List of the Dead and Injured—Some of the Hurt Are Reported to Be Mortally Injured, Including a Young Bride On Her Honeymoon Trip—No. 34, Northbound Passenger Train, Crashed Into a Freight Four Miles North of Greensboro, While Going at Rate of 60 Miles An Hour—Disaster Said to Be Due to Freight Brakeman Who Threw the Switch—He Has Fled, and at Last Accounts Had Not Been Captured—Heartrending Scenes at the Wreck and Other Particulars.

(Special to The Evening Times.)
Greensboro, N. C., Oct. 18.—Northbound passenger train No. 34, of the Southern Railway, traveling at the rate of sixty miles an hour, ran into an open switch at Rudd, a small station four miles north of here, last night about 10:20, striking a freight head-on, killing and injuring many persons. At this hour the name of only one person killed can be ascertained, Mrs. June Thomas, of Danville, Va., wife of a freight engineer. A foreigner is known to be dead and the fireman of the freight is thought to be.

The first day coach was entirely split open and the engine of the passenger was completely demolished. The wreck did not catch fire, however. The Pullman coaches and passengers therein did not suffer. Practically all the persons in the first day coach were injured, about twenty-five in number, it is thought. They were brought in the Pullman coaches to Summit avenue crossing, this city, where they were met by carriages and carried, the dead to the undertaker's and the wounded to St. Leo's Hospital, half a mile away. A newly-married couple of Gastonia, was in the day coach, and the bride is reported as mortally wounded.

Following is the list of the dead and injured:

The dead:
The negro fireman on freight.
An unidentified man, evidently a foreigner.

Mrs. Junius Thomas, of Danville, Va.
D. Allen Bryant, drummer for Richmond paper company.

The injured are:

June Thomas, Danville.
A man from Canada who refused to give his name to the reporter.

Greensboro, N. C., Oct. 18.—The Telegram prints the following particulars of the accident:

Just as soon as the news of the wreck reached the city Superintendent Conley went on a special to the scene of the disaster, taking with him Drs. Michaux and Wilson. As it happened only those who were riding in the day coaches were severely wounded or killed, and these were extracted from the ruins and placed on the Pullman cars and hurried back to the Summit avenue crossing, where they were met with all the available carriages in the city and where were gathered Dr. Grimsley, Meadows, Long, Turner, Jarboe, who had been notified to be there to administer to the wants of the suffering and dying. The four dead bodies were removed and laid on the ground and Undertaker Poole was notified and came and carried the bodies to his establishment to prepare them for burial. It was a ghastly sight to behold the torn and mangled bodies spread out on the ground there with only a black sheet spread over them.

Just as fast as the carriages could convey the bodies to the hospital they were removed from the cars, some of them screaming and groaning with terrible suffering, and others almost too weak to utter a sound, some of them being perfectly unconscious. After the physicians had gone through

PULLMAN CARS TO GIVE TEXAS A WIDE BERTH

(By Leased Wire to The Times.)
Chicago, Ill., Oct. 18.—The Pullman Company has signified its intention of withdrawing from operation in Texas rather than pay a levy of \$100,000 for taxes which has been made against it.

The gross earnings of the Pullman Company last year in Texas were \$389,000, on which it paid a tax of four per cent, of \$15,560. This year the tax has been increased to five per cent, and the company is required to pay in addition 25 cents on every \$100 of its capitalization invested in Texas, which amounts to \$788,684. This valuation is based on the number of cars used in the Texas business and the mileage operated in the state.

The attorney-general of the state has begun suit against the company to enforce payment of this tax. Should a decision be rendered in its favor the company will withdraw from its operations in Texas.

(By Leased Wire to The Times.)
Washington, Oct. 18.—Lewis G. Early, of Reading, Pa., secretary of the international league of press clubs, has arrived in this city and said he would make arrangements while here for the convenience of the delegates to the convention, which convenes in Birmingham, Ala., next week. The special train leaves Washington at 9 o'clock next Sunday morning.

TWO MILLION IS HEINZE & CO'S INDEBTEDNESS

(By Leased Wire to The Times.)

New York, Oct. 18.—Two million dollars is the amount of indebtedness of the firm of Otto Heinze & Co. In an interview today given by Mr. A. Herschfeld, of Hayes & Herschfeld, attorneys for Otto Heinze & Co., the former gentleman said that a call for a meeting of the creditors of the firm had been issued for Monday next at 12 o'clock. The meeting will take place in the office of the company at No. 42 Broadway.

A member of the firm of Otto Heinze & Co., said today that the firm's indebtedness would amount to at least \$2,000,000. This gentleman went on to say that at the meeting of the creditors on Monday next the indulgence of these gentlemen would be asked and that a request would be made for extension of time.

"I have no doubt," said this gentleman, "that the request will be granted."

Peter Seucker, special counsel for Otto Heinze & Co., said today that all the obligations of Otto Heinze & Co. would be paid in full finally.

"I want to say, however," said Mr. Seucker, "that the claim of Gross & Kleberg will be fought out in the court. That is a matter for legal adjudication."

KILLED BY A HONEY BEE

(By Leased Wire to The Times.)

Canton, S. D., Oct. 18.—Stung on the temple by a common honey bee while he was picking up potatoes on the farm of Henry Tripp, Michael Oakleaf died fifteen minutes afterward in convulsions. Physicians gave it as their opinion that the sting penetrated the brain through the knitted part of the skull.

IN CONFERENCE WITH GOVERNOR

Counsel Discussing Matters
of Interest

NOTHING GIVEN OUT

Chairman McNeill of Corporation Commission and Counsel for State in Southern Railway Case With Governor Glenn—Some of the Matters Talked About.

There was a conference in the office of Governor Glenn today, at which ex-Governor Aycock, ex-Judge Winston, Speaker Justice, ex-Congressman Woodard, ex-Judge Shepherd and Chairman McNeill of the corporation commission were present. As to the nature of the conference nothing would be given out. Generalities connected with the Southern Railway case were being discussed, was all that the reporters who besieged Governor Glenn's office could learn.

Ex-Judge Winston specified these generalities to a certain extent. He felt he could not make public the business before the conference, but he stated that the counsel and the governor were discussing the evidence that the state hopes to submit before Judge Montgomery. It is the earnest desire of the state to furnish accurate data to put before the standing master, he said. Counsel is very anxious to have experts and accountants go over the record of the sale of tickets in order to determine the cost of each kind of traffic. The ruling of the master, sustained by Judge Pritchard, eliminates the state's evidence to its own experts and statisticians gathered by the corporation commission, and the counsel were discussing means of furnishing the data it desires in spite of this handicap.

"There are other things," Judge Winston stated smilingly, as he retired into the governor's office.

What other matters the counsel were discussing the reporters were unable to learn. The thing most desired was whether or not it would be decided to place Col. A. B. Andrews on the stand.

BEWARE OF THE MONEY CHANGERS

(By Leased Wire to The Times.)

Lincoln, Neb., Oct. 18.—Mr. Bryan in this morning's issue of The Commoner, issues a warning to democrats to beware of the leadership of the metropolis, its calling itself democratic, which appears "to regard the democratic party as organized to secure offices for its members and is not concerned about principles." He says these are now urging the party to become the exponent of predatory wealth, and gives it as his opinion they will do the party more injury by pretending to be democratic than if they were opposed to it.

He speaks of their editors as men employed to chloroform their readers while their proprietors pick their pockets. He says that these papers do not represent the rank and file of democracy or appreciate the party's opportunity or its obligation. He urges that democrats attend primaries and instruct all delegates to conventions both upon platform and candidates, to the end that the rank and file and not a group of the men, dictate both. He also urges the posting out of every member whose business connections are such as to bias him in favor of corporations that have been securing special privileges. With a platform really democratic, and candidates who really represent that sentiment, backed by an organization to real sympathy, he says the party can enter the next campaign with splendid prospects of success.

CONVENTION NEAR ITS END

Episcopal Gathering Breaks
Up Tomorrow

WHAT WAS DONE TODAY

Credentials of Newly-Elected Bishops Considered Today—Business Now Claims Attention of Both Houses. The Clock Will Strike Four For Final Adjournment at 1 O'clock Saturday—Closing Service at 3 O'clock Tomorrow in Holy Trinity Church.

(By Elizabeth Elliott Poe.)

Richmond, Va., Oct. 18.—The last day but one finds the convention with its work pretty well in hand. Today's session was an important one and included the following program: 9:00 a. m. Celebration of St. Luke's Day at Monumental church. 10:00 a. m. Both houses of the convention met in business sessions. 1:30 p. m. Luncheon. 2:00 p. m. Both houses of the convention resumed business sessions. House of deacons met in executive session to consider credentials of newly-elected bishops.

8:00 p. m. "Circle" Friendly Society at Grace church.

8:00 p. m. Both houses of the convention resumed business sessions. On tomorrow at 1 o'clock the convention will adjourn. There will not, however, be a pastoral letter ready by that time. It will be prepared and sent to all parishes as soon as possible. It is a strange and interesting fact that this is the first time since the general convention met in Richmond in 1859 that it has adjourned without having the pastoral letter ready and read.

The closing service will be held at Holy Trinity church at 3 p. m., and in lieu of the pastoral letter the presiding bishop will give a brief talk.

The question of a free prayer book was brought up in the consideration of a Spanish prayer book for Dr. Carl E. Grammer, of Philadelphia, defended the word "Protestant" as used on the title page of the prayer book. He asserted that the word "Catholic" would antagonize from the church more than it would bring to it.

"The Protestant nations of this world are the most intelligent, religious and progressive on the face of the globe. The English people are a Protestant people. The church of Rome can beat you any day on the infallibility question. If you want to reach the masses you must place this church forward as the child of the reformation."

The proposition was to drop the word "Protestant" from the title page of the Spanish prayer book for it means "infidel" in Spanish language.

Rev. Mr. Brown of Brazil explained the Spanish intricacies of language.

Judge McConnell of Louisiana opposed the resolution, saying it would be an open door to the high churchmen to use the prayer book without the title "Protestant Episcopal Church."

The house concurred with the bishops in striking out the word "Protestant" in prayer books written in foreign languages but restricted the elimination of "Protestant" to the foreign books only.

OHIO MOB WOULD LYNCH A NEGRO

(By Leased Wire to The Times.)

Cincinnati, O., Oct. 18.—The timely arrival of Henry Cary, the town marshal, and half a dozen citizens prevented the lynching of Will Gray, a negro suspect, who was taken from the town jail at Hartwell last night by a mob of fifty that stormed the village lockup and battered down three doors to get at their victim. The mob had a rope about Gray's neck, with the end of the rope thrown over a limb ready to draw him up when Marshal Cary and other citizens appeared on the scene and put an end to the attempt at lynching. Gray was arrested in connection with the murder of H. B. Howard at Hartwell, who was found dead at his store on Saturday. Gray was arrested on suspicion, having been heard to make threats against Howard.

HARRIMAN AND FISH ARE BOTH BADLY SCARED

(By Leased Wire to The Times.)

Chicago, Ill., Oct. 18.—Stuyvesant Fish and E. H. Harriman in their fight for control of the Illinois Central Railroad today prepared to play for more delay.

Whether the next collision between the two forces will take place today or tomorrow is uncertain. Plank movements of all sorts are anticipated. Fish is said to have received a block of proxies representing 9,000 shares from Europe and to be reported to be sending them before the committee in small lots. In this way, it was pointed out Fish is delaying the work of tabulating the proxies on the theory that every hour of time gained means added strength to his cause.

One coup credited to Harriman was made possible of execution by reason of the fact that the stock books were opened in New York at 11 o'clock, in accordance with the rule closing them from September 23 to October 16. Harriman is said to have bought heavily for the purpose of voting stock so secured. The directors met in Mr. Harriman's offices and voted to keep the books open five hours.

In accordance with the Fish faction's own understanding of the agreement 500 shares of stock owned by Fish will be voted in Harriman's interest. Mr. Fish was in the market for any Illinois Central stock floating about, and the amount thus collected for him was the 500 shares mentioned, which had been held by parties friendly to Mr. Harriman.

Mr. Harriman denies any coup as far as he is concerned.

"There is nothing in it," he said. "Only 5,000 shares changed hands in New York and these were confined to eighty accounts. I received the reports a little while ago. You see, this small amount changing hands one way or the other will not affect the result. There were no transactions outside of New York."

"Could he be voted at this election?" he was asked.

"I think so, but none of our fellows will attempt that. We want this election run fair, and there is no attempt on our part at least, to secure an advantage by underhand methods."

AUSTRIAN EMPEROR IS LOSING GROUND.

(By Leased Wire to The Times.)

Vienna, Oct. 18.—The emperor is not so well this morning. He has lost strength and despite the efforts of his physicians the fever shows a disposition to rise.

MR. ROOSEVELT GETS HIS BEAR; A BIG FELLOW

(By Leased Wire to The Times.)

New Orleans, La., Oct. 18.—President Theodore Roosevelt has killed a bear. It was a fine big fellow and the nation's chief executive, who has been enjoying an outing in the Camanches of Louisiana near Shreveport, was overjoyed. A special to the New Orleans from this morning stated that the president killed the bear yesterday, and the president himself went into the thicket for him. Naturally the killing of the bear caused much rejoicing at the camp. Mr. Roosevelt has been hunting bears for nearly two weeks and his stay in Louisiana was drawing to a close.

GEORGE PETERS HANGED TODAY

Mount Airy, Oct. 18.—Geo. Peters, who killed Rev. Joseph Easter, in Carroll county, Va., and who was sentenced to be hanged at Hillsville, Va., September 29, 1907, and who was respite for thirty days by the Governor of Virginia, will be executed this afternoon in the jail yard at Hillsville. It is learned that Peters claims to be repented to die. He says he was crazed with strong drink and knows nothing of what happened on the night of the killing. Peters has a wife and several children who are worthy objects of pity.

Danish Steamship "Alfred Ollandsen" Cast Ashore Off St. Abbs

THE DOOMED VESSEL POUNDED ALL NIGHT

Repeatedly Smashed Upon the Rocks the Crew and Passengers Failed. Futile Efforts to Man the Lifeboats, and All Attempts of Life-savers Were in Vain—Gigantic Waves Swept Frenzied Mass of Humanity to Death in the Fathomless Depths of the Waters of a Heavy, Angry Sea.

(Special Cable to Evening Times.)
London, Oct. 18.—Fifty lives were lost when the Danish steamer Alfred Ollandsen went ashore off St. Abbs shore, Scotland, last night.

A heavy sea was running when the vessel struck and the efforts of the life savers to reach her were futile. Time and again the attempt to launch the life boats were foiled by the mountainous seas and it was equally impossible to throw a line to the shipwrecked mariners.

Throughout the night the doomed vessel pounded heavily on the rocks and was repeatedly smashed by the gigantic waves.

At dawn today little of the vessel is left and there is no sign of life aboard the hull. It is regarded as practically certain that all hands have been swept overboard and either drowned or smashed to death on the rocky shore.

INTEREST IN BALLOON RACE

(By Leased Wire to The Times.)

St. Louis, Oct. 18.—Ballooning teams that are to compete in the international races for the James Gordon Bennett cup next Monday ascended last evening in smaller balloons, with the expectation of staying up all night to test ballooning conditions in the darkness.

Aeronauts J. C. McCoy and Capt. Charles D. Chandler, who will man the America in the races, ascended at 4:10 p. m. in the United States signal corps balloon No. 10 and drifted off in a northerly direction.

Two hours later Allen Hawley and Augustus Post, with the balloon Stephens No. 21, ascended, taking the same general direction as McCoy and Chandler. Both the government balloon and Stephens No. 21 are small compared with the cup contenders.

Up to midnight but one of the ballooning teams had been reported as sighted, and that was when the McCoy-Chandler craft hovered for a short time over Edwardsville, Ill., 25 miles north of here.

While the big balloon America, which J. C. McCoy is to pilot in the international air races here next week was being unpacked yesterday the vanishing suddenly ignited from spontaneous combustion, and the big silk balloon was slightly damaged. It can be repaired without delay, however, and will be in the contests.

SOME TIMELY FOOTBALL NOTES

Cambridge, Mass., Oct. 18.—Every man on the Harvard team was given a tremendous ovation last night as he embarked on the special car that bore the players away on their annual Annapolis trip. One thousand undergraduates turned out to cheer the team off and far down Massachusetts avenue the car was followed by a volley of lusty yells.

Twenty-eight players were taken:

Tigers Given Long Practices.
Princeton, N. J., Oct. 18.—Coach Roper and his staff gave the Tigers very long practice yesterday afternoon considering the condition of the weather. Apparently Roper is dissatisfied with the miserable showing made for he gave the men extra work. Two scrimmages halves of 20 minutes each were played, during which the varsity scored against the scrubs twice.

SIX ARE KILLED BY STREET-CARS

(By Leased Wire to The Times.)

Chattanooga, Tenn., Oct. 18.—In a head-end collision between two street cars here this morning six people were killed and several more or less seriously injured.
