

AVOID ALUM

AN UNSEEN DANGER IN FOOD

TO GUARD SHIPS against the unseen dangers at sea, the United States Government maintains lighthouses.

To guard your home against the unseen dangers of food products, the Government has enacted a pure food law. The law compels the manufacturers of baking powder to print the ingredients on the label of each can.

The Government has made the label your protection—so that you can avoid alum—read it carefully, if it does not say pure cream of tartar hand it back and

Say plainly—

ROYAL BAKING POWDER

ROYAL is a pure, cream of tartar baking powder—a pure product of grapes—adds the digestion—adds to the healthfulness of food.

TEACHERS' MEETING WILL NOT BE HELD

The following notice has been issued by Secretary R. D. W. Connor of the Teachers' Assembly, in regard to calling off the meeting which was to have been held at Durham:

"The burning of Hotel Carolina at Durham on the night of May 2nd makes it impossible for Durham to accommodate the Teachers' Assembly, as we had planned. The members of the executive committee have gone over the situation very carefully, and after considering all the points involved, the difficulty at this late day of finding another place suitable for the meeting, the loss of the financial aid guaranteed by the city of Durham, the great expense of holding such a session as we had planned, the certainty of the assembly's losing several hundred dollars without the aid of Durham, the impossibility of carrying out the program which had been arranged, and the impossibility of arranging another in time for the meeting—all these things forced us reluctantly to the conclusion that it will be the part of wisdom not to hold a session of the assembly at all this year. We reached this conclusion with great hesitancy and only as a matter of necessity.

"We will begin preparations at once to hold next year the greatest meeting of teachers ever held in North Carolina. It will be the twenty-fifth anniversary of our organization, and will, in more ways than one, mark an epoch in the educational history of North Carolina. We have every right to be proud of the splendid record that our organization has made, and when the history is told at next session we feel sure that this pride will be shared by every patriotic citizen of North Carolina. Let us all begin now to lay our plans to make this twenty-fifth anniversary the beginning of an educational epoch not only in the history of our association, but also in the history of the state. You cannot begin too early to lay your plans to attend, for all other teachers of the state are going to be there.

"Trusting that you will appreciate the reasons that forced us to cancel the meeting for this year, and will approve of our action, and that you will prepare now to attend the great meeting next summer."

WEATHER FORECAST.

Washington, May 16.—Forecast for North Carolina for 36 hours to 3 p. m. Friday: Fair tonight, cooler in eastern portion; Friday, fair, warmer in western portion.

The western high pressure area has moved to the southeast and now overlies the lower Mississippi valley and Texas, where it is now clear and cool. An area of low pressure lies central over Canada north of Minnesota, and a secondary low is central over southern Pennsylvania and Maryland. During the past 24 hours rains have fallen along the Lakes and in the Atlantic coast states, but in the cotton states these rains were very light.

The conditions indicate fair and cooler weather tonight for this vicinity; Friday will be fair and somewhat warmer.

Section Director.

LIST OF DEEDS PLACED ON RECORD THIS MORNING.

The following deeds have been placed on record in the office of the register of deeds:

Harriett Blanchard et al. to the Durham & Southern Railway Company, for \$200, a tract of land containing four acres, same being in Middle Creek township and adjoining the lands of D. H. Fuquay and others.

Frances C. Fort to E. O. Penny, for \$207, tract of land containing 2 7/100 acres, the same being a part of the original Crenshaw tract.

DECISION HAS NOT YET BEEN REACHED

The conference between Governor Glenn and Messrs. McNeill and Beddingfield of the corporation commission was held yesterday afternoon, and the matter of what attorneys should be employed to represent the state in the rate bill case was discussed, but nothing definite was decided upon. Another conference will probably be held next week, when the attorneys will be named.

Under a provision of the new law increasing the powers of the corporation commission, the governor is no longer required to employ attorneys to represent the state in cases of this kind, but it is a matter for the commission. But the commission did not desire to act on so important a matter without conferring with the governor in regard to it. There has been no intimation as to who would probably be chosen to represent the state.

Free Samples of "Preventives" and a booklet on Colds will be gladly mailed you, on request, by Dr. Shoop, Racine, Wis., simply to prove merit. Preventives are little Sandy Cold Cure tablets. No Quinine, no Laxative, nothing harmful whatever. Preventives prevent colds—as the name implies—when taken early, or at the "mezzo stage." For a coated cold or LaGrippe, break it up safely and quickly with Preventives. Sold by Henry T. Hicks.

My Best Friend.

Alexander Benton, who lives on Rural Route 1, Fort Edward, N. Y., says: "Dr. King's New Discovery is my best earthly friend. It cured me of asthma six years ago. It has also performed a wonderful cure of incipient consumption for my son's wife. The first bottle ended the terrible cough, and this accomplished, the other symptoms left one by one, until she was perfectly well. Dr. King's New Discovery's power over coughs and colds is simply marvelous." No other remedy has ever equaled it. Fully guaranteed by all druggists. 50c and \$1.00. Trial bottle free.

WAS BALD SIX YEARS.

Three Months of the New Scientific Treatment Restored His Hair.

Baldness is caused by dandruff, which is caused by a germ. Kill the germ and it is almost certain that hair will grow again, if the follicle has not been totally destroyed. Nels Peterson of Lime Spur, Mont., says: "I had been bald six years, and had tried all kinds of cures, but without any benefit whatever, until I tried Herpicide. November 16, 1899, I began using Herpicide, and in three months a fine growth of hair covered my head completely." Ask your druggist for Herpicide. Everybody can have luxuriant, glossy hair, if Herpicide is used thoroughly. Take no substitute. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes, \$1 and 50c.

Let me matt you free, to prove merit, samples of my Dr. Shoop's Restorative and my Book on either Dyspepsia, The Heart, or The Kidneys. Address me, Dr. Shoop, Racine, Wis. Troubles of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart and Kidneys as well, have their controlling or inside nerves. Weaken these nerves, and you invariably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write for my free Book now. Dr. Shoop's Restorative sold by Henry T. Hicks.

More News from the New England States.

If any one has any doubt as to the virtue of Foley's Kidney Cure, they need only refer to Mr. Alvin H. Stimpson, of Williamamie, Conn., who, after almost losing hope of recovery, on account of the failure of so many remedies, finally tried Foley's Kidney Cure, which he says was "just the thing" for him, as four bottles cured him completely. He is now entirely well and free from all the suffering incident to acute kidney trouble.—O. G. King.
