

HOUSES BURNED

(By Leased Wire to The Times.)
 Manila, April 20.—The fire is under control at Iloilo. None of the business portion of the town was touched by the flames, although there were between seven and eight thousand houses burned to the ground and their inmates are being cared for in the school houses, churches and vacant stores. The earthquake shock preceded the fire was severe enough to cause great damage and casualties are reported.

DEMANDS A SQUARE DEAL FOR HUGHES.

(By Leased Wire to The Times.)
 Washington, D. C., April 20.—Tennessee politicians in Washington, especially John Wesley Gaihes, are experiencing an epidemic of brainstorms and psychions on account of the summary removal from office of Col. Arch M. Hughes, postmaster at Columbia, Tennessee, an office which pays \$2,500 a year.

Col. Hughes arrived in Washington today, although he knows of his removal only through the newspapers, no notice having come to him from the department. Wednesday, the department notified John W. Jackson, assistant postmaster, that he had been appointed postmaster. Colonel Hughes is a supporter of Representative Walter P. Brownlow in Tennessee politics. Mr. Jackson is an H. Clay factionist. Col. Hughes telegraphed about his dismissal of John Wesley Gaihes Mr. Brownlow not being at the capital.

Mr. Gaihes went to the white house and demanded a "square deal" for Colonel Hughes. He recalled to the president's memory that Col. Hughes had been appointed a year ago for a second term of four years and had been removed without notice. He told the president that Colonel Hughes had served three years in the Confederate army with distinction; that he had been lieutenant colonel of the eighth regiment in the Spanish-American war and had been a life long republican, several times the defeated candidate for congress and present elector and was the stigma nominee for the United States senate against the late Senator Bate. Colonel Hughes was one of the immortal 306 who stood out for the third nomination of General U. S. Grant for the presidency. Mr. Gaihes is a democrat but he told the president with much emphasis that he knew a good party man when he saw one, and that Colonel Hughes was a fitting republican of the best type.

SQUIRES' STRIPES TO BE PHOTOED

(By W. W. Naughton.)
 San Francisco, Cal., April 20.—Bill Squires, champion of Australia, did not indulge in training work yesterday, but he did the next best thing. He stripped and donned his fighting togs and gave a critical crowd of San Francisco sporting men an opportunity of studying his conformation.

Now, mind you, Bill did not appear in his war paint just to please the visitors at Shannon's. He stripped because a number of photographers besieged his training quarters and assured him that no fighter ever yet reached the championship goal without passing through an avenue of cameras.

MUST QUALIFY OR SELL NO STOCK IN THIS STATE.

Insurance Commissioner Young received an application this morning from the Guaranteo Trust Company, of Atlanta, Ga., asking that it be allowed to sell bank stock in this state. The application was refused unless the company will qualify as a domestic corporation.

Rambling Waggles—I was robbed last night, and I reckon that about 33 articles were stolen from me. Everything I had in the world.

Policeman—Fifty-three articles? Rambling Waggles—Yes; a pack of cards and a corkscrew.—Tit-Bits.

THE KNOW HOW TO FEED CHILDREN AND GET GOOD RESULTS.

There are more nervous persons made so by undigested food lying in the stomach than the average individual would suppose.

If food remains undigested in the stomach, it begins to ferment, set up gas and a large portion is thus converted into poison.

That's why imperfectly digested food may and often does cause irritation of the nerves and stupor of the mind—brain and nerves are really poisoned.

"My daughter had complained for some time of distressed feeling in the stomach, after eating, which set me thinking her diet was not right," writes an anxious and intelligent mother.

"She had been fond of cereals, but had never tried Grape-Nuts. From reading the account of this predigestive food, it seemed reasonable to try Grape-Nuts for her case.

"The result were really wonderful. The little brain that seemed at times unable to do its work, took up new life and vigor. Every morning, now, before going to school, she eats the crisp little morsels and is now completely and entirely well, she seems to have a new lease of life—no more distresses in the stomach, no headache, but sound and well everywhere." WOMEN BANDITS

(By Leased Wire to The Times.)
 New York, April 20.—The two strong-armed highway women who held up James R. Dardas, an architect, in Harlem early today, were considered enough to give him a nickel watch in return for his \$300 gold time piece.

While she garroled him by poking her knee in the small of his back and drawing him backward with her powerful arm about his throat, the other went through his pockets. Besides the gold watch and a \$50 scarf pin, they took his purse containing \$75.

As they were leaving him the woman with the strong arm said to her companion: "That's a pretty good watch. We'll give him the kid's watch as he'll probably want to know the time he was held up."

PLANS FOR TWO BIG SEA FIGHTERS

(By Leased Wire to The Times.)
 Washington, April 20.—While there is much conjecture in official circles and among foreign diplomats, particularly the naval attaches, who would like to make authentic reports to their home governments as to the details of the plans and specifications of the two new sea monsters, the 20,000-ton battleships authorized by the last session of congress and just approved by Secretary McNeil, it is learned on authority that the plans for the two ships that are calculated to be even more formidable than the British Dreadnought, and which are to be sisters, differ but slightly from the plans for the first ship, which were submitted to congress last fall.

EDITORS GET ORDERS ENDORSE FAIRBANKS.

(By Leased Wire to The Times.)
 Lafayette, Ind., April 20.—At a meeting of the republican editors of the tenth Indiana congressional district held here with the republican state chairman, James P. Goedicke, present, Charles W. Fairbanks' candidacy for president was endorsed. Editors met and took action at the advice of the state chairman, indicating that Senator Beveridge is not hostile to Fairbanks' candidacy. The tenth district has been considered a Beveridge stronghold. The resolutions stated:

"We earnestly favor the nomination of the Hon. Charles W. Fairbanks, vice president of the United States as the republican candidate for president in 1908."

MRS. PARK'S REPORT AND MRS. McLEAN'S STATEMENT.

Washington, April 20.—Another striking move took place in the convention of the Daughters of the American Revolution, when Mrs. Park of Georgia, chairman of the committee on national affairs, presented her report. Interest centered in the ultimate disposition of the reports of the treasurer, Mrs. M. E. S. Davis which on Tuesday plunged the congress into a good sized row.

Last year the report of Miss Mary De Shaw, recording secretary, covered a minute detailed resume and the national board's conclusion in the famous "Montana matter" and that report was never permitted to come before the society in detail.

Friday the report of the Treasurer-General Mrs. Davis was passed over in like manner with the statement from Mrs. Park that the report had not been audited and that when the auditing committee had concluded its work, a full report would be made.

Following Mrs. Park's report, Mrs. McLean called Mrs. Barker of Rhode Island to the chair and took the floor, stating that she wished to tell the congress before adjournment that she had never signed a contract for more money was in the treasury to meet it.

SECRETARY TAFT HAS HIS USUAL LUCK.

Washington, April 20.—If the usual fate overtakes Secretary Taft when he comes up the Atlantic coast on his way home, he may arrive in Washington too late for the president to make use of the Mayflower for his trip to Hampton Roads for the opening of the Jamestown Exposition. The secretary usually encounters severe storms that make every one sick except himself.

Orders have been issued by the navy department for the Mayflower to be thoroughly overhauled and cleaned up, painted and otherwise put in spick-and-span shape for Thursday morning for the president and his party to start for Old Point, shortly after noon of that day. A delay of two days, and possibly a day and a half, would be embarrassing to the navy, for already the Dolphin is being prepared to convey Secretary McNeil and party to the exposition. The Dolphin being out of the question, there would be no ship suitable or available for the president's use.

A WAKE POINT SET UP. DEATH OF AN AILMUNUS.

(Special to The Evening Times.)
 Wake Forest College, April 20.—An established custom here is that the commencement exercises from the two literary societies give a "set up" to the student body some time in the spring between their election and commencement. Accordingly Tuesday evening the annual "set up" will be given in the small chapel to the entire student body. There will be a number of speeches by members of the faculty students and citizens of the hill.

At the conclusion of the speeches a bag of good things will be given to each student present.

Of the alumni of the college who have died recently was Mr. Peter L. Peacock at his home in Cochrane, Ga., at the age of seventy-five. He was one of the leading men of that section, being interested in a large number of important industrial enterprises. He was a native of Columbus county, this state, and was in school here 1838 '58.

Figman's Valet Arrested.

A special from Richmond, Va., says: Harry Pugh, valet for Max Figman, leading actor in "The Man on the Box" Company, from whom he is charged with stealing \$130 in money and a valuable diamond ring, has been arrested in Lynchburg. The diamond and a portion of the missing money was recovered. The theft was committed Tuesday night in Petersburg, in which city the show was billed, the actor handing the youth his purse and gem just before he was called on for the performance. The boy had been engaged by the actor several days before in Asheville, N. C., his home, chief of Police, Vaughan of Petersburg, has gone to Lynchburg for the purpose of bringing the young man back for trial.

WHITE MAN CHARGED WITH BURNING BOAT

Insurance Commissioner James R. Young received a telegram from Sheriff Biddle of Craven county this morning, stating that a white man by the name of Connor, who is charged with arson, had been arrested and was in jail. Connor is charged with having burned a boat, and Capt. W. A. Scott of the Insurance department went to New Bern several weeks ago, but found that Connor and his pal had skipped. Gaining the impression that the authorities would not make any further attempt towards making an arrest, Connor returned to New Bern and was quickly in the toils of the law. Captain Scott leaves for New Bern tomorrow, so as to be present at the preliminary trial, which, it is supposed, will take place Monday.

HERE IS WHAT TWO YOUNG MEN QUICKLY DISPOSED OF.

That two young men of this city were very, very hungry yesterday afternoon goes without saying, according to a statement by several of their friends today, one of whom had to put up the cash to pay for a part of the groceries purchased. It seems that one young fellow made the proposition to two of his friends that he would pay for half of everything they would eat, provided it was more than a given amount. The two began, and here is the bill presented by the groceryman:

Ten bottles of cocoa cola, 2 cans of pork and beans, 8 bananas, 1/2 pound of ginger cakes, 1 1/2 pounds of crackers, 3 cups of coffee, 3 biscuits, 1 saucer of dried apples, 1 pint can of butter beans, 2 slices of ham, 2 cans of vegetable soup, half box of cigarettes, 1/2 dozen pickles and 1/2 pound of candy.

Studying Race Conditions.

Editor Dickerson, of the Norfolk News and Advertiser, a colored paper devoted to the upbuilding of the race, is in the city. He is on a trip studying the conditions of his race and the relations between the whites and negroes. He has been to several towns in this state, and is here to interview Governor Glenn with the view of getting his endorsement as a help to him in his work. He has an endorsement from ex-Governor Montague of Virginia.
