

### MEDALS FOR ESSAYISTS

Prizes to be Awarded School Students

Closing Exercises of Raleigh High School to occur at 10:30 Tomorrow—Messrs. Busbee and Clark to Award Medals—Other Events of Interest.

The closing exercises of the Raleigh High School will take place tomorrow morning at 10:30 o'clock in the auditorium of the Centennial School building.

The exercises will consist of an address by Dr. Hubert Royster, of this city; the presentation of medals by Mr. F. H. Busbee, and Mr. Waiter Clark, Jr., and the reading of distinctions by the principal, Prof. Hugh Morson.

The public is cordially invited to be present.

Of the medals to be presented, one is offered for the best essay on some phase of North Carolina history written by a male student of the Raleigh High School. This medal is a gift from individual members of the Sons of the Revolution residing in Raleigh, and not from the state society, as the competition has not been open to the state, but limited to Raleigh students. This medal will be presented by Mr. F. H. Busbee, vice president of the Sons of the Revolution.

Another medal is given by the Daughters of the Revolution, of Raleigh, for the best essay of the character mentioned above, written by a girl student of the High School. It will also be presented by Mr. Busbee.

Two general scholarship medals, one for the High School and one for the Centennial Graded School, are offered by the Junior Order of United American Mechanics of Raleigh. The presentation of these medals will be by Mr. Walter Clark, Jr.

Five medals for excellence in drawing will be awarded, one to the most proficient artist among the boys; one to the best artist in Mrs. J. M. Barbee's room; one to the most accomplished feminine manipulator of the crayon and brush, given by the Woman's Club; and two special prizes for girls, given by Miss Slocumb and Miss Womble. Drawing medals for the graded schools will also be awarded.

To the members of the various organizations that have so kindly, generously, and patriotically encouraged the work in the High School this session and last, by stimulating emulation in the students, is extended a special invitation to further encourage the school by attending these closing exercises.

The best drawings made by the students of the High School during the past session will be on exhibition in the school building. Miss Slocumb, the highly efficient and enthusiastic teacher of drawing in the Raleigh public schools, will be glad to show these drawings to any one who may be interested.

The work in the High School during the past session has been eminently satisfactory. On the athletic field, in debates, in journalism, and

### AN OLD ADAGE SAYS

"A light purse is a heavy curse." Sickness makes a light purse. The LIVER is the seat of nine tenths of all disease.

## Tutt's Pills

go to the root of the whole matter, thoroughly, quickly safely and restore the action of the LIVER to normal condition.

Give tone to the system and solid flesh to the body. Take No Substitute.

In business ability essential to the success of every enterprise, students of this school have proven themselves the equals of representatives from the best high schools in North Carolina—and this, notwithstanding the fact that the school was established only two years ago, and has never had a graduation of class.

### STATUS OF THE STRIKE IN SAN FRANCISCO.

(By Leased Wire to The Times.) San Francisco, Cal., May 23.—

With the several strikes now on in this city there is a noticeable absence of violence compared to the number of men on strike. The United Railroads continue to run cars during the daylight hours on most of its main lines, but the number of brick throwers and disturbers has been reduced to a minimum. The striking car men are concentrating their efforts in a campaign to induce the people not to ride on the cars, claiming that the corporation is losing money every day. Both sides remain firm in their stand.

The executive committee of the various civic organizations has appointed special policemen to aid the police in arresting strike sympathizers who interfere with the running of the cars and insult passengers, and has sent lawyers to the police courts to watch the cases of disturbers who appear before the judges. In a statement to the committee it has been stated that there was any intention to interfere in the situation, merely stating that their action is to enforce law and order.

The members of the builders exchange in a meeting yesterday afternoon appointed a committee to confer with the various unions connected with the various building trades the object of restoring peace in the building industry.

The city is threatened with a beer famine as the brewery workers are on strike and both brewers and strikers refuse to make any concessions. Unless some action is taken no more Pacific coast beer will be sold after the few days supply on hand is exhausted and the drinking public will be forced to use eastern bottled beer.

There is little change in the telephone situation, the striking girl operators still remaining out.

That company is running a reduced service and claims to be adding to its force daily.

### EIGHT IN THE TOILS

#### Chase After Fifteen Escaped Jail Birds

Two Wounded in a Pitched Battle Between Themselves and a Posse Which Brought Them to Bay—Pursuing the Remainder.

(By Leased Wire to The Times.) Toledo, O., May 23.—"Fox and hounds," in which human quarry was the game, was played about Toledo last night, resulting in a man hunt for fifteen desperate escaped prisoners from the work-house.

Heavy rains impeded the authorities who pursued in automobiles, auto-cycles and on horseback. Poses in outlying villages guarded wagon roads and searched passing trains. This morning eight have been apprehended and the search goes on. Two were wounded in a pitched battle between themselves and a posse; some were caught in a deep wood seven miles from town, huddled about a fire which they had built to dry their water-soaked clothing; several were pulled off the trucks of a freight train; a couple were captured in the country road at the point of Winchester in the hands of officials. "Chic" Caldwell, horse thief and ringleader, was captured. The wounded men are Hugh Carter and John Welch.

#### HEARING OF EDWARDS MAY BE POSTPONED.

(By Leased Wire to The Times.) Washington, May 23.—Owing to the fact that Senator Garland, of the Peruvian legation, is still confined to his bed, it is probable that the hearing in the case against Col. Charles Edwards, accused by the police of stabbing the diplomat, will be postponed. Although no official notification of such action had been received by the police last night, it is thought that the trial will be delayed until the diplomat is able to appear.

#### HONORS WON BY THE PACIFIC SQUADRON.

(By Leased Wire to The Times.) San Diego, Cal., May 23.—Ships of the Pacific squadron, in target and torpedo practice, have won the highest honors of the United States navy for every class of which it contains a vessel. The cruiser Boston has won the trophy over every ship in the entire navy for the highest general average made in target practice for this year.

#### BODY OF MURDERED MAN IN FEDERAL BUILDING.

(By Leased Wire to The Times.) Washington, May 23.—Several days ago Attorney General Bonaparte received a telegram from the United States attorney at Macon, Ga., saying that the body of a dead man was lying in the uncompleted federal building at that place, and that the state, county, and municipal authorities declined to remove it. The treasury department has charge of the construction of public buildings,

so Mr. Bonaparte sent the telegram to Assistant Secretary Edwards of that department. Mr. Edwards telegraphed to the superintendent of construction at Macon directing him to provide a burial for the dead man at public expense, and yesterday received the following reply: "I send herewith bill for interment of the man who was murdered in the building in my charge, under authority of your telegram of the 12th instant."

#### REJECT PLACES ON THE COTON EXCHANGE TICKET.

(By Leased Wire to The Times.) New York, May 23.—Henry Schaffer and Andrew N. Selter, who were among those nominated for managers on the official ticket of the Cotton Exchange last Monday, have declined the nomination for personal and business reasons. Both said their refusal had nothing to do with the policy of the exchange, which has their early approval. It was remembered today that an opposition ticket would be placed in the field by those who were opposed to the present policy of the exchange, but no one could be found to confirm this report.

#### FAIRBANK'S SON AS A SUCCESSFUL PROSPECTOR.

(By Leased Wire to The Times.) Reno, Nev., May 23.—R. W. Fairbanks, son of the vice president, is now in Reno after an extended prospecting trip through Nevada. He has been in company with Bren Smith, a mining engineer, who has large holdings in almost every district in the state. The vice president's son brought back with him some specimens of gold and silver ore, the best of which came from Wonder Camp, where he and Smith located several claims. The best of these has been named "The Fairbanks."

#### DISTURBED THE CONGREGATION WHO DISTURBED THE CONGREGATION.

The person who disturbed the congregation last Sunday by continually coughing is requested to buy a bottle of Foley's Honey and Tar.—O. G. King.

#### WAR ON THE SHODDY BALING OF COTTON.

(By Leased Wire to The Times.) New York, May 23.—At the meeting of the National Protection Association in the engineering society's building, 29 West Thirty-ninth street, one report submitted says: "Our cotton bale is a disgrace to American commerce, and it is impossible to estimate the millions of dollars annually thrown away by unnecessary fire losses, insurance, freight charges, waste, labor in manufacturing and inferior cloth as results of the poor manipulation of raw material before it reaches the mill." The Hoboken dock fire of 1900 and the Staten Island cotton store fires of June, 1906, were cited as examples of disastrous fires caused by carelessly made cotton bales.

#### DECISIONS FILED BY SUPREME COURT

The following opinions were handed down by the supreme court late yesterday afternoon: Winters vs. Hill, from Duplin; no error. Worth vs. Wrenn, from Surry; new trial. Cathcart vs. Insurance Co., from Mecklenburg; error. Sikes vs. Insurance Co., from Mecklenburg; reversed. Furniture Co. vs. Express Co., from Caldwell; reversed. Thornton vs. McNeely, from McDowell; affirmed. State vs. Addington, from Buncombe; modified. Lancy vs. Mackey, from Buncombe; no error. Fisher vs. Owen, from Transylvania; affirmed. Odell vs. House, from Madison; new trial. Brown vs. Railroad, from Buncombe; no error. Duckworth vs. Duckworth, from Transylvania; reversed. Smathers vs. Sprouse, from Buncombe; affirmed. State vs. Rucker, appeal withdrawn. Wilson's will case dismissed for failure to file brief and bond. In re Propst, from Burke; affirmed. Overcash vs. Power Co., from Mecklenburg; no error.

## Get Into a New Summer Suit!

Copyright 1907 SCLOSS BROS. Fine Clothes Makers Baltimore and New York

And enjoy the comforts that only light-weight apparel can give this summer wear. There's going to be a longer siege of hot weather and you had just as well provide for it now.

### A HUGE COLLECTION OF HIGH-CLASS GARMENTS

Comprise our new light-weight stock; and this season we made the effort of our lives to obtain for our patrons the very best tailored apparel it is possible for America's most skilled labor to devise. Unusually reasonable prices are a feature of our new stock.

## CROSS & LINEHAN COMPANY

### WATER PLANT SEIZED BY MAYOR OF SALEM

(By Leased Wire to The Times.) Salem, O., May 23.—Personally leading the police and fire departments yesterday afternoon, Mayor Carlisle took forcible possession of the Salem waterworks, after the water had been shut off for twenty hours and started the plant in operation. Without warning the company had drawn its fires and shut down the plant.

The water company's franchise acquired in March and the failure to secure at highly increased rates caused the company to try coercion.

The water was shut off an hour before the council meeting, at which Superintendent A. R. Dow submitted a franchise incorporating a big advance in rates. City Solicitor Smith yesterday morning secured from Judge Roberts at Lisbon a mandatory injunction, ordering the company to resume service until such time as the council can deliberate and act on the franchise. A ten-mile cross-country run in an automobile brought the deputy sheriff here to serve the court's order and within an hour the mayor had taken possession of the plant. The company acceded to the court's order.

### Grand Opening Magnificent Oriental Goods

We have arranged for a wonderfully interesting and decidedly attractive display of ORIENTAL TABLE COVERS ORIENTAL PILLOW TOPS ORIENTAL TAPESTRIES ORIENTAL SILK SHAWLS ORIENTAL SWISS EMBROIDERED SHIRT WAIST PATTERNS

This unusual exhibit should be seen by every lady in reach of our store.

THE EXHIBIT IS FOR ONLY A FEW DAYS.

WEATHERS & PERRY, ART GOODS, FINE CHINA WARE, ETC.

THE BEST LAUNDRY.

Look well to the saving habit of your boys and girls. This is the season for graduation.

No better plan could be devised than for parents and friends to present the graduate with a savings account, thereby instilling in their minds habits of thrift and economy and laying the foundations of their prosperity and success.

### Mechanics Saving Bank

WRIGHT'S CAFE AND LUNCH COUNTER. ACADEMY MUSIC BUILDING. OPEN ALL NIGHT. Meals and Lunches All Hours. Clean and Inviting. COURTEOUS ATTENTION.

### OAK CITY STEAM LAUNDRY

H. P. S. KELLER, ARCHITECT, RALEIGH, N. C.

#### MR. ED S. ABELL ON CANDIDACY OF MR. HORNE.

Mr. Ed S. Abell, of Smithfield, was in the city this morning on his return home from Lillington. Mr. Abell says the candidacy of Mr. Ashley Horne for governor is being well received throughout the state. The friends of this gentleman are with him and expect to land the nomination.

"Mr. Horne," said Mr. Abell today, "is a progressive business man, is square, has no hobby, and rides no particular horse. He is not going to make his own platform, but will abide by the platform of the democratic party. The friends of this man are not going to remain idle, but are going to move things for him. Mr. Horne is one of the strongest and best known men in the state, and will be nominated by the democratic convention."

#### Don't Pay Alimony

to be divorced from your appendix. There will be no occasion for it if you keep the bowels regular with Dr. King's New Life Pills. Their action is so gentle that the appendix never has cause to make the least complaint. Guaranteed by all druggists. 5c. Try them.

AT ALL SODA FOUNTAINS

## INSIST!!!

When you step up to a fountain or into a place where bottled drinks are sold tell the man you want Coca-Cola. Close your ears to the "just as good" argument because there is nothing just as good as Coca-Cola. INSIST. You have asked for Coca-Cola because you are convinced that

# Coca-Cola

is what you want—don't let a smooth-tongued salesman rule your judgement. If the man insists go to a place where they give their customers what they ask for. Imitations are made to deceive you, not to please you.

THE REASON—Coca-Cola not only quenches thirst and pleases the palate but it relieves fatigue, and is the only beverage that has vim and go to it.
