COURT MEETS MONDAY

Will Not Try Rowland Case the First Week

Cases Against Railroad Men Charged With Manslaughter Will Be Sent Before Grand Jury Thursday—Will Order Special Venue in Rowland Case.

Superior court convenes Monday and probably the first case called will be the one in which Dr. and Mrs. Rowland are charged with the murder of Engineer Charles R. Strange. The case will not be tried, however, until the following week, but will be called for the purpose of summoning a special venire. It is feared that much difficulty will be experienced in getting a jury, for the case has been talked far and wide and there are not many people in this section who have not expressed an opinion one way or the other.

An effort will be made during the first week of the term to clear the jail of the petty offenders, for there are always a number of negroes in jail who have been unable to give the required bond. The indictments against Engineer W. W. Hippy, of Burlington; Captain C. M. Oakley, of Greensboro; Chief Train Dispatcher R. P. Ketchum and Train Dispatcher Victor Pervin, of Durham, for manslaughter, will be sent before the grand jury.

It is not known when the case will be reached for trial, probably not this term.

OIL HEARING MONDAY WILL BE IMPORTANT

(By Leased Wire to The Times.) New York, Sept. 21.—When the taking of testimony in the government's suit to dissolve the Standard Oil Company of New Jersey is resumed on Monday there is every reason to believe that William G. Rockefeller will at last take the stand.

At the beginning of Monday's session, Wesley H. Tilford, who has been in the witness chair for the last two days, may be taken in hand for the defense by Mr. Milburn. There is a great deal in his testimony that both the witness and the Standard Oil attorneys would like to have expressed in somewhat more emphatic terms, and some matters of detail by way of legislation were omitted in the haste of direct examination that Mr. Tilford wishes to supply.

By Monday the government accountants who have been ranging over what is left of the old Standard Oil trust and the liquidator trusts books besides inspecting the current accounts of the company should be in the possession of enough facts to make Mr. Kellogg's examination of witnesses of great interest. If they can find all the documents relating to the period of liquidation the minutes of subsidiary companies and certain contracts in restraint of trade, they will help the prosecution greatly, though Mr. Kellogg and his assistants, C. B. Moulton and J. H. Graves, believe that their case is already more than established.

One Side-Line Company Worth \$26,000,000. (By Leased Wire to The Times.) Chicago, Sept. 21.—Evidence that the Whiting plant of the Standard Oil Company is worth at least \$26,000,000 is to be submitted to Judge Grosscup by District Attorney Sims. His purpose in so doing is to demonstrate to the court that the forthcoming bond of \$3,000,000 fixed by the judge in the supersedeas proceedings on representations of the attorneys for the company is too low. If the company's obligation should be limited to \$4,000,000 it might dispose of the property and could be held only for the \$1,000,000.

The evidence of District Attorney Sims consists of admissions and exhibits submitted at the hearing in the anti-trust case in New York. The right of the district attorney to re-open the question cannot be denied.

Postal Mgr. Missing AND SO IS \$10,000. (By Leased Wire to The Times.) New Orleans, La., Sept. 21.—Mystery still shrouds the whereabouts of John Robert Petrich, former manager of the local office of the Postal Telegraph Company, and the amount of his shortage is a matter of conjecture. An affidavit was issued against him yesterday evening by W. A. Porteous, district superintendent of the Postal Telegraph Company, charging the specific embezzlement of \$4,042.25, but according to the statement of N. J. Petrich, father of the missing man, Mr. Porteous claims that the defalcation will reach more than \$10,000. Petrich also acted for a time as secretary of the Atlanta baseball club in 1904, but resigned on account of differences with the then manager, Abner Powell.

COLUMBIA AND HER COTTON CROP. (By Leased Wire to The Times.) Washington, D. C., Sept. 21.—Consul P. P. Demers, of Barranquilla, writes that the government of Columbia has lately been making great efforts to develop, on a large scale the growing of cotton throughout the country, but especially on the Atlantic coast, whose soil is well adapted to that branch of agriculture. He says: "The crop this year has been beyond expectation, which fact has had the result of creating an optimistic view as to future possibilities, and everybody in this vicinity is now bent on
