### BOOTS BROWN SENT TO JAIL

### Negro Identified as Murderer of Sarah Davis

### NO BAIL FOR FELLOW

Although set for twelve o'clock, it was nearer one when the first witness was put on the stand today in the preliminary hearing of Boots Brown, charged with the murder of Sarah Davis on September 16th, 1906. The preliminary hearing was before Justice of the Peace C. A. Separk. The court room was crowded to its utmost, mostly negroes, all anxious to see and hear what evidence, if any, the defendant was going to offer.

The court was delayed on account of the absence of witnesses, and it was 12:50 when the first witness, J. H. Wiggins, white, was called. Mr. Wiggins testified as follows: Lived in Raleigh for 30 years, at present live on Haywood street; knew Boots Brown for 12 or 13 years prior to the murder and his departure from the city. Mr. Wiggins was at that time conducting a store in the neighborhood of Brown's home and Brown was a frequent customer. When asked if he saw Brown in the court room he replied that he did and pointed at the defendant. Recognized the defendant by the appearance of his eyes and nose.

Mr. W. T. Hodge, white, was the next witness to take the stand. He testified he knew Brown five or six years before he left Raleigh; knew him as a drayman, and testified that defendant was Brown.

John Smith, colored, said he knew Sarah Davis; also Boots Brown; was in company of Sarah when the shooting took place. When asked to testify in his own words as to the shooting he said: "I was at Sarah Davis' house on the evening of the shooting, about eight o'clock, and we were going to church. We were all sitting on the porch talking when Boots Brown came and called Sarah to the gate, saying that he was not going to hurt her." Witness was sitting in window and the next he knew he heard the shots fired and when looking out saw Boots Brown running towards the railroad trestle. Sarah Davis had turned and was running towards the house. Witness left window and went into the hall to ask the woman of the trouble and found her dead, where she had fallen. Smith testified that he had known Boots Brown five or six years prior to the trouble and said defendant resembled him very much.

There was no more testimony offered by the state and the defendant was bound over to the September term of criminal court without bail.

**Jealousy the Cause.** Although married, Boots Brown was greatly infatuated with the Davis woman, it is said, and had been paying her attention for some time. Calling at her house on the fatal evening, Brown seeing the woman had another caller, he asked her to the gate and drawing his pistol shot her. The woman turned and fled to the house and when entering the front door she fell dead. Brown escaped and nothing has been heard of him since until the arrest which was made in Norfolk.

### POSTMASTERS TO GO TO CHARLOTE

### Carolina Postmasters Meet There Sept. 22-23

### FOR A GREAT MEETING

Executive Committee Calls Association to Meet in Queen City—Was Organized in Raleigh Last October, When Many Notables Were Here. The annual meeting of the association of North Carolina postmasters will be held in Charlotte September 22 and 23, 1908. This decision has been reached after a conference of the executive committee to which the matter was referred with power to act.

The first annual meeting, when this association was formed, was held in Raleigh last October, and was attended by Hon. P. V. DeGraw, assistant postmaster-general, and other officials from Washington.

At the Charlotte meeting the presidential postmasters and the fourth-class will be expected and plans are on foot to secure the presence of representatives from the department at Washington. President of the fourth class postmaster association is R. T. Blaylock, of Oak Ridge, and he is also on the executive committee of the state association of postmasters.

### A PRIVATE EXHIBITION

Will Fix a Date and De-light the Stronuous One—Roosevelt Anxious to Meet Inventor—Reception Tonight at Astor in Honor of Farman.

(By Leased Wire to The Times.)

New York, July 30.—President Roosevelt needn't go all the way to Africa for thrills. By stepping over at Brighton Beach from Oyster Bay he can get a ride in an airship, for Henri Farman, the aviator, will be de-lighted. He is arranging to give a private exhibition for the president and will coax the intrepid and strenuous chief executive into the aeroplane, if possible.

President Roosevelt is said to have become greatly interested in aeronautics and has expressed a desire to see Mr. Farman fly. Mr. Farman, in return said he would be pleased to show the president the whole works and take him for a spin, and if arrangements are made a special day will be set aside for an exhibition for the president and his friends, and the public will be excluded.

General James Allen, chief signal officer of the army, and Dr. Albert F. Zahn, of the Catholic University, arrived today from Washington to attend the reception tonight at the Hotel Astor in honor of Mr. Farman. Both are greatly interested in airships, and will remain over for the exhibition flight Saturday.

### DETECTIVES SEEKING FOR MISSING MEDAL

(By Cable to The Times)

London, July 30.—It became known today that Scotland Yard detectives are searching London pawnshops for the gold medal which was won by the American rifle team in the Olympic shoot at Bisley.

The costly trophy was stolen from the rooms of General James A. Drain, president of the American Rifle Association at Victoria hotel. At the same time jewelry belonging to Mrs. Drain was stolen.

General and Mrs. Drain will sail for America on Saturday.

### Revival of Business Activities Going on Now

### LAST QUARTER GOOD

Chicago Manufacturer and Consul at Hanover, Germany, Brings Glad Tidings and Supports Them With Figures—Eleven Mills to Hum Next Monday.

(By Leased Wire to The Times)

New York, July 30.—Robert J. Thompson, a Chicago manufacturer who has been spending the last two years as United States consul at Hanover, Germany, is in New York on a business trip. Speaking of the indication of returning prosperity and the general improvement of commercial conditions, Mr. Thompson said: "Rapid revival in business activities is going on this very minute. It may not be apparent in every respect, but in orders placed in Germany by American buyers and in goods now being shipped to this country the improvement during the quarter ended June 30 has been almost as marked as the falling off was noticeable during the previous six months. The declared exports from the Hanover consular district to the United States fell during the first quarter of 1908 to 1,200,000 marks as against 3,000,000 marks for the same time in 1907.

For the quarter just closed, however, the figures rose to 2,000,000 marks, which is only slightly below the amount declared for the same quarter of 1907.

**More Mills to Begin Work.** Leechburg, Pa., July 30.—Leechburg, which has suffered considerably since the financial depression of last fall, is now recovering lost ground and eleven of the American sheet and tin plate company mills have been ordered to resume operations next Monday morning. Three hundred men, idle since last November, will be given employment.

### A Furious Storm Lashes Eastern Carolina Coast

(Continued from First Page.)

quickly as possible, though progress was necessarily slow as one of the trestles was almost washed away. The last train so far came over the trestle at 9:30 o'clock this morning, after which it was deemed unsafe to make another trip. Scores of people were left on the beach, but a large force of hands is at work strengthening the trestle and launches are being made ready to send to the people. There is no danger unless the stormy wind continues until high tide this afternoon. Considerable damage has been done both in the city and at the beach, but no one so far has been injured.

### What Officials Say.

(Special to The Times)

Wilmington, July 30.—The storm last night at Wrightsville did no damage to the beach or to the trestle. The Tidewater Company has given uninterrupted service and everyone desiring to leave the beach has done so. The Tidewater Company believes that all on the beach are perfectly safe. At 9:30 today the wind was blowing moderately hard from the northeast, but the tide was receding.

### BOND REDUCED AND BRANCH IS RELEASED

The writ of habeas corpus issued by Chief Justice Clark on the petition of John A. Branch, that the bond required of him by Mr. L. H. Smith, justice of the peace, of \$250, to keep the peace for six months towards J. Oscar Wood, was heard this morning at the supreme court-room.

Mr. Beckwith represented the state and J. Oscar Wood and J. C. L. Harris represented the defendant Branch. After the examination of the witnesses and argument of counsel, Mr. Beckwith consented that the bond be reduced to \$50, which was given, and Mr. Branch was discharged from custody.

Messrs. Milton A. Stevens, Squire L. H. Smith, J. W. Powell, and a number of citizens from Fuquay Springs were in attendance on the trial.

### BIG CROWD AT OXFORD AFFAIR

Oxford, N. C., July 30.—The anniversary at the colored orphanage here yesterday was a great success. A strong and timely speech to the colored people was delivered by Mayor W. A. Devin, six thousand orderly people being present. Col. Jas. H. Young, of Raleigh, orator of the occasion, gave his people great and useful advice. The white people of the community gave liberally and encouraged the work.

### Danderine

GROWS HAIR and we can PROVE IT!

A lady from Minnesota writes: "As a result of using Danderine, my hair is close to five feet in length."

### Beautiful Hair at Small Cost

HAIR troubles, like many other diseases, have been wrongly diagnosed and altogether misunderstood. The hair itself is not the thing to be treated, for the reason that it is simply a product of the scalp and wholly dependent upon its action. The scalp is the very soil in which the hair is produced, nurtured and grown, and it alone should receive the attention if results are to be expected. It would do so earthly good to treat the stem of a plant with a view of making it grow and become more beautiful—the soil in which the plant grows must be attended to. Therefore, the scalp in which the hair grows must receive the attention if you are to expect it to grow and become more beautiful.

Loss of hair is caused by the scalp drying up, or losing its supply of moisture or nutriment; when baldness occurs the scalp has simply lost all its nourishment, leaving nothing for the hair to feed upon (a plant or even a tree would die under similar conditions.)

The natural thing to do in either case, is to feed and replenish the soil or scalp as the case may be, and your crop will grow and multiply as nature intended it should.

Knowlton's Danderine has a most wonderful effect upon the hair glands and tissues of the scalp. It is the only remedy for the hair ever discovered that is similar to the natural hair foods or liquids of the scalp.

It penetrates the pores quickly and the hair soon shows the effects of its wonderfully exhilarating and life-producing qualities.

One 25-cent bottle is enough to convince you of its great worth as a hair growing and hair beautifying remedy—try it and see for yourself.
