

**BOLD ROBBERY  
IN WINDY CITY**

**Couple of Men Break Window  
and Get Jewelry Worth \$5,000**

Crash of Glass Heard by Early Morning Pedestrians on State Street and Looters of Gems Might Have Been Caught Without Trouble, But They Dive Away into Crowd and Are Safe.

(By Leased Wire to The Times.) Chicago, June 11.—One of the boldest robberies in recent years occurred early today, when two men threw a brick through the north window of Hyman Berg & company's jewelry store in the Columbus Memorial building, State and Washington streets, swept \$5,000 worth of jewelry into a bag and escaped.

Despite the early hour, there were many men on State street at the time close enough to hear the crash of the breaking glass. No one attempted to interfere, however, and the robbers, who were not masked, filled their bag rather deliberately and started to walk briskly east on Washington street.

As they reached the alley, John Crowe, a private watchman in uniform, ran out. He had heard the glass broken and was running to investigate. He took in the situation and ordered the men to halt. They started to run, and with Crowe in close pursuit, gained Wabash avenue, ran up the elevated railroad loop steps and were lost to their pursuer in the maze of stairs and platforms.

**Last Day of the Gray's Reunion.**

(Continued from First Page.) rank of lieutenant-general. The 18th annual reunion of the United Veterans of the Confederacy adjourned this morning to meet next year in Memphis, Tenn. The old soldiers as one man declare the Birmingham reunion was the best in the history of the organization in several respects. Nothing was left undone for the comfort and pleasure of the old soldiers, and they are loud in their praise of the manner in which the program was carried out in its entirety.

The crowning feature of the last day of the reunion was the immense parade of the veterans this noon. The day was hot, with the sun shining bright, but the veterans marched with the esprit d' corps of '61-65 and only a few were compelled to leave the ranks on account of fatigue.

**MAIL POUCH WITH \$50,000**

Drops Out of Sight and Government Inspectors Can't Find It. (By Leased Wire to The Times.) Los Angeles, Cal., June 11.—A registered mail pouch containing banknotes of at least \$50,000 in currency and, it is supposed, as much more in miscellaneous remittances and letters, has dropped out of sight with sufficient mystery to baffle the secret service.

For 48 hours postoffice inspectors have been seeking an answer to the puzzle, which promises to prove one of the largest thefts committed from the postoffice department in years.

The pouch was in transit from Los Angeles to New York. From the check system of the department of railway mail service it is known the theft was perpetrated Saturday night somewhere in the jurisdiction of the Kansas City division. Beyond that the officials have no trace they are willing to give out.

It is admitted the lost pouch left here over the Santa Fe the morning

**SPEAKS FOR ITSELF.**

**Experience of a Southern Man.**

Please allow me to thank the originator of Postum, which in my case, speaks for itself," writes a Fla. man. "I formerly drank so much coffee during the day that my nervous system was almost a wreck. My physician told me to quit drinking but I had to have something to drink, so I tried Postum.

"To my great surprise I saw quite a change in my nerves in about 10 days. That was a year ago and now my nerves are steady and I don't have those bilious sick headaches which I regularly had while drinking coffee.

"Postum seems to have body-building properties and leaves the head clear. And I do not have the bad taste in my mouth when I get up mornings. When Postum is boiled good and strong, it is far better in taste than coffee. My advice to coffee drinkers is to try Postum and be convinced." "There's a Reason."

**YOUNG MEN OF DRESS.**

Held in Pittsburg Because They Had Suspiciously Large Quantity of Gems.

Pittsburg, Pa., June 11.—J. A. White and S. P. Saunders, well-dressed young men registering from New York, but who, the police say, have recently made the round of all the big cities of the east, were arrested here this afternoon after a hard chase in an automobile by the police. They are locked up as suspicious persons, and in the hands of the authorities are unmounted gems worth from \$7,500 to \$10,000 which the young men, traveling in an immense touring car, have been trying to sell to the best jewelry stores of the city.

Their hats show purchase in Baltimore and their clothing in Boston and Philadelphia. The police believe the unmounted gems are from these cities.

One of the pair tried to throw a package away as he was overhauled, after a mile automobile chase, but was prevented by the other. This was found to contain a wealth of unmounted diamonds, pearls and rubies.

**\$500 A MONTH TOO LITTLE.**

Wife of Millionaire Mine Owner Positive She Can't Live On That. Denver, Col., June 11.—A train of lawyers, witnesses and private detectives are working to ascertain the income of Joseph Terry, the millionaire mine owner, whose wife has sued him for divorce. Mrs. Terry first asked \$500 a month, but later she raised the amount on the ground that she could not support herself "on that small amount."

Mrs. Terry has purchased several hundred dollars worth of gowns and a few more hundred dollars worth of bonnets and other necessities, and Mr. Terry says the bills have been coming in so thick that he has been unable to figure out how much money he has. Mr. Terry alleges his wife's bills were augmented by the fact that she had to enter the Keeley cure institute to take treatment for alcoholism.

One of the statements brought forth in the litigation is that Mr. Terry used to keep sacks of gold dust and nuggets lying about the house in a careless manner.

**The Roosevelt Call-Down.**

The republican national committee has a majority of members who do not belong to the Roosevelt faction. They simply put it right up to the President to come down from his position and recognize all factions of the party, or be routed at Chicago. He can take his choice. Beyond question it is the most serious call-down that the president has ever had. He threw a fit, but he is getting over it, and he will come down all right when he realizes that "there are others."—Birmingham Ledger.

**Poor Troubled Man!**

Dismay will fill masculine hearts at the report from Paris of a new device of feminine fashion for man's undies—gowns so tight-fitting and transparent that the police were required to protect the women wearing them from ardent demonstrations. "What Paris thinks today" the rest of the world will think tomorrow, and likewise what shocks Paris must be somewhat extreme. The prospect of the demoralizing attire on Broadway will create consternation.

How far are the siren sex to go in the display of its charms to man's discriminating eye? The peek-aboo waist was the first assault on masculine susceptibility. Open work stockings widened the breach and elbow sleeves about finished him. If by these devices of Venus, a gown is added the telegraph description of which suggests a Thais costume, his discomfort will be complete.—New York World.

W. R. Ward, of Dyersburg, Tenn., writes: "This is to certify that I have used Foley's Orino Laxative for chronic constipation, and it has proven without a doubt to be a thorough practical remedy for this trouble, and it is with pleasure I offer my conscientious reference." O. G. King.

**The Vice-Presidency.**

The candidate for vice-president may be selected as a matter of expediency, but no consideration of expediency will influence the selection unless there is abundant reason to rely upon his party fidelity. Arthur and Logan were nominated as representatives of a faction of the party which was defeated when the choice for president was made, but they were republicans who had the confidence of the party. They were needed to unite different elements, which, however, were not divided on any essential party principle. Similar conditions brought about the selection of Gov. Morton as Harrison's running mate in 1858. These were the more conspicuous instances of that kind in the republican experience.

It is always sought to select a candidate for vice-president who will supplement the strength of the candidate for president. New York, which has never had but one republican nominee for first place, has had many nominees for second place, because it has been an essential state to carry. It sometimes, but rarely, has been the fact that the candidate for vice-president was a weakness rather than a help, but there has been no instance where the nominee for second place could be held responsible for defeat. Nor has there been any time for forty years when the vice-president elected by the republican party was not entirely fit to perform the duties of the presidency.

No one need have any fear that the coming convention will make a mistake. It has too rich a field from which to choose, and will be exposed to no danger. The importance of the matter is fully understood. The well-attended action of recent conventions is not at all likely to be departed from.—Philadelphia Press.

**Village Income From Golf.**

The village of Brancaster has made an arrangement with the Royal West Norfolk Golf club, under which it receives 4 per cent. on the club's gross income, with a guarantee of not less than 50 pounds in any year, for the use of the land which has been converted into links. Each year the money is distributed equally among householders of not less than twelve months' residence. This year's distribution has just been made, and the club paid over 63 pounds, 16s., an increase of 8 pounds 12s. upon last year's contribution. The amount sufficed to give every household in Brancaster 5s. and leave a balance in hand.—London Standard.
