THE WEATHER.

Washington, Aug. 3.—Forecast for North Carolina for 24 hours to 8 p. m. Sunday: Fair tonight and Sunday; cooler tonight on the coast.

The weather is unsettled over the greater portion of the country this morning. Showers have been quite general over the country as a whole, except in the western Gulf and Pacific coast states. The rainfall was light, however, as a rule. Temperatures have changed very slightly during the past 24 hours.

The conditions indicate fair weather for this vicinity tonight and Sunday.

The Limit of Life.
The most eminent medical scientists are unanimous in the conclusion that the generally accepted limitation of human life is many years below that attainment possible with the advanced knowledge of which the race is now possessed. The critical period, that determines its duration, seems to be between 50 and 60; the proper care of the body during this decade cannot be too strongly urged; carelessness then being fatal to longevity. Nature's best helper after 50 is Electric Bitters, the scientific tonic medicine that revitalizes every organ of the body. Guaranteed by all druggists, 50c.

FOR A NEW HIGH SCHOOL TO VOTE ON PROHIBITION.

(Special to The Evening Times.) Asheville, N. C., Aug. 3.—The Asheville firemen to the number of twenty-five left here this afternoon for Wilmington to participate in the annual state firemen's tournament and convention. The hook-and-ladder and hose wagons, with four horses and drivers, left last night for Wilmington.

The school committee of Asheville has contracted for the purchase of the old Asheville Female College property, belonging to Bishop Atkins. The school authorities propose to convert the property into a high school and expend an additional \$10,000 on improvements.

The temperance people of Asheville have completed their canvass for signatures calling for an election on prohibition, and it was stated today that the petition would be presented to the city council next week. The temperance people declare that they have a majority of the registered vote. The election will probably be called early in the fall, and a hot campaign is promised.

CITY MERCHANTS MEET

Endorse Governor Glenn in His Fight

Adopt Resolution to Have Printed in Book Form Ratings of Every Citizen of Raleigh.

At a meeting of the Merchants' Association last night a resolution ordering the publication in book form of the credit ratings was adopted. A copy of this book, which will show the rating of every citizen in Raleigh, will be placed in the hands of each member of the association. The rating will be revised from time to time. Resolutions endorsing Governor Glenn in his recent rate fight were adopted as follows:

"We, the Raleigh Merchants' Association, in regular session assembled, do heartily endorse the action of Robert Broadnax Glenn, governor of the state of North Carolina, for his determined stand against the encroachment of federal authority upon the statutes of North Carolina.

"That, whereas, the action of the Southern and Atlantic Coast Line Railways, were, in our opinion, arbitrary and in defiance of the authority of state rights, we commend the work of our governor in his determined stand for the people of this commonwealth, as against the position taken by the said railroad companies in fighting their contentions out in the federal courts rather than in the state courts.

"That we most heartily appreciate his action in assisting the North Carolina Retail Merchants' Association in their efforts to prevent unjust discriminations in the matter of freight rates now enforced in North Carolina and that we pledge our loyal support to him in his undertaking.

"That a copy of these resolutions be sent to Governor Glenn and published in our official organ, the Merchants' Journal and Commerce.

CRYING FOR HELP.

Lots of it in Raleigh but Daily Growing Less.

The kidneys cry for help. Not an organ in the whole body is so delicately constructed. Not one so important to health.

The kidneys are the filters of the blood.

When they fail the blood becomes foul and poisonous. There can be no health where there is poisoned blood.

Backache is one of the first indications of kidney trouble.

It is the kidneys' cry for help. Heed it.

Doan's Kidney Pills are what is wanted. Are just what overworked kidneys need.

They strengthen and invigorate the kidneys; help them to do their work; never fail to cure any case of kidney disease.

Read the proof from a Raleigh citizen.

J. H. Crawford, dentist, of 116 Fayetteville St., Raleigh, N. C., says: "I suffered from pain in my back almost continuously until I learned of Doan's Kidney Pills and procured them at Hobbitt-Wynne Drug Co.'s store. They relieved it entirely, and you can say for me that I consider them a good remedy, and from the great benefit I received I am glad to let others know about them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

CELEBRATION A SUCCESS. END OF PAINTERS' STRIKE.

(Special to The Evening Times.) Salisbury, N. C., Aug. 3. In the civic day celebration yesterday there was made a great financial hit. The Confederate monument is \$400 better off today.

The officers have not been able to find a trace of the unknown white tramp who murdered Robert Owens Wednesday evening at the post house in the country, two miles from Salisbury. He is described as about 35 years old and of swarthy complexion. The funeral over the remains of Owens was held this morning from Franklin Presbyterian Church in the country.

The painters' strike two weeks ago is settled, and the Southern's men at the shops returned to work this morning. The painters were made some concessions. They had asked for a three-cent raise, and were given, so it is said by those who know, half of this amount, and the other is to follow if arbitrators so decide.

VARDAMAN NOW LEADS WILLIAMS

(By Leased Wire to The Times.) Jackson, Miss., Aug. 3.—With the returns still incomplete, the senatorial race between Vardaman and Williams is very close. Vardaman is slightly in the lead, and, with the counties still to hear from, it is regarded as probable that this lead will be increased. Williams still claims his election by a narrow margin.

The Times' Ice Fund.

Through the columns of The Evening Times on last Thursday it was announced that this paper would receive any contributions sent this office to be turned over to the Associated Charities of this city and used as an ice fund for the poor and needy.

In many homes throughout the city are poor and sick people who are unable to purchase the necessary supplies for the sick room, and during this hot weather there are many in need of ice.

Already some have contributed to this fund and below is given a list of those who have given. The Evening Times will continue to receive these contributions.
