MAY AND JULY LOW RECORDS FOR SEASON

(By Leased Wire to The Times) New York, April 20—The cotton market this morning opened easy, at a decline of two to seven points. May and July made new low records for the season. The week-end figures were quite bearish, and beyond reports of wet weather in the western belt there appeared to be nothing in the news to create fresh sentiment on the bull side. Opening: May, 8.86 bid; June, 8.83 to 8.84; July, 8.87 to 8.89; October, 8.88 bid; December, 8.88 to 8.90. Market steady.

New York Spot Cotton

(By Leased Wire to The Times) New York, April 20—Spot cotton quiet, unchanged, at 9.99.

COTTON IS QUIET ALONG THE LINE

(By Leased Wire to The Times) New Orleans, April 20—The local cotton market was very quiet today. Buyers generally absented themselves from sample-rooms, lacking the incentive to trade, even upon the basis of a further reduction in prices, and only an occasional small list changed hands. The continued suspension of business on the other side has barred the receipts of cable orders or acceptances, and that fact, combined with the existing depression in contract values, seemed to deprive the market of what little life had remained in it. Prices at noon were distinctly lower by 1-16 to 1/4, and offerings about as unattractive as they could well be, hence the second part of the promises small improvement in volume of trading.

NINE KILLED IN CANADIAN WRECK

(By Leased Wire to The Times) Ottawa, Ont., April 20—Nine men are dead as the result of a bad explosion on the Transcontinental railway. There are few particulars yet beyond the fact that the premature explosion of a dynamite mine in a rock cut on the Transcontinental railway at Atanagh, in the county of Bellechasse, about 2 1/2 miles below Quebec on the south shore, nine men were instantly killed and three badly injured. Although less than some distance from St. Valer station on the intercolonial and only meagre details of the accident have been received. The names of the dead are as follows: Angus Campbell, Iron Mines, N. S.; A. Pinkstone, a native of England; A. Bernard, of France; Adolard M. Morrissey, Wilfred Noell; Edward Langlois, Onaschao Garsen, Emile Chervette, all of Atanagh; Joseph Rodhe, of St. Philyman, county of Bellechasse. Many of the bodies of the unfortunate men were badly mutilated, some of their limbs being torn off. A coroner's inquest will be held and the accident fully investigated. Campbell was the foreman of the party. His body will be sent to his relatives in New Brunswick. Of the injured, two are slightly hurt, while the third has a broken leg. The scene of the explosion was at the railway construction camp of Murdoch Brothers, at St. Cajetan.

WHY COMMISSIONER BLAKE FAVORS BONDS.

To the Editors: As street commissioner, if there is anybody in Raleigh who ought to know the value of good roads it is the undersigned, and no man in the state is more in favor of good roads than I am. During the past six years or more there has been agitation for city extension and I have repeatedly called the attention of the county and road commissioners to the condition of the roads between the old city limits and the proposed limits and I desired the improvement of the same but could get no favorable action, and I had to haul stuff from the state quarry over this part of bad roads to use within the city limits as well as to repair these county roads as usual. Because of this negligence on the part of the county authorities to repair this part of the roads, I was not in favor of the proposed bond issue. They knew that the city was going to be extended and the city would ultimately be taxed on account for this portion of the roads. Recently I have seen the chairman and one of the county commissioners' letters from Prof. Riddick, chairman of the road committee, and the attorney for the bond, all of whom assure me that if this bond issue is voted, not one cent will be spent outside of Raleigh township, and being satisfied with this assurance I shall vote in favor of the bond issue and advise my friends to do likewise. I am sure that it will be beneficial to the city, because it will save a probable further increase of city taxation. W. Z. BLAKE.
