### T. CAMPBELL LYNCH DEAD.

After Brief Illness of Pneumonia in Goldfields, Nevada.  
Relatives in this city have learned of the untimely death of Mr. Thomas Campbell Lynch at Goldfield, Nevada. Mr. Lynch was a native of Baltimore, Md., and had lived in Raleigh for years, having been in the tobacco business here, and more recently one of the firm of Weaver and Lynch, printers. He was only twenty-six years old, and his death came after a brief illness from pneumonia.  
On the 31st of last July Mr. Lynch was married to Miss Margaret Weir, daughter of Mr. James E. Weir, of Palm Beach, Florida, but living with her grandfather, Mr. W. J. Weir. She is a niece of Mrs. Hannah F. Smith of this city.  
Just the tenth of last November Mr. Lynch left here in his usual splendid health for Goldfields. He arrived there about three weeks ago, in the midst of the terrible blizzard that was raging in that section then. He caught a severe cold, which developed into pneumonia. He was taken ill last Thursday. Mr. E. B. Weir was there with him, and also his brother, Mr. Stewart Lynch.  
Mrs. Lynch was on a visit to her father, and left New York with him last Saturday to go out to Goldfields, knowing nothing of the illness of her husband. She is due to reach there today.  
The body will be brought here for interment, leaving Goldfields today, accompanied by Mrs. Lynch and Mr. E. B. Weir. It will take five days at the very least to reach here.  
Mr. Lynch was a young man of the highest character, very quiet and unassuming, beloved by all who knew him although his retiring disposition kept him from having so very many acquaintances. Absolutely devoid of anything like hypocrisy, he was always a true friend and a man to be implicitly trusted in any position. He apparently never had a thought of himself, and was always for others. He was an enthusiastic musician. Physically he was a magnificent specimen of young manhood.

### DEATH OF POLICEMAN ALDERSON'S FATHER.

He leaves five sons and two daughters. His wife died fifteen years ago.

### EFFORTS TO SAVE MRS. A. BIRDSONG.

(By the Associated Press.)  
Hazelhurst, Miss., Dec. 13.—Powerful influences are being invoked in behalf of Mrs. Angie Birdsong, convicted of manslaughter. Mrs. Birdsong killed Dr. Thomas Butler. He had boasted of improper relations with her. The truth of his stories she denied. United States Senator McLaurin, her uncle, was expected to arrive in Hazelhurst today to help her. Another uncle, A. Q. May, former state treasurer of Mississippi, is already here. Leading business men, state and county officials and members of the clergy are signing a petition to the court to grant Mrs. Birdsong bail until her appeal for a new trial is decided upon.  
Two of her jurors have written the court asking that the lightest possible penalty be imposed.

### Jackson, Miss., Dec. 13.—R. N. Miller, of Hazelhurst, chief counsel for Mrs. Angie Birdsong, made application to the supreme court of the state today for bail for his client, the trial judge having refused to grant bail.

### DEED INVOLVED IN DEEP MYSTERY.

(By the Associated Press.)  
Chicago, Dec. 13.—Mystery surrounds the death of Lewis J. Lee, 61 years old, founder of the Lee Advertising Agency, whose body was found in the lake at the foot of Glenzie Place yesterday.  
Circumstances in the case strongly indicate that he was murdered with robbery as a motive.

### Bad Stomach Makes Bad Blood.

You can not make sweet butter in a foul, unclean churn. The stomach serves as a churn in which to agitate, work up and disintegrate our food as it is being digested. If it is weak, sluggish and foul the result will be torpid, sluggish liver and bad, impure blood.  
The ingredients of Dr. Pierce's Golden Medical Discovery are just such as best serve to correct and cure all such derangements. It is made up without a drop of alcohol in its composition; chemically pure, triple-refined glycerine being used instead of the commonly employed alcohol. Now this glycerine is of itself a valuable medicine, instead of a deleterious agent like alcohol, especially in the case of weak stomach, dyspepsia and the various forms of indigestion. Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says of it:  
"It is one of the best manufactured products of the present time in its action upon the stomach, and especially in its relief of catarrhal gastritis (catarrhal inflammation of stomach). It is a most efficient purgative in all such cases of such eminent medical leaders as Prof. E. Bartholow, M. D., of Jefferson Medical College, Chicago; Prof. Robert A. Hare, M. D., of the University of Pennsylvania; Prof. Laurence Johnson, M. D., Medical Department, University of New York; Prof. M. H. Williams, M. D., of the University of Chicago; Prof. John M. Scudder, M. D., and Prof. John King, M. D., authors of the leading medical text-books of our land.  
Who can doubt the curative virtues of a medicine which has secured such a professional endorsement?  
Constipation cured by Doctor Pierce's Pleasant Pellets. One or two a dose.

### OUT OF SORTS.

People Not Really Sick Are Offered Most in Need of Care.  
The people who actually are most in need of kind words and medical treatment are not those who are really sick, but just "out of sorts."  
The old-time energy, force, strength and happy spirits are lacking; the physical and mental powers are sagging; there is poor appetite, and they cannot get the good out of the food they eat. In nine cases out of ten, this results directly from a weakened stomach, and no other treatment equals Mi-o-na to restore strength and health.  
When the nerves and muscles are weak, if there is sleeplessness, irritability, and specks before the eyes when the head aches and there is a dull pain in the back, and there is any distress and heaviness in the stomach, dizziness, and sometimes nausea, the use of Mi-o-na stomach tablets for a few days will make a world of improvement, and continued use for a reasonable time will restore perfect health.  
These tablets are not mere digestives; they absolutely strengthen all the organs of digestion, so that there is good appetite, perfect digestion and strong nerves, when they are used.  
A large box of Mi-o-na stomach tablets is sold for 50 cents by W. H. King Drug Company, with an absolute guarantee that they will be successful in curing digestion and restoring health, or the money will be refunded. Ask them to show you the liberal guarantees they give with every 50-cent box of Mi-o-na.  
Danger in Asking Advice.  
When you have a cough or cold do not ask some one what is good for it as there is danger in taking some un-known preparation. Foley's Honey and Tar cures coughs, colds, and prevents pneumonia. The genuine is in a yellow package. Refuse substitutes.

### Elder T. N. Barnhill Goes on the Stand in His Own Behalf.

(Continued from first page.)  
The stand and testified as to the good character of L. C. James.  
Here the prosecution rested.  
Defendant Takes the Stand.  
The first witness to take the stand for the defense was Thomas H. Barnhill, who said he had been a preacher for twenty-one years; was elected to the legislature from Pitt county in 1898 and also 1900. He denied statement made by James. When asked if he had ever known of any whiskey being secreted on his premises, his reply was not until last fall, when the report got out about whiskey having been hid on his land.  
On the 18th of May, 1906, he said he left home for Terrell county to serve churches, one being 125 miles. The trip, witness said, he generally made through the country. Defendant named churches visited and how long he remained in each neighborhood. It was two months before he returned home, so he stated. On the 21st of May he had returned home. He told of other churches he visited during the month of June, showing he was away from home the greater part of his time.  
He said he was forty-six years of age and this was the first time he had ever been indicted. Witness denied positively ever having been engaged in the distilling business, selling any whiskey or being connected with the business in any way whatever.  
The week before the fourth Sunday in September, L. C. James, he said, came up to his gate and called him out to the road. He rode off down the road and stopped behind a shelter. Here witness made statement in regard to a conversation which took place, and James concluded by saying, so defendant declared, that he would do all he could to injure his (Barnhill's) Christian character.  
Defendant said he was told that James had offered \$40 to a man who lived near him if he would say he had bought whiskey from him.  
On cross-examination witness told of a disagreement he and James had had on one occasion in regard to the purchase of some land, but said they had no real falling out until in September.  
Barnhill denied every statement made by witnesses in regard to his being connected with the whiskey business, and also the statement made by his former employer, that he would come in the field and ask them what they wanted to be shot with. In the course of his testimony he told of John Manning's wife being insane, and said before she got bad off that she said what caused it was her husband getting drunk and threatening to hurt her.  
Barnhill was on the stand something over an hour and made a good witness for himself.  
A young man by the name of Schon Taylor, who said he lived with T. H. Barnhill for two years, was the second witness to take the stand for the defense. He stated that he had never seen the defendant sell any whiskey and had never heard him make the remark about being shot he was alleged to have made. On one occasion, he testified, to having heard James make a remark to the defendant which ended with "damage your character." He said he did not catch all of the remark.  
On cross-examination an affidavit was produced which witness did not deny having signed. When asked as to certain statements made in the affidavit, he said the writing was so bad he could not read, but had signed it anyway. The affidavit was taken by Special Deputy Collector Kirkpatrick.  
Mrs. T. H. Barnhill said her husband had appointments every Sunday, and consequently was always away from home on that day. Witness said it was a general rumor that James was making the statement that he would damage her husband's character all he could, and she also heard him make the statement to her husband that he would damage his character. She denied that any whiskey was ever sold by her husband or any one else around the premises.  
On cross-examination Mrs. Barnhill mentioned one Christmas when Bill Manning, who conducted a government distillery, gave her husband a keg of whiskey. The whiskey was taken out of the keg and placed in jugs. She said her husband never got drunk.  
Several other witnesses were examined and all of them declared they had never heard of the defendant selling whiskey, and that he was a man of good character. One or two of the witnesses did not speak in the highest terms of L. C. James.

### LOOK OUT FOR IMITATIONS

With Tags About the Same Color and Design As

The quality of the genuine sun cured tobacco used in REYNOLDS' Sun Cured and grown on soil where the best sun cured tobacco grows, has caused imitation brands to be brought out and offered as the genuine Reynolds' Sun Cured to unsuspecting dealers and chewers who do not look closely at the printing on the box and on the tag.  
These brands only imitate the outward appearance and do not possess the genuine inside quality that has been found in Reynolds' Sun Cured ever since Reynolds' Sun Cured was introduced and which has so increased the chewing of sun cured tobacco and proven so popular, that the word "Sun Cured" is now printed on tags or in the advertising of many brands claimed to be genuine sun cured tobacco.  
Did you ever see the word "Sun Cured" used in any chewing tobacco advertisement, or on any chewing tobacco tag or label, or in any other way, before it was introduced and used to identify the genuine Reynolds' Sun Cured? You see it frequently now, because many imitation brands are being made to appear as nearly like Reynolds' Sun Cured as they dare—with tag, shape of plug and style of package so similar that experienced buyers sometimes accept these imitations as the genuine Reynolds' Sun Cured.  
Don't be deceived into taking imitation brands for the genuine. Be sure the letters on the tag spell "R-e-y-n-o-l-d-s' Sun Cured," and you get the best value in sun cured chewing tobacco that can be produced for chewers. Sold at 50c. per pound in 5c. cuts; strictly 10c. and 15c. plugs, with chewing qualities like that which was sold from 60c. to \$1.00 per pound before Reynolds' Sun Cured was offered to the trade.
