WAKE TO FACE TWO GUNS

"We'll Shoot if You Squeak,"
Said One Robber

Asiel, the Broker, However, Shouted for Help—The Men Instantly Attacked Him, Beating Him Into Insensibility—They Then Escape.

(By the Associated Press.)
New York, Dec. 5.—Awakened by the sound of a stealthy footstep in his home in east Sixty-third street, near Fifth Avenue early today, Elias Asiel, a broker, found himself confronted with two revolvers held only a few inches from his face.

"We'll shoot if you make a squeak," said a voice, as the men behind the guns began to draw slowly away toward the door of the room.

Mr. Asiel did not heed the warning, but raising himself on his elbow shouted for help. In an instant the two men went upon him, raining blows upon his head, and when a scuffle which had been the chief reason for the robbery, the broker was lying helpless on the verge of insensibility, his pillow soaked with blood. The robbers had escaped.

Investigation showed that the burglars gained entrance to the room by sawing an inch thick iron bar which had held a gate guarding the basement door, and then cutting out the glass panel of the door. A large amount of gold and silver plate in the dining room had been gathered up and tied up in compact bundles, but in their flight from the house the men did not have time to take their booty with them.

So far as could be learned the only reward they gained for their desperate act was a few silver knives, forks and spoons, which were probably thrust in their pockets while passing the dining room, and a diamond point and sapphire set of pins which were missing from Mr. Asiel's bed room.

A. & M. COLLEGE IN FINE SHAPE

Board of Trustees Met This Morning

THE HEATING PLANT

Joint Committee Thinks Money Can Be Saved By Installing Heat and Lighting Plant—It Would Cost \$50,000—Board of Agriculture Met Today and Accepted Duties in Connection With the Jamestown Exposition.

The state board of agriculture met this morning at 10 o'clock and after reading the minutes of the last meeting which were approved, proceeded to business. A letter was read from Commissioner Patterson stating that he was unable to be present on account of sickness and requesting further leave of absence, upon motion this was granted, and a resolution adopted expressing the appreciation of the board for the work done in this department, and regret was expressed that Mr. Patterson could not be present.

Col. Joseph E. Pease, commissioner general from North Carolina to the Jamestown Exposition, addressed the board in regard to the work and the law passed by the legislature in regard to the matter.

A resolution was adopted by the board accepting the duties imposed upon them by the legislature. The agreement is that the commission, and not the board of agriculture, is to pay all expenses, and when the funds are placed in the hands of Secretary T. K. Brainer and his assistants, Mr. H. H. Jumbo and Prof. Joseph Hyde Price, they will enter upon their duties in preparing the exhibit.

The finance committee made their report, which was adopted. The board then adjourned and met as the board of trustees of the A. and M. College.

The joint committee composed of several members from the board of visitors and several from the board of agriculture submitted their report. They visited the college yesterday afternoon and also early this morning. The principal thing recommended in the report was the installing of a central heating, light and power plant. Several minor recommendations were also made.

The proposed plant would cost about \$50,000, but it would furnish heat and light for the entire institution and would be built so as to be ample for some years to come. It is estimated that there would be a saving of something like \$2,500 per year and the buildings would be better heated and the lights far superior to what they are at the present time. There are now ten separate heating plants and the lights are said to be very bad. The last legislature came very near providing for a central heating plant and the members of the committee express themselves as feeling very confident that the approaching legislature will make an appropriation for this purpose.

The members of the committee seemed to be highly pleased with the work being done, and one of them stated that during the eight years he had been a member of the board he had never seen every thing about the college in as fine shape as at the present time.

It is proposed to have the new heating and lighting plant between the athletic building and the railroad.

FAVORABLE REPORT ON METCALF IS ORDERED

(By the Associated Press.)
Washington, Dec. 5.—The senate committee on naval affairs today ordered a favorable report on the nomination of Victor H. Metcalf, of California, to be secretary of the navy.

OAK CITY STEAM LAUNDRY.

HUGE INCREASE IN WAGES CONTEMPLATED

(By the Associated Press.)
Chicago, Dec. 5.—The Tribune today says:

The railways of Chicago contemplate making increases in the wages of the employees in the immediate future, which, in the aggregate, will make all increases made on the railroads of the country in the recent past seem small by comparison. Advances are expected to be given between now and January 1st which will make the combined incomes of the 450,000 employees of these lines from \$25,000,000 to \$30,000,000 greater in 1907 than in 1906.

The only thing that may prevent the proposed advances between now and the end of the year is inability of the railroads and their trainmen to reach an amicable agreement. The engineers, conductors, firemen, brakemen and other trainmen have asked both for ten per cent advances and for an eight-hour day.

LULA TAYLOR NOW IN SALVATION ARMY HOME

(Special to The Evening Times.)
Wilmington, N. C., Dec. 5.—By order of Superior Court Judge Jones, Lula Taylor, the fifteen year old cotton mill operative who ran away from Fayetteville to escape the vicious influences of her mother's home, is now being cared for by Mrs. Y. of the Salvation Army.

The child vigorously protested against returning to Fayetteville with the Cumberland county deputy who was here to take her back.
