Danderine **GREW MISS CARROLL'S HAIR** 

# AND WE CAN PROVE IT

#### **Beautiful Hair at Small Cost**

WITHIN the last decade great and rapid strides have been made in the medical profession. Many diseases that were considered incurable fifteen years ago are now cured in a few days, and in many cases prevented altogether. The scientists of late years have been searching for the team n and the cause of disease, fully realizing that the actual and true cause must be ascertained before the remedy can be created. Hair troubles, like many other diseases, have been wrongly diagnosed and altogether misunderstood. The hair itself is not the thirg to be treated, for the reason that it is simply a product of the scalp, and wholly dependent upon its action. The scalp is the very soil in which the hair is produced, nurthred and grown, and it alone should receive the attention if results are to be expected. It would do no earthly goed to treat the stern of a plant with a alone should receive the attention in results due to be expected. It would do no earthly good to trent the stem of a plaut with a view of making it grow and become more transful—the soil in which the plant grows must be attended to. Therefore, the scalp in which the **hair** grows must receive the a tention if you are to expect it to grow and become more heartfill. Loss of hair is crused by the scalp drying up, or losing its crustly of moisture or mutriment: when beildness occurs the

supply of moisture or nutriment; when believes occurs the scalp has simply lost all its nonrishment, leaving nothing for the hair to feed upon (a plant or even a tree would die under similar conditions)

The natural thing to do in either case, is to feed and replenish the soil or scalp as the case may be, and your crop will grow and multiply as nature intended it should.

Dr. Knewlton's Danderine has a most wonderful cifect upon the hair glands and tissees of the sector. It is the only remedy for the hair over discovered that is identical with the natural hair feeds or liquids of the sector.

It feeds and nourishes the hair and does all the work origin-ally carried on by the natural matrients or life-giving juices generated by the scalp itself. It penetrates the peres of the scalp quickly and the hair soon shows the effects of its wonder-fully exhibiting and life-producing qualities.

One 25-cent bottle is enough to convince you of its great worth as a hair growing and hair beautifying remedy-try it and see for yourself.

NOW at all druggists in three sizes, 25c, 50c and \$1.00 per botile.

To show how quickly **Danderine** nots we will send a large sample free by return thail to anyone who sends this free coupon to the CUT KNOWLTON DANGERINE CO., Chicago, Ill., THIS with their name and address and 10 cents in silver or stamps to

MISS J. CARROLL, 2307 Irving Ave., Chicago, says: "My hair would not reach to my waist when I began using Danderine and it is now more than four feet long."

MENACE OF

RETRIBUTION,

PRES. CASTRO.

(By Leased Wire to The Times)

The Congregation of First **Baptist Church** 

WILL OCCUPY CHURCH

Extent of Damage By Fire Not Yet Determined - Church Thoroughly Ventilated and Will Be used Sunday.

The congregation of the First Baptist Church, which was damaged by fire Tuesday, will worship in the church Sunday. The fire was confined to the vestibule section and the damage was not sufficient to prevent services. The auditorium was not injured unless by smoke.

No inspection has yet been made to determine the amount of loss occa-sion d by the fire. A number of the costly stained windows are known to have been injured, and if the walls of the auditorium were in anywise disfigured they will have to undergo a conting of paint. With some of the chairs scorched and burned, and if the interior has to be repainted, the damage will probably amount to \$2.00. which was the first estimate. Other-wice a few hundred dollars will cover the loss.

No cause has yet been assigned for the fire.

The congregation will worship in the church Sunday. It has been thoroughly ventilated and the members and visitors will suffer no inconvenience by reason of the fire.

#### HORSE KNEELS IN FRONT STREET CAR

As if kneeling in prayer, a horse hitched to a buggy dropped down on his fore feet on Martin street today in front of a fast approaching streat All efforts to budge the ani-CRT. mal for a minute were in vain. The car rapidly neared the horse and the two men in the buggy and stopped within ten feets of the kneeling animal. One of the occupants of the buggy, however, did not linger, but vaulted out the side.

The horse finally arose and was driven off. No damage was done.

#### MR. KITCHIN WAS IN RALEIGH TODAY

Congressman W. W. Kitchin, one of the candidates for the democratic nomination for governor, was in Raleigh today. He was wearing his usual genial smile, but declined to say anything of a political nature. He has been "around," he remarked with a laugh. He left at 2:50 this afternoon for Durham and will go to his home at Roxboro tonight.
