

S.S.S. OUR RECORD S.S.S. 40 YEARS OF CURES

The value of S. S. S. as a blood purifier has been thoroughly proven by its forty years of successful service in the treatment of blood and skin diseases of every character. It is the best known and most generally used blood medicine on the market today, because in the forty years of its existence it has not disappointed those who have used it, and as a result of its universal success in curing disease it has made friends EVERYWHERE. It has been on the market for forty years, and its record in that time is one of which we are justly proud—it is a record of forty years of cures. As a remedy for Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Contagious Blood Poison and all diseases arising from an impure or poisoned condition of the blood, S. S. S. has no equal. It goes into the circulation and thoroughly cleanses it of all impurities and makes a complete and lasting cure of these troubles and disorders. It furnishes to weak, polluted blood, rich, health-giving and health-sustaining quantities, and as this pure, fresh stream circulates through the system, all parts of the body are invigorated and made strong and healthy. S. S. S. is the only blood medicine on the market that can claim absolute freedom from minerals in any form. This great medicine is the product of nature's forests and fields, and is made from the healing, cleansing juices and extracts of roots, herbs and barks. It is, therefore, in addition to being a certain cure for blood troubles, an absolutely safe medicine for young or old. It is not an experiment to use S. S. S.; it is a remedy with a record and one that has proven its worth and ability by its forty years of cures. If you need a blood remedy begin the use of S. S. S., and write our physicians and they will send you a book concerning your trouble, and will give you, without charge, any medical advice.

THE MAYOR IN A FIGHT SCREAMS ON THE WIRE

Had an Encounter This Morning With Mr. R. L. Gray

Trouble Occurred Over News and Observer's Report of City Extension Hearing—Mayor Johnson Branded Statement Made by Mr. Gray as a Lie, and a Fight Ensued.

Mayor James I. Johnson and Mr. Robert L. Gray, of the News and Observer, had a fight this morning in front of the California Fruit Store, but it lasted only a very short time, as friends of the gentlemen rushed in and separated them. A policeman arrived on the scene before the men got apart and placed them under arrest. They were carried to the police station, where a warrant was issued for en gaging in an affray. It was only a simple assault and judgment was suspended upon payment of the cost—\$2.10 each.

The fight occurred over a report in the News and Observer of the hearing before the house committee on counties, cities and towns when the extension of the city limits of Raleigh was considered. Mr. Gray reported the hearing for the News and Observer, and the statement was made that Mayor Johnson made a certain remark after being prompted by Representative Charles U. Harris. This morning Mayor Johnson met Mr. Gray on the street and referred to the article in the News and Observer, and said he was not prompted by Mr. Harris. To this Mr. Gray replied that he was prompted for he heard Mr. Harris. Mayor Johnson at this juncture informed Mr. Gray that he was a liar, and trouble began. The newspaper man struck Mayor Johnson, who grasped with Mr. Gray and shoved him back against a post. Before further developments friends rushed in and separated the two gentlemen, and the fight was over. Mayor Johnson shows no marks of having been in an affray, but the right side of Mr. Gray's face looked a little red. Both submitted before Police Justice Badger, and Mr. Gray made a statement in regard to the manner in which the fight occurred.

Hunting for Trouble.

I've lived in California 20 years, and am still hunting for trouble in the way of burns, sores, wounds, boils, cuts, sprains, or a case of piles that Bucklen's Arnica Salve won't quickly cure," writes Charles Walters, of Allegheny, Sierra Co. No use hunting Mr. Walters; it cures every case, guaranteed by all druggists, 25 cents.

"IF I WERE KING."

In this romance of "If I Were King" McCarty has managed to infuse a great amount of up to date philosophy. In dealing with economics and political questions he might be writing of affairs that at the present time agitate our own country. With a stroke of truth he spans the space between the fifteenth and twentieth centuries. Villon was an advanced spirit of this time and saw three thrones into the hearts of republics. At the end of his seven days of kingly power crowned with success King Louis marvelling at his accomplishments, asked him the secret of his success. Villon replies "I am a man of the people and I know what the people want."

Woman Attacked by Tramp Shrieked Over Phone

Many Rushed to Her Assistance, But Were Too Late to Save Her—Tramp's Capture Will Be Followed by Lynching.

(By the Associated Press.)

Centerville, O., Feb. 25.—Rural telephone users all over Wayne county yesterday heard the screams of Mrs. George Stech while she struggled desperately with a tramp who attacked her in her home near the county line.

Men in the homes of her nearest neighbors who hastened to get out teams and rush to her assistance, were too late to save Mrs. Stech or capture her assailant. Posses with bloodhounds are searching the countryside, and there is a chance that the tramp will be lynched if captured.

Mrs. Stech says the tramp came to her door and demanded admittance. She was alone in the house with her three-year-old girl, and, frightened, she closed the door in the tramp's face and locked it. The man at once commenced to break down the door. Mrs. Stech carried her little girl to a bed room and locked her in. She then ran to her telephone and rang to call for help, but before she could speak the tramp had forced his way in and seized her. She dropped the receiver, leaving the telephone open and the central operator heard her first scream.
