Almost the entire population of the town turned out to greet him, and in response to demands for a speech he made a short address from the train. He advised his hearers to read the platform of the two parties carefully and intelligently, and then to cast intelligent votes. In view of the strenuous campaigning which he underwent in anticipation of the convention, covering about ten months, he can hardly contemplate with much pleasure four months' additional work on the stump. OLD MISSOURI

Resented His Advances---**Barely Escapes Lynching**

(By Leased Wire to The Times.) Joplin, Mo., July 13 .- Because Mrs. Roy Plum, 19 years old, white, an attache of a carnival company, resented his advances, Will Wilson, a negro, 24 years old, struck her a terrific blow over the left temple, killing her. He then tied a rope around her neck and, according to his own confession, dragged the body 300 feet at Carl Junction, near here.

Leaving the body, he returned to the place, where he had murdered the woman. He was tracked by his bare footprints and arrested, and then spirited away to escape a mob of employes who had secured a rope with which to lynch him.

Wilson was later taken to the jail at Carthage. During his stay in jail he broke down and confessed.
