

A HARD GAME FOR SATURDAY

A. & M. Football Team to Meet Davidson

BOTH TEAMS ARE GOOD

Cadets and Presbyterians Regarded As Two Strongest Elevens in State and Nobody Can Say Which Will Win—Odds Are On Neither—A. and M. to Play All-Stars Next Wednesday.

Saturday afternoon at 2:30 in Charlotte the A. and M. football team will tackle the hardest proposition it has gone up against this season. It will play the Davidson College team.

Neither eleven has met with defeat this year. Both are strong and interest in the result of the contest is intense. The cadets will leave Raleigh Friday afternoon for Charlotte.

Football experts are divided as to which has the best team, A. and M. or Davidson. The cadets so far have not played their hardest games, while the Presbyterians have. They have beaten both V. P. I. and Clemson and tied the University of Virginia.

The cadets, on the other hand, have not had to put forth as much energy as their opponents, having encountered such aggregations as Randolph-Macon, Roanoke College and Richmond College. These they easily defeated, their great backs readily ploughing through the lines for big gains. But until the game Saturday one cannot tell which has the stronger team.

The best players of the cadets will be in the game Saturday. The men and their positions will probably be: Thompson, center; Sykes, left guard; Perkins or VonGlahn, right guard; Tall, right tackle; Beebe, left tackle; Fox or Siefert, right end; Sadler or Wilson, left end; Stevens, quarter back; Johnson, Thompson or Littlemore, left half; Sadler or Long, full; Stroud or Spencer, right half. The substitutes will be Gattis, Bray and Coughenour.

The officials of the game will be Dr. Joel Whitaker, Raleigh, referee; Dr. Brodie Nable, Charlotte, umpire; Cadet Pete Morson of A. and M. will be time-keeper.

Game Next Wednesday.

Another Great Game that A. and M. will play will be next Wednesday against an all-star team of this city. The contest will be played on the new athletic field of the college. As formerly stated in The Evening Times, the aggregation that composes this team is made up of some of the best players that have ever battled on the North Carolina gridiron. Interest in this contest is keen.

CATARRH A SERIOUS FAR-REACHING BLOOD DISORDER

Even in its early stages Catarrh is almost intolerable, caused by the stuffy feeling in the nose, the buzzing noises in the ears, the continual "hawking and spitting" difficult breathing, etc. But when the blood becomes thoroughly polluted from the catarrhal matter, the inflammation extends to the bronchial tubes, causing hoarseness, and often an aggravating cough; the stomach is affected, resulting in dyspepsia, loss of appetite and strength, and gradually all the mucous membranes of the body become diseased and attacked, and the constant passage of impure blood through the lungs diseases these important members, and Catarrh terminates in Consumption. Catarrh is a deep-seated blood disease, and must be treated constitutionally, for it is beyond the reach of local treatment. S. S. S. cures Catarrh by cleansing the blood of all the impurities catarrhal matter and at the same time building up the entire system. It goes down and attacks the disease at its head, in the circulation, and removes every trace of the impurity that is causing the trouble. Then as rich, pure blood circulates through the body, the inflamed membranes commence to heal, the mucous discharges grow less and finally cease, and all the disagreeable and disgusting symptoms of Catarrh disappear. S. S. S. has no equal as a cure for this disease. It refines and purifies the entire circulation and repairs the damage done by Catarrh. Special book on Catarrh and any medical advice free. THE GEORGIA "MAGNET" CREATES A SENSATION

(By Leased Wire to The Times.) New York, Nov. 12.—Annie Abbott, the "little Georgia magnet" who is known in Paris where Hoke Smith was never heard of, showed up in the Westside court yesterday afternoon, as complainant against William Yullus, a Greek musician, who has a three room flat at 255 west 45th street. For two weeks Annie Abbott rented two rooms from Yullus and then she went away to show. Yullus says she did not pay the rent; Annie says that Yullus tried to kiss her, and for that matter would have done so, except that she used her strange magnetic power upon him. Since then he has told every one about the house that she is possessed of the devil.

Yullus says that the magnet took him for a green horn, also he says that she tried to make him believe that she wanted to marry him, and he showed to Magistrate Walsh a letter which he says Annie Abbott wrote him from Pittsfield, Mass. The magnet declares that she was never in Pittsfield in her life, that she knows of, and that on October 21, the day the letter is dated, she was in Pittsburg, making puddles with her.

The magistrate read the letter that came from Pittsfield. Then he asked the magnet to write at his dictation. As Annie reached for a pen and a blank summons, diamonds, rubies, pearls, emeralds and cats-eyes blazed from every finger of her two hands and from her thumbs. She held the pen at attention and waited.

The magistrate scanned the letter for an appropriate sentence. Then he said slowly: "Write a great big kiss and a hug

from yours ever devotedly." "Oh, my God, 'Does he says that I wrote that?" laughed the magnet. "That I wrote that to him, and I a married woman?"

But after she had removed about \$10,000 worth of gems so that her fingers could work freely she wrote and what she wrote the judge compared with the letter from Pittsfield. He didn't say what he thought of the similarity, but afterward he questioned the magnet closely. According to the magnet she went away on a short tour, including Waterbury and Pittsburg and when she got back the other day Yullus met her in the hallway. He didn't say a thing about the rent. He began at once to make violent love and took her by the hand. There was his fatal mistake. Anyone who has seen Annie Abbott playing snap the whip with twenty big men can understand that. The next thing Yullus knew, so the magnet says, he was jammed against the wall crying for mercy. She let up on him and finding that he was free he used his tongue.

"Guess we had better put this off until tomorrow and finish it then," said the magistrate. Yullus was in court on a summons and so he was paroled.

"He wanted me to marry him and become an orthodox member of the Greek church. "I who was raised a hardshell. Little Annie Abbott has had all the notoriety she is looking for, and if it is not that he tried to kiss me I wouldn't be here now," and the magnet sailed out of the court room holding up the train of a gray velvet gown.

Western Conference at Salisbury Today

(Continued from First Page.)

the superannuated list, and partly supported by the conference.

Bishop H. C. Morrison, who is presiding at this session, comes to the body for the second time in its history, the other time being the conference at Greensboro in 1906.

Bishop Morrison is one of the able men of the conference, both as a preacher and as a presiding officer. Prior to his election to the Episcopacy he was missionary secretary at Nashville, Tenn., where he distinguished himself as a worker of ability.

The conference host is Rev. E. K. McLarty, one of the best equipped young men in the body, with plenty of energy and executive ability, and his brethren will find things in shape for the work to begin in earnest.

May Establish An Orphanage.

This orphanage work will be sure to come up in some shape, as it has been suggested that the conference is well able to build and maintain a place of refuge for the waifs and orphans in its connection. Whether anything more than the appointment of a commission to take necessary steps will be done, is not known at this writing. As will be remembered the plan to have this conference cooperate with the Eastern Conference in operating the orphanage at Raleigh fell through because of technicalities in the title to the property, which might be affected by such consolidation.

MEETING OF GEORGIA CONFEDERATE VETERANS

(By Leased Wire to The Times.) Augusta, Ga., Nov. 13.—General John W. Clark, of Augusta, was honored with the office of division commander of Georgia Confederate Veterans at the election of officers, which took place in the court house this morning.

General J. W. Wilcox, of Macon, succeeds him as brigade commander of the eastern division.

General L. G. Young, of Savannah, was chosen brigade commander of the southern division.

General J. Gid Morris, of Marietta, was chosen brigade commander of the northern division and General Vaughan, of Montezuma, brigade commander of the southwestern division.

The elections were unanimous. The reunion which comes to its official close tonight, has been attended with marked success throughout and the veterans and visitors are unanimous in the expression of pleasure.

Governor Hoke Smith, of Georgia, and Governor Ansel, of South Carolina, are here with their staff, a fact which added greatly to the gaiety of the week. The parade today was the most imposing which has been held in the state for many years.

Investigating Affairs of the Union Pacific POLICE DECOYED AWAY

Were Told To Look Out For Alexander Corn

(Continued from First Page.) Harriman's testimony before the Interstate Commerce Commission, which he characterized as language showing the purpose of a stock jobbing operation. In this testimony Mr. Harriman insisted that the purchases of stock had been made purely for investment, that certain stocks had been sold because others could be bought with a larger yield—"the language of the skillful investor," Mr. Stinson pointed out.

Mr. Harriman declared also that the purchases of stocks by the Union Pacific Company was not interstate commerce but that only the actions of the Union Pacific Railroad were interstate commerce.

Mr. Stinson referred to the Chicago & Alton purchase in which the Union Pacific paid \$9,000,000 for stock in the most innocuous terms available must be said to have been "considerably diluted with other securities." He pointed out that the reorganization for the purpose of investigation must do so with "sharp eyes and averted nose, if such a feat were possible."

The attorney pointed out that Mr. Harriman, besides being one of the reorganizers of the Alton, had played a three-fold part in the subsequent sale to the Union Pacific of seller, buyer and fixer of the price. In addition Mr. Stinson took up the other transactions, one by one, and pointed out the history of each and the refusal of Mr. Harriman to answer inquiries relative to certain parts of that history.

Former Senator John C. Spooner appeared in court in the course of Mr. Stinson's argument, and taking a seat by the counsel for Mr. Harriman, listened intently to everything that was said.

Gov't Agents Close Swindle A COAL TRUST IN CHICAGO

(By Leased Wire to The Times.) Chicago, Nov. 13.—A coal trust for the control of the retail price of the commodity in Chicago and suburbs is in process of formation.

Although there are over 200 retail dealers in Chicago, the reins are in the hands of a much smaller number of firms. The stringency of the money market is said to have interfered with the plans of the trust makers, who hoped to begin operations by December 1.

TO ABOLISH CORPORAL PUNISHMENT IN LONDON

(By Cable to The Times.) London, Nov. 13.—While the question of resuming the use of the rod on incorrigible pupils is occupying the school officials in the larger cities of America, a movement has been started in the London council schools to abolish corporal punishment. The sub-committee of the education committee has recommended that the use of the cane in schools be reduced to the minimum compatible with the welfare of the children and the school.

Only grave offenses, it is claimed, will warrant corporal punishment. The action of the sub-committee has caused general surprise throughout the city, destroying, as it does, one of the oldest "institutions."

IN JAIL ON NUMBER OF SERIOUS CHARGES.

John Umstead, a negro, was arrested last night by Deputy Sheriff Steel and Constable Byrum and placed in jail. He is charged with a variety of offenses, among them being carrying a concealed weapon, assault with deadly weapon and homebreaking. Umstead was found beyond the Soldiers' Home.

Those who were up early this morning report quite a heavy snowfall in Raleigh. This is the first reported in this section this fall.

THE CHANGE OF LIFE

Sensible Advice to Women from Mrs. Henry Lee, Mrs. Fred Certia and Mrs. Pinkham.

Owing to modern methods of living not one woman in a thousand approaches this perfectly natural change without experiencing a train of very annoying and sometimes painful symptoms.

This is the most critical period of her whole existence and every woman who neglects the care of her health at this time invites disease and pain.

When her system is in a deranged condition or she is predisposed to apoplexy or congestion of any organ, the tendency is at this period likely to become active and with a host of nervous irritations make life a burden. At this time also cancers and tumors are more liable to form and begin their destructive work.

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, melancholia, dread of impending evil, palpitation of the heart, irregularities, constipation and dizziness are promptly heeded by intelligent women who are approaching the period of life when this great change may be expected.

When a medicine has been successful in restoring to health, actually thousands of women, you cannot well say without trying it, "I do not believe it will help me." It is your duty to yourself and family to try Lydia E. Pinkham's Vegetable Compound.

A RIGHT STORE SERVICE

It is just as essential to successful merchandising as right goods and right prices. Communities are like individuals. Use them right and they'll appreciate it. One of the principles upon which this business is founded is absolute fairness in dealing with its patrons. Public confidence came to us by the practice of this principle. We shall "leave no stone unturned" to retain that confidence. There can be no business growth without it. In fact business life itself depends upon its preservation. It cannot be amiss for us to emphasize these matters just at this time.
