BOLL WEEVILS CAN'T HURT NOW

(By Leased Wire to The Times.) New Orleans, La., Sept. 17.—Dr. S. A. Knapp, special agent of the United States department of agriculture, detailed to take charge of the fight against the Mexican boll weevil, and stationed at Lake Charles, La., has been ordered to Washington. The change is made on the ground that the fight against the boll weevil is over and won; not that the destructive insect has been eliminated—for, on the contrary, it is still in evidence in Texas, the territories and Louisiana, and has just been discovered in Catahoula Parish, La., within 17 miles of the Mississippi, where it will undoubtedly exist next season. But that the department of agriculture has finally preferred plans by which the cotton grower can raise just as much cotton if he has weevils on his plantation as he would without them.

THE GRAFTERS AT RICHMOND

(By Leased Wire to The Times.) Richmond, Va., Sept. 17.—With the direct charge that members of the city council were accepting contracts from the municipality in open violation of the state law, Emmon G. Williams, who preferred the charges, created a sensation at a meeting of a council committee last night. It was charged that councilman Williams, chairman of a sub-committee at the city home, was a contractor there and that he had ordered extra work without authority. Dr. Williams also showed by the record that councilman Atkinson had secured a contract for city home repairs. The report was referred to the city attorney. Bills for work ordered by Williams were held up pending investigation.

COLDBLOODED ASSASSINATION

(By Leased Wire to The Times.) Culpepper, Va., Sept. 17.—William Smith, superintendent of a plantation owned by Captain Miller in this county, about fourteen miles from Culpepper, was shot and killed Sunday night. There is no clue to his slayer's identity although the police say they believe it was the result of an old quarrel and concerned a woman.

Thirteen of the indictments were found against Segal, five charging conspiracy, five embezzlement and receiving of money unlawfully. North and Collingwood, the former the treasurer and the latter assistant treasurer of the Real Estate Trust Company before its failure, were each indicted on 14 bills in each case, seven on the charge of conspiracy and seven on the charge of embezzlement.

In all the indictments for conspiracy the name of Frank K. Hippie, the suicide president of the company, is joined with that of the defendants as a party to the crime.

JEW-KILLING HABIT PREVAILS IN ODESSA

(Special Cable to The Times.) Odessa, Sept. 17.—Notwithstanding the proclamation of the new prefect of Odessa, General Novitsky, outrages in the streets here were resumed on the occasion of the funeral of a police official. The Black Hundred fired revolvers recklessly all day, broke into Jewish houses, pillaged them and cruelly beat their occupants. Two Jews were killed and many were injured. Reports are reaching this city of raids, robberies and murders at other places.

Smith bore an excellent reputation among his neighbors and was not thought to have an enemy. A feud between the Smith family and another family of the county had existed for some time. It is said, and the sheriff and his deputies are proceeding on that line. They express confidence that they will make an arrest shortly, and that they will get the right man.

BASEBALL MAN SHOOT'S WOMAN.

(Special to The Evening Times.) Charlotte, N. C., Sept. 17.—Frank McKinnon, baseball player and a man about town, shot and perhaps fatally wounded Emma Jones, a negro woman, last night. The shooting occurred a few minutes before seven o'clock on the front porch of Ethel Bryce's house, in the red light district.

The negro woman, who had been drinking, struck Ethel Bryce across the face with a chair and then with an oath threatened to hit McKinnon, who was standing near, and when she did he took from his pocket a .32 caliber Iver Johnson and shot her in the right shoulder.

McKinnon at once ran up town and gave himself up to the police. A report from the hospital states that the bullet has not been located and it is thought entered the lung.

McKinnon is a native of Florida. He has played on several professional and semi-professional baseball teams as pitcher. He came to Charlotte several months ago for the purpose of organizing a team and succeeded in getting together a few players. Pending the result of the shooting he is being held in custody.

(By Leased Wire to The Times.) New York, Sept. 17.—In a terrific pistol battle following an attack upon an old man by a band of robbers at One Hundred and Sixteenth street and Second avenue, two men were killed and two mortally wounded, a woman stabbed and nine others injured.

A riot followed the battle when detectives and policemen tried to arrest the alleged hold-up men. The dead: HARRY BECKER, hardware dealer, 23 years old, shot through the heart. SAMUEL BECKER, 26 years old, hardware dealer, shot through the abdomen.

The injured: Isaac Postneck, shot in head. Mrs. Lena Becker, mother of the dead men, seriously cut and bruised. Mrs. Anna Postneck, severely wounded about the head and body.

All the injured were taken to the Harlem Hospital. Crowds were in Second avenue when the old man was attacked by the robbers. He fought his assailants vigorously and after being badly beaten and robbed of his money and watch he was allowed to escape. Crawling to the clothing store of Mrs. Hanna Kaufmann at No. 252 Second avenue, he sank down on the sidewalk and several citizens dressed his wounds.

Mrs. Kaufmann, after the man had been removed, was sweeping the stairs from the sidewalk when Harry Becker, whose hardware store is next door, told Mrs. Kaufmann somebody ought to notify the police. As he uttered these words a young man stepped up to him and said: "You call the police; you will get yours—soon."

As Mr. Becker went into his store, five of the men followed him inside. In the fight that followed Becker was shot through the abdomen and died soon after taken to the hospital. Francisco Sien, who did the shooting, is in custody.
