San Francisco, Cal., June 22.—Betting on the Gans-Nelson fight, which will take place July 4, opened at 10 to 8, but a wild scramble of the Gans supporters to get their money on forced the price to 10 to 7. It is believed 2 to 1 will be the price before the men enter the race, as Nelson is considered to have only a remote chance.

Gans did the first boxing of his training yesterday. He went four rounds at a fast pace and at the end he tipped the scales at 136. He will have no trouble in making 133 pounds ringside.

GLENN RECEIVED MAJORITY OF 49,256

Interest in the election next fall recalls the tremendous majority received by Governor Glenn in 1904, when he carried the state by a majority of 49,256. A good many of the democrats are claiming that the majority this fall will be even larger, the governor himself being one of the number. It is the opinion of a good many democrats, however, that no candidate, whoever he may be, will be so popular as Governor Glenn was, and it is argued by others that the great majority of 1904 will not be maintained.

Of course there are various reasons assigned for the prediction, chief among which is that the party is split worse now than it has been in some time. After the convention, however, the various elements will get together and unless the large primary vote throughout the state is no indicator, the majority this fall will be such as to gratify the men who have fought for the democracy.

Politicians in Raleigh say the convention will nominate a governor by Thursday night. All the old state officers, they aver, will be nominated by acclamation.

ANTI-RACE BILL BEFORE SENATE

Measure to Stop Gambling Up Tonight at Baton Rouge.

Both Sides Claim Victory and Both On the Outlet. Admit They Are Beaten. So There's No Predicting What Will Be Fate of Racing and Racetrack Men in Louisiana.

(By Leased Wire to The Times.) Baton Rouge, La., June 22.—With both sides claiming victory, and both really believing they are beaten, the great battle for the expulsion of the evils that surround racing will end tonight when the Locke anti-race gambling bill will be acted on by the senate.

The battle will be the greatest ever fought in the Louisiana legislature since the abolition of the lottery, and the same tactics are being employed by both the Locke and Cordill leaders. The coup of the latter, when the reformers had left down their guard Saturday, has aroused all their fighting blood. It is said that Senator Drew has been promised support in his fight against the division of Calcasieu if he votes against the bill, and McVea has drawn the state university into the mix up. Anyway, it will be a great legislative fight and tonight at 8 o'clock will be the hour of "carnage."

PAIN

Pain in the head—pain anywhere, has its cause. Pain is congestion, pain is blood pressure—nothing else usually. As soon as you feel blood pressure, and you know it has been created a little pink tablet. That tablet—called Dr. Shoop's Headache Tablets—ceases blood pressure away from pain centers. The effect is charming, pleasantly delightful. Gently, though safely, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure. If it's painful periods with women, same cause. If you are sleepless, restless, nervous, it's blood congestion—blood pressure. That surely is a certainty, for Dr. Shoop's Headache Tablets stop it in 15 minutes, and the tablets directly distribute the natural blood pressure.
