ELECTIONS FURNISHED ONLY FEW SURPRISES

Democrats May Have Elected Governor in Cleveland's State

KENTUCKY REPUBLICAN BY 10,000 MAJORITY

While Tammany Carried New York County, It Was By Only 25,000, the Smallest Plurality in Many Years—Louisville Elects a Republican Mayor by 1,200 Majority, John Walter Smith, the German Element Candidate, Walks All Over Governor Warfield in Senatorial Primary—Crafter (Dem.), Apparently Elected Governor of Maryland—The Returns Received Today From Other States.

The returns have been slow in coming in, very little being printed in the morning papers today. Among the results wired the Evening Times today, the following are the most important:

- John Walter Smith defeats Governor Warfield for United States Senator in Maryland by an overwhelming majority. New Jersey elects a democratic governor by a small majority. Kentucky goes republican and elects republican governor (Wilson) by 10,000 majority. A republican is elected mayor of Louisville. Tammany swept New York county, but by a smaller plurality than usual, the figures given being 25,000 to 27,000 plurality. Tom Johnson is re-elected mayor of Cleveland, but by a reduced majority.

(By Leased Wire to The Times.) Trenton, N. J., Nov. 6.—So close is the vote in New Jersey that the result will be in doubt until the figures are carefully tallied today. Both parties claim victory by a small margin.

The assembly will be democratic, 32 to 28, but the senate remains republican, thus blocking possible efforts to repeal the Bishops law. Some of the mayors elected are John B. Gill, republican, Trenton; Andrew F. McBride, democrat, Paterson; T. Frank Appleby, republican, Asbury Park; Charles H. Ellis, republican, Camden; George H. Stell, democrat, Hoboken; Harvey L. Johnson, republican, Princeton.

Mark M. Fagan, candidate for a fourth term as mayor of Jersey City and widely known as a reformer in city politics, suffered crushing defeat by H. Otto Wittpen, democrat, the plurality being estimated at 10,000. Fagan's friends attribute his defeat to the excise question, the increase in taxes and public disapproval of a fourth term.

The estimate plurality for Katzenbach, democratic candidate, for governor, in Hudson county, is 16,000, and if this is approximately correct he is elected over Fort, republican.

Now Looks Like Jersey Elected a Republican Governor. New York, Nov. 6.—3 p. m.—The New Jersey democratic state committee, whose headquarters are in Jersey City, at noon today practically conceded the election of J. Franklin Fort (rep.) as governor of the state by an estimated plurality of

5,000 to 8,000. Mr. Devereux, of the committee who was in charge this morning while not entirely abandoning hope of election of Frank S. Katzenbach, the democratic candidate, said that from the returns available Hudson county would probably give Katzenbach only about 8,000 plurality instead of 15,000, as earlier estimates had it and that 2x county had gone for Fort by plurality instead of giving Katzenbach 1,000 plurality, as had been expected. These changes in the estimates of these two counties combined with the returns from the rest of the state, indicated a plurality for Judge Fort as above stated.

The republicans claim the election confidently. Judge Fort, when seen at his home in Orange this morning, said: "I have no statement to make other than that I am elected governor of New Jersey by at least 8,000 plurality."

Tammany Wins by Reduced Plurality. New York, Nov. 6.—The Tammany ticket in New York county, headed by Thomas F. Foley, was elected by one of the smallest pluralities in years. The returns today with several districts missing, give Foley a plurality of 25,000 to 27,000.

ALL HANDS FOR BETTER LAWS ON CURRENCY

(By Leased Wire to The Times.) Washington, D. C., Nov. 6.—"I have no doubt that the democrats in the house will join with the republicans in passing remedial financial legislation to prevent a recurrence of such stringencies as the one through which we have recently passed," declared Representative Thetus Willette Sims, of the eighth Tennessee district at the Ebbit.

SLEUTHS HOT ON TRAIL OF TRAIN ROBBER

(By Leased Wire to The Times.) Bristol, Tenn., Nov. 6.—A number of detectives, assisted by a posse of nearly 100 men, are scouring the country in the neighborhood of Abingdon in search of a fugitive believed to be Harvey Logan, the notorious train robber, who was captured at Knoxville a few years ago with \$100,000 in unsigned national bank notes in his possession.

FRISCO VOTERS DRIVE OUT OFFICIAL CROOKS

(By Leased Wire to The Times.) San Francisco, Cal., Nov. 6.—The people of San Francisco, by an overwhelming vote, have decided that they want Dr. Edward R. Taylor for mayor and William H. Langdon for district attorney and the men nominated on the democratic and good government ticket for the minor executive offices. That means that the crooks, both high and low, must go to jail. It means that union labor has with one great effort thrown off its thrall. Never again will the purchasable rascals get control of the great organization of a great people. The figures indicate that Langdon

has beaten Culhoun's man, McGowan, for district attorney. There was no considerable interest in any other contest but the votes show that John A. Koster will be auditor next year, E. L. Cutten will be treasurer, Washington Dodge will be a third term assessor, David Bush will be tax collector, Edmond Godchaux will be recorder, Percy V. Long will again be city attorney. M. J. Haynes will again be public administrator, William P. McCabe, a union labor man will be the new county clerk, Lawrence Dolan will succeed Tom O'Neill as sheriff and Abe Ruef will go into his custody.

HOW MORAN WON GREAT VICTORY

Independence League Man Whipped Both Parties

FOUGHT BOTH MACHINES

Independence League Candidate for District Attorney Carries Boston By 20,000 Plurality, Although Republican Candidate for Governor Received a Majority of 4,000 in the City—Moran Was Fought By Both Machines—Why He Was Elected.

(By Leased Wire to The Times.) Boston, Mass., Nov. 6.—John B. Moran, independence league candidate, was re-elected district attorney of Suffolk county by a plurality estimated at 20,000 and this in spite of the fact that Curtis Guild, Jr., republican candidate for governor, carried the city of Boston by about 4,000. It was a signal victory for the independence league.

Moran's victory was even more unexpected and surprising this year than two years ago. Then a great fight was made against him. But this year, realizing his strength, the entire power of the democratic machine was thrown against him and in favor of Joseph A. Dennison, the democratic candidate, and former assistant of Mr. Moran.

The campaign was bitter from the very start. Dennison, backed by the Fitzgerald machine, indulged in personalities from his first speech. He made all kinds of charges against Mr. Moran, accusing him of improper conduct of his office in many ways.

Moran's only reply was made in the form of a statement denying the charges categorically and where necessary explaining them.

Even before the campaign opened Moran announced that he would not be able to take the stump as his physician had positively forbidden him to speak. Therefore the only way in which he could answer Dennison's charges was through the press.

Walter A. Webster, the republican candidate, also threw a few charges at both Moran and Dennison, but was dismissed by the former with an open letter of good advice because of his "youth and inexperience."

Mr. Moran's re-election is looked upon as a vindication of his methods while district attorney as a rebuke to the methods of the machine.

DAY'S FINANCIAL CAPERS ON THE REVENUE STEAL

CONFERENCE AT J. P. MORGAN'S and the Results

PROTECT EACH OTHER BOUND TO BE COLLUSION

The Trust Co. of America and Lincoln Trust Co. to Be Taken Care of by Other Trust Cos.—Effect of Sale of Tenn. Iron & Coal Co. to Steel Trust—Morgan in Conference with Secretary of Treasury Says There is Bound to Have Been Collusion on Part of Revenue Officers.

(By Leased Wire to The Times.) New York, Nov. 6.—That the Trust Company of America and the Lincoln Trust Company will be taken care of by the other trust companies of this city co-operating with the Morgan interests was definitely stated at a quarter past twelve today while a prolonged conference between the representatives of those trust companies and other bankers was in session in J. P. Morgan's library.

The announcement was made by A. B. Hepburn, president of the Chase National Bank who, upon leaving the conference, said: "Both companies will be taken care of, but at this hour it is only a question of straightening out the matter of support with the trustees and arranging other details."

The conference from which this announcement came was the last of a series held yesterday by the bankers, who, under the guidance of J. P. Morgan, have taken in hand the complicated financial situation in which the heavy demands upon the Trust Company of America and in the Lincoln Trust Company were among the most difficult problems presented.

Effect of Sale of Tenn. I. & C. Co. Regarding the relations of the Trust Company of America to the Tennessee Coal & Iron Company, President Theodore Tilton, in a statement from his residence at 11 o'clock last night:

"The Trust Company of America does not own a single share of the Tennessee Coal & Iron stocks. The Trust Company of America has outstanding loans to responsible parties with Tennessee Coal & Iron stock as collateral to the sum of \$620,000 which loans are amply margined."

This statement indicates the extent to which the taking up of loans on Tennessee Coal & Iron stock will benefit the Trust Company of America. This loan of \$620,000 is part of the \$10,000,000 which is understood to have been borrowed from various institutions by those who were carrying the controlling interest in Tennessee Coal & Iron.

The most important of the day's conferences was the one which convened in Mr. Morgan's library at 9 o'clock last evening. This conference was called for the purpose of bringing definitely to a conclusion all the plans which had been under discussion during the day and to put into definite shape the scheme for the full support of the two trust companies.

YOUNG MAN DROWNED AT NEW BERN

(Special to The Evening Times.) New Bern, N. C., Nov. 6.—Randolph Dizer, a young white man, was drowned in the Neuse River this morning.

He was on a gasoline launch and became frightened when the boat struck some submerged object and jumped overboard.

He had but one arm and was unable to swim.

SUDDEN DEATH OF CAPTAIN ALLEN

Capt. G. M. Allen, one of Raleigh's oldest and most worthy citizens, died suddenly last night at his home on south West street, from an attack of acute indigestion. Captain Allen was seventy-three years old. While he had been in poor health for the past few years, his condition had not been serious and his death came as a great shock to his family and many friends in this city. Until recently he was a member of the old firm of Allen & Cram, machinists and iron workers.

Captain Allen was a Confederate veteran and was one of the leading members of the L. O. B. Branch Camp of Confederate Veterans. He was a public spirited citizen and at one time was a valued member of the board of aldermen of this city. Captain Allen is survived by his wife and one daughter, Mrs. Preston B. Rodgers. There is much sympathy for the family in their great loss.

Captain Allen was a devout member of the First Baptist Church, having been one of its deacons for a number of years, and his funeral, which was conducted by Dr. W. C. Tyree, was held from that church

ACTOR HITCHCOCK TURNS UP AND SURRENDERS

Walked Into Dist. Atty's Office at Noon

SAYS HE HAS BEEN ILL; ADMITTED TO BAIL

(By Leased Wire to The Times.) New York, Nov. 6.—Raymond Hitchcock, the actor, who disappeared several days ago after the grand jury had indicted him upon statements made by four young girls, walked into the office of District Attorney Jerome at noon today and announced that he desired to surrender himself. Hitchcock was accompanied by his lawyer, Herman Fromme, and District Attorney Henry J. Goldsmith. His appearance apparently came as a surprise to the district attorney.

Assistant District Attorney Garvan took charge of the actor and he was escorted to the court of general sessions and a hearing before Judge Whitman. Bail was fixed at \$7,500. Martin Engel, who was in the criminal courts building, announced that he would furnish the bonds.

Hitchcock declined to discuss his movements since his disappearance. "I am a very sick man," was all he would say. But his appearance does not indicate that he was suffering from any severe illness. Flora Zaballe, Hitchcock's wife, accompanied him to the criminal court.

He was first seen at Green Room Club where he put in an appearance with Attorney Goldsmith. When his friends rushed forward to greet him he shook hands with them but declined to say a word concerning himself.

"I am in the hands of my lawyers," was all he would say. From the Green Room Club Hitchcock, with Attorneys Goldsmith and Fromme and Flora Zaballe went in a carriage to the district attorney's office. Hitchcock's wife was in tears as her husband entered the criminal courts building. When Hitchcock appeared before Judge Whitman he entered a plea of not guilty to the six indictments returned by the grand jury. The court fixed his bail at \$7,500 in one of the indictments and paroled him in the custody of his lawyer pending the appearance of a bondsman.

Then all hands went to the office of Assistant District Attorney Miner to arrange the details for the bond. There Hitchcock was urged by the reporters to tell something concerning his disappearance since the time of his disappearance. "I have been broken down," he said. "I have had a serious attack. I have been confined to my home. If you want to know anything else you will have to ask my lawyer." Mr. Fromme was then questioned concerning the theory he had advanced several days ago to the effect that Hitchcock had been kidnapped. He replied that he had nothing to say.

Then Attorney Goldsmith said: "Concerning that story, I will say that Mr. Fromme never says a thing unless he is sure of it."

FRATERNAL INSURANCE CO. CHARTERED THIS AFTERNOON

Pink Hill Fraternal Insurance Union, at Pink Hill, Lenoir county, was granted a charter this afternoon. Objects are to insure persons of good bodily health and to conduct a general fraternal insurance business. The incorporators are Charles C. Southland, Christopher White, and others.

SWEET SCENTED MALONY MATRIMONIAL MESS

New York, Nov. 6.—Arthur Herbert Osborne, for two years the secret husband of Helen Malony, returned today to his apartment at the Berrford after a visit to the bride who eloped with "Sammy" Clarkson to England in the home of her multimillionaire father in Philadelphia. The return of the prodigal daughter is shielded from publicity or an attempt is being made to prevent the publicity of it.

This afternoon at four o'clock. The following named gentlemen, who are the deacons in the First Baptist Church, acted as pall-bearers: Messrs. T. H. Briggs, C. J. Hunter, D. H. Allen, J. D. Boushall, J. J. Towler, S. W. Brewer, T. B. Torrell, J. P. Wyatt, W. N. Jones, J. E. Ray and E. S. Dunn.

The interment was in Oakwood Cemetery.

DESTRUCTIVE FIRE AT WILSON

(Special to The Evening Times.) Wilson, Nov. 6.—The dry kiln and a quantity of lumber of the large Dennis Simmons Lumber Company were entirely destroyed by fire this morning. Loss partly covered by insurance.

EXPLOSION ON STEAMSHIP; MANY KILLED AND INJURED. (By Cable to The Times.) Berlin, Nov. 6.—Eight are reported killed and twenty injured in a boiler explosion on the German steamship Bluecher at Kiel.

TAFT COMING HOME WITHOUT SEEING EUROPE (By Leased Wire to The Times.) Washington, D. C., Nov. 6.—It is understood in official circles that as a result of telegraphic correspondence with President Roosevelt, Secretary Taft has decided to abandon his contemplated trip to Europe on his way from the Philippines and will return to this country by the Pacific Ocean route.

According to the statements made in a semi-official way, Mr. Taft's change of plan is due to a desire to avoid international embarrassment. His original itinerary provided that he should visit St. Petersburg and Berlin and journey thence, without stopping at Paris to Cherbourg, where he would take the steamer for New York. It was Mr. Taft's intention to travel through Europe in an unofficial capacity, but the fact that he expected to see Emperor William in Berlin, while avoiding any effort to have an audience with the czar or with President Fallieres, gave rise to the opinion here that this course might arouse adverse comment in Russia and in France, and tend to give color to the reports that Germany and the United States were approaching an understanding, having many elements of an informal alliance.

Martin, Nov. 6.—Secretary of War Taft gave out a statement here in which he said he had not decided regarding the abandonment of his Siberian trip, but that the probability is that it will return to Washington via San Francisco. He declined to discuss the reasons for abandonment of his trip around the world, but told those on the station at Vladivostok.

FRATERNAL INSURANCE CO. CHARTERED THIS AFTERNOON. Pink Hill Fraternal Insurance Union, at Pink Hill, Lenoir county, was granted a charter this afternoon. Objects are to insure persons of good bodily health and to conduct a general fraternal insurance business. The incorporators are Charles C. Southland, Christopher White, and others.

Then Attorney Goldsmith said: "Concerning that story, I will say that Mr. Fromme never says a thing unless he is sure of it."

BIG TRACT OF TIMBER LAND SOLD IN N. C.

(By Leased Wire to The Times.) Washington, D. C., Nov. 6.—Colonel R. E. Johnston, of the Johnston Land Investment Company, has just sold a tract of timber land in eastern North Carolina, between Albemarle and Pamlico Sounds. The tract is of 180,000 acres and was sold for \$5,000,000. The timber consists of short leaf yellow pine, juniper and cypress. The firm that made the purchase will erect an up-to-date mill at Elizabeth City, N. C., which will cut 200,000 feet a to hours. The mill will be run by electricity.
