- Cycling: Three lap pursuit race, final.
- Cycling: 100 kilometers, final.
- Swimming: Water polo, Sweden versus Hungary.
- Swimming: Water polo, British Isles versus Austria.
- Athletics: Five miles, final.
- Gymnastics: Display, Bristol.
- Gymnastics: Display, York.

(By Cable to The Times)

London, July 18.—The Stadium at Shepherds Bush, where the fifth Olympiad is in progress, might well be termed "Camp Dissension." The American contingent of dissatisfied ones was joined today by the French and Canadians, although the latter nation would receive merely nominal glory for her prowess, no matter how much skill and strength her men should display.

When London grew astir this morning and the athletes and visitors settled down to their chops and morning papers, there was a feeling of anticipation over what would result today from the protests and counter protests lodged. Some of these were ignored, to the chagrin of the Americans, and others are under the advisement of the British Olympic committee.

The program this morning did not offer much to Americans. The carded events consisted of archery for men and women, the former contesting in the York round and the latter in the national. The schedule for this afternoon, however, holds some very interesting contests.

The finals in the steeplechase, tug-of-war and five-mile event are being run off this afternoon. The Greek style discus throw also holds some keen competition. This style of throw does not allow of such a long-distance cast as the free style throw, which was won by Sheridan when he threw 134 feet Thursday.

Under the system of scoring advocated by J. E. Sullivan, president of the American Athletic Union of the United States, and American commissioner appointed by President Roosevelt, the only true one, which was in vogue at the revival of the Olympic games in Athens, in 1896, and followed at Paris in 1900, at St. Louis in 1904, and at Athens in 1906, the result based on five for a first place, three for a second, and one for third. The points before today's opening of the games stood: America, 31; Unit-

ed Kingdom, 29; Canada, 1; Australia, 1; Sweden, 11; Norway, 4; Greece, 3; France, 1. This is not counting all of the games, but only the track and field contests before the Stadium, which constitute the games proper.

From the English standpoint Great Britain has already won the Olympic games, no matter what construction might be placed upon the scoring system by foreign newspapers. The English papers, naturally loyal to their own country, have figured out the total of points, showing the United Kingdom is already the possessor of all the glory possible to obtain from the Olympiad. The American committee has been busy making protests. The following have been filed up to date:

Full Bill of Protests.

Absence of the American flag on opening day.

Against entrance of Tom Longboat in the Marathon race because he had already been disqualified as an amateur.

The third protest was against the landing-put in the high jump, so that the jumpers would alight on sand and not on the hard earth.

The fourth complaint was against the rule preventing the digging of a hole for the pole vault so that the pole would not slip.

Against the English team wearing steel-trimmed heels on their shoes in the tug-of-war.

Against the ordering of Commissioner Sullivan off the field.

And finally against the system of scoring which the Americans claim to be unjust and unqualified by previous Olympiads.

The Americans were still angry this afternoon over the manner in which the English team acted in the tug-of-war. When the English team marched on the field for the final, the Americans remained mute for a few hisses. The Americans took occasion today to ascertain the rule regulating the conditions for the tug-of-war. In the official program for the Olympic games they found the following clause:

"No competitor shall wear prepared boots or shoes, or boots or shoes with any projecting nails, tips, spurs, points, hollows or projections of any kind. No competitor shall make any hole in the ground with his feet or in any way before the start. No competitor shall wilfully touch the ground with any part of his person but his feet. All heats shall be won by two pulls out of three."

It was learned today that Tom Longboat's injury was not so serious as at first supposed. Information received from Kilmallock, county Limerick, Ireland, where he repaired to train, states that he will be fit to race again in a few days. He did 14 miles in 75 minutes, notwithstanding the strain he was under.

The Winners of Today.

The following were the winners in the games today:

Three thousand meter steeplechase, final, won by Russell, England; time, 10 minutes, 47 4-5 seconds; Roberts, United Kingdom, second; Eisele, United States, third.

Five thousand meter cycling event, Jones, England, won; time, 8 minutes, 36 1-5 seconds.

Two hundred breast stroke swim, won by Holman, England; time, 3 minutes, 9 3/4 seconds.

Heat prostrates the nerves. In the summer one needs a tonic to off-set the customary hot weather. Nerve and strength depression. You will feel better within 48 hours after beginning to take such a remedy as Dr. Shoop's Restorative. Its prompt action in restoring the weakened nerves is surprising. Of course, you won't get entirely strong in a few days, but each day you can actually feel the improvement. That tired, listless, spiritless feeling will quickly depart when using the Restorative. Dr. Shoop's Restorative will sharpen a falling appetite; it aids digestion; it will strengthen the weakened Kidneys and Heart by simply rebuilding the worn-out nerves that these organs depend upon. Test it a few days and be convinced. Sold by Henry T. Hicks Co.

SENATOR CLARK TAKEN SICK; EXPECTED TO RECOVER TODAY.

Chicago, July 18.—United States Senator Clarence D. Clarke, of Evanston, Wyo., collapsed with nervous prostration last night in his rooms at the Auditorium Annex hotel and for several hours his life was despaired of. The physicians early this morning said they expected him to recover.

He arrived in Chicago Wednesday from Washington, where he had visited William H. Taft. Prior to Wyoming's admission to statehood, Mr. Clarke was associate justice of the territory.

WILMINGTON WINS ANOTHER.

Hill's Off-Inning Allowed Three Scores to Be Made.

(Special to The Evening Times.)
Wilmington, N. C., July 18.—After three runs had been made in the first inning by Raleigh, Wilmington was lucky enough to tie the score in their half. Hill's three errors and a two-bagger by Kite are responsible for the three runs which, added to the two succeeding runs made in second and fourth innings, won the game.

Raleigh's new pitcher showed up well and allowed only six hits.

Fox, Wrenn, Farmer and Hill jumped on Webster for hits in the first inning.

The Tabulated Score.

Raleigh	A. B. R. H. P. O. A. E.

WILSON TURNS ON GOLDSBORO.

Game Fast, With Few Errors and Two Hits—Hugg Breaks His Leg.

(Special to The Evening Times.)
Goldsboro, N. C., July 18.—The Wilson-Goldsboro game was fast and exciting. Wilson scored one run in each of the fifth and eighth innings, while Goldsboro failed to cross the rubber.

Hugg, one of Wilson's catchers, had the misfortune to break his ankle while sliding to second base.

GLEANINGS OF THE DIAMOND.

Going up? No, down!

The hits were neck and neck, but Raleigh overtopped Wilmington in the error column.

Three runs in the first inning looked mighty good yesterday, but Wilmington caught the habit and did the same thing.

Edmundson's first game is lost.

If Brandon does pitch today, the reports are going to be more interesting than yesterday, and the result is going to be different.

Nobody is complaining. We simply have to be satisfied with saying, "tough."

This Eastern Carolina League is surely on a good foundation, for Raleigh is at the bottom of it.

"Slide Kelly, slide," but take the path which leads up the percentage column.

Wilson's victory over Goldsboro relieved the tie situation at the head of the standings.

We are all anxious to see our new men work, and consequently, a big crowd is expected next Monday, when Raleigh mixes up with Wilson again.

Farmer is still using the stick in a satisfactory sort of way.

Kelly always shows up with his hit.

Edmundson bids fair to become one of the elements which Raleigh needs to help up the percentage list.

Dawson and Reid are going to help win today with the hits they saved over from yesterday.

"Rube" Howard, who is pitching with the Goldsboro team, was released from Richmond. He is a good pitcher and performed his part of the game well yesterday, but other circumstances resulted in defeat.

J. L. Sullivan accepted eight chances in centre field yesterday for Goldsboro.

Raleigh made more hits than any other team in the league yesterday.

Hugg, catcher for Wilson, had the misfortune of breaking a leg yesterday afternoon sliding from first to second.

Another loss puts us a little deeper in the percentage column.

And Hill lost the game?

No pitcher can win a game unless he has the proper support.

The boys were hitting fair yesterday. Errors is what cost the game.

And they say Wilmington is a wet town.

Errors count against us and runs count for us.

Payne, one of the new pitchers, will likely be saved by Kelly until Monday for the Raleigh-Wilson game.

Capt. Thompson is still confined to his room, but the fans all are in hopes of seeing him back in the game next week.

Wrenn was again unable to be in the game yesterday on account of his finger.

If they all were as good as Hoffman?

Bud Hinton went to Wilmington yesterday to see the game. Wonder what he thought?

We shall raise our percentage next week. Wilson will be here for three games.

Congratulations Charlotte. We are glad to see you moving up.

Merrily we roll along.

What 'ter Hill is the matter?

Nothing seems to be coming our way at the present, but there's a great day coming.

Back to Raleigh tomorrow for three games here the first of the week.

Foley's Orino Laxative, the new laxative, stimulates, but does not irritate. It is the best laxative. Guaranteed or your money back.—O. G. King.

Largest and Most Complete Whiskey House in The South

All Goods Guaranteed Under The National Pure Food Law, Serial Number 348.

We herewith present our mammoth plant, occupying 60,000 square feet of space, thoroughly equipped with every modern appliance known to the art of blending fine whiskeys. Every package which leaves our plant we guarantee to be absolutely pure. The high standard which we have maintained for so many years and the increased sale of our brands is evidence within itself of the satisfaction our goods have given the public.

ANNA HOPES TO BUY IN ONE MORE DE SAGAN ESTATE.

(By Cable to The Times.)

Paris, July 17.—Princess De Sagan, formerly Mme. Anna Gould, is to forswear Paris and France and endeavor to establish a new social peacage in the German principality of her new husband.

It is announced here that Princess Anna has offered her splendid Chateau Marais for sale, the price named being \$250,000. It is said that after disposing of this she will sell the famous residence on the Avenue Boileau Boulevard and follow this with a general sale of her French investments. With the capital thus raised she hopes to buy back the whole, or bigger part of Prince De Sagan's family estate on the German frontier, restore it to its original splendor, and there open a dominant social position.

Kodol will without doubt help anyone who has stomach disorders or stomach trouble. Take Kodol today and continue it for the short time that is necessary to give you complete relief. Kodol is sold by King-Crowell Drug Co.
