upon either side. He says he is sorry that arbitration was refused by the machinists, and that he desired, in spite of it, to have the relations between the men restored.

Mayor Boyden was also in conference with Mr. O'Connell. He says O'Connell is a man of fine sense and seems to be governed entirely by a desire to do right. It is the good sense of both that encourages Mr. Boyden in the belief that the two can get together and have a settlement that will be creditable to both.

At Spencer, the importation of strike-breakers has not had the desired effect of putting the road in the shape that it was left. The men seem to be dissatisfied and are leaving without apparent cause. They have been treated well and no disrespect has been offered them by the strikers. Just how many have gone out is not known, one report putting it as high as sixty. The mayor yesterday put it on five of the new machinists. One of them quit work Saturday night and Sunday became gloriously drunk. He used indecent language in the presence of ladies and was reported to an officer who took him, and he was sent back to jail. Four more strike breakers were fined for incivility.

FOR COMPULSORY EDUCATION.

Judge Pritchard, Mayor Barnard and Col. Bingham Lead Fight.

(Special to The Evening Times.)
Asheville, N. C., Nov. 1.—The campaign in Asheville for compulsory education is on. The special election allowing the people to vote on the question has been ordered for December 6. Among those who will take the stump in advocacy of compulsory school attendance are Judge J. C. Pritchard, Mayor A. S. Barnard and Col. Robert Bingham. The advocates of compulsory education must secure a majority of the registered or qualified voters, and this, it is believed by many, will not be possible at a special election. Failure to vote will count a vote against the proposition, and while those most interested say they realize an uphill contest, they nevertheless expect to win.

The coal and wood situation here is becoming more serious every day as a result of the machinists' strike. Little fuel is being received here, while the supply on hand is rapidly diminishing.

WHY IT SUCCEEDS.

Because It's for One Thing Only, and Raleigh is Learning to Appreciate This.

Nothing can be good for everything.

Doing one thing well brings success.

Doan's Kidney Pills do one thing only.

They cure sick kidneys.

They cure backache, every kidney ailment.

Here is Raleigh evidence to prove it.

Mrs. S. C. Perry, living at 215 Davie street, says: "I think Doan's Kidney Pills are a most excellent medicine, and I will take pleasure in recommending them to my friends. My back has troubled me for a long while, and although I used a great many different remedies, nothing gave me the decided relief which I obtained from Doan's Kidney Pills. I can advise others in Raleigh to go to the Hobbit-Wynne Drug Company, procure Doan's Kidney Pills, and they will not be disappointed in the results. I am only at this address during the school term, as I have my two granddaughters here with me going to school. My home address is Nelson P. O., Durham Co., N. C."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

TO ADOPT COURT HOUSE PLANS

Co. Commissioners Likely to Act Next Week

WHAT PLANS CALL FOR

Two-Story Additions Each Side of Western Ell of Court House, Containing Four Rooms, Each 20x20, for Judge, Grand and Petit Juries and Sheriff.

It is likely, judging from what Chairman Len H. Adams said to a reporter for The Evening Times today, that the board of county commissioners at its session next week will adopt the plans and specifications for the enlargement of the court house that have already been prepared by Architect H. P. S. Keller and submitted to the board.

Mr. Adams said that the only reason the plans were not adopted at the last meeting, when the matter was postponed until the next meeting, was that the board wished to make sure that the financial condition of the county's affairs justified the expenditure entailed, about \$5,000.

But now, Mr. Adams says, there is no doubt about the county being able to afford it, for it has prospered of late. A good income has accrued from the cotton raised at the county home and fine receipts have come in from other sources. Accordingly the board will have no hesitancy in voting the improvement.

The plans as submitted, and as they will probably be adopted, call for two story additions to the ell at the west of the court house. One of these additions will be on the north side and the other on the south side, and each will contain two rooms, one above the other and all of the same size, twenty feet square.

The rooms to the north are to be used, the lower one for the sheriff, extending his present office, and the upper one as a retiring room for the petit juries.

The upper room of the southern tier will be a retiring room for the judge, and the lower one for the grand jury.

The office of the clerk of the court is in quite a big mess just now, the entire contents of the vault having been taken into the office preparatory to putting down a new floor in the vault and fitting it throughout with steel filing cases for papers and roller cases for the books. Janitor A. H. Moonenham sleeps in the office these nights to protect the valuable books and records.

The work of enlarging the vault in the register of deeds' office is nearly completed now.

The new heating plant will soon be ready, and the additions to the jail are going up fast.

Protest by Missionaries.

(By the Associated Press.)
Manila, Nov. 1.—Missionaries and workers in the Young Men's Christian Association are protesting against the war department's ruling forbidding them transportation on the army transports. This ruling is based on the last army appropriation bill.

"My child was burned terribly about the face, neck and chest. I applied Dr. Thomas' Electric Oil. The pain ceased and the child sank into a restful sleep."—Mrs. Nancy M. Hanson, Hamburg, N. Y.

Shoo-Fly to Apex.

The Seaboard will run the Shoo-Fly through to Apex and return on Saturday, November 24, account land sale.

C. H. GATTIS,
Traveling Passenger Agent.

Sale of Valuable City Property.

By virtue of the powers contained in a judgment of the Superior Court of Wake County, North Carolina, entered on the 2nd day of July, 1906, in a special proceeding thereto pending, entitled Mary C. Walker et als, ex parte, and being No. 1319, Special Proceeding Docket of said Court, I will offer for sale at public outcry, to the highest bidder for cash, at the Court House door in the City of Raleigh, N. C., on Monday, the 19th day of November, 1906, the following described lots of land, to-wit:

Two certain lots of land in the Northeastern portion of the City of Raleigh, North Carolina, being known as lots Nos. 5 and 13 of Block 4 in the addition to the City of Raleigh, known as Idlewild, as surveyed and mapped by A. W. Shafter, which map is recorded in the office of the Register of Deeds for Wake County, in Book 112, at page 432, and is hereto referred. Said lots are more particularly described as follows: Lot No. 5, of Block 4, situated on the East side of Seawell Avenue, being a parallelogram in shape, fronting 52 1/2 feet on said Avenue and running back East 200 feet to an alley, bounded on the North by Lot No. 13, and on the South by Lot No. 7, in said Block 4.

Lot No. 13, of Block 4, situated on the East side of Seawell Avenue, being a parallelogram in shape, fronting 52 1/2 feet on said Avenue, running back East 200 feet to an alley, bounded on the North by Lot No. 11 and on the South by Lot No. 15, in said Block 4.

WILLIAM B. JONES,
Commissioner.

This 19th day of October, 1906.
