RALEIGH, N. C., SEPTEMBER 7, 1907.

PRICE 5c.

## FORAKER SHAKES HIS FIST AT WHITE HOUSE

Ohio Senator Makes a Passionate Speech at the State Fair

## WILL NOT TAKE ORDERS FROM MR. ROOSEVELT

If Ohio Republicans Want a Man in Washington Who Will Bow the Knee to the White House Occupant They Must Not Re-elect Him to the U. S. Senate—Instances the Fact That McKinley, When a Member of Congress, Fought President Hayes' Policies and Was Endorsed by People of Ohio and Then Made President—Will Be His Own Boss.

(By Leased Wire to The Times.)  
Columbus, O., Sept. 7.—Senator Foraker bid defiance by innuendo to the white house in a speech delivered to a great crowd on the state fair grounds here.

"Governor Harris was very generous when in introducing me he said he hoped I would succeed myself," said the senator, "and if I do I want to say to you that I will not change my position. I will be ready at any time to confront those who are assailing me and want to say that as long as I am in the senate I will do my own thinking. No human being can say I ever did his thinking for him and no one has a right to think for me.

"If you want somebody to take orders from somebody else don't send me back to Washington. I would rather be my own boss in Ohio than take orders in Washington. McKinley opposed Hayes, voted to pass bills vetoed by the president, was complimented for it and afterward made president."

## THE GRIZZLY AND THE BUSY BEE.

(By Leased Wire to The Times.)  
Los Angeles, Cal., Sept. 7.—An entire apiary in Matilla county, was destroyed by a great grizzly bear, which is now being hunted by a small army of ranchmen. The "varmint" smashed about forty beehives and, disregarding the swarming, angry bees, gorged himself with honey and departed. The grizzly has succeeded in eluding all pursuers thus far.

## INDICTED IN NEW YORK FOR REBATING

(By Leased Wire to The Times.)  
Jamestown, N. Y., Sept. 7.—As the result of an investigation begun before the federal grand jury in this city in July the jury has returned four indictments, one each against the Standard Oil Company, the New York Central Railroad, the Pennsylvania Railroad Company, and one against these two railroads jointly.

The indictment against the Standard Oil Company and those against the railway companies separately contain 128 counts each, and that against the railroads jointly contains 54 counts, all of them charging a violation of the interstate commerce law, either in accepting or granting rebates on oil shipment from Olean to points in Vermont. The law provides a penalty of \$20,000 for each

## MORAL CONDITIONS IN ZONE REMARKABLY GOOD

(By Leased Wire to The Times.)  
New York, Sept. 7.—Conditions in the canal zone from a moral standpoint are not nearly so bad as has been alleged says Rev. H. B. Bryan, canon of the cathedral of the Incarnation, Garden City, L. I., and deacon of Queens and Nassau, who was sent by the presiding bishop of the American church to investigate the condition and religious needs of the people of the Panama Canal zone. Mr. Bryan who has just returned from his mission says:

Former Rumors Contradicted.  
"Moral conditions in the zone are remarkably good. There is very little

provision violated or each count. The August jury returned similar indictments embracing other charges, against the same concerns with a total sufficient to have justified fines, in cases of conviction of more than \$18,000,000.

## INSURANCE COMPANIES FORFEIT LICENSE.

(By Leased Wire to The Times.)  
Atlanta, Ga., Sept. 7.—Failing to comply with the law requiring them to file semi-annual statements of their business and condition with the governor on December 1 and July 1, twenty-three fire, life, casualty, livestock, assessment, and co-operative insurance companies may forfeit their licenses to do business in Georgia.

The twenty-three companies at fault have so far failed to file the statements that should have been in the hands of the governor on July 1. Some claim their statement have been filed, but they are faulty in some of the requirements and hence are not acceptable to the state authorities.

## DEMENTED BOY KILLS FATHER

(By Leased Wire to The Times.)  
Gadsden, Ala., Sept. 7.—News has just been received of the killing of Alkester Lee, an aged resident of Marshall county, by his son Frank. His son is a demented boy and was supposed to be harmless. The tragedy occurred yesterday at the Lee home at Martling, a village ten miles out from Albertville.

The boy was not kept under restraint and became suddenly violent. He attacked his father, threw him into the road in front of the house, probably supposing her to be dead, and then went after the rest of the family. He chased them all from the house, and then locking his aged and infirm father in the room, he beat him to death with a club. The alarm was quickly spread and neighbors came to the family's assistance, and the maniac was overpowered, although it took five men to handle him. When help arrived he was still beating his victim, although life had long been extinct.

## J. G. SHAW OUT FOR CONGRESS

(Special to The Evening Times.)  
Fayetteville, N. C., Sept. 7.—The Fayetteville Observer will say this afternoon that Ex-Congressman J. G. Shaw announces that he will be a candidate for congress in this district (the sixth) to succeed H. L. Godwin, who is now serving his first term.

## RICH MAN DIED IN THE STEERAGE.

(By Leased Wire to The Times.)  
New York, Sept. 7.—Although he was worth hundreds of thousands of dollars Andrew Ericsson, who resided at 556 Atlantic avenue, Brooklyn, and was head of the Swedish society of that city, died in the steerage of the American line steamship St. Louis, which arrived here today. Mr. Ericsson, with his wife, took passage in the steerage because they could not obtain first class passage. Mr. Ericsson knew that he had but a week to live at the most, and wanted to return to America, his adopted country, to die.

## A "NOT GUILTY" DAY AT FRISCO

Mayor Schmitz Acquitted of 24 Charges

## BUT RUEF CAN'T SMILE

The Convict Mayor, Who Has Been Kicked Out of Office and Jailed On Former Conviction, Wore a Perpetual Grin in Court and Shook Hands With All in Court-room—Ruef Perspired Nervous Drops—End of Trial of Grafters in Trolley and Gas Cases.

(By Leased Wire to The Times.)  
San Francisco, Sept. 7.—It was "not guilty" day in Judge Lawlor's court yesterday. Altogether just 156 not guilty verdicts were returned by ten separate men indicted in connection with the trolley and gas bribes, the number of responses ranging all the way from two in the case of Louis Glass to 24 apiece for Eugene E. Schmitz and Abraham Ruef.

Despite the formidable array of indictments that threatened the personal liberty of each and all of the indicted present, the situation was not as solemn as a layman might suppose. Before the bombardment commenced Eugene E. Schmitz shook hands cordially all around with Cal King, Karl Rogers and others present.

Abe Ruef, of all these men of wealth, social standing and commercial influence, was least at ease. Perhaps something of the very innermost altar within the temple of his faith (for the hearing was held beneath the lofty dome of Temple Sherith Israel), to answer other charges of crime, may have been what sent the moist perspiration starting to his forehead (time after time. He had no answering smile for those who smiled at him.

The pleas were entered by all of the men indicted in connection with the trolley and gas bribes after all preliminary objections and legal technicalities to hinder the trials had been swept aside.

## TO TRY STEVE ADAMS NEXT WEEK—PROBABLY.

(By Leased Wire to The Times.)  
Wallace, Idaho, Sept. 7.—The trial of Steve Adams for the murder of Fred Taylor will probably begin this coming week. Clarence Darrow, accompanied by Charles H. Moyer, president of the Western Federation of Miners, is in town, preparing for Adams' defense. The last trial resulted in an evenly divided jury.

## SECLUSION FOR THE OLD MOTHER

(By Leased Wire to The Times.)  
New York, Sept. 7.—Mrs. Ferdinand Pinney Earle, millionaire widow of the general and mother of the eccentric Monroe artist, who discarded his wife and child that he might wed his newly discovered "soul's affinity," said today that her son's action and its attendant publicity would drive her into seclusion.

"The disgraceful way in which the family has been hounded," she said in her apartments in the Manhasset, "has made me determined to move away. I do not know yet where I will go, but it will be where no one will find me.

"I cannot stand this disgraceful thing. I am being hounded here. I want to get away where I can forget it all and where no one will know me."

Mrs. Earle did not speak as though she condemned her son's act, but rather than she lamented the publicity it had brought the family. She refused to say whether she approved her son putting his wife and child aside so that he could marry another woman, but it was quite evident from her manner that she disapproved of the interest the public took in her son's affairs.

## A \$30,000,000 SUIT IN COURT

A Penn. Company Is Bowed by the Trust

## TAKE SUGAR IN THEIR N

Action By Burst Company Against American Sugar Company Seeks Not Only Heavy Damages, But Would Put the Sugar Trust Out of Business—Allegations Are That It Is Operating in Defiance of the National Anti-Trust Law—Mr. Speckles' Deposition.

(By Leased Wire to The Times.)  
San Francisco, Sept. 7.—In a deposition today John D. Speckles was forced to testify that when Claus Speckles, his father, and himself ended their fight with the Havemeyer sugar trust a number of years ago the price of refined cane sugar advanced two cents.

Mr. Speckles' deposition was taken by Attorney J. W. Hutchinson, of New York, who is one of the attorneys for the Pennsylvania Sugar Refining Company, of Philadelphia. This company is in the hands of a receiver and the latter is suing Havemeyer's American Sugar Refining Company in the United States district court in the southern district of New York for \$30,000,000 in damages for having, by questionable methods, closed and wrecked it as a competitor. It also asks the court to declare the American Sugar Company illegal under the Sherman anti-trust law.

It is the contention of the lawyers for the Pennsylvania Sugar Company that the American Sugar Company (or the sugar trust, as it is commonly known), refines ninety per cent. of the cane sugar used in this country and where it cannot have a favorable working agreement with competitors it tries to close them up, and has often succeeded in doing so.

## ATHLETICS AT JIMTOWN TODAY

(By Leased Wire to The Times.)  
Norfolk, Va., Sept. 7.—The national championships of the Amateur Athletic Union at the Jamestown Exposition today will be one of the greatest events in athletics in America this year. In every event a bevy of champions will answer the call.

The sprints will see Kelly, Parsons, Huff, Keating, Cloughan, Taylor, Merriam, Seitz, Schaffer, and Sedley on the job. In the runs Sheppard, Bromilow, Pilgrim, Sheehan, Rodgers, Bonhag, Collins, Bellars, Bailey and Walther will be the contenders, while in the field events Ireland will have Leahy, the great broad jumper; Murray, a "23" broad jumper, against such Americans as O'Connell, Prinstein, Adams, Risley, Flanagan, Rose, Sheridan, Coe, Morgan, Plaw, and a score more.

Wonderful tales have reached the east about Kelly's great speed and naturally enough the easterners have all along doubted the Oregon boy's ability to do the records that have been credited to him. But now Kelly is here himself to demonstrate that he is the world's best and today's race should tell.

## RANSOMED CHILD IS RETURNED BY KIDNAPPERS.

(By Leased Wire to The Times.)  
New York, Sept. 7.—Four-year-old Louisa Fiorentino, who was kidnapped near her home some weeks ago, was found crying on the doorstep of her uncle's home in Orange, N. J., at daylight this morning.

The child said she had been kept in a darkened room by a man and woman, but where she could not tell. The father has received many demands for money for the child's release, threatening to kill her and send her body home.

The police believe the father finally paid a large sum to secure his child's release.

## AN EMERGENCY BANK CURRENCY

Amendment to the Banking Act is Proposed

## PLAN OF TREAS. TREAT

It Enables Banks to Issue Additional Notes Not to Exceed 50 Per Cent. of the Amount Such Banks Have Invested in United States Bonds, and to Be Secured By Bonds and Granted by the United States.

(By Leased Wire to The Times.)  
Pittsburg, Pa., Sept. 7.—Before the Pennsylvania Bankers' Association, in session here, Charles H. Treat, treasurer of the United States, submitted a plan for the issue of an emergency bank currency.

He said his plan "embraced an amendment to the present National Bank act permitting any national bank that has not less than 50 per cent. of its capital invested in United States bonds to take out emergency bank note currency to an extent not exceeding 50 per cent. of the amount invested in United States bonds.

These emergency notes are to be similar in form and design to the present national bank notes. The form which now reads 'this note is secured by United States bonds deposited with the treasurer of the United States' shall be changed to 'this note is secured by bonds and granted by the United States.'

"The issue shall be made on five, six and nine months, dating from August 1 or September 1, or any other date, according to the needs of the crop-moving period. The collateral or security for these emergency bank note issues shall be, if desired, in other than United States bonds which means that the issue shall be secured by state or municipal bonds, according to the standard of the states of New York and Massachusetts for savings bank investments.

"These securities are to be accepted at 50 per cent. of their market value; and the United States government is to guarantee the payment and redemption of all notes so issued at a charge of one per cent. The price at which state and municipal bonds are to be received (70 per cent. of the market rates) will safeguard the market price of the United States bonds, the investment in which must always be kept securely in view to protect the large investment now in them for banking and for the future supremacy of the security market. The acceptance of other than United States bonds makes the more easily obtainable for banking purposes. They can be easily secured from private individuals at a very moderate charge probably not exceeding one per cent.

"The matter of working out the details is of little moment if the principle is recognized.

The national government now has a monopoly of our currency. Therefore, it should not withhold from the people this inestimable service when good collateral, approved by bankers can be given for the currency furnished."

## WROTE HIMSELF DOWN A LIAR

(Special to The Evening Times.)  
Winston, N. C., Sept. 7.—Senator J. C. Buxton has withdrawn his libel suit and prosecution against the author of the slanderous story printed in the Danbury Reporter last month, after McAnally signed the following paper, in which he virtually acknowledges himself a liar:

"To the Public: I wrote an article signed 'David' which was published in the Danbury Reporter of August 22, 1907, in which I reflected upon the course of Mr. J. C. Buxton, senator from Forsyth county, in the legislature of 1907.

"I now desire, on my own accord, to publicly apologize to Senator Buxton for the language used by me in that communication and to retract every word in said article which in any way reflected upon him. I had no reason at the time I wrote the article to make the statement which I did, and I now admit that the charge was made without any foundation and that I had no reason to believe the charge to be true at the time I wrote the article.

"R. P. McANALLY.  
"September 6, 1907."

Mr. McAnally was arrested a week or more ago. He gave bond for his appearance before J. C. Bessent, justice of the peace. When the case was

## FRANCE DECIDES TO OCCUPY MAZAGAN

The Forceful Pacification of Morocco Agreed to by the Powers

## JOINT OCCUPATION OF CASA BLANCA & TANGIER

France and Spain Take Definite Steps to Bring to a Successful Issue the Campaign Which Up to This Time Has Accomplished Practically Nothing—An Agreement, With the Knowledge and Consent of Other Powers, Whereby the Important Points in Moroccan Territory is Divided Up Between Spain and France for Occupation.

(Special Cable to The Times.)

Paris, Sept. 7.—France is preparing to occupy Mazagan, Mogador, Safi and Rabat, and Spain is planning a like course for El Araish and Tetuan.

Casa Blanca and Tangier will be occupied jointly by France and Spain.

This action for the forceful pacification of Morocco, which is taken with the full knowledge and consent of all powers signatory to the Algeiras convention, the terms of which are now enlarged, has been repeatedly predicted by your correspondent and is merely a forerunner for what may yet come. The entire country will soon be controlled by French and Spanish, notwithstanding that inland expeditions which have been avoided thus far, will be required.

The nations look on this step with approval with the exception perhaps of Germany, who is somewhat concerned with what is referred to as the Egyptianization of Morocco. The decision to establish French and Spanish policemen in the ports because the Moors could not be relied upon to protect European interests is practically a military domination of the country according to the German idea and may, before the present trouble in Morocco is ended, lead to serious difficulties between Germany and the other nations.

No Nearer Peace Than at Start.  
After weeks of fighting the Moors are no nearer peace than they were at the beginning. The fighting tribesmen are still encamped before Casa Blanca, their numbers swelling every day. The crushing defeats administered by the French have not had the desired effect upon them and the latest advice state that they are again preparing for a concerted attack upon the city. Nothing will pacify the Moors in their present temper unless it is utter defeat. The fighting that is going on from day to day is merely a sacrifice of life, with nothing possible to be gained and it will be kept up indefinitely unless an agreement is reached or the Moors are driven and scattered to the mountains.

Heavy Expense of the Campaign.  
It is the interior campaign the French have been trying to avoid because of the tremendous expense immediately necessary and the great item of keeping the country in a quiet state after order has once been restored. The conditions now unsuccessfully coped with are not those of anarchy—they are of real war and the world does not seem to understand it. The heads of the

(Continued on Page Two.)

## ENTIRE TRAIN IN THE CREEK

Helena, Ga., Sept. 7.—One of the worst wrecks that ever occurred in this section happened yesterday afternoon when the Seaboard Air Line passenger train No. 72, northbound, jumped the track and plunged into the stream at Wilcox Creek, one mile from here. With the exception of the engine and the rear coach the entire train went into the creek and the first class coach was left standing on the brink of the trestle.

The injured: A. B. Wilson, of Savannah, baggage-master, seriously bruised and cut; Baggage-master Sligter, seriously bruised; Mr. Cox, of Erick, Ga., a passenger, bruised slightly. Two colored mail clerks, seriously injured.

One colored passenger, hip fractured. The coaches were smashed into bits and it is a miracle that dozens of lives were not lost.

The track is still blocked by the debris.

All the injured were brought to this city and given medical attention.

## SALE OF PHILIPPINES SUGGESTED AT HAGUE

By HANES DAVIS.

The Hague, Sept. 7.—Several delegates to the peace conference who considered the Philippines an apple of discord which some time in the future will surely disturb peace in the far east, made a novel suggestion during a discussion of the difficulty which would attend the sale of the archipelago to a foreign country.

It was suggested that the United States might dispose of the islands to one of her multi-millionaire citizens with rights of sovereignty. By this

## THE LOST LAMANA TURNS UP ALL RIGHT.

(By Leased Wire to The Times.)  
New Orleans, Sept. 7.—Peter Lamana arrived in New Orleans last night from Chicago and there was joy in the Lamana household on St. Philip street. Lamana stated that he had been to St. Louis and Chicago to search for fugitives who are implicated in kidnapping and murdering his son, who have not been apprehended. He had received information that the fugitives had been recognized in St. Louis and Chicago but he could find no trace of them and his trip was fruitless.

(By Leased Wire to The Times.)

New York, Sept. 7.—United States Commissioner of Labor Charles P. Neill and President Sylvester J. Small of the Commercial Telegraphers' Union were in conference several hours today at the Fifth Avenue Hotel.

It was understood that Mr. Neill had information of importance concerning the strike of the telegraph operators and had called in Mr. Small to discuss the matter.

When Mr. Neill arrived at the Fifth Avenue Hotel yesterday he denied that his visit had anything to do with the telegraph strike. When it was discovered that he and President Small had been in conference he refused to discuss the matter.
