### WEATHER FORECAST.

Washington, D. C., July 16,-Fore-cast for North Carolina for tonight and Wednesday: Partly cloudy, occasional showers towinds, mostly southwesterly.

The atmospheric pressure is night in the Northwest and the Southeast. and an extensive area of low pressure lies between these two highs, reaching from the Lakes to the Southwest with its center over Kansas. During the past 24 hours rain has fallen along the Lakes and in the Missouri valley but was in most cases very light. In the cotton belt the weather is cloudy in the eastern palf and clear in the western half. The temperatures are seasonable and yesterday the maximum temperatures averaged about 90 degrees The conditions indicate partly cloudy weather, with occasional

showers tonight or Wednesday.

#### SAMPLES OF MILK AND WHAT THEY HAVE SHOWN.

Samples of milk collected on July 2th show the milk, after analysis, to be as follows: Samples from Raleigh Creamery, C. E. Horton and Frank Brooks show an excess of bacteria. Samples from S. R. Seymore. M. E. Starling, W. T. Oaks, John Bradshaw and G. F. Kennedy show the milk to be in good condition and to have come up to the standard required by the milk board.
