

TODAY'S COURT PROCEEDINGS

Few Cases are Being Disposed Of

A HORSE CASE ON

Hannibal Tabun for Disposing of Mortgaged Property Facing the Jury—The Property Was a Rather Ancient Horse—Cases Heard Today—More Fans in Court Room.

When court resumed this morning the case of Jerry Dunn for the larceny of a couple of hams was taken up and submitted to the jury. A verdict was rendered of guilty, but Judge Long reserved sentence.

For a time the court was re-arranging disposing of cases.

Robert Dawkins, colored, pleaded guilty to larceny and receiving, and was given eight months on the county roads.

Joseph Trice, colored, for larceny and housebreaking, was sentenced to four years on the roads in one case and judgment was suspended on condition of good behavior in the other.

Charles Robertson, Sr., and Charles Robertson, Jr., colored, pleaded guilty to forcible trespass. Judgment was suspended upon payment of costs and promise of good behavior.

Love Goodson, colored, pleaded guilty to carrying a concealed weapon and was fined \$15 and costs.

John Thornton, colored, for disposing of mortgaged property, pleaded guilty and judgment was suspended upon payment of costs.

Hannibal and His Horse.

The next case up was the State against Hannibal Tabun, colored, for disposing of mortgaged property. Messrs. Argo & Shaffer and W. J. Peel represent Hannibal, while Solicitor Jones appears for the state.

Hannibal, it seems, bought a horse from M. N. Perry last October, giving a mortgage on the horse and a mink as security. Last March the negro sold the horse and Mr. Perry had a warrant issued for Hannibal for disposing of mortgaged property.

In the meantime Mr. Perry had disposed of the mortgage to Mr. R. F. Montague, and much time was consumed this morning over the question whether the state had a right to prosecute the old negro on behalf of Mr. Perry, who no longer owned the mortgage. The case was not thrown out of court, but this point, the judge said, would be explained when the

cases this afternoon.

When court convened shortly after 2 o'clock this afternoon the case of W. E. Pool, for assault on W. E. Smith at Auburn, was taken up. There are a number of witnesses in this case, and it will hardly be finished before 4 o'clock.

Everett Spence, who has been in jail since last September, will be tried this afternoon for the murder

of Walter Chavis, a negro, in east Raleigh. The case will not come up until late and will be confined to two days.

Rowden Black Case Monday.

The trial of Rowden Black, charged with the murder of Marshall Rowland at Willow Springs early in the year, was begun late yesterday afternoon. His case is set for Monday at 2:30. A special venire of 75 men was ordered summoned.

PLANS TO CHOOSE MAYOR FOR FRISCO

(By Leased Wire to The Times.) San Francisco, Cal., July 10.—District Attorney William H. Landan late last night made public the plans of the graft prosecution to secure a permanent mayor to fill the unexpired term of Eugene E. Schmitz. Following the appointment yesterday of Supervisor Charles Boxton as mayor to succeed Schmitz the district attorney last night issued a letter to representative organizations and labor organizations of the city, in which he asked their cooperation, explaining that Boxton was appointed merely to avoid temporary complications in the interim before a permanent election of mayor could be made.

He then declared that the graft prosecution, realizing that a selection of mayor to fill the unexpired term should be made as representative a body of the people as possible, invited the organizations addressed to send thirty delegates to a convention to be held between July 13 and July 18 to choose a mayor. Fifteen of the delegates are to come from the two labor bodies and other fifteen from the five commercial organizations.

Consul H. A. Conant writes that Windsor, Ontario, has been granted the privilege, through act, to offer bonuses as an inducement for manufacturing concerns to locate in that city. The bonuses consist of free water and light and exemption from taxation for a period of ten years.

TRUE BILLS AGAINST THE A. T. & S. F. RAILROAD.

(By Leased Wire to The Times.) Chicago, July 10.—True bills were voted yesterday afternoon by the grand jury in the Atchison, Topeka & Santa Fe Railroad rebating case. The identity of those indicted will be disclosed this afternoon in the report to be made by the inspectors regarding their labors under the guidance of District Attorney Sims and his assistants.

The Santa Fe rebate case is based upon the railroad's relations with the United States Sugar and Land Company, of Garden City, Kan. In building its plant, the sugar refining concern is said to have made a contract under which the railway corporation agreed to rebate \$35,000 on a \$100,000 freight bill. Of this \$35,000, \$12,000 was paid before Uncle Sam heard of the agreement.

Long Live the King!

is the popular cry throughout European countries; while in America, the cry of the present day is "Long live Dr. King's New Discovery, King of Throat and Lung Remedies!" of which Mrs. Julia Ryder Paine, Truro, Mass., says: "It never fails to give immediate relief and to quickly cure a cough or cold." Mrs. Paine's opinion is shared by a majority of the inhabitants of this country. New Discovery cures weak lungs and sore throats after all other remedies have failed; and for coughs and colds it's the only sure cure. Guaranteed by all druggists. 50c. and \$1.00. Trial bottle free.

COMMISSION BUSY WITH ASSESSMENTS

The State Corporation Commission today began its work of assessment for taxes on the various railroads, telephone, telegraph and steamship companies, power plants, canal companies and other corporations throughout North Carolina. The placing of assessments will consume several weeks, as there is a vast number of companies to be considered.

NATIONAL BISCUIT COMPANY

case goes to the jury.

Mr. Perry was the first witness in this case. Colonel Argo asked him all about the horse. If it had any eyes, if it could walk, if it had any ears, if it could hear, if it had any legs, if it could run, if it had any teeth, if it could bite, if it had any horns, if it could charge, if it had any hoofs, if it could kick, if it had any tail, if it could wag, if it had any ears, if it could hear, if it had any legs, if it could run, if it had any teeth, if it could bite, if it had any horns, if it could charge, if it had any hoofs, if it could kick, if it had any tail, if it could wag.

Colonel Argo asked Mr. Perry a lot more about the horse. The animal, by the way, has changed hands quite often. It sold for \$100 when Hannibal got it. Hannibal disposed of the horse for \$200. Mr. Perry bought it again for a few dollars. Colonel Argo said \$2.50—and resold it for \$55. The man that owns the old plug, as Colonel Argo designated the animal, wouldn't take \$75 for it now. The horse's age could not be got at, but it was suggested that it was over 21 years old.

Hannibal was let off this afternoon upon payment of \$15 to Mr. Perry and payment of the costs in the case.

The heat in the bar is not bad today, for three large fans and a small brass fan are kept moving rapidly. A few of the officers and jurymen have left their coats, but the room is rather pleasant.

When court convened shortly after 2 o'clock this afternoon the case of W. E. Pool, for assault on W. E. Smith at Auburn, was taken up. There are a number of witnesses in this case, and it will hardly be finished before 4 o'clock.

Everett Spence, who has been in jail since last September, will be tried this afternoon for the murder of Walter Chavis, a negro, in east Raleigh. The case will not come up until late and will be confined to two days.

EXAMINATION THURSDAY

For Teacher's Certificate and Entering A. & M. College

To Be Conducted by Superintendent Judd at Centennial School Beginning Promptly at 9 O'Clock—Examination for High School Certificates July 25th.

The superintendent of education in each county of the state will conduct examinations tomorrow of applicants for positions as teachers in the public schools. The issuance of five-year teachers' certificates is in the hands of the state board of examiners, who will announce the successful candidates after tomorrow's examinations.

All applicants for five-year state certificates are required by law to file with their applications a statement from the superintendent of the county in which the applicant last taught, that the applicant holds a first grade certificate and has taught successfully for at least one year. The examination for these certificates will cover all subjects named in section 1087 of the public law.

The Wake county applicants will be examined by Superintendent Z. V. Judd at the Centennial School building at the foot of Fayetteville street, tomorrow morning at 9 o'clock. All applicants are expected to report promptly at the hour named, and if possible, should be present by 8:30. The examinations will be closed at 6 p. m.

Examinations for entrance to the freshman class of the A. and M. College will be given at the same time and place as the teachers' examinations.

The examinations for high-school certificates will be held on July 25th.

NATIONAL TARGET SHOOT

North Carolina National Will be Represented

To Take Place at Camp Perry, Ohio, August 28th—Governor Has Authorized Adjutant General to Have a Team Selected.

Governor R. B. Glenn has authorized Adjutant-General T. R. Robertson to have selected a team to represent the North Carolina national guard at the National Target Shoot, which will take place at Camp Perry, Ohio, during the week beginning August 28.

The team will be composed of 12 snooters and three supernumeraries, with three officers and two range officers attached. Each of the three North Carolina regiments will be equally represented on the team, in both enlisted men and officers.

Selections will be made during the encampment of the First Regiment at Morehead, August 9th to 13th. The most expert target shooters enlisted in the national guard will be present, and the handsome medals offered will afford special inducements for the display of skill in handling the deadly Kraag-Jorgenson.

General Robertson will confer with captains of the various military companies in the state, and the best men available will be detailed for the shooting team.

SMALL IS AWAITING McNEILL'S ARRIVAL.

San Francisco, Cal., July 10.—Early today President S. J. Small of the telegraphers' union decided not to go to Chicago at once as anticipated. Late last night President Small received an urgent request from General Secretary and Treasurer Russell, at Chicago, that he remain in Oakland until Labor Commissioner Neill arrives Friday morning. Although Mr. Small had already secured transportation over the Southern Pacific and Chicago & Milwaukee to Chicago, and had called a special meeting in Chicago Sunday, he decided to await the arrival of Mr. Neill and give Mr. Neill and Mr. Clowry a chance to demonstrate to the public that the agreement entered into between them on behalf of the telegraphers that all disputed differences should be submitted to arbitration was sincere.

Mr. Small said: "I fear the effect of countermanding my request for a special meeting next Sunday in Chicago, but 'I am sure my friends in Chicago will leave it to me to say when all honorable means have been exhausted."

With Miss Durham.

Miss Ellen Durham entertained a few friends last night at the home of her mother on Hillsboro road. Those present were: Misses Ellen Durham, Fannie Hines Johnson, Helen Moring, Annie Peyton, of Washington, D. C.; Madalene White, of Graham; Alice Huck, of Washington; Messrs. Charles E. Johnson, Jr., Baxter Durham, Wright Dixon, C. A. Abernethy, Walter Durham, and James Allison.

We take contracts for interior decoration of churches and public buildings, either frescoing, fresco-painting or any of the several modern forms for beautifying walls and ceilings. We keep pace with the latest innovations in this line, and are able to tell you what will prove most practical for the particular purpose you have in view. It is always a pleasure to go over plans with those having any proposed improvements in charge and to submit estimates.

HUNTER & DREWRY,
State Agents,
RALEIGH, N. C.

Bad laundry work brings premature old age to your garments. The use of strong chemicals soon takes the life out of the weave, and careless handling through poor machinery completes the wreck. This sort of thing does not go at our laundry. The water we use is naturally pure and contains no injurious substance of any kind. Our appliances are of the most modern type and are handled by skilled work people. The added life we give to your linen will go a long way toward paying your laundry bills.

239 Fayetteville Street.

From Cherry-Blossom Land.

It is a proverb of Cherry Blossom Land that a healthy stomach is the basis of all strength. Good nature is also recognized as of great importance. The Japanese are a people remarkable for their health, endurance, patience and skill. They have a system of physical training which is universally used. It is called Judo Jitsu, and by this they regulate diet, bathing, clothing, breathing, muscular development and boxing.

They have a philosophy that good humor is followed by good health. They try to banish worries, and believe that a cheerful view of life is a good foundation for strength. Such philosophy could well be adopted by our American people. We are apt to be too serious.

They have many sayings in Japan similar to our own. One is that "a woman is as old as she looks," but a Japanese woman's face is usually as unmarked as a baby's. Although the Japanese women do not usually have the well developed features of our American women, what is it that makes our American women often pale, sallow faced, with dark circles under the eyes, and very often die at forty-five when they should be in their prime?

In more southern climates like Japan the women live closer to nature—they live simple, homely lives and do not worry because they cannot dress as extravagantly as their neighbors. They eat wholesome food and do not practice high living. To keep young a woman must keep healthy and strong. When she is run down with the pains and ills which come periodically among our women-kind, she adds years to her looks, wrinkles develop, and the woman really suffers untold agony. There is no real need for this if she will practice right living, recognize her bodily needs, practice hygiene—all of which knowledge she can obtain from some reliable medical book like Dr. Pierce's Common Sense Medical Adviser, which can be had by sending him thirty-one cents for the cloth bound volume, or twenty-one cents for the paper bound. Dr. R. V. Pierce, who is the founder and medical director of the "Invaluable" Hotel and Surgical Institute, at Buffalo, New York, says, "There is no reason why women should suffer if they will take the proper means to cure those irregularities which lead them to a miserable existence."

Women suffer in girlhood from backache, spine-ache and headaches, followed by irregularities, painful or disagreeable, and as a result diseases of the womanly organs are more common than any one but a physician in active practice could suppose. It is often the result of days of girlhood passed in overcrowded public schools, or worse, in a

Women, such as Dr. R. V. Pierce, of Buffalo, N. Y. The young wife desiring the advice of a physician is deterred therefrom by bashfulness, and so are many younger women, single women, and we should advise these to write at once to Dr. Pierce, who will return their correspondence as strictly confidential, and give them an intelligent medical opinion without cost.

After long experience in the treatment of womanly diseases, Dr. Pierce evolved a vegetable tonic and corrective which he called Dr. Pierce's Favorite Prescription. This is a purely vegetable preparation, without a particle of alcohol contained in it.

Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors and makers of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 in legal money of the United States for any case of Leucorrhoea, Female Weakness, or Falling of the Womb, which they cannot cure. All they ask is a fair and reasonable trial of their means of cure.
