### WEATHER FORECAST.

(By the Associated Press.)  
Washington, Nov. 8.—Forecast for North Carolina for tonight and Friday:  
Fair tonight and Friday in east portion, showers tonight or Friday in west, warmer tonight in extreme west portion, light to fresh north-east winds.

The tropical disturbance which was south of Florida appears to have decreased in energy and perhaps to have moved somewhat to the north-east. The pressure in the east has fallen, and the temperature changes have been unimportant. A low pressure area has moved to a position central over the Dakotas, and has caused higher temperatures there, and some rain in Montana. The weather in the cotton belt is generally clear east of the Mississippi river, but west of the Mississippi there is some cloudiness, and rain has fallen in eastern Texas. The barometric conditions indicate fair weather in this vicinity tonight and Friday.

Section Director.

### WEAK KIDNEYS MAKE WEAK BODIES.

Kidney Diseases Cause Half the Common Aches and Ills of Raleigh People.

As one weak link weakens a chain, so weak kidneys weaken the whole body and hasten the final breaking-down.

Overwork, strains, colds and other causes injure the kidneys, and when their activity is lessened the whole body suffers from the excess of uric poison circulated in the blood.

Aches and pains and languor and urinary ills come, and there is an ever-increasing tendency towards diabetes and fatal Bright's disease. There is no real help for the sufferer except kidney help.

Doan's Kidney Pills act directly on the kidneys and cure every kidney ill. Raleigh cures are the proof. J. H. Crawford, dentist, of 116 Fayetteville street, says: "I suffered from pain in my back almost constantly until I learned of Doan's Kidney Pills and procured them at Bobbitt-Wynne Drug Co.'s store. They relieved it entirely, and you can say for me that I consider them a good remedy, and from the great benefit I received I am glad to let others know about them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

### SPECIAL RATES FOR THE CIRCUS.

President and General Manager J. A. Mills, of the Raleigh & Southport Railroad, announces special rates between Fayetteville and Raleigh for the Barnum & Bailey circus in Fayetteville, November 13, and in Raleigh November 14. The rate for both days will be one fare for the round trip.

For the trip to Fayetteville on account of the circus there November 13 the schedule now in effect will be operated, except that the evening train, due to leave Fayetteville at 2:45, on that day will be held until 5 p. m.

For the service on account of the circus in Raleigh on November 14 the schedule now in effect will be operated; and in addition there will be a special train from Raleigh to Linden to leave Raleigh at 5 p. m. after the performance.

### HAIR TELLS CHARACTER.

Color of Hair Said to Indicate a Person's Temperament.

Many people believe that blonde, or light hair denotes affection and dark hair constancy. A person without hair is not devoid of character; far from it. The disposition of the average bald-headed man is to show such solicitude for the welfare of others, that he neglects himself. A germ causes baldness. Prof. Sabouraud, of Paris, France, inoculated a rabbit with Dandruff germs, causing it to become totally bald in five weeks' time. To rid the scalp of these dangerous germs it is necessary to apply Newbro's Herpicide.

"Destroy the cause—you remove the effect."

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

### Melver Day.

The following invitation has been received here:  
The Board of Trustees, the Faculty and the Students of the North Carolina State Normal and Industrial College Greensboro, North Carolina invite you to be present at the exercises in memory of its founder and president Dr. Charles Duncan Melver to be held at the College, November 20th 1906 at eleven o'clock A. M.

### Had a Close Call.

"A dangerous surgical operation, involving the removal of a malignant ulcer, as large as my hand, from my daughter's hip, was prevented by the application of Bucklen's Arnica Salve," says A. C. Stickle, of Milletus, W. Va. "Persistent use of Salve completely cured it." Cures Cuts, Burns and Injuries. 25c at all druggists.

## THEATRICAL.

### ACADEMY CALENDAR.

Saturday night—"Joshua Simpkins."

NOT MUCH OF A PLAY.

"His Majesty and the Maid" Was Dull and Encouraged Sleep.

"His Majesty and the Maid" is a very ordinary, common-place attraction and the small audience at the Academy of Music last night found it especially so in the hands of an ordinary, common-place company. Miss Mary Emerson is an emotional actress, so-called, without much in her favor. Her voice is sharp and squeaky, but she did warm up toward the close and that helped some. There were a number of sticks supporting her. Otto's live-making was enough to make any man prefer a monastery, while women would prefer spinsterhood to the stream of gush which he poured out on occasions. There was nothing really fine or clever about the performance. The queen and the court ladies were out of their class; they could not soar. Michael looked the part of a drivelling idiot. In a word, the production was dull and unattractive, absolutely devoid of anything that would bring a thrill.

### "JOSHUA SIMPKINS."

The "Joshua Simpkins" company, carrying their own special scenery, a band of music and orchestra, will produce the pastoral comedy drama of that name at the Academy Saturday night.

The piece deals with the country life and people, three acts of the play being laid in one of the many quaint villages of Vermont. The second act (in three scenes) portrays Uncle Josh's first visit to Washington City. In the third act a sensational saw mill effect is shown, being nothing more nor less than a complete saw-mill in full operation, cutting up genuine timber.

### MISS DEMOTT RETURNS.

Returns to the Arena After a Long Absence—A Great Feature.

The return of a circus queen to the arena which had been the scene of her greatest triumphs, and from which she had temporarily retired, is an event of more than passing interest. It has been said of the public that it is fickle, and that the popular favorite of yesterday is recalled only by an effort of memory today. But, surely, Josie Demott, the little American equestrienne, has no reason to complain of her reception by the great American public, after a retirement extending over a period of several years. Four or five years ago, Miss Demott was one of the most popular riders in the United States. In Europe her popularity was equally pronounced. At the very climax of her popularity, and while still a young girl, she retired. The claims of a sweetheart had outweighed the claims of the arena, and she left the circus to reside over the home of a generous husband.

In this regard Miss Demott's success was equally pronounced. In the pleasures of travel and the entertainment of friends in a new world, the old life was apparently forgotten. As a matter of fact it was not—and could not be. The desire to ride the sawdust rings again—to feel the thrill and tremor of the sensitive horse under her dainty feet—to hear the thundering applause of the enthusiastic crowd—all this was too much for her.

And so pretty, graceful, winsome, merry Josie Demott has come back to her own, and the Barnum & Bailey circus—the great show in which she won her greatest fame—is presenting her this season as one of the features of its great and glorious riding congress. That she is a real feature no one who sees her charming performance can question. She not only presents all the feats that the cleverest among other riders execute, but she also accomplishes sensational tricks that others do not even attempt. Among these is a series of somersaults while her horse is running at full speed. Miss Demott is the only lady rider in the world who is accomplishing this feat, and it is not surprising that she has again resumed her position as one of the most popular American equestriennes.

### Made Happy for Life.

Great happiness came into the home of E. C. Blair, school superintendent, at St. Albans, N. Y., when his little daughter was restored from the dreadful complaint he names. He says: "My little daughter had St. Vitus' Dance, which yielded to no treatment but grew steadily worse until as a last resort we tried Electric Bitters; and I rejoice to say, three bottles effected a complete cure." Quick, sure cure for nervous complaints, general debility, female weakness, impoverished blood and malaria. Guaranteed by all druggists. Price 50c.
