

WOMEN AND INFANCY

Are both symptoms of organic degeneration, and nature's warning to women of a trouble which will sooner or later declare itself.

How often do we hear women say, "It seems as though my back would break." Yet they continue to drag along and suffer with aches in the small of the back, pain low down in the side, dragging sensations, nervousness and no ambition.

They do not realize that the back is the main-spring of woman's organism and quickly indicates by aching a diseased condition of the feminine organs or kidneys, and that aches and pains will continue until the cause is removed.

Lydia E. Pinkham's Vegetable Compound

Made from native roots and herbs has been for many years the most successful remedy in such cases. No other medicine has such a record of cures of feminine ills.

Miss Lena Nagel, of 117 Morgan St., Buffalo, N. Y., writes:—"I was completely worn out and on the verge of nervous prostration. My back ached all the time. I had dreadful periods of pain, was subject to fits of crying and extreme nervousness, and was always weak and tired. Lydia E. Pinkham's Vegetable Compound completely cured me."

Lydia E. Pinkham's Vegetable Compound cures Female Complaints, such as Backache, Falling and Displacements, and all Organic Diseases. Dissolves and expels Tumors at an early stage. It strengthens and tones the Stomach, Cures Headache and Indigestion and invigorates the whole feminine system.

Mr. R. F. Giersch Leases the Rosenthal Building

BOTH WHITE AND BLACK A TEN YEAR CONTRACT

Six White Women and One Negro Charged With Maintaining Houses of Ill-Repute and Fifty-four to Be Arrested for Vagrancy—Warrants to Be Served This Evening.

New Building is to Be Located on the Northwest Corner of Fayetteville and Hargett Streets—Mr. Giersch Has Been in Raleigh for the Past Twenty Years.

Something is going to be doing in magisterial circles tomorrow, for warrants are to be issued against sixty-one of the residents of the tenderloin district of this city, some of the warrants being against white women and others against negroes. All are drawn under the law passed by the last legislature, and it is supposed that under the new law it will be much easier to convict, as the general reputation of the houses can be considered and the occupants of some can be made to testify.

Mr. R. F. Giersch, proprietor of the Cafe Giersch, in this city, has leased for a period of ten years the building which Mr. Rosenthal is to have erected on the northwest corner of Fayetteville and Hargett streets. Mr. Giersch will have all of the building except the second floor, which will be used for offices. The first floor will be used as a dining hall and the third floor will be nicely fitted up as a bedroom.

Six warrants are to be issued against white women for maintaining bawdy houses and one against a negro woman for the same offense. Eleven white women are to be arrested upon the charge of vagrancy and forty-three negro women. All of the warrants are being issued by Justice of the Peace Roberts, and if all of the cases are tried, it will probably take him some weeks to dispose of them. This will be about the largest haul ever made in this city, and it begins to look like ere the present term of superior court is adjourned that a large docket will be started for the next term, which is during the month of July. It may be that even a larger number of warrants than those already decided upon will be issued. Justice Roberts has a book full of names and the net is swinging around all who are supposed to be inmates of alleged disreputable houses in east Raleigh. It is very probable that part of the cases will be transferred to Justice of the Peace Separk as the number of cases will be rather large for one magistrate to handle.

It was announced in The Times several weeks since that Mr. Jerome Rosenthal would erect a new building on Fayetteville street, and it has been generally understood that it would probably be used as a stag hotel. This morning Mr. Giersch confirmed the rumor that he had leased the building and hoped to be in it by the fall. The plans were drawn by Mr. H. P. S. Keller, a well-known architect of this city, and the new building will be a big improvement on Fayetteville street.

Large windows are to be placed on the Hargett street side, and this will make the dining hall very light. The main dining hall will be twenty-four by seventy feet, and there will also be four private dining rooms. All will be handsomely fitted up. The second floor, as stated above, will not be used by Mr. Giersch, but will be divided into offices. On the third floor will be ten rooms that will be used in connection with the cafe. The main entrance to the cafe will, of course, be on Fayetteville street.

Mr. Giersch has been conducting a cafe in this city for the past twenty years, and there is no man in the state in his line of business who is better known, and it is certainly the best known cafe in the state. It is the intention of Mr. Giersch to have his new place modern and up-to-date in every particular. It will continue to be known as Cafe Giersch.

WORK OF GRAND JURY COMPLETED

The grand jury completed its work this morning, and submitted the following report:

To His Honor, E. B. Jones, Judge Presiding, March Term, Wake Superior Court:

We, the grand jury for this term, beg leave to report:

That we have passed upon all bills and other matters before us for consideration. We have examined the court house, jail, county home and convict camps. The condition of all the county property is in exceptionally good condition and reflects credit upon the management of the county affairs.

The sanitary condition of the jail is exceptionally good. The cells are all provided with closets and iron bath tubs, porcelain-lined, with hot and cold water, to which the prisoners have full access at all times.

The county home is supplied with all necessary comforts, and the inmates are well cared for.

The convict camps are clean and sanitary, and the convicts are supplied with wholesome food.

There are two women—one white and one colored—in the home, who should be sent to the insane asylum. A. M. POWELL, Foreman.

How to Remain Young.

To continue young in health and strength, do as Mrs. N. F. Rowan, Mcintosh, Ga. did. She says: "Three bottles of Electric Bitters cured me of chronic liver and stomach trouble, complicated with such an unhealthy condition of the blood that my skin turned red as flannel. I am now practically 20 years younger than before I took Electric Bitters. I can now do all my work with ease and assist in my husband's store." Guaranteed at all druggists. Price 50 cents.

COLONEL TAYLOR BURIED WITH MILITARY HONORS.

(Special to The Evening Times.) Washington, March 28.—Colonel Daniel M. Taylor, ordnance department, U. S. A., who died at Augusta, Ga., was buried in Arlington Cemetery this morning with full military honors.

The train bearing the body was met at the Pennsylvania station by a squadron of the Thirtieth Cavalry from Fort Myer, and the cavalry band. The funeral immediately proceeded to the cemetery by way of Fort Myer. Rev. Dr. Randolph H. McKim, of the church of the Epiphany, conducted simple services at the grave, which were followed by the firing of an artillery salute and the sounding of taps.

Lawn Party Tonight.

There will be a lawn party tonight for the benefit of the West Raleigh Baptist Church at the home of Mr. James Reavis, in West Raleigh. Refreshments will be served.

Want to Get Busy for the Pressure on President to Eastern League

Another Letter From Mr. Howell With Regard to Raleigh Entering the League—In Position to Support a Good Team.

All of Raleigh was glad yesterday when the joyous tidings were spread over the city that "Pap" Harris was at the fair grounds pitching the game of baseball between A. and M. and Lafayette, and that he was pitching one of the prettiest games ever.

The game yesterday awakened many of the enthusiasts of the city and now they realize what a good game of baseball will be for the hot summer months that are yet to come and they should get themselves busy at once and try and enter the Eastern North Carolina League.

Pitcher Harris was in receipt of a letter yesterday afternoon from Mr. Harry Howell of Washington, N. C., in regard to the league, and many more points were brought out in his letter than in the one recently received by Mr. Ceburn Harris. Mr. Howell says that he should think that Raleigh would add great strength to such a league and with the completion of the Norfolk & Southern line to Raleigh it will be practicable to include this city in the league.

Mr. Howell says that the idea of the league will be to play college boys, and wherever players have to be hired, to limit the salary to such a figure as will not soon bankrupt the smaller towns.

Raleigh is in a position to take care of a team, and one of this nature could be supported at a small cost. If some one would take a strong and active part in the working up of a team for this city, then enter the league, the people would see some good ball playing this summer.

LaFollette Far From Well.

(By Leased Wire to The Times.) Madison, Wis., March 29.—Senator LaFollette returned to Madison yesterday, suffering with a recurrence of his old stomach trouble, which drove him to his bed during the last ten days of congress.

POLICE

Red Blood Corpuscles Made by Good Food are the Police of the Body.

When a man keeps good red blood in his veins he has a sort of police squad and is practically immune from disease. Pure blood made from the right food will resist the attack of disease men and drive them out or kill them. The first thing that should be looked to, therefore, is the blood, and prompt action to build up the red corpuscles by food. A lawyer in a western town tells how he drove Bright's disease out of his system by supplying good red blood by food.

"For several years I had been afflicted with kidney trouble," he says, "which sometimes incapacitated me for business. My condition became such as to cause great fears that Bright's Disease was about to fasten itself upon me.

"I had always been very fond of coffee. When, however, the kidney symptoms became so alarming, I quit the coffee, and began to use Postum Food Coffee. I soon became as fond of the new beverage as I had been of the old coffee, and what is more important, my health improved rapidly and steadily until in a short time, the kidney troubles had almost entirely disappeared. I am convinced that my former sufferings and the symptoms of Bright's disease were caused by the use of coffee, and that the credit for my cure belongs to the Postum. Name given by Postum Co., Battle Creek, Mich.

Postum Food Coffee and Grape-Nuts make a good red blood. They contain food that nature uses in the process, so prepared as to be quickly assimilated. There's a reason."

Pressure on President to Speak on Railroads

The Chances About Even That He Will Deliver at Springfield an Address Having as Its Object the Restoration of Confidence.

(By Leased Wire to The Times.) Washington, March 29.—The president, it is understood, has at most been persuaded to change his expressed determination to keep silent on the railroad question. The chances are now about even that he will comply with the request of the representatives of the Illinois manufacturers and business men and go to Springfield to deliver a speech having for its object the restoration of public confidence.

Active steps were begun yesterday by representatives of the administration at the behest of the president, looking to the prevention of the threatened strike of railway employees of the western railroads. Chairman Knapp of the Interstate Commerce commission and Commissioner of Labor Neill start for Chicago today for that purpose.

It developed yesterday that the conference at the white house Wednesday night, attended by members of the cabinet and of the Interstate Commerce commission and Assistant Secretary of State Bacon, the consensus of opinion was very strong in favor of the president accepting the invitation of the Illinois delegation of representative business men to make a speech on the railway and industrial situation at Springfield at an early date to be fixed by himself.

THE PRISCO POPE AT WHITE HOUSE

(By Leased Wire to The Times.) Washington, March 29.—"His Holiness," Pope Schrader, of the "Divine Catholic Church," called on President Roosevelt to pay his respects, "Pope" Schrader's residence is in San Francisco. He told the president that his church differs from the Roman Catholic Church only in the fact that his priests and his sisters are allowed to marry. He said the divine church now had a membership of 2,000,000 scattered throughout the world.

Schrader's long black gown, skull cap, and cross dangling from a large linked chain, together with his beard and his flowing locks, made him a very conspicuous figure as he stood in the ante-room of the executive office.

"His Holiness" says he is going to begin a campaign to secure suffrage for the district of Columbia, or as the San Francisco "Pope" termed it, the "district of Columbia."

THE DEATH OF YOUNG STEPHEN A. DOUGLAS.

(Special to The Evening Times.) Greensboro, N. C., March 28.—Stephen A. Douglas died yesterday at the home of his parents, Ex-Judge and Mrs. R. M. Douglas, on Douglas street. He had been in bad health for several years and for the last four years had been in New Mexico, thinking that the climate of that state would assist him to regain his health. He returned to this city last Friday. Since then he grew steadily worse until the end came. Mr. Douglas was 25 years of age, graduated from Georgetown University in 1901 and from the law school of the University of North Carolina in 1905. Immediately after his graduation he came to Greensboro to practice law with his brother, Mr. R. D. Douglas, but on account of bad health he gave up his practice.

ENSIGN DAVID BAGLEY DETACHED TO VISIT HOME.

(By Leased Wire to The Times.) Washington, March 28.—A cable from Rear Admiral W. H. Brownson, commander-in-chief of Asiatic fleet, Kobe, Japan, March 27, says that Ensign D. W. Bagley has been detached from the West Virginia, to come home.

The American citizen has stood for more imposition in the matter of cigars than in anything else he buys with money

In fact, he's so used to being "worked" by the cigar manufacturer day after day, that he's pretty near come to believe there's no way of knowing what he is getting, anyhow.

The American Cigar Company stands for full value in cigars. It believes the man with five cents to invest is entitled to get his money's worth as much as the investor in any other property.

It is against box-stuffing, against substitution, against shoddy, poor cigars and against every kind of cigar imposition on the public,—and it is adopting every possible method of exposing them.

It believes the only way to build up a great and permanent business is to deal honestly with the people, to give good value and uniform dependable quality all the time.

Several million smokers have found it out—and are buying their cigars by the "A" (Triangle A) mark on the box instead of taking everything for granted and smoking whatever is handed out.

That's Your Cue!

If you want to get acquainted with "A" (Triangle A) quality and satisfy yourself as to whether our claims can be proved or not, try

The New CREMO

Every box is now extra-wrapped in glassine paper, sealed at each end with the "Triangle A" in red. The cigars are kept clean, fresh and in perfect smoking condition until the box is opened.
