

The Great Restorative Non-Alcoholic TONIC

of the day, made entirely of native medicinal roots and without a drop of alcohol in its composition, is known as
**DR. PIERCE'S
GOLDEN MEDICAL DISCOVERY.**

There are no secrets about its composition -- all its ingredients being printed on the bottle-wrappers.

The "Golden Medical Discovery" not only builds up the strength of the feeble, debilitated, languid, nervous and easily fatigued, whether young or aged, but it enriches and purifies the blood, thus making the improvement lasting.

It corrects and overcomes indigestion, dyspepsia, biliousness, torpid liver, chronic diarrhea and kindred derangements of the stomach, liver and bowels.

Bronchial, throat and laryngeal affections, attended with hoarseness, persistent cough, and all manner of catarrhal affections are cured by the "Golden Medical Discovery."

In Chronic Nasal Catarrh, it is well to cleanse the nasal passages out freely with Dr. Sage's Catarrh Remedy fluid while taking the "Golden Medical Discovery" as a constitutional treatment. Old obstinate cases of catarrh yield to this thorough course of treatment.

Through enriching and purifying the blood, the "Discovery" cures scrofulous affections, also blotches, pimples, eruptions, and other ugly affections of the skin. Old open running sores, or ulcers, are healed by taking the "Golden Medical Discovery" internally and applying Dr. Pierce's All-Healing Salve as a local dressing. The Salve can be had of druggists, or will be sent

by return mail on receipt of 50 cents in stamps. Address Doctor Pierce as below for it.

In short "Golden Medical Discovery" regulates, purifies and invigorates the whole system and thus cures a very large range of diseases. The reason why it cures such a varied list of diseases is made clear in a little booklet of extracts from the leading medical authorities, compiled by Dr. R. V. Pierce, of Buffalo, N. Y., and which he will be pleased to send post-paid and entirely free to any who send him their names and addresses.

You can't afford to accept a substitute of unknown composition for this non-secret MEDICINE OF KNOWN COMPOSITION.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. One "Pellet" is a gentle laxative, and two a mild cathartic. Druggists sell them, and nothing is "just as good." They are the original Little Liver Pills first put up by Dr. Pierce over 40 years ago. They are tiny sugar-coated granules -- easy to take as candy.

Dr. Pierce's Medical Adviser (1000 pages) is sent free on receipt of 21 cent stamps (to cover cost of mailing) for paper-covered, or 31 stamps for cloth-bound copy. Address Dr. Pierce as above.

McLean Scores the Cowards.

(Continued from First Page.)
ditional care of mental defectives, (Insane asylum bill appropriating \$500,000 for increased facilities, as heretofore explained and as amended, as explained in The Evening Times yesterday.

Mr. McLean Scores the "Cowardly Newspapers and Politicians."

Mr. Webb sent forward an amendment, making more definite the provisions for the equipment and furnishing additional buildings, as well as for the erection of the same, and Mr. McLean stated that he intended to vote for the bill, as the best that can be obtained, but he wanted to register his disapproval of the elimination of the provision authorizing the issue of bonds, in case it became necessary to meet the provisions of the bill done through a cowardly fear and because some politicians and some newspapers are afraid of a bond issue.

He was glad to add, however, that there are some newspapers and some public men who are behind the will of the people in this matter and who have advised and advocated the issuing of bonds to provide for this great and crying necessity.

He deplored the fact that a large proportion of the unfortunate insane will, under the provisions of the bill in its present shape, have to go unprovided for for four years and probably longer than that.

Mr. Blair spoke along the same line as Mr. McLean did. Why postpone the matter for four years, and why not raise the money as fast as it can be used? The state's credit is good, and if we can borrow \$125,000 each year we can borrow more -- or better still, we can issue the bonds and raise the money at once.

Senators Lovell and Hicks and others spoke on the bill and the discussion injected considerable spice into the proceedings of the day.

Mr. Hicks said that he did not doubt that if necessary the council of state would authorize the use of more than \$125,000 this year or next year, and take the chances of the legislature approving their action -- just as they did in the case of the State Normal and Industrial College at Greensboro when it was burned a short time ago.

Mr. Long said he had been informed that there were not near as many of these unfortunates unprovided for as has been generally reported. He did not have the figures, but such was the information which had reached him, and he was glad to learn that.

Mr. Webb objected to that statement and held in his hands the itemized and tabulated statement which shows that there are as follows unprovided for:

In the jails	37
In county homes	179
Epileptics	122
Total	339

This list does not include many who are cared for by relatives in their homes.

The bill was then placed on its final reading, as amended. Passed and sent to the house for concurrence in amendment. Vote: Ayes, 39; noes, 6.

The Webb amendment reads as follows: "Amend by striking out the words 'such additional buildings' in lines 9 and 10, page 2, and inserting 'equipped and furnished' such additional buildings, and provide water, heat, light and other necessary things for the comfortable use and occupancy of the same."

Additional Bills Passed.

H. B. 789, S. B. 734--Authorizing commissioners of Beaufort county to establish a chain gang. Enrolled for ratification.

H. B. 886, S. B. 29--Authorizing voters of Winton, Hertford county, to vote on question of dispensary or prohibition. Enrolled for ratification.

H. B. 908, S. B. 702--Regulating pay of jurors in Carteret county. Enrolled for ratification.

H. B. 851, S. B. 716--Repealing section 3, chapter 528, acts 1903, relating to special tax in Burgaw township, Pender county. Enrolled for ratification.

H. B. 557, S. B. 690--For the relief of L. Phillips of Randolph county. Enrolled for ratification.

H. B. 834, S. B. 721--To prevent sale of liquor within certain distance of school houses in Allegheny county. Enrolled for ratification.

S. B. 56--Amending section 3125 of the revised, relative to time in which caveat to will may be filed. Sent to the house.

S. B. 141--To prevent carrying concealed weapons in Mitchell county. Sent to the house.

S. B. 355--To amend section 2916, (relates to time for granting franchises to public utilities. Amended so as not to apply to Cumberland county. Sent to house.

H. B. 229, S. B. 162--For the relief of prisoners in jail awaiting trial pending appeals to supreme court. Amended and sent back to house for concurrence in amendment.

H. B. 615, S. B. 717--Joint resolution appropriating \$5,000 for exhibit of negroes at Jamestown Exposition. Sent back to committee for further consideration.

S. B. 538--To amend section 3845, relating to telephone lines.

Mr. Buxton explained the purpose of the bill. He said that under the present law a telephone company can, without your knowledge or consent, string a wire on trees or houses on your premises, and if you interfere with it after it is once placed there, it is a misdemeanor and you are subjected to a penalty. The purpose of the bill is to require telephone companies to secure consent first from owners of premises. On objection to third reading the bill went over.

Daniel Freight Delay Bill.

S. B. 153--To construe certain penal statutes and declare where the burden of proof is.

(Concerns delays in the delivery of freight by common carriers and places burden of proof on railroads, etc. Amended by Mr. Daniel, and also by Mr. McLean. Mr. McLean's amendment provides, in part, that the penalty collected shall not exceed the value of the goods, the value to be assessed as provided in the amend-

EAT ALL YOU WANT

Then take a dose of **MOZLEY'S LEMON ELIXIR** and you'll suffer no inconvenience, even though you are a confirmed dyspeptic.

to be the greatest remedy for indigestion and disorders of the stomach, liver and bowels ever offered to the public.

Try it once and you'll never be without it.

50c. and \$1.00 per bottle at all drug stores.

"One Dose Convalesces."

Amends section 2622 of the revised.

Mr. Daniel stated that he would not accept this latter provision as an amendment to the pending bill. He thought that it should be provided for through a separate bill to amend section 2622.

The other provision of the McLean amendment, which relates to delay from causes that were unavoidable and could not be foreseen, was acceptable to Mr. Daniel.

Mr. Mason, in speaking on the amendments, stated that an erroneous opinion had become prevalent that he was the author of the bill recently introduced by Senator McLean -- or the substitute for that bill reported by the committee -- concerning the matter of penalties and fixing amount to be collected from the common carriers to the value of the goods lost or not delivered. He was not the author of either the original or the substitute bill, the latter being the child of the committee and of an individual member of it. He stated that the pending bill be recommitted if we are to reduce the time we must restrict the amount that shall be collected, where the sum involved is small. The motion was lost.

Mr. McLean, in speaking to his amendment, said that it related to the same section of the revised as the pending bill goes and he failed to see the necessity of preparing a separate bill. If, however, the senator from Halifax will accept the provision first incorporated in his amendment he will withdraw the second provision.

Mr. Daniel accepted this offer, and the senate adopted that section of the amendment as outlined above and Mr. McLean withdrew the second provision (fixing penalty at value of goods) which he will incorporate in another bill. The bill was then ordered to be engrossed and sent to the house.

H. B. 296, S. B. 300--Amending section 3264, and increase the number of challenges allowed the state in cases less than capital crimes. Allows two challenges to state for each defendant on trial when more than one is being tried at one time.

Made special order for Friday at noon, on motion of Mr. Webb.

Bill to Regulate "Lobbying" Made Special Order for Feb. 24.

H. B. 14, S. B. 174--Requiring all persons employed to promote or oppose legislation to register in office of secretary of state.

The bill came up with an unfavorable report from the senate committee on the judiciary (although it had already been passed by the house).

Mr. Redwine offered an amendment which imposed a penalty of \$100 or imprisonment for any such lobbyist so registered under the provisions of the bill, to approach any member of the legislature on any pending or proposed legislation, personally, and at any time, except in open session of the committee. He spoke on the amendment and explained that it included attorneys as well as agents employed in the capacity of lobbyist. If his amendment is adopted he will vote for the bill.

Mr. Bellamy offered an amendment that each licensed lobbyist shall be required to wear a badge or button not less than six inches in diameter bearing the words "Fisken-Beward."

The bill was finally postponed, and made the special order for Thursday, February 21.

Just before the senate adjourned Mr. Webb introduced a bill to increase the duties and enlarge the powers of the attorney general of North Carolina. Judiciary committee.

The senate at 2:30 o'clock adjourned to meet tomorrow morning at 10 o'clock.

SENATE COMMITTEE ON RAILROADS.

The senate committee on railroads held a meeting this morning in the rooms of the corporation commission, lasting till the hour for the senate to meet -- 11 o'clock.

Chairman Graham presided and Messrs. Henry W. Miller, James H. Pou, A. B. Andrews, Jr., and W. B. Rodman, representing the interests of the railway companies, were present.

No definite action on either of the bills was taken because of the lack of a quorum of the committee. The committee will meet again tomorrow afternoon when further action will be taken on several of the more important bills in the hands of the committee.

The committee this morning listened to statements from the representatives of the railways present and interchanged views on important points with them. So the time was very profitably spent.

The subject of penalties was intelligently discussed and Mr. Pou argued that it would be advisable to empower the corporation commission to make certain rules and if the railway companies obey those rules, as passed from time to time, they should not be penalized. It was agreed that Mr. Pou should draft suggestions along this line and submit them to the committee at the meeting tomorrow.

The committeemen present this morning were Chairman Graham, Messrs. Hicks, Aycock and Brossa, lacking one of making a quorum.

BOTH SIDES ARE CLAIMING VICTORY.

The "Lee-county" advocates appeared more hopeful this morning in regard to the establishment of a new county, and the final test will come on the floor of the house tomorrow morning. Both sides are claiming victory, and between now and tomorrow morning some hard work will be done. It is hardly probable that another special will be run here from Sanford to accommodate the crowd, but there will be plenty of supporters of the measure on hand, and in fact quite a number of those who came in yesterday remained over here last night. After having such an easy time before the senate committee, the Lee county advocates were somewhat surprised when they were turned down by the house committee on counties, cities and towns.

Hunting for Trouble.

I've lived in California 20 years, and am still hunting for trouble in the way of burns, scalds, wounds, boils, cuts, sprains, or a case of piles that Bucklen's Arnica Salve won't quickly cure," writes Charles Walters, of Allegheny, Sierra Co. No use hunting Mr. Walters; it cures every case, guaranteed by all druggists. 25 cents.

IS PILOTAGE BILL TO BE INTRODUCED?

Mr. M. G. Guthrie, a prominent business man of Southport, arrived in the city this morning. Although Mr. Guthrie would make no statement in regard to the matter, it is believed that he is here for the purpose of having a bill drawn up to require compulsory pilotage over the Cape Fear bar and consult with the senator from that district. It was learned several days since that the matter of again placing compulsory pilotage on the Cape Fear river was being agitated, and if the pilots are going to take any action in the matter it will, no doubt, be done in the very near future.

MAIL DELIVERY WILL BE CHANGED.

Beginning tomorrow the six two-trip-a-day carriers from the Raleigh postoffice will be put on a new schedule on account of change in train arriving time. Instead of leaving the office at 12:30 for the second delivery they will leave at 1:45 p. m. The postmaster in adopting this change says that will ensure delivery of mail from the new train No. 144 which arrives at 1:05 p. m., and will frequently bring mail from north, west and south, as well as from Greensboro.

LITTLE CHILD DIES OF BURNS.

(Special to The Evening Times.)
Wilmington, N. C., Feb. 12.--From the effects of burns received yesterday afternoon, Catherine Harold, the sixteen months old child of Mr. and Mrs. Robert G. Rankin, Jr., died early this morning. During a brief absence of the nurse the little girl crawled to the bed-room stove and in some manner ignited her clothing. When the nurse returned the child was enveloped in flames.

Mr. O. W. Patterson, of Greensboro, is registered at the Yarrowrough House.
