

FINISHING REHEARSAL Orchestra and Choral Society Meet Today

Final Assembling of Musicians Before Presenting Great Concerts, Orchestra Improvement Over Last Year.

The children's chorus and the Raleigh orchestra get together for a "finishing" rehearsal at 2:30 today. At 3:30 there will be a rehearsal of the Messiah in which the chorus, the augmented orchestra, and the quartette of oratorio singers will go through the music together.

The musicians who take part in the concert tonight are mostly Raleigh people. The singers, except only the four principal voices, are all Raleigh musicians. There are about 20 sopranos, about an equal number of altos, half as many tenors, and enough basses to balance their high-voiced brethren. The orchestra, which ordinarily has about 30 musicians, will be augmented tonight by the addition of six symphony players from New York, who came this morning. One of these will help out the hitherto lonesome cellist of the orchestra, another the equally lonesome bass violin player. Of the others, one will play viola, another oboe, and the remaining two will add to the general effect by playing French horn. The first violins were already numerous and strong enough for the size of the orchestra, so that the orchestra is now in good shape for effective work.

Taft and Carnegie at Grant Memorial Day.

(Continued From First Page.)
vice in Gen. Grant's cabinet. He remembered calling upon the general in 1876, when Grant was president, an occasion upon which he heard the president say with manifest pride, "I was first in horsemanship, but last in tactics."
"As a military genius Grant deserves to rank with the greatest captains of history, the secretary concluded. There was a burst of applause when he paid tribute to the noble character of Gen. Robert E. Lee."
Mr. Carnegie scattered compliments right and left when he started to speak upon "The Four Great Words." Occasionally he addressed his audience collectively as "gentlemen," but he never failed to pause and add:
"And, I beg your pardon, ladies. I wish all of you had a vote."
Mr. Carnegie talked upon his favorite topic, peace, and with such seriousness that his spectacles, which reposed at first upon the bridge of

his nose, worked their way gradually to the top of his forehead and then by slow degrees to the very top of his head, the glasses staring straight at the ceiling.
"Let Us Have Peace." Mr. Carnegie allowed himself a fling at naval extension, sneering openly at the policy of building dreadnaughts.
"We have by agreement with Canada, upon our inland seas, only two little vessels," said he. "One flies the stars and stripes, the other the Union Jack. Each is of 200 tons burden. They are the most powerful vessels that Britain or our own navy is ever likely to possess, since for a century they have preserved the peace between the two branches of the North American people, never firing a shot except in kindness or courtesy."
Mr. Carnegie delved into the scriptures and into ancient history to prove the wickedness of war, ending his speech with:
"We must never fall, in season and out of season, day and night, to keep before the people the truth that compared with men killing men there is no evil, no savagery. It is the crime of crimes."

Death of Mrs. Martha Lumley.
Mrs. Martha Elizabeth Lumley died this afternoon at ten minutes past twelve, at her home on South East street, in the sixty-eighth year of her age.
She is survived by three daughters and two sons, Miss Ida Lumley, Mrs. Henry Hunicutt, Mrs. B. King, Messrs. George and Zachariah Lumley.
She was a member of the Baptist Tabernacle church of this city.
The funeral will be held tomorrow at 4 o'clock from the residence, conducted by Rev. J. C. Masee, pastor of the Tabernacle church. The interment will be in the city cemetery.

NEWSSTAND AGENT SHORT IN ACCOUNTS

Clarence Mohler, the young white man in charge of the news and lunch stand of the Union News Company in this city, has disappeared and his accounts are alleged to be short nearly \$300. Mohler has been missing a week. Charles Perry, a crippled negro who sells pies and sandwiches under the station shed, claims that Mohler borrowed \$40 from him. Mohler's home is in Staunton, Va., whither he went several days ago on a vacation. As he did not return an investigation was begun with the result that a shortage of nearly \$300 was discovered. His whereabouts is unknown.
Mr. W. B. Wright is temporarily in charge of the newsstand until a successor is appointed.

CHICKEN THIEVES GET BUSY AGAIN

Chicken thieves entered the yard of B. Reiner, 114 New Bern avenue, Saturday night and robbed the coop of nine fine fowls, leaving one hen, which was sitting on eggs. They killed the chickens in the yard, blood being spattered around the premises.
There seems to be an organized gang of chicken thieves in Raleigh, who make a living at the foul business. One-half the robberies are not being reported to the police or there would be more captures of the thieves with the "goods" on them.
To Play Clayton Academy.
The Raleigh B. P. B. team, a strong amateur aggregation of ball players, left this afternoon for Clayton for a game with the Clayton academy nine. The players of the Raleigh team are Sawyer, left field; Brockwell, second base; Nowell, first base; Utley, third base; Billings, short stop; Earp, center field; Duckett, right field; Riddle, A., pitcher, and Riddle, H., catcher.

FLOOD OVER IN LONE STAR STATE

(By Leased Wire to The Times)
Dallas, Texas, April 20.—The flood raging throughout Texas some days is now subsiding, and it is possible to estimate in a general way the amount of damage. Four lives were lost and 500 houses wrecked, or partly wrecked. In the packing-house town of North Fort Worth, four thousand persons were driven from their homes, and it was necessary for the mayor of Fort Worth to issue a midnight call for relief for the stricken people.
The property loss in the vicinity of Fort Worth is estimated at nearly \$1,000,000. Negroes are reported to have been drowned at isolated points. Railroads in the northern half of the state are crippled. There are hundreds of houses of the danger of wrecks. Two railroad men lost their lives near Cleburn when a train ran into a washout and was wrecked.
From all parts of northern Texas come expressions of relief that the waters are subsiding. The flood was the greatest in 30 years.

STATE AFFAIRS IN EAST.

Secretary Root Arranges For Better Covering of China and Japan.
(By Leased Wire to The Times)
Washington, April 20.—The far eastern division of affairs of the state department has been formally created by an order issued by Secretary Root, which has been in practical operation some months. Huntington Wilson, third assistant secretary of state, who was an official of the American legation at Tokio nine years, has been made general superintendent of the division. William Phillips, former second secretary of the Pekin legation, has been made its chief. Percival Heintzman, formerly in the consular service in China, is assistant chief.
This division, decided on by Mr. Root last summer upon Mr. Wilson's suggestion, is for the administration of American political and commercial affairs in the far east, and is regarded as the first step toward the organization of the foreign consular and diplomatic service into three, possibly four, great politico-geographical divisions.

ROUTE IS ALL WATER.

Except Short Haul Across the Isthmus, After May 1.
(By Leased Wire to The Times)
Mexico City, April 20.—The Wolvin Steamship Company has entered into an agreement with the Tehuantepec National Railroad and the Eng-Hok-Tong Steamship Company for conducting a traffic between Galveston and Oriental ports. The new service will go into effect May 1. The main purpose of the agreement is to supply Japan with American cotton, for which there is a big demand.
Heretofore American cotton had to be shipped across the continent by rail to San Francisco, where it was reshipped, but the new traffic arrangement will give an all-water route with the exception of the small haul of the Tehuantepec road across the Isthmus.

Kitchin at Rockingham.
(Special to The Times.)
Rockingham, April 20.—Hon. W. W. Kitchin, democratic candidate for nomination as governor, delivered an address to a large and enthusiastic audience in the court house Saturday afternoon. A goodly number present were farmers, but quite a number of ladies graced the occasion.
Mr. Kitchin is a man of pleasing address and magnetic personality. The crowd listened to his speech with the keenest interest. He was introduced by Rev. J. E. Underwood, of this place.

Oliver Would Be Senator.
(By Leased Wire to The Times)
Washington, April 20.—The plan of the anti-Taft forces to have W. J. Oliver, of Knoxville, Tenn., take charge of the campaign of the "allies" in the south, has practically fallen through. Mr. Oliver will not undertake the attack of the opponents of Taft. Mr. Oliver wants to be national committeeman and is reputed to have an ambition to enter the United States senate.

Burgomester Being Towed In.
(By Leased Wire to The Times)
Halifax, N. S., April 20.—The tank steamer Burgomester is being towed to this port by the steamer Columbian, of the London-Boston line. The vessel has a dangerous list to port. The reason is not known. The Burgomester, Capt. Hackenfeldt, sailed from Shields March 24 for Philadelphia with a full cargo of oil and naphtha.

Skionta Suicide in Jail.
(By Leased Wire to The Times)
Chicago, Ill., April 20.—Stanley Skionta, of Gary, Ind., arrested two weeks ago for beating Joseph Keminski, also of Gary, after the latter had shot Skionta's daughter and destroyed her eye, committed suicide today at the Southside police station. Skionta has been in jail since the trouble.

RACE ROW MAKES MEMPHIS MURDER

Mrs. Wright Kills White Young- sters Playing With Blacks

(By Leased Wire to The Times)
Memphis, Tenn., April 20.—Following a quarrel because she had stopped her children from playing with some negroes, Mrs. James Wright shot and instantly killed Leila Gordon, a negro woman, this morning. Mrs. Wright used a single-barrelled shotgun and her one shot tore an arm completely from the negro woman's body.
Rushing into her home Mrs. Wright reloaded the shotgun and started in pursuit of Mary Davis, another negro woman. She shot at her once after a chase of nearly a block, but the shot went wild. Police officers from the stationhouse arrested Mrs. Wright a few moments later, and she was locked up on a charge of murder.

A quarrel over the children of the white woman being stopped from playing with some negro children living in the vicinity was the cause of the tragedy.

Jury Box Full At Last.
New York, April 20.—The jury in the majority recent proceedings was sworn in this afternoon after two jurors had been discharged and replaced, and the trial was begun in earnest. Eugene L. Richards, legal representative of Mayor McClellan, opened the proceedings by addressing the jury.
Then Jurors Masten, No. 1, and Yeandle, No. 2, were taken from the box after a long conference between the lawyers on both sides. James M. Vender, of 203 west 102nd street, a manufacturer of fireworks, replaced the first named and was sworn in as foreman. Leroy Cleveland, a real estate dealer, of 335 west 114 street, then qualified and the jury was complete. Clarence J. Shearn appeared for Mr. Hearst.

PHILIP R. MEADE KILLS HIMSELF AT CHAPEL HILL.

The news of the suicide of Philip R. Meade at Chapel Hill, Saturday was received in Raleigh with sorrow. Mr. Meade was well known in this city. He was 32 years old and a son of Rev. W. H. Meade, rector of the Episcopal church of Chapel Hill. He placed his pistol to his mouth and it is thought he died almost instantly. Despondency is assigned as the cause.

PINCHOT IS TURNED DOWN.

Senate Committee Won't Allow the \$2,000,000 For Forests.
(By Leased Wire to The Times)
Washington, April 20.—Gifford Pinchot, chief of the bureau of forestry and personal chum of the president, has been turned down by the senate committee on agriculture and forestry in his efforts to get a largely increased appropriation for the administration of the forest service.
Mr. Pinchot has been asking \$2,000,000 for this purpose. When the bill passed the house providing for an agricultural appropriation, \$500,000 was allowed for the forest service.
The senate committee reported the agricultural appropriation bill and made no increase in the amount allowed the forest service by the house. The agricultural appropriation bill as passed by the house amounted to \$11,538,906. The senate committee increased this by \$133,319.

CATARRH A SERIOUS FAR-REACHING BLOOD DISORDER

Even in its early stages Catarrh is almost intolerable, caused by the stuffy feeling in the nose, the buzzing noises in the ears, the continual "hawking and spitting" difficult breathing, etc. But when the blood becomes thoroughly polluted from the catarrhal matter, the inflammation extends to the bronchial tubes, causing hoarseness, and often an aggravating cough; the stomach is affected, resulting in dyspepsia, loss of appetite and strength, and gradually all the mucous membranes of the body become diseased and the system upset and deranged. Frequently the kidneys and bladder are attacked, and the constant passage of impure blood through the lungs, diseases these important members, and Catarrh terminates in Consumption. Catarrh is a deep-seated blood disease, and must be treated constitutionally, for it is beyond the reach of local treatment. S. S. S. cures Catarrh by cleansing the blood of all the impure catarrhal matter and at the same time building up the entire system. It goes down and attacks the disease at its head, in the circulation, and removes every trace of the impurity that is causing the trouble. Then as rich, pure blood circulates through the body, the inflamed membranes commence to heal, the mucous discharges grow less and finally cease, and all the disagreeable and disgusting symptoms of Catarrh disappear. S. S. S. has no equal as a cure for this disease. It refines and purifies the entire circulation and repairs the damage done by Catarrh. Special book on Catarrh and any medical advice free. A Good Appetite

An old proverb says:—"Hunger is the best sauce." Elijah's Manna starts the saliva at once because it is so crisp and has a dainty, delicate flavour.

The food is made from white corn, rolled between steel rollers into light silken flakes and then toasted to a delicate brown, which brings out the flavour and sweetness of the corn.

Be sure the food comes to the table crisp. When package is allowed to remain open the moisture of the air makes it tough. In such case insist that it be dried in an oven as per directions on pkg., then it is delicious. At grocers—Large Family size pkg. 15c.
