Eleventh Annual Convention of Manufacturers

During the Third Week in May an Event of World-Wide Interest Will Take Place in Philadelphia—Many to be Present.

(By Leased Wire to The Times.) Philadelphia, Pa., March 28.—Cotton growers from the four corners of the earth as well as men interested in the cotton, woolen, and knit goods industries, will gather in this city during the third week in May to attend the eleventh annual convention and exhibition of the American Cotton Manufacturers Association.

The American Cotton Manufacturers Association is national in its scope, as the name implies, and embodies all of the country's principal manufacturers of that much used article, numbering upwards of 1,000 members.

Many prominent public men will be in attendance; among them, perhaps, the Chinese ambassador, Chenung Liang Chang; Commissioner of Immigration Sargent; Secretary of State Philbin E. Root; Governor Braxton B. Comer of Alabama; and Governor Edwin S. Stuart of Pennsylvania.

WEAK STOMACHS CAUSE SICKNESS.

Different Symptoms That Result from Indigestion—How to Cure by Strengthening the Stomach.

If you have ever suffered with a weak stomach you must realize that the digestive system is to the body what the foundation is to the house—the base of support and strength.

Whatever hurts your stomach or lessens its power, hurts all other parts of the body and impairs their powers. If the stomach is weak and distressed, one organ after another will be involved until the heart, kidneys, and liver are all distressed.

Get the stomach right and health will naturally come to the other organs. This explains why a good many people who have doctors for years for diseases of the heart, kidneys or liver, have at last been cured by MI-O-NA stomach tablets. They found that when the weak stomach was strengthened, their health returned, the heart became regular, the torpid liver active and the kidneys healthy.

Do not think we claim MI-O-NA is a "cure-all." It is not. It is a specific for all distresses of the stomach, and when it strengthens the stomach and cures indigestion, you will soon be well all over without further medicine.

MI-O-NA is sold only in 50c boxes, never in bulk. It is sold under an absolute guarantee by King-Crowell and W. H. King-Durg Companies to refund money unless it cures.

ADDRESS BY SON OF HERO, GENERAL PICKETT.

(By Leased Wire to The Times.) Washington, March 28.—Major George A. Pickett, U. S. A., son of the famous Confederate commander, who led the "demon" of the southern army against the northern ranks at Gettysburg, addressed the Spanish war veterans of the Fourth Immune Camp at Costello Hall last night. Major Pickett began by recalling the fact that the veterans would soon be the only remaining society which had seen war seriously and for that reason a spirit of patriotism and loyalty should be encouraged among them.

Both on Verge of Breakdown

(Continued from First Page.) printed in pamphlet form all of the testimony at the trial which touches on the sanity of Thaw any time of his life. Nothing, however, has been included in the pamphlet which touches on the slaying of Stanford White.

These were printed for the easy reference of the members of the commission.

Thaw's lawyers also had printed many documents which will be used for reference during the inquiry.

Pallid and Red-Eyed. The report that Evelyn Nesbit Thaw was on the verge of a nervous breakdown was verified by the appearance of the girl wife, when she arrived at the Tombs today.

Never before since the beginning of her ordeal has the "frail girl-wife" looked so bad. Dark circles beneath her eyes give her face a strange expression and her cheeks are hollow and pale.

"We cannot predict anything more," said Grand Master Morrissey of the trial today. "Our conference must decide and I refrain from saying anything except what the committee authorizes me to say. We hold the power of attorney to carry out the expressions of our membership as shown by the referendum vote, and that vote says: 'Get our demands if we have to strike them.'"

The strike order may not be issued immediately, but the workers believe it is coming. No evidence was at hand today to show that the railroads would attempt to operate with non union men.

There was no great activity displayed in laying in supplies for a strike. It is said that the railroads think they can force the men to submit to arbitration as laid down by the Erdman act governing disputes between common carriers and their employees.

THE LADY IN QUESTION IS FROM ASHEVILLE.

(By Leased Wire to The Times.) Washington, March 28.—Mrs. Walter Andrews, who had an experience with a burglar Sunday morning, is not, as has been stated, a daughter of the late J. L. M. Curry, the distinguished educator and litterateur. She was a Miss Connolly of Asheville, N. C., one of three extremely beautiful and accomplished daughters of Colonel and Mrs. Connolly. Her mother and Mrs. Curry were sisters and at baptism she was given the Christian name "Curry."

SHE SWALLOWED A MOUTH FULL OF PINS.

(By Leased Wire to The Times.) Richmond, Va., March 28.—Mrs. Charles H. Lewis, while hanging out clothes in her back yard yesterday, accidentally sneezed while her mouth was full of pins, with the result that she swallowed a number of them. She has been removed to a hospital, where she is suffering intense pain.

THE SAGE ESTATE TAX ASSESSMENT TUMBLES.

New York, March 28.—The \$50,000,000 assessment for personal taxes set down against the estate of Russell Sage, shrunk today to \$2,250,000 as the result of an affidavit Executor Osborne presented to officials of the tax department.

Mrs. Russell Sage, who is personally taxed for \$5,000,000 did not appear, and she has not intimated what she will do about the assessment. She has only until 4 p. m. Saturday to swear off, and the impression is that she is not going to take advantage of the privilege.

TO FORCE ARBITRATION

Efforts of the Western Railroad Managers

Claimed That If Wheels of Traffic Are Blocked It Will be Because the Railroads Forced Their Employees to the Wall.

(By Leased Wire to The Times.) Chicago, Ill., March 28.—The railroad managers tried to force arbitration of the wage demands of the conductors and trainmen under the Erdman act today to prevent the strike committee of the two unions from ordering a suspension of work to obtain a 12 per cent wage increase on a nine hour day basis as instructed in the big referendum vote.

Although 97 per cent of the 50,000 union members declared by their votes they would strike to obtain this increase, the managers insist that they must arbitrate although they refused to arbitrate when the men were asking for fifteen per cent on the eight hour basis, a demand afterwards waived. Now they want to arbitrate the compromise offer.

At 10:30 o'clock the big strike committee of two unions opened its sessions in the grill room at the Sherman House. It was announced that no further conferences with the managers would be held unless the latter request it.

The railroad employees are opposed to the interference of outside parties. If forty-three railroads west of Chicago are to be tied up and Kansas City, St. Louis, Omaha, Denver, San Francisco, Seattle, Los Angeles, and other big commercial centers isolated, it will be because the railroads forced the men to the wall and tried to push them through.

"We cannot predict anything more," said Grand Master Morrissey of the trial today. "Our conference must decide and I refrain from saying anything except what the committee authorizes me to say. We hold the power of attorney to carry out the expressions of our membership as shown by the referendum vote, and that vote says: 'Get our demands if we have to strike them.'"

The strike order may not be issued immediately, but the workers believe it is coming. No evidence was at hand today to show that the railroads would attempt to operate with non union men.

(By Leased Wire to The Times.) San Francisco, Cal., March 28.—The grand jury today heard testimony in regard to the \$100,000 which the Home Telephone Company spent to obtain its franchise in this city. This money was raised in Los Angeles by bankers and brokers interested in the telephone corporation, and was conveyed to San Francisco by way of Oakland.

(By Leased-Wire to The Times.) New York, March 28.—Col. John Astor arrived today from Kingston on the Hamburg-American liner Prinz Sigismund. Colonel Astor brought with him his automobiles and chauffeurs. The multi-millionaire said that he enjoyed the trip immensely. He declined to discuss business matters.

He was endorsed by Senators Clayton and Bacon and Representatives Adamson, Lee, Bell, Bartlett, Lewis, Howard, Brantley and Orwig of Georgia, and Senator Overman of North Carolina.
