

HARTJE FAMILY IN COURT AGAIN

Woman Charges Infidelity and Says Husband Didn't Always Keep Most Exemplary Co.

(By Leased Wire to The Times.)
Pittsburg, Pa., July 16.—Mrs. Mary Scott Hartje, through her attorneys, has filed a bill of particulars asked for by her husband, Augustus Hartje, the millionaire paper manufacturer, whom she is suing for alimony.

Consoled With Bad Women.

In her libel Mrs. Hartje charges infidelity and the respondent petitioned the court for a more specific bill of particulars. Mrs. Hartje now avers that, during 1903 and subsequent to that date, her husband repeatedly visited disorderly houses. She also claims her husband was for several years the owner, or part owner, of several disorderly houses. Mrs. Hartje states that she is informed her husband visited these houses frequently during 1903 and for a considerable time before and after.

Respondent Needs to Be Informed.

It is denied that the respondent is entitled to be informed in regard to the source of her knowledge as to the matters contained in her libel. The claim is made that all other matters set forth in the bill are given with certainty and detail.

POPULIST PARTY DIDN'T GET TO ST. LOUIS ON TIME.

(By Leased Wire to The Times.)
St. Louis, Mo., July 16.—Where are the populists?
That was the question yesterday puzzling the politicians around St. Louis. The people's party gentlemen were 24 hours overdue. The politicians were asking if it were possible the party had abandoned its campaign. The populist national committee was scheduled to open headquarters here Tuesday, but none of the committee officials appeared. Twenty-two rooms had been engaged at the Madison hotel, but no one came to occupy them.

About July 1, R. H. Mallett, of Clayborne, Tex., national chairman of the populists, passed through St. Louis on his way to Denver to attend the democratic national convention. While here he engaged the rooms and said he would open political headquarters July 14. Since then the hotel people have heard nothing from him.

Foley's Orino Laxative, the new laxative, stimulates, but does not irritate. It is the best laxative. Guaranteed or your money back.—O. G. King.

BLOOD POISON

Many people suffer from Blood Poison and don't know it. Read symptoms. Easily cured by B. B. B. Cycling—1,000 meters; sixteen heats.
Swimming—400 meters, final.
Swimming—100 meters, back stroke, even heats.
Cycling—1,000 meters, four heats.
Gymnastics—Display (Holland and Battersea).

(By Cable to The Times)
London, July 16.—With a rush which fairly carried the contenders of other countries off their feet, America aggressively took the lead at the opening of the Olympic games today in the Stadium at Shepherd's Bush, not only sending the stars and Stripes aloft as the first winner of the day in the discus throw and completely annihilating the old records, but setting brand new ones.

A crowd that packed the amphitheatre saw Martin Sheridan, of the Irish-American team, put the discus 134 feet, 2 inches, smashing his own world's record of 122 feet and establishing a new mark which bids fair to stand for a long time unequalled. Not content with winning all the finals, the Americans gave three men places in this contest, Griffin being second and Horr third.

The free style discus throw was the first styled event of the morning. The Americans started off savagely, casting themselves into the game with a vim which fully took their rivals by surprise. The first and second sections were combined and these were easily captured by Burroughs, of Chicago. Burroughs' throw came within 10 feet of the record mark, but that was all. Dearborn, of the New York Athletic Club, then sailed the discus and bettered Burroughs' mark about four feet. And still not a throw had been within the shadow of Sheridan's record cast at the last Olympiad. In the fourth section Garrels, of the University of Michigan, cast 133 feet, 6 1/2 inches, making a splendid throw and eclipsing the world's record by a foot and a half. In the fifth section Horr, the giant athlete of the Irish-American Club, threw 129 feet, 5 inches.

The superb throw of Sheridan in the finals, when he cast the discus two feet and two inches further than the record mark, was received with great enthusiasm, not only by the Americans, but by the entire stadium.

The Results in Brief.

The following were the results in the contests today:
Free style discus throw. Sections one and two were combined and were won by W. G. Burroughs, America, who cast 122 feet 9 1/2 inches. The third was won by A. K. Dearborn, of America, who cast 126 feet, 1/2 inch. The fourth was won by John C. Garrels, an American, who cast 133 feet, 6 1/2 inches. The fifth was won by M. F. Horr, an American, who cast 129 feet, 5 inches. The final was won by Martin I. Sheridan, an American, with a cast of 134 feet, 2 inches. Griffin, an American, was second, and Horr, an American, third.

In the 100 kilometer bicycle race, the second heat was won by Meridith, of England. Time, 2:43:15 2-5.

In the 10 mile walk the first heat was won by Webb, of England; time, 1:20:18 4-5. The second was won by G. E. Larnor, of England; time, 1:18:19.

A new record was also made in the second heat of the kilometer bicycle race when Meridith, of England, drove his wheel in 2 hours, 43 minutes, 15 2-5 seconds. On account of the grilling pace, the first heat of this race was run off yesterday.

The day dawned fair this morning and there was excellent promise for favorable condition for the sturdy contestants. In the weight-putting event Ralph Rose held the record, his mark being 55 feet, 7 inches. America was expected to win the discus throw, but the 10 mile walking event was looked upon with suspicion. England's athletes are strong in the walking events and the con-

test was practically conceded to Great Britain after the first heat. There were only two heats in the event, the first four in each heat qualifying for the final.

The final of the five-mile run will be concluded Saturday, the preliminaries being run off yesterday, when Voight, the Englishman, made such excellent time.

Tom Longboat Disqualified.

Another topic of discussion this morning among those who are interested in the games and the outcome was the disqualification of Tom Longboat, the romantic redskin Canadian runner. By eliminating Longboat, the contention of the American team is upheld and it is thought it will exert a modicum of influence upon the Olympic committee when it comes to the final arrangements for the great Marathon.

When the games opened this morning England was leading in points, with America second. England properly had 34 points, but including those of Canada and Australia (British possessions) the British score was augmented to 36. America had 16, but the winning of the discus event with three men placed swelled America's total to 25. Just 11 points behind the Johnny Bulls. France stands third with 9 points and stretching away from France, the other nations dwindle down to one, many of them just having one point.

Johnny Bulls Don't Attend.

Much comment has been aroused by the small attendance of English people, football matches bringing forth three and four times as many sport-loving folks as the great international Olympiad.

Putting 16 pound shot—Section 1, won by W. W. Coe, America; distance, 42 feet, 7 1/2 inches.

Thousand meter cycling event; first heat, won by V. L. Johnson, England; time, 1 minute, 33 4-5 seconds.

Fancy driving contest; fifth heat won by Walz, Germany.

Delay in commencing treatment for a slight irregularity that could have been cured quickly by Foley's Kidney Remedy may result in a serious kidney disease. Foley's Kidney Remedy builds up the worn out tissues and strengthens these organs. Commence taking it today. O. G. King.

WILL BE AMONG BIGGEST DRY GOODS HOUSES IN SOUTH.

New Orleans, La., July 16.—After several months of preparation, stockholders and others interested in the old dry goods and notion house of A. Lehmann & Company have completed arrangements for the launching of a new concern to succeed that firm and have filed articles of incorporation for the new institution, which will be known as the Lehmann Dry Goods Company. The capital has been fixed at \$1,000,000 and the concern will be among the largest houses of its kind in the south.

What Stove for Summer?

Nothing adds to kitchen convenience in summer weather like a New Perfection Wick Blue Flame Oil Cook-Stove. Anything that any stove can do, the "New Perfection" will do, and do it better. Bakes, roasts, boils, toasts; heats the wash water and the sad irons, and does it without dissipating its heat through the room to your discomfort. The

SELF-DEFENCE, WOMAN CLAIMS

Long Lived In Fear of Son-in-Law—Shot Him When In Peril

New York, July 16.—Mrs. Bartley T. Horner, held pending the result of the bullet wound which she inflicted on her son-in-law, Dr. James W. Simpson, said today she was fully prepared to go to court at any time and prove she fired on the dentist in self-defence.

Despite his remarkable vitality, the surgeons at Roosevelt hospital have not been able yet to probe in the doctor's abdomen for the bullet, which is lodged in a lung, and his condition continues precarious.

Mrs. Horner is held on a charge of felonious assault, but it is believed Dr. Simpson is near to death and that the allegation will eventually be changed to one of murder. Temporarily, her bail of \$5,000, given on the day of the shooting, has been continued.

The aged woman denied herself to all callers today, but, through her lawyer, Rowland Miles, she said she did not fear the outcome of the case.

Always Afraid of Simpson.

"I have lived in constant fear of my son-in-law ever since he killed my husband," she said through the lawyer. "He has pursued me with threatening letters and called at my house three times. I only shot him because I feared he would kill me or my daughter."

Situation Bad in Mine Region

days I do not expect to see any trace of the strike left. We will be up to our normal output shortly."

Swift Express Meets Accident.

(Continued From First Page.)
from all the streets near the Greenwich station. They helped the people from the overturned coaches and carried the injured back to beyond the bridge and laid them on the tracks until the physicians arrived.

It was found that a whole score of people were injured, only eight were in a serious condition. These were attended where they lay alongside the tracks by physicians from Greenwich. One of the injured was so badly hurt, however, that he was hurried to the Greenwich hospital. It was said there that the man's injuries were not fatal.

What caused the wreck is as yet unknown. It is believed that either the axle of one of the wheels on the third coach broke and thus caused that car and the two behind to jump the rails.

It Can't Be Beat.

The best of all teachers is experience. C. M. Harden, of Silver City, North Carolina, says: "I find Electric Bitters does all that's claimed for it. For Stomach, Liver and Kidney troubles it can't be beat. I have tried it and find it a most excellent medicine." Mr. Harden is right; it's the best of all medicines also for weakness, lame back, and all run down conditions. Best too for chills and malaria. Sold under guarantee at all drug stores. 50c.

BLOW FROM NAIT ENDED WILLIAMS

(By Leased Wire to The Times)

Dover, Del., July 16.—Investigation by the coroner shows that William Williams, the aged and wealthy farmer found hanging to a tree, was killed and then strung up by his murderer. He was killed by a blow on the head, struck evidently by a board that had a nail in it. Life was extinct when the rope was placed around his neck.

There is no mark of the rope on the skin, and no evidence of strangulation in the lungs. The body rested almost on the ground, and one arm was thrown over a limb of a small tree. The rope had been knotted under the chin, but it was not pulled tight.

Search is now being made to determine who murdered Williams. A motive for the killing is suggested by the fact that he was about to marry thirteen-year-old Elizabeth Walls. Williams was 70 years old.

Heat prostrates the nerves. In the summer one needs a tonic to off-set the customary hot weather. Nerve and strength depression. You will feel better within 48 hours after beginning to take such a remedy as Dr. Shoop's Restorative. Its prompt action in restoring the weakened nerves is surprising. Of course, you won't get entirely strong in a few days, but each day you can actually feel the improvement. That tired, lifeless, spiritless feeling will quickly depart when using the Restorative. Dr. Shoop's Restorative will sharpen a falling appetite; it aids digestion; it will strengthen the weakened Kidneys and Heart by simply rebuilding the worn-out nerves that these organs depend upon. Test it a few days and be convinced. Sold by Henry T. Hicks Co.

Second Coming of Christ.

Rev. P. G. Elsom will preach at the tent tonight at 8:15 p. m. on the "Second Coming of Christ." Large audiences are attending this old-time tent revival and the interest is deepening each night.
