The King of the Land.
The following verses were composed by Miss Gertrude Simpkins, the twelve-year-old daughter of Rev. W. A. Simpkins, pastor of the Primitive Baptist Church, Raleigh:

Who cut out the great path of the ocean?
And a track for the rivers to run?
By whom was this mighty work done?

Eternity and God are without beginning of days,
His all-seeing eye and power combined;
In nothing is He frustrated or led from His ways,
All things contemplated and His purpose outlined.

Then came the great earth; in six days it is made,
While living creatures in purpose exist;
Disappointed in nothing, and in nothing dismayed,
And nothing is able His power to resist.

It is silly to think that He will not control
His vast region of earth, the land and the sea;
The fate of the worm and the man with a soul,
In the hollow of His mighty hand are all we.

WAKE SUPERIOR CASE OF J. A. FISH WAS COMPROMISED
After hearing several witnesses, the case of J. A. Fish against the Western Union Telegraph Company was compromised in Wake superior court this afternoon. Mr. Fish was injured in a fall with a pole at Shelby, cutting his left leg and breaking an arm. He sued for \$1,000, but the case was compromised for \$300.

There was no proof that the company knew the pole was rotten and it appears that the cutting of wires caused the pole to fall, thus injuring the young man.

There were a half dozen cases continued today.

In the case of Thomas Hughes, the blind man who sued the King-Crowell Drug Company, the W. H. King Drug Company and the city of Raleigh, the jury late last evening returned a verdict of \$100 and all costs. The W. H. King Drug Company will have to pay this sum, since the King-Crowell Company had not been organized at the time. The city escaped. Hughes asked for \$5,000 for falling into the cellar on Hargett street.

RHEUMATISM HAS VERY MANY VICTIMS HERE

Thousands of men and women who have felt the sting and torture of this dread disease, which is no respecter of age, persons, sex, color or rank, will be interested to know that while for many years rheumatism was considered an incurable disease, now it is one of the easiest afflictions of the human body to conquer. Medical science has proven it not a distinct disease in itself, but a symptom caused by inactive kidneys. Rheumatism is uric acid in the blood and other waste products of the system which should be filtered and strained out in the form of urine. The function of the kidneys is to sift these poisons and acids out and keep the blood clean and pure. The kidneys, however, are of sponge-like substance, the holes or pores of which will sometimes, either from overwork, cold or exposure become clogged and inactive, and falling in their function of eliminating these poisons from the blood, they remain in the veins, decompose and settling about the joints and muscles, cause the untold suffering and pain of rheumatism and backache, often producing complications of bladder and urinary disease, weakness, etc.

The following simple prescription is said to relieve the worst cases of rheumatism because of its direct action upon the blood and kidneys, relieving, too, the most severe forms of bladder and urinary troubles: Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Mix by shaking well in a bottle and take in teaspoonful doses after each meal and at bedtime. The ingredients can be had from any good prescription pharmacy, and are absolutely harmless and safe to use at any time.
