

IRREGULAR IS THE BEGINNING

Stock Lifted by Decision in Great Northern

ALL MARKET AFFECTED

Advance of From One to Four Points Are Recorded in Almost Every Issue, Great Northern Itself Going Up Five—Cotton Lower on Less Favorable Cables.

(By Leased Wire to The Times.) New York, March 28.—The stock market opened irregular, Colorado Fuel, Sugar and Southern Pacific dropped 1/4, Erie opened 1 point higher, Great Northern preferred gained 1/2 and Canadian Pacific and Pennsylvania gained 1/4.

The announcement that the Minnesota courts had granted the Great Northern Railroad Company the right to issue new stock for improvements caused an advance of 5 points in the stock of that company shortly after the opening of the market today. This had a beneficial effect on the whole market and advances of from one to four points were recorded in almost every issue.

The market again today gave unmistakable signs of a better resisting power than has been manifested for some time past. As to whether or not protective arrangements had been made and were being applied on a large scale was still left open to question. But the pressure of strong support at the opening and at frequent intervals thereafter was plain to all observers.

These buying orders were thrown into the market at the outset and had the effect of forcing some hurried short covering. Prices were run up from one to four points in quick order in face of a very unsettled market for American shares in London. The threatening labor outlook on the western railroads had caused a sharp fall in all the western stocks in the early London dealings.

Union Pacific losing 1 1/2 and Atchison 2 1/2 points. But these prices were practically ignored at the opening, however, and the rush of covering purchases carried the western issues upward as swiftly as the rest of the list. After the first half hour trading subsided into comparative quiet and the market fluctuated from then on in a nervous manner, declines following advances, and in quick succession.

Apart from the strike outlook in the west the important news of the day was the victory of the Great Northern Company in the contest over the new stock issue before the supreme court of Minnesota. On this juncture the Hill stocks were among the leaders of the early advance.

the trade was professional, owing to the approaching holidays, and few new ventures were undertaken.

New York Provision Market. (By Leased Wire to The Times.) New York, March 28.—Today's provision markets were quoted as follows: Wheat—Quiet, No. 2 red, 85 1/2 c. o. b.; No. 2 mixed, 76 1/2 in elevator. Rye—Dull; No. 2, 46 in elevator. Barley—Nominal. Flour—Dull; spring patents, 4.35; winter straights, 3.40. Mill Feed—Dull; western bran to arrive, 23 1/2.

Chicago Grain Market. (By Leased Wire to The Times.) Chicago, March 28.—Wheat opened irregular and fractionally lower, despite the renewed efforts of the bulls who kept on flooding the pit with big reports from the southwest to force the market upward. Kansas City and other points in that territory report a light rain last night where a heavy one was expected. This report also is construed as a bullish feature.

There was a frost scare in the wheat pit, during which heavy buying by the local houses helped to send prices from the level reached early, to a high place in the seventies. The close was 1/2 above the lowest price reached and 1/4 off for the day, as compared with the resting spot of yesterday.

Corn closed 1/4 cent off to 1/2 cent up, after an irregular session. Oats were active and 1/2 cent higher to 1/4 cent lower. Provisions were unsettled. Chicago Live Stock Market. RICHES LOST FOR LOVE Ten Millions Thrown Away by a Woman

Mrs. Gelsheisen Scorns Wealth Left Her by Her Husband On Condition That She Wed No More—Her Engagement is Announced.

(By Leased Wire to The Times.) New York, March 28.—For the love of a man Mrs. Katherine K. Gelsheisen, widow of the former president of the Garfield National Bank, announces that she will forfeit \$10,000,000. The announcement of her engagement to Henry J. Braker, a wealthy importer was confirmed here today. When Mr. Gelsheisen died a few years ago he left to his widow a life interest in his \$10,000,000 with the proviso that if she remarried she was to forfeit everything, all the money would go to the children. Mrs. Gelsheisen says: "Yes, you can say for me that I have consented to marry Mr. Braker. We are engaged. Our wedding day, however, has not been fixed, but it will be some time in the near future."

One of the booms has broken and 2,000,000 feet of logs taken down the river. One railroad bridge was badly damaged.

WOMAN JOINS IN QUEST Overheard Men Talking of the Kidnapping

Forced Her at Pistol's Point Not to Reveal What She Had Learned. Detectives Following Up This Clue to Kidnappers of Marvin.

(By Leased Wire to The Times.) Dover, Del., March 28.—Miss Lucy Killen, the school teacher, who was held up in the woods by two strange men believed to be the kidnapers of little Horace Marvin, today joined in the search for the abducted boy. With her assistance the detectives are more hopeful than they have been in weeks. The professional sleuths at first tried to discredit the story by Miss Killen of over-hearing the men talking of the kidnapping in the woods, and of their making her, at the point of a pistol, promise not to tell what she had heard. Half a dozen farmers, however, have sworn they saw two men driving toward Dover in a buggy at breakneck speed.

"If they had not doubted me they might have had the men by this time, said Miss Killen today. 'I am willing to do anything to help Dr. Marvin's boy. I wish I could have held these men, but they had their pistols pointed at me and I could do nothing.' Miss Killen, in company with the detectives, confronted several members of the neighborhood who have been suspected. She was quick to say in each case that the man was not one of the two she met in the woods.

NO ACTION IN CASE BEFORE TUESDAY

The decision of the council of state in the White pardon case will hardly be rendered before next Tuesday, as the members will not be able to get together before Monday to discuss the matter in all of its details. Owing to the prominence of the parties concerned the case is attracting considerable attention, some being in favor of others against the pardon.

(By The Associated Press.) Albany, N. Y., March 28.—The bill for a recount of the votes cast at the election for mayor of New York, November, 1905, has passed assembly.

BOND ISSUE FOR A NEW AUDITORIUM

It has been definitely announced that at the next meeting of the board of aldermen, an election is to be called to vote on a bond issue of \$100,000 for the erection of an auditorium suitable to the needs of this city. In the days of yore this was looked upon as the convention city and it was a foregone conclusion that all the conventions would be held in Raleigh, but in recent years there has been no auditorium sufficient to accommodate the crowds and the result has been that the conventions have been held in other towns. Under a provision of the new amendment, it is provided that if this election fails another one can be held. Whether the old city hall will be remodelled or property bought in another section of the city for the hall, is a matter that is yet to be decided. The most important thing is to get hold of the money to make the improvements and the site and all details will be decided upon later.

BOY THAT LOOKS LIKE MARVIN DISAPPEARS

San Antonio, Tex., March 28.—According to the statements of the local detectives bureau, who have been searching for Horace Marvin, Jr., who disappeared from his home in Dover, Del., March 4, a child answering the description of the missing boy has been seen here by several parties, but when an effort was made to locate him the child had disappeared under mysterious circumstances. The local search, however, is being continued.

RAISED OLD GAIN ON THE STEAMER

(By The Associated Press.) Norfolk, Va., March 28.—One hundred sailors from the battleship Connecticut in Hampton Roads while en route to Fortress Monroe on the steamer Ocean View, without apparent cause, took charge of the steamer and put the crew to rout. The sailors broke out window lights, broke doors, drove the cooks from the galley, poured out all provisions aboard the steamer, dumped on deck the fire in the kitchen stove, and did other damage. As soon as the steamer landed at Fortress Monroe the sailors hurried aboard the Connecticut.

WILL MAINTAIN THE SANFORD CONNECTION

Yesterday afternoon there was a hearing before the corporation commission in regard to maintaining the Sanford connection, which was broken when the Southern and Coast Line stopped running through trains from Wilmington to Mt. Airy early in the year. Under the existing schedule parties going to east Carolina by that route are often compelled to remain in the town of Sanford for twenty-four hours and the same is true of those going west. Superintendent E. H. Conaghan, of the Southern, was here yesterday, and so was Superintendent J. C. Murchison, of the Atlantic Coast Line. It was agreed to provide a schedule so that connection would be made at that point both for east and also westbound trains. The schedule is to be announced within the next few days.

Jr. R. E. L. Bunch, general traffic manager of the Norfolk & Southern, is in consultation with the corporation commission this afternoon in regard to traffic matters on his road.

"A saw is a good thing, but to shave with." Also Ready-to-Wear Clothing is a good thing, but not on the man. If your clothes don't fit you perfectly, they will not hold shape, and if they don't hold shape they won't wear. That's the whole argument in a nut-shell. Garments will only fit when they are cut, fashioned and tailored over your form. You can't buy from-factory-to-wearer clothing and get a fit. That's common sense. Why, then, spend money for clothing not made for you, when for the same amount we will make a study of your build and then make you a suit—your suit! Delays are dangerous.
