

WOODMEN OF THE WORLD

Raleigh Camp Organized With 52 Members

First Meeting Will be Held Next Thursday—Order Has Shown Phenomenal Growth Since Organization—Now Has 450,000 Members in the United States and Canada.

Last night Raleigh camp, Woodmen of the World, was organized in this city with fifty-two charter members and has the prospect of being one of the largest camps in the state.

Next Thursday night the first meeting will be held, at which time it will be decided when the regular meetings are to be held.

District Deputy M. T. Ray officiated, and State Manager E. B. Lewis, of Winston, was also present, as well as members of Willow Oak camp, of this city.

For the past ten years the order has had a camp in this city, but it was seen that there was room for another, hence the organization of Raleigh camp. The order was only started in 1890 and its growth has been most wonderful.

The Sovereign Camp will meet in Norfolk on the 14th of May in its next biennial session. Mr. Lewis is one of the officers of the Sovereign Camp.

The following charter officers were elected last night by Raleigh camp:

Mayor James I. Johnson, council commander; Col. Z. P. Smith, adviser; Lieutenant; M. T. Ray, banker; John S. Jones, clerk; C. L. Sykes, assistant clerk; Frank Watson, watchman; E. B. Yearby, secretary; Justice Thomas Badger, past council commander; Rev. R. S. Stephenson, chaplain; Talcott Brower, Dr. E. H. Broughton and R. L. Horton, managers; Dr. D. S. Rowland, physician.

DEATH OF MRS. TURNER. MINISTER'S SAD CASE.

(Special to The Evening Times.) Statesville, April 12.—Mrs. Colin Griffith Turner, wife of Mr. John C. Turner, died yesterday afternoon at her home on Davis avenue. She had been critically ill for several months.

The funeral services were conducted by her pastor, Rev. Chas. A. Jenkins, this morning at 11 o'clock and the interment was at Oakwood cemetery. On account of the critical illness of Mr. Turner, the funeral services were private.

Mrs. Turner is survived by her husband and four step-children, Mr. O. L. and Rev. Clyde Turner and Misses Eulalia and Mary Turner; two brothers, Messrs. Pressly and Holman Griffith, and four sisters, Mrs. Carson Guyey of Rowan, Mrs. Henry Turner and Mrs. Brant Mason of Cool Spring, and Mrs. Wilfred Horn of Snow Creek. Mrs. Turner was a good woman and a faithful member of the Baptist church.

A Pathetic Case.

Rev. R. L. Hood, a Baptist minister, who is in a very bad condition physically, was in town several days this week going to Hickory yesterday. Mr. Hood says he was born and reared in Wilkes county but went west when a young man and entered the ministry. His health failed and he was forced to give up active work several years ago. He returned to his old home in Wilkes sometime ago, but his health continued to grow worse and the physicians told him he would have to return to the west or else die in a short time. He had only enough money to come to Statesville from Wilkes, but after reaching here his story and certificates from physicians touched the hearts of persons who saw him, and about \$20 was made up for him, and he went to Hickory yesterday where he hopes to raise enough to take him to Texas, where he has friends.

You Feel Strong after a breakfast of Grape-Nuts

It is easy of digestion and contains the material from wheat and barley which makes men strong. "There's a Reason."

Rheumatism

I have found a tried and tested cure for Rheumatism. Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn heavy growths back to flesh again. That is impossible, but I can now surely kill the pains and paings of this deplorable disease.

WINSTON'S GREAT TOBACCO INTEREST

(Special to The Evening Times.) Winston-Salem, N. C., April 12.—Winston-Salem's tobacco interests are among the largest in the world, and never before has this branch of trade enjoyed a more flourishing business than it has during the first three months of 1907. During this period the manufacturers produced and sold over 10,000,000 pounds of plug, which is a decided increase over any previous three months. The leaf market has been quite active for this season.

PIPE ORGAN INSTALLED. A PORTABLE SAW MILL.

(Special to The Evening Times.) Winston-Salem, N. C., April 12.—Father Stapleton, who has been pastor of the Catholic Church here for some time, exchanges work with Father George, who has served the church at New Bern for a few years.

SHORT TALKS BY L. T. COOPER. MEDICINE.

It's curious what some people believe a medicine will do. They seem to think because I advertise my preparations I claim they will cure anything and everything. Well, I don't. The other day I got a letter from a woman who said her husband had been in bed eighteen years with paralysis. She had bought seven bottles of the Cooper medicine and her husband was still in bed. She stated that I was a scoundrel, a robber and various other pleasant things.

PAMICO CHEMICAL COMPANY ORGANIZED.

(Special to The Evening Times.) Washington, N. C., April 12.—Last evening at a meeting of a number of representative business men of this city and some of the neighboring towns, the Pamico Chemical Company, which has already been granted a charter, was duly organized and a board of directors elected.

JOE MOREHEAD DIES OF WOUNDS RECEIVED.

(Special to The Evening Times.) Greensboro, N. C., April 12.—"Black Joe" Morehead, the negro who was shot Wednesday night in South Elm street, died at St. Leo's hospital yesterday afternoon. The coroner's inquest will be held today.

MAN FROM THE SOUTH

Bryan Says Let Such Statesman be Considered

Let Them Be Brought Forward as Champions of Democratic Ideas and the North Will Listen.—Will It Also Vote?

(By Leased Wire to The Times.) Lincoln, Neb., April 12.—Commenting on the suggestion that a southern democrat must be named for the presidency, Mr. Bryan, in today's Commoner, says:

"By all means, let the southern statesmen be considered; let them stand side by side with their northern brethren, and let the choice fall on the man who, no matter where he lives, best presents the aspirations of the party and best reflects the desires of democratic voters. No candidate should be urged merely because he comes from the north or the south or the east or the west. There are many democrats in the south who would poll the full democratic strength of the north."

"Let southern candidates be presented upon their merits. Let them be brought forward as champions of democratic ideas, and they will find the north ready to listen. The party tried the safe and sane candidate who had the confidence of the business element in 1904. The bait will not serve again."

CAROLINA DUSTS DOWN GEORGE W.

(Special to The Evening Times.) Chapel Hill, N. C., April 12.—Carolina defeated George Washington University yesterday afternoon in a very interesting game of baseball by six to two. The batting of both sides was strong, and a high wind made the work of the outfielders severe.

The George Washington team couldn't make connection with the swift balls handed out by Captain Thompson until the seventh inning, when they scored twice. Fountain, for the home team, played a good game on second, and Stevenson, for the visitors, gave a pretty exhibition of his catching ability.

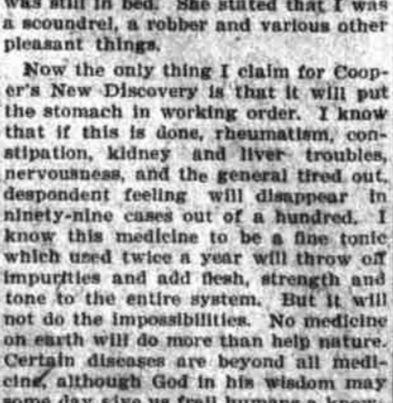

Score by innings: R. H. E. Carolina . . . 031 110 000—6 12 2 Washington . . . 000 000 200—2 7 2 Batteries: Carolina—Thompson and Rogers; George Washington—Carr, Hester and Stevenson. Carolina plays V. P. I. here, and George Washington plays A. & M. in Raleigh.

FOUND DEAD IN WOOD. TEACHER A SUICIDE.

(Special to The Evening Times.) Charlotte, N. C., April 12.—The body of Miss Jessie Ball, a teacher in the State Deaf & Dumb school at Morganton, this state, was found by searching parties in woods near that institution. Miss Ball had committed suicide by drinking carbolic acid, as evidenced by a bottle labeled carbolic acid found by her side. Miss Ball was from Detroit, Mich. Her health had been bad for some time and she was a sufferer from melancholia. Nevertheless she was one of the most popular teachers of the school.
