

LARGE VOTES IN THE CONTEST

Much Interest Being Shown By the Ladies.

VOTES PRINTED TODAY

If You Are Going to Enter You Should Not Delay.

The great race is on. The track is clear and every fair contestant has "the right of way." Votes have been pouring into the contest department of The Times for several days, and every candidate has started in the race with a goodly number of ballots to her credit. Every district is represented, and as the days go by more candidates will enter and the contest becomes more interesting.

The contestants who are in the initial position should not feel discouraged by any means. The difference of a few votes is of no consequence at this time as the contest has just opened and has over two weeks yet to run, but you should not delay in getting to work, as, of course, it will take a little of your time. A year's subscription counts for 1,000 votes. One or two of these should place the candidates who are now at the bottom of the list well up in the running line.

Aspirants should bear in mind that every vote counts. Clip the coupons from the paper and send them or bring them to the Contest Department of The Times, and they will be properly credited.

Beginning with today and continuing throughout the contest, the ballots will be counted each morning at 9 o'clock and the total votes of each candidate will be published in The Times every afternoon. This allows not only The Times office to keep up with the contest but the contestant can readily see where they stand and how to work.

Do not hold back your votes. Bring all of your votes to The Times office daily, so they may be recorded.

SENIORS THANK JUNIORS FOR SATURDAY OUTING.

The members of the senior class of the High School wish to express their appreciation of the picnic at Millburne, given them by the junior class last Saturday. The outing was most heartily enjoyed by both teachers and students, as there are many attractions at Millburne at this season of the year.

The juniors have a strong class this year, being composed of about twenty-five boys and girls, and the excellent records made by them in athletics and intellectual contests is only equalled by their sociability.
