

TO WILSON'S MEMORY

Honors Paid at the Re-interment at Philadelphia

After Lying Years in the Cemetery at Edenton, It Now Lies Beside the Body of His Wife in Pennsylvania.

(By the Associated Press.) Philadelphia, Pa., Nov. 22.—In the presence of a distinguished company which included a member of President Roosevelt's cabinet, Justice of the United States supreme court, the governor of Pennsylvania and other citizens, the body of James Wilson, one of the great figures in the American Revolution, which lay in a North Carolina grave for 108 years, was today placed by the side of that of his wife in the burial ground of historic Christ Church. The ceremonies attending the reinterment were simple but impressive, and were conducted according to the rites of the Protestant Episcopal Church.

The body of the great patriot was disinterred from its grave at Edenton, N. C., Tuesday, and was conveyed to this city on the gunboat Dubuque, which arrived here today before noon. Prior to the services at Christ Church, the remains lay in state in the Declaration room in Independence Hall, where thousands of persons filed past the bier. The body was escorted from Independence Hall to Christ Church by a troop of Philadelphia cavalry, and Justices Fuller, Day, Holmes and White, of the United States supreme court, of which tribunal Wilson was one of the first members, acted as honorary pallbearers. On the way to the church the procession passed the grave of Benjamin Franklin, where it halted and stood in silence for a moment.

The exercises at the church were conducted by the Right Rev. Alexander Macky-Smith, bishop coadjutor of the diocese of Pennsylvania, assisted by the Rev. R. Heber Barnes, rector of Christ Church.

Following the services over the dead, tributes to the patriot were delivered by several notable persons. Attorney General Moody spoke for the president, the tribute of the American people.

Following the addresses the committal services took place in the church yard, which was followed by the unveiling of a tablet to the memory of Wilson and his wife.

FIRST STEPS IN HEDRICK TRIAL

(Special to The Evening Times.) Salisbury, N. C., Nov. 22.—At 1 o'clock this morning the jury from a special venire of eighty men is being picked for the Hedrick case.

It is the most widely known murder case in the state at this writing. Philip F. Hedrick was a conductor on the Southern, and Gray C. Whitaker was a flagman. An alleged infatuation between Whitaker and Mrs. Hedrick resulted in Hedrick shooting Whitaker dead as he ran from a store at Spencer. The ugly case will be heard today and tomorrow and all of the testimony in the scandal in the matter made public.

Hedrick was once tried for his life but acquitted, for the murder of A. D. Shuping, a woman entering into that affair, though Hedrick was then single and still a married man.

United States Senator Lee S. Overman is appearing for Hedrick aided by Clement and Clement, Hudson and Klutz and Hatcher. Solicitor Hammer is being aided by Ex-District Attorney A. H. Price.

LIVE STOCK PERISH; WORK OF FIRE BUG?

(By Southern Bell Telephone.) Greensboro, N. C., Nov. 22.—The barn of N. O. Leonard, a prominent farmer living five miles from here, was totally destroyed by fire early this morning. Three fine horses, nine cows, all of Mr. Leonard's farm machinery and crop were destroyed. The family did not know of the fire until after daybreak. There is every reason to believe that it was the work of an incendiary, and telegrams were sent Assistant Insurance Commissioner Scott requesting him to come here and make an investigation.

Death of C. S. Foushee. Charles Stedman Foushee, son of Mr. J. Giles Foushee, died at St. Leo's Hospital this morning, of typhoid fever. The funeral will be held tomorrow morning at 10 o'clock.

DEAD AFTER NIGHT'S FIGHT WITH STORM

(By the Associated Press.) Sandusky, O., Nov. 22.—By the capsizing of a skiff while hunting in the marsh several miles from any habitation yesterday afternoon, Fred K. Marshall, a prominent business and club man, and Ottomar Zistel, his companion reached the shores of Cedar Point after a terrific struggle in the prevailing storm.

Zistel fell dead from exhaustion as he reached the land. Marshall was exposed all night and did not get word here until early today.

SAYS ACT VIOLATES THE CONSTITUTION

(By the Associated Press.) Richmond, Va., Nov. 22.—In the Virginia supreme court of appeals this morning Judge Cardwell handed down a decision of the state corporation commission declaring the two cent passenger rate act passed by the Virginia legislature contrary to the fourteenth amendment of the constitution of the United States. The case was a test one involving the requirement that the railroads place on sale five hundred mile two cent rate books.

NEIL SPENCE'S TURKEYS MAKE BANK FOLK HAPPY.

The working force at the Carolina Trust Company had a feast out of the ordinary today, thanks to Mr. Neil A. Spence, the general custodian. Mr. Spence is something of a hunter and the turkey is his specialty. On Saturday he went to Zappett county, found a drove of wild birds and shot four without missing a breast, which is shooting some. Last year he got seven in one day, and he follows his old custom of remembering the bank officers. Mr. Spence knows more about cooking a turkey than Mr. Spence knows about shooting one, and naturally the feast was all the more enjoyable.

President Ruffin could not get away from Hillsboro for the occasion and Major Leo D. Heart, the vice-president and general manager did the honors. Mr. Sam Hindsdale and Mr. Ham Smith held a meeting and decided to get away with Mr. Ruffin's share of the bird, inasmuch as Mr. Ruffin could not get away from Hillsboro. Mr. Hindsdale did the carving, working over time as Mr. Alexander Webb sat at his left. Altogether, it was a fine stunt, thanks to Mr. Spence, the only dead shot around the banking institution.

AN ANGLO-GALIC ALLIANCE EXISTS.

(By the Associated Press.) Paris, Nov. 22.—The passage between Premier Clemenceau and Senator Gaudin De Villaine in the senate November 20 on the subject of the reported Anglo-French naval convention, continues to attract the attention of the press. The *Gil Blas* today says that M. Clemenceau during the course of a private conversation declared that it was to the honor of ex-Foreign Minister Delcasse that he issued the support of Great Britain in the event of a conflict between France and Germany. The paper adds: "It is no longer a secret that a naval convention between France and Great Britain exists by which Great Britain in reply to the first shot fired by Germany against France on land will attack the German ports."

The Associated Press is enabled to state that the reports of a naval conflict between France and Great Britain are as untrue as the recent reports of a military conflict between the two powers. Nevertheless it is true that the relations between France and Great Britain reached a stage during the last year where formal conventions were not deemed to be necessary. Great Britain's aid was assured during the Moroccan crisis and the understanding between the two governments in support of such a character that support in case of eventualities could be quickly arranged.

THE HAVERFORD MOVES

The Fog Lifts; She'll Reach Her Wharf This Afternoon

Among the Passengers on Board the Haverford Numbering Over a Thousand Persons Are Three Young Ladies of This City.

(By the Associated Press.) Philadelphia, Pa., Nov. 22.—With a shifting of the wind from east to west today the heavy fog which for three days enveloped this vicinity was swept away and the large fleet of incoming and outbound vessels which had as a precautionary measure been anchored at various points along the Delaware Bay and river began to move.

The steamship Haverford from Liverpool for Philadelphia which had been at anchor a short distance outside the Delaware Breakwater since Sunday resumed her trip and will reach the American Line wharf this afternoon. More than a thousand passengers are on board the Haverford.

While this vessel was fog-bound on Tuesday night, a free-for-all fight broke out among the nine hundred steerage passengers. Stewards who tried to quell the excitement were roughly handled and a panic prevailed until six of the ring-leaders were arrested and placed in irons. They were turned over to the United States authorities.

Several young women from Raleigh, who have been spending several months in Europe, are aboard the Haverford. They are Misses May and Susan Johnson and Mary Shipp.
