

ARE FINED, BUT APPEAL

Cases Against Denizens of East Raleigh Begin

ONLY TWO ARE TRIED

Cases Against Four Other Women Continued Until Friday Morning. Effort to Run Out Keepers of Bawdy Houses Has Good Start—Fines in Each Case is \$100.

The denizens of east Raleigh—at least a half dozen of them—were in a police court today for keeping a bawdy house. Justice Badger fined the first woman, Nettie Barber, \$100, and her attorney, Col. J. C. L. Harris, at once gave notice of appeal. The bond was fixed at \$125. The case will go to the superior court for final settlement. At the conclusion of this case, which consumed an hour of time, the charges against the other women were taken up, and the same testimony was gone over again. They were all fined \$100 and appeals were taken in each case.

Besides the various policemen who testified as to the general reputation of these houses, a number of the citizens of Raleigh testified as to their character. The witnesses were examined by City Attorney Snow and cross-examined by Col. Harris. The court room was crowded with young men and old men too, who hung over the court railing and stared at the court. Justice Badger had all the boys under 18 years of age run out of the court room, but their places were readily taken by older ones. Col. Harris and Mr. Snow indulged in a display of oratory as to the interpretation of the law, passed by the last legislature, which permits—or is supposed to permit—the occupants of these houses being convicted of vagrancy on the general reputation of the places. The question as to the validity of the law will be tested by the supreme court in all probability, for it is evident that the case will be fought to the last.

Pattie Thompson took the stand. She stated that she kept as quiet a house as she could. She volunteered the information that she ran off one of her boarders, Cossie Pulley, who was married later in police court to one Fred Miller. Where Cossie is now, Pattie did not know. Justice Badger put a fine of \$100 on the Thompson woman and appeal was taken.

The cases against Mildred Stewart, Myrtle Hill, Myrtle Johnson and May Sheppard were continued until Friday morning at 10 o'clock upon request of City Attorney Snow. Mr. Wayland Yates, chauffeur for Mr. P. D. Gold, Jr., submitted to running his automobile on Hillsboro street at a speed greater than eight miles an hour and paid \$3.50.

J. P. MORGAN AS A CHURCHMAN.

(By Leased Wire to The Times.) Richmond, Va., Sept. 18.—J. Pierpont Morgan, who will be among the lay delegates to the general convention of the Protestant Episcopal church, which assembles here next month, has made elaborate preparations for entertaining while here. His residence, for the period of his stay in Richmond, will be one of the handsomest of Richmond homes—the famous old Thomas mansion, at the corner of Second and Grace streets, where the New York millionaire will entertain in handsome style.

WOMAN WOULD GIVE HER LIFE

(By Cable to The Times.) St. Petersburg, Sept. 18.—A most daring and original plot in which a woman was prepared to sacrifice her life for revenge on the secret police was disclosed today by the arrest of a young girl known only by the nickname of "Wanda." She planned to blow up the secret police headquarters by making of herself a human bomb. To accomplish this it was her intention to enter the building at noon when it is crowded with police, clad in the uniform of an army officer. The uniform was to be padded with gunpowder and she was to carry powerful bombs. Had her plans been carried out she would have sacrificed her life but the building would have been destroyed and many members of the secret police killed. Many revolutionists have been tortured in the chambers of the secret police and the girl determined to avenge them even though it took her own life. In some way the girl was betrayed to the police. They also arrested a Jewish tailor, who had half completed the uniform she was to have worn.

THE NEW STATE VOTES DEMOCRATIC

Oklahoma City, Okla., Sept. 18.—Oklahoma has ratified the enabling act and become a state so far as Oklahoma and Indian Territory are concerned. The new state has gone democratic and has voted to go dry. It is now up to President Roosevelt to sign the enabling act.

Returns from the largest cities and counties of Oklahoma and Indian Territory indicate that the constitution of the proposed new state has been adopted by a large majority; that the prohibition clause of the constitution has been adopted and that the democratic state ticket, headed by C. N. Haskell of Muskogee, for governor, has been elected over Frank Fritz, the present territorial governor of Oklahoma, who was the republican nominee.

An order has been issued by Chief Inspector Vickery that makes it possible for all of the inspectors located in this state to be present.

Postmaster General Meyer has occupied several stations of honor before he was appointed to the present position, having been speaker of the house of representatives of Massachusetts and was also ambassador to Russia.

Not only will postmasters from all over the state be present for the occasion, but also hundreds of other people for it is not often that Raleigh has such prominent visitors. It is expected that nearly every postmaster in the state will be present. Prescription for Railroad Extortion

(Continued From First Page.) Hence there is necessity for maintaining, as far as possible, the natural laws of commerce and business in their full vigor as a preventive of unjust and unreasonable rates, for it will never be possible for any public tribunal to correct on the spot immediately all unjust rates which may be put into effect, especially under a system of combination where competition is eliminated. "It is better that the public should be able to rely, as far as possible, upon natural laws of trade, unrestricted, for protection against extortion, rather than to be at all times dependent alone upon the action of any governmental tribunal which, of necessity in every case, must take the time necessary to hear controversies before it can decide them. Prevention is better than cure." In discussing the proposal of President Roosevelt and Chairman Knapp that "pooling" be legalized, thus exempting railroads from the application of the anti-trust act, Judge Clements said: "I do not believe in anything else under another name which is equivalent to it." Judge Clements' attention was called to a report that the commission would not reduce basic rates, and that, as a rule, a conservative enforcement of the railroad rate act would prevail. "There is no authority for any statement as to what the commission will do respecting basic rates," he said. "In all controversies pending before the commission will proceed under the law, upon full hearing, to determine each case upon its merits and make an order accordingly." A humane appeal. A humane citizen of Richmond, Ind., Mr. U. D. Williams, 107 West Main St., says: "I appeal to all persons with weak lungs to take Dr. King's New Discovery, the only remedy that has helped me and fully comes up to the proprietor's recommendation." It saves more lives than all other throat and lung remedies put together. Used as a cough and cold cure the world over. Cures asthma, bronchitis, croup, whooping cough, quinsy, hoarseness, and phthisis, stops hemorrhages of the lungs and builds them up. Guaranteed at all drug stores. 50c. and \$1. Trial bottle free.

WOMEN IN HOSPITALS Experiences of Mrs. Rockwood and Miss Tierney

A large proportion of the operations performed in our hospitals are upon women and girls for some organic trouble. Why should this be the case? Because they have neglected themselves, as every one of these patients in the hospital beds had plenty of warning in those dragging sensations, pains at left or right of abdomen, backaches, nervous exhaustion, inflammation, ulceration, displacements, and other organic weaknesses. All of these symptoms are indications of an unhealthy condition of the female system and if not heeded the penalty has to be paid by a dangerous operation. When these symptoms manifest themselves, do not drag along until you are obliged to go to the hospital and submit to an operation—but remember that Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, has saved hundreds of women from surgical operations. Lydia E. Pinkham's Vegetable Compound has cured more cases of feminine ills than any other one remedy. Such letters as the following are constantly being received by Mrs. Pinkham to prove our claims. Mrs. C. A. Rockwood, teacher of Parliamentary Law, of 58 Free St., Fredonia, N. Y., writes: "For years I suffered with female trouble. It was decided that an operation was necessary, and although I submitted to a serious operation my sufferings continued, until Lydia E. Pinkham's Vegetable Compound was recommended and it proved a marvelous remedy, so quickly did it restore my health. I cannot thank you sufficiently for the good it has done me." Miss Margaret Tierney, of No. 388 W. 25th Street, New York, writes: "When only eighteen years of age our physician decided that an operation was necessary to permit of my womanly organs performing their natural functions. My mother objected and being urged by a relative to try Lydia E. Pinkham's Vegetable Compound did so. I soon improved in health, the proper conditions were established and I am well and strong, thanks to Lydia E. Pinkham's Vegetable Compound. No other remedy has such unqualified endorsement as Lydia E. Pinkham's Vegetable Compound. No other remedy in the world has such a record of cures of female ills." Mrs. Pinkham's Standing Invitation to Women Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. From the symptoms given, the trouble may be located and the quickest and surest way of recovery advised. Out of her vast volume of experience in treating female ills Mrs. Pinkham probably has the very knowledge that may help your case. Her advice is free and always helpful.
