NAVY IS VICTORIOUS ON FRANKLIN FIELD

Woo Great Football Game From Army in Contest This Afternoon

TEN TO NOTHING THE FINAL SCORE

Annual Gridiron Meeting of Soldiers and Sailors Results in Crushing Defeat for Men from West Point, Battle Hard Fought from Start, But No Score Was Made Until the Second Half—Norton's Great Kick for Goal Set Navy Rooters Wild With Joy—Detailed Account of the Game.

(By the Associated Press.) Philadelphia, Pa., Dec. 1.—The black, gold and gray of the army and the blue and gold of the navy are flying everywhere in Philadelphia today in honor of the annual football match on Franklin Field this afternoon between the cadets of West Point and Annapolis. Despite the threatening weather an enormous crowd, as large as has ever attended an army and navy game on the University of Pennsylvania's famous gridiron, is on hand to see the two rivals battle for supremacy. The hotels are crowded with distinguished visitors from many sections of the country. Hundreds came in yesterday and last night and thousands arrived on the morning trains. Fourteen special trains came in during the forenoon from New York, Washington, West Point, Annapolis and intermediate points. The greatest number came from Washington and included the assistant secretaries of war and navy, rear admirals, major generals and officers of all other grades down to the plain privates.

The line-up is as follows:
West Point. Position. Annapolis.
Hanlon l. e. Bernard Weeks l. t. Northcroft Erwin l. g. Silmguff Sullivan f. e. Wright Christy f. t. Piersol Fowler f. e. Dague Johnson q. b. Norton Beavers l. b. Douglass Hill f. b. Spencer Smith f. b. Ingram

The West Pointers elected to defend the west goal with a strong wind at their back. Norton kicked off to the army's 15-yard line. Stearns running the ball back ten yards on the first line up. West kicked, the ball going straight in the air, the navy securing it on West Point's 30-yard line. Stearns went through center for six yards, and Douglass gained three through right tackle. Norton then attempted a forward pass, but Hill, of the army, secured the ball. On an exchange of kicks the navy secured the ball on their 30-yard line. Spencer went through center for four yards, and then Norton kicked to West Point's 45-yard line, where Johnson fumbled. Piersol securing the ball for the navy.

A Fine Kick by Beavers.
Norton was thrown for a loss of six yards, and Douglass punted out of bounds on the army's 30-yard line. On the first line-up Beavers sent a beautiful kick to the navy's 15-yard line. Douglass tried to end run on a fake kick and lost two yards. On the next line-up Douglass punted to Johnson on the navy's 37-yard line.

Beavers failed at center, but later the army gained four yards on a forward pass. Beavers attempted a goal from the field from the navy's 40-yard line, but the kick was blocked, the army, however, securing the ball. Smith gained ten yards through center and Hanlon three additional. Beavers carried the ball for a first down, and it was on the navy's 10-yard line.

Hanlon gained two yards and Hill two. The army attempted a forward pass, the ball going back to the navy's goal for a touch back. The ball was brought out to the navy's 25-yard line and Douglass kicked to Weeks on the navy's 45-yard line.

Almost a Field Goal.
Johnson tried an on-side kick, and Norton secured the ball on navy's 22-yard line. Douglass tried an end run on a fake, but lost five yards. Douglass kicked into line and Norton recovered the ball. Norton gained five yards, but the ball was brought back and given to the army for interference. Johnson went through center for five yards, and Beavers then tried for a drop kick from the 20-yard line. The ball went straight between the posts, but (Continued on Page Seven.)

GARRETT HAS TAKEN CHARGE

Vice-President and General Manager Seaboard

TO INSPECT SYSTEM

Tomorrow Night He Starts on One of a Series of Trips Over the Seaboard Which Will Continue for Perhaps Ninety Days—To Be No Changes.

(By the Associated Press.) Norfolk, Va., Dec. 1.—W. A. Garrett, late general manager of the Queen & Crescent Railroad at Cincinnati, today took charge of his new office as first vice president and general manager in charge of the operation of the Seaboard Air Line Railway with offices here. Alfred W. Towsley, assistant to the president and formerly in charge of the operation of the road, will remain in the capacity of assistant to President Walter, but relinquishes his offices in the operating department to Mr. Garrett, who brought to Norfolk with him from Cincinnati S. L. Kamps as chief clerk.

Mr. Garrett announced that his coming with the Seaboard means no changes, and that present officials will retain their offices.

Mr. Garrett and N. S. Meldrum, formerly vice president of the Seaboard, leave tonight for Washington to attend the funeral of President Samuel Spencer, of the Southern Railway, tomorrow.

MATTER GOES TO JUDGE GRAY

(By the Associated Press.) Washington, Dec. 1.—Presentation of the case of the International Association of Machinists in its controversy with the Southern Railway was made today to the umpire, Judge George Gray. The statement was presented to him in Wilmington, Del., by D. J. Condon, the arbitrator for the International Association of Machinists. Yesterday a copy of the statement was presented to Alfred P. Thom, general counsel of the Southern Railway, who represents that company. It is not expected that the arbitrators will have a meeting. They will prepare their briefs in the controversy and file them with Judge Gray, who will render a final decision in the case by January 15th next.

WORK IN COAST LINE OFFICES FOR WOMEN

(Special to The Evening Times.) Wilmington, N. C., Dec. 1.—For the first time in the history of the road the Atlantic Coast Line general offices will soon open its departments to women stenographers. So far only two of the departments have been authorized to employ women when advisable, but the order will probably be extended to all the offices.

TORCH APPLIED TO STEMMERIES

Two Burned by Masked Mob of Hundreds

TOWN MARSHAL SEIZED

Wires Guarded, and No Report of the Deed Allowed to be Given Out Until Ruin of Stemmeries Was Assured—The Mob Then Rides Away.

(By the Associated Press.) Louisville, Ky., Dec. 1.—A special from Princeton, Ky., says: The tobacco stemmeries of the John Steger and John G. Orr, the latter controlled by the Imperial Tobacco Company of New York, were destroyed early today by a fire which was kindled against them by a mob of masked men. Several cottages in the vicinity were badly damaged but nobody was hurt. The loss is estimated at about \$170,000.

The mob which numbered about three hundred men entered Princeton between 1 and 2 o'clock a. m., seized the night town marshal and disarmed him. They then went to the factories and quickly applied the torch. The masked men stood on guard permitting nobody to come near until the buildings were completely enveloped in flames, and help was useless. A squad of the mob took charge of the telephone office, and no word of the affair was permitted to go out.

When the mob saw that the fire was beyond control they left the town, going in the direction of Hopkinsville, discharging revolvers and rifles as they departed. The fire department then came out, but could do nothing more than prevent the fire from destroying buildings in the vicinity.

Charters for the Year.
The records in the office of the secretary of state show 963 charters issued for new corporations during the fiscal year ending November 30. During the previous year there were 696 charters, while ten years ago there were only 151 issued.

CONGRESS TO OPEN MONDAY

(By the Associated Press.) Washington, Dec. 1.—The last few days have witnessed the arrival of an exceptionally large number of senators and members of the house of representatives, and the indications are that when the final session of the fifty-ninth congress opens at noon next Monday there will be a full attendance in both houses. There has, so far, been very little opportunity for conference among leaders, but most of them agree in the opinion that the session will be a very busy one.

WILMINGTON PUBLIC LIBRARY IS OPENED

(Special to The Evening Times.) Wilmington, N. C., Dec. 1.—The Wilmington public library is now an established institution. The formal transfer from the local chapter of the North Carolina Sorosis to the city was made last night with appropriate exercises. In behalf of the Sorosis the library was turned over to the city by Miss Margaret Gibson. Mayor Waddell accepted it for the citizens. By the untiring efforts of the women composing the Sorosis the library has been inaugurated under most favorable circumstances. It occupies the spacious second floor of the city hall building.

CAMP OF PABLO TAKEN BY RUSH

The Death Kneel to Palajanism in Samar

ELEVEN OUTLAWS DEAD

Pablo Himself Escapes, But His Capture Will Be Effected in a Few Days, It is Said—His Wife and Daughter in Hands of Constabulary.

(By the Associated Press.) Manila, Dec. 1.—A force of constabulary under command of Major Murphy surprised the camp of Pablo, chief of the Palajanos, on the island of Samar, at daylight yesterday, November 30.

Eleven of the Palajanos were killed. The chief's son and nine of the band were wounded. Pablo himself escaped, but his wife and daughter were captured. Clothing, arms and supplies found were destroyed, together with the camp. The capture of chief Pablo is considered the question of only a few days.

There is now only one other chief at large, and plans have been arranged to capture or kill him. Governor Curdy of Samar wires that the breaking up of Chief Pablo's band signals the death-knell of Palajanism in the island.

TURBINE POWER YALE LAUNCHED.

(By the Associated Press.) Philadelphia, Pa., Dec. 1.—The turbine power steamship Yale which was launched today from the yard of the Delaware Iron Works, is to be the fastest as well as one of the finest vessels engaged in American Atlantic coast service. The Yale is the property of the Metropolitan Steamship Company, which for nearly fifty years has operated an "all the way by water" freight service between New York and Boston.

A year ago when Charles W. Morse and associates came into possession of this line they concluded to establish also a passenger and express freight business. Plans were accordingly made for the turbine steamships, the Yale and the Harvard, which would excel in safety, speed and luxury. After installation of their machinery at the W. & A. Fletcher Company's works at Hoboken, N. J., both ships will be ready by June 1 to open the all water passenger route on the "outside line" between New York and Boston.

The general dimensions of the two steamers are length 407 feet; breadth over guards 63 feet; draught of water, loaded sixteen feet; motive capacity one thousand horse power. They will accommodate eight hundred passengers each and six hundred tons of express freight. They are designed to make the outside run between New York and Boston in fifteen hours, maintaining an average speed of 23 statute miles per hour.

AN INQUIRY INTO THE MONGOLIA'S GROUNDING.

(By the Associated Press.) San Francisco, Cal., Dec. 1.—United States Supervising Inspector Captain John Bernbach, after examining the evidence in the matter of the grounding of the Pacific Mail liner Mongolia on Midway Island, September 15, has ordered the ship's officers to appear before him next Tuesday to give further testimony.

In the investigation by the local inspector of hulls and boilers, Inspector Bulger exonerated Captain Porter, commander of the Mongolia, while Inspector Bolles decided the captain was as much at fault as Andrew Martin, first mate, and recommended the suspension of Porter's license for six months. Both inspectors recommended the suspension of the first mate's license for six months.

Captain Birmingham's action is unprecedented. Heretofore it has been the practice of supervising inspectors to approve or reject the local inspector's decision.

TO ESTABLISH HUNTING LODGE.

The Croatan Club of Manchester, N. C., was chartered today with \$37,000 capital, for the purpose of establishing a big hunting lodge and game preserve in Guilford county. The incorporators are R. R. King, A. B. Kimball and Ernest Clapp, all of Greensboro.

Another charter is for the Yearby Drug Company, of Durham, capital \$50,000 subscribed and \$100,000 authorized. Incorporators: George B. Montague, Rowland Parker and William Yearby.

THE SHIP AGENEER SUNK FOR GOLD

Charles Hill and F. M. Howard Are on Trial

THE CHARGE BARRATRY

It is Claimed That the Two Men Forged and Uttered Private Documents, Bored Holes in the Ship and Sent Her to the Bottom of the Sea.

(By the Associated Press.) Victoria, B. C., Dec. 1.—News of the barratry of the ship Agener, of Seattle, has been received from Yokohama. Albert A. Lewis, Charles A. Hill and F. M. Howard were on trial at the Japanese port for forging and uttering private documents and sinking the ship. Lewis was chief clerk of Sale and Frazer, a Yokohama export firm, and conceived the scheme. He arranged a charter for the Agener which was acquired by Sale & Frazer on arrival at Kobe to Seattle to carry wheat to Kobe from Yokohama, purporting to have sold the wheat to a Kobe firm. He then cabled proposals to Lloyds at London for the insurance of the cargo. Lloyds, not knowing the conditions at the time, refused the risk. Then Lewis arranged with Captain Toppie, a retired mariner, to survey the vessel, and when this was forwarded to Lloyds they cable accepting the risk at \$80,000. Subsequently he wired to Lloyds for further \$5,000 risk, saying further cargo was being shipped. By manipulation, a small amount of wheat was shipped and false bills of lading covering a full cargo were made.

The Shipwreck Accomplished.
Then Lewis and Hill took passage on the Agener, the latter as pilot, and they made false entries in the log-book as well as steering the vessel toward places studded with rocks off Yukuura Tokushima Prefecture. There the vessel struck a rock, sustaining small damage. As the premeditated total wreck had not been effected, the schemers bored holes in the hull to accomplish the sinking of the vessel. The holes were bored by Howard, the ship's carpenter, and the pumping apparatus was destroyed by him to prevent the vessel being saved.

The Agener foundered during the night, all hands having reached the shore easily in the boats, and Lewis gave Captain Mowatt and the mate \$2,000 and let them proceed to the United States at once, before reporting the wreck.

This aroused the suspicions of Sale & Frazer, who caused the arrest of Lewis and the barratry was then exposed.

THE CATHEDRAL WILL COST TWO MILLIONS.

(By the Associated Press.) Washington, Dec. 1.—G. F. Bodley of London, and Henry Vaughn of Boston, both architects, have arrived in Washington at the invitation of Bishop Satterlee to arrange the plans for the new cathedral, which is to be erected in this city. Mr. Bodley says that the old English gothic design will be adopted and that the cathedral will be one of the finest in the world. The edifice will cost more than \$2,000,000.

SPECIAL TERM, DEC. 17 TO BUY COTTON LANDS

Judge Fred Moore to Hold Alamance Court

To Try Two Negro Women for Impeachment in Attempted Assassination of Col. L. Banks Holt— Walker Resigned From Dec. 6th to Jan. 8th So He Can Testify Against the Women.

Governor Glenn issued an order today for a special term of Alamance county superior court to be convened December 17 by Judge Fred Moore for the trial of the two negro women, Fannie McCain and Annie Turner, implicated by the confession of Henry Walker in the attempted assassination of Col. L. Banks Holt recently in his home at Graham.

It was understood that a delegation of citizens would come from Graham yesterday to ask for the special term, but they failed to arrive.

This morning the governor called up parties at Graham and asked their wishes in the matter as he was preparing to leave the city for Concord to deliver an address for the Elks tomorrow. He was asked to set the court for December 17.

TO SAFEGUARD GINNERS' REPORT

Ransom Hinton Lays Plan Before Cotton Men

COUNTY MEETING TODAY

Old Officers Re-elected—Treasurer's Report Shows Fund of \$117.83— Pay \$20 to State President Moore and \$20 to State Secretary Parker— Delegates to State Meeting.

The Wake county division of the Southern Cotton Association met at noon today in Metropolitan Hall in monthly session and re-elected all the old officers for the ensuing year. A. C. Green president, Walter Grimes secretary, Ransom Hinton treasurer and Dr. J. M. Templeton of Cary chairman of the executive committee.

The annual report of the treasurer showed a fund in the treasury of \$117.83.

At the suggestion of Treasurer Hinton and on motion of Col. R. H. Jones the treasurer was instructed to pay \$20 to President Moore of the state association and \$20 to Secretary Parker of the state association.

A motion by Col. Jones was carried that the secretary write to each township treasurer to meet him in Raleigh on next Friday and arrange about collecting the bale tax of ten cents and the quarterly dues of 25 cents a quarter.

The following delegates were elected to represent Wake county at the state meeting to be held here on the first Wednesday in January: Ransom Hinton, Jeff Upchurch, Dr. Templeton, Millard Mial, John Dunn, W. B. Buffalo, R. H. Jones, Fab. Whitaker, Dr. Blalock, Walter Grimes, S. M. Allen, M. W. Buffalo.

Treasurer Hinton laid before the meeting the following plan for safeguarding the government ginner's report: Let each cotton state pass a law requiring every ginner to report on the first and fifteenth of each month to the commissioner of agriculture in his state the number of bales ginned by him, the commissioner to add them up and hold the total for the state secret until ten o'clock of the day on which the government report is to be issued, when the commissioner is to wire the total to the secretary of agriculture at Washington, who shall at once get the total of all the states and wire the result to each commissioner of agriculture, who is to telephone it to twelve of the leading newspapers in his state and the secretary of each farmers' organization in his state.

JUDGE FRED MOORE TO HOLD BRITISH SPINNERS WILL PURCHASE THEM HERE

Their Idea is to Raise the Cotton and Ship It to Their Mills in Lancashire and Manchester, Eliminating the Middleman.

(By the Associated Press.) New Orleans, La., Dec. 1.—It was announced today by Col. F. M. Welch, in charge of the Gould system immigration bureau in this city, that the representatives of the Lancashire and Manchester Cotton Spinners' Association, who have just completed a tour of the cotton belt, have practically decided to purchase a 5,000-acre tract of cotton land each in Louisiana and Mississippi with a view to raising and shipping cotton to their own mills in Lancashire and Manchester.

The handling of cotton direct from the farms to the spinners, the Englishmen believe they can eliminate the "middlemen" and land cotton at their mills much cheaper than at present.

While the spinners' agents are fully authorized to close deals for lands, they decided to wait until after their return to England before making permanent arrangements.

The party left last night for St. Louis.

VOTES CAST IN NORTH CAROLINA

Total Was 123,270 Depo- cratic; 77,017 Republican

CANVASS COMPLETED

Vote in Eighth Congressional Dis- trict: Hackett 16,907, Blackburn 15,841—Ninth District: Webb 12,727, Roberts 8,988—The Vote for Supreme Court Judges—Can- vass Completed.

The state board of canvassers completed its work of canvassing the returns of the recent election this afternoon and found that the total vote cast was 123,270 democratic and 77,017 republican, this being the total of votes received respectively by Franklin McNeill, democrat, and Robert M. Douglas, republican, candidates for corporation commissioner.

In the congressional vote the completed returns show that in the eighth district Hackett, democrat, received 16,907 votes and Blackburn, republican, 15,841. In the ninth the completed returns show 12,727 for E. Y. Webb, democrat, and 8,988 for Frank Roberts, republican. The total votes in all the other districts were printed in The Evening Times yesterday.

The returns for superior court judges, all the candidates being voted for in all the counties show the following total vote.

First District—Geo. W. Ward, democrat, 123,477; E. F. Lamb, 1. Second District—Owen E. Guion, democrat, 123,632; Julius D. Duncan, republican, 70,017. Fifth District—Oliver H. Allen, democrat, 123,093; A. J. Loftin, republican, 76,735; W. W. Ward, 2. Seventh District—Chatham Calhoun Lyon, democrat, 123,088; David S. Lewis, republican, 76,527. Ninth District—J. Crawford Biggs, democrat, 123,340; W. D. Merritt, republican, 76,537; T. J. Shaw, 2. Twelfth District—James L. Webb, democrat, 122,702; John B. Seob, republican 76,442.

HIS BROTHER-IN-LAW ARRESTS ELMER MILLER.

(Special to The Evening Times.) Statesville, N. C., Dec. 1.—Elmer Miller, a young white man wanted at Mooresville on a charge of obtaining goods from Mr. J. W. Brown under false pretense, was arrested near Statesville by his brother in law, Mr. R. C. Anderson, and taken to Mooresville. It is understood that Miller is also wanted by the Alexander county authorities on a very serious charge.

Miller disappeared from Mooresville soon after the alleged offense, taking his wife with him. Mr. Brown heard that Miller was in Ireland, and sent Mr. Johnson, who lives at Mooresville, to Statesville to look for Miller, his brother in law. Mr. Anderson learned that a man and woman supposed to be Miller and his wife had been in Falls-town township at work. Both were going under assumed and different names—Frank Ellis and wife, Emma Ellis.

Mr. Anderson was deputized by the authorities and went in search of his man and found him near town, arrested him and took him to Mooresville yesterday.

CLUB HOUSE BURNED; INDEPENDENT PHONE.

(Special to The Evening Times.) Asheville, N. C., Dec. 1.—A message was received here yesterday afternoon telling of the destruction by fire of the handsome club house at Saluda during the day. The loss is considerable, although it cannot yet be told how much.

After a days of more than eight months, due to Mr. and Mrs. Weatherly refusing to allow poles and lines to go through their property, the city of Asheville has at last completed an independent telephone line from the city to the intake, twenty miles into the mountains, where the city's water supply heads. Because of the absence of telephone communication the city recently had trouble in securing information from the intake and finally this was obtained only after men had swam the North Fork during freezing weather. The telephone will be in operation Monday.

The million dollar copper mine suit of the North Carolina Mining against the Westfolds, which has twice been tried in the state courts and once in the United States circuit court, will be called at Waynesville in Superior court Monday.
