FIGHTS FOR OFFICES

The Antlered Hosts are Now Getting Busy

The Battle of Western Cities to Secure the Next Convention of the Elks is Assuming Large Proportions and Growing in Fierceness.

(By Leased Wire to The Times.) Philadelphia, Pa., July 12.—Fights for offices in the grand lodge of Elks and the battle of western cities to secure the next convention are now on in earnest. Emis-saries of Samuel H. Needs, of Cleveland; John J. Tener, of Charleroi, Pa.; and James Fort, of Camden, are working from early in the morning until late at night trying to line up the Philadelphia delegates for votes for Grand Exalted Ruler.

One of the representatives of Tener says that he is sure that the Charleroi man will be elected. Both Needs and Fort, however, are determined to fight to the end.

Nominations for grand exalted ruler, for grand secretary, grand treasurer and the five grand trustees will be in order as soon as the convention convenes on Tuesday morning.

It has been announced that Fred Robinson of Dubuque, Iowa, the present grand secretary, will have no opposition and will be re-elected. He gets a salary of \$5,000 a year. Edward Leech, of New York, will battle against John Wagner, of Kansas for the office of grand treasurer. As soon as the nominations are closed the election will take place and when that is over the convention will proceed to the selection of

GROWING CHILDREN

The Period When the Nervous Activity is at its Greatest.

A medical journal says: "Against the practice of living tea and coffee to children, we cannot speak too strongly.

Childhood is the period when the nervous activity is at its greatest. The brain is ever busy receiving new impressions.

Reflex action, co-ordination of muscles, and the special senses are all under a special course of training. The nervous system is pushed to its utmost capacity, and long is the list of victims that follow its over-stimulation. In these little people, nothing but harm can come from the use of such articles as tea or coffee.

Bad, then, as this practice is, let us as physicians be aggressive in its prohibition. Do not be satisfied by answering "No," when asked as to its use, but let us teach the families with whom we come in contact, that such practice is evil. We speak emphatically, because not only among the poor and uneducated, but among the rich, who should know better, this practice is marvelously prevalent."

A man who tried Postum Food Coffee, said that it might be solid nourishment, but he didn't like its taste. He had not discovered the secret of making delicious Postum. After boiling commences, allow it to boil full 15 minutes. Not simply to put it on the stove for 15 minutes, but count the fifteen minutes after boiling commences. That brings out the food value and the delicious flavour. It certainly does make the children bright and healthy, and has proven a Godsend to many an adult whose daily alls were not understood until Postum was used in place of Coffee. "There's a Reason." Postum properly made has a coffee taste similar to the mild, high grade Javas. Read the little health classic, "The Road to Wellville," in 10 pkgs.

Railroads Wanting Convicts Must Show Sincerity

Council of State Asks for Positive Guarantee that the Roads Proposed in North Carolina Will Really be Built.

Governor Glenn sent letters yesterday afternoon to heads of the four railroads which under an enactment of the last general assembly are seeking to obtain convicts for working their proposed roads.

Representatives of the roads in question appeared before the council of state last Tuesday. The four railroads are: The Rockingham and Caswell, the Matamuskeet of Hyde county, the Elkin and Alleghany in western North Carolina and the South Atlantic and Transcontinental, the last a proposition of enormous extent with fifty miles of its track in this state.

The determination of the council of state, as expressed in Governor Glenn's letter of yesterday, may be seen from the following letter: "The general assembly at its last session granted to your railroad a certain number of convicts to be furnished by the state—the state to guard, maintain, furnish equipment, tools and materials for these convicts. Said convicts, however, were not to be furnished until satisfactory evidence had been presented to the governor, that the roads contemplated would be built and that stock could be issued with which to pay for said convicts. The legislature made no provision whatever for the necessary funds to maintain the convict camps, but being the executive department, and wishing to carry out the will of the legislature, we have tried to make arrangements to obtain the money for the guarding and maintenance of the convicts, on the condition that you furnish all material, implements, vehicles, teams, explosives, and everything else necessary.

Rowland Case is Continued

(Continued from First Page.)

Order in Regard to Depositions. The court then made the following order in regard to the depositions:

"This cause being heard at this term by Hon. B. F. Long, presiding upon exceptions to the rulings of the clerk in passing on certain depositions taken in Tennessee and Virginia for use by the defendants, the motion of the state to quash said depositions and notices and for examining witnesses as to character at Memphis who were not named in the commission is overruled; and it appearing that the solicitor had ten days' notice and that defendants were in custody held by comers' inquest and verdict held by commitments were issued and that the solicitor was present by a representative and cross-examined said witness, the court upon said findings doth pass upon and allow said defendants to read in evidence, subject to any legal objections to the relevancy or competency of the evidence in the depositions as the same may appear on the face thereof.

"The court having continued the case to the September term, 1907, the state withdraws objections to the regularity of the depositions—reserving right to exceptions to competency and in competency as set out in court's order."

A Good Show at the Academy.

The motion pictures at the Academy are simply immense. They are the best ever shown here—and the price—it is really too small, being only 5 cents, to mention. There was almost a full house from the time of opening yesterday afternoon until the close at 10:30.

There is a change of program today, the new films being "The Poachers," "The Lost Witch," "Under the Sea," and two illustrated songs, "Bell of the Ball," "The Moon Has His Eyes on You." Fifty minutes for 5 cents.

FUNERAL SERVICES OF ALBERT C. LEHMAN.

The funeral services of the late A. C. Lehman, who died suddenly yesterday at one o'clock, will be conducted at 5:30 this afternoon from the Church of the Good Shepherd, of which Mr. Lehman was a member.

The interment will be in Oakwood cemetery, and the active pall-bearers will be Messrs. J. B. Hill, E. E. Broughton, C. B. Barbee, W. C. Norris, Allen Upchurch, F. T. Ward, Hugh Morson and W. J. Andrews.

The Pied Bull Inn, at Irlington, is said to have been the first house in England at which tobacco was smoked.

SHORT TALKS BY L. T. COOPER.

SLEEPLESSNESS.

Do you know what makes people lay awake and toss and rool about at night? Doctors tell you there are various causes. I tell you it's stomach trouble. I know it because I've seen thousands of cases and watched them.

A stomach that is overcrowded with undigested, decaying food matter effects every organ of the human body. It causes nervousness, headaches, constipation, impure blood, poor circulation and dulls the mind. It makes one restless and uneasy. When your stomach is working right and you feel right, you sleep well and you eat well.

People come to me day after day and tell me they can't rest after eating. They have a dull headache. At night they go to bed simply because they are exhausted. They catch a few cat naps and get up in the morning feeling as worn out as they did before.

I have recommended Cooper's New Discovery, a regular diet, regular habits and invariably these same people come to me afterwards and tell me they feel much better because they eat well and sleep well.

Here is a sample: A letter I received from Mrs. George Weisel, 1121 Providence Road, Scranton, Pa., says: "I suffered for three years from stomach trouble, inactive liver and rheumatism. Everything I ate disagreed with me and I lay awake night after night. I had no pleasure in life and could scarcely do my work about the house. I heard from a neighbor of Cooper's New Discovery and bought two bottles of it. It helped me right away. Now I have a good appetite and never suffer from indigestion. I sleep well and awake refreshed. I want to thank you from the bottom of my heart for what this medicine has done for me."

The Cooper medicines have a larger sale than any medicine on the market. Our customers speak highly of them.
