

Alexander Hamilton.

NO man—not even George Washington—has left a more lasting impression upon our higher laws and institutions than this romantic and handsome young Revolutionary General and Statesman, who died so tragically in a duel at the very zenith of his fame.

Upon every clause of the Constitution of the United States his individuality is indelibly stamped. Daniel Webster says of him: "He smote the rock of National resources and abundant streams of revenue gushed forth; he touched the dead corpse of public credit and it sprang upon its feet."

He believed in protecting the brewing industry, and drank good beer all of his days.

Budweiser

The Natural Drink of America

In every glass is health; and what is health but efficiency and power? It comes to your table a delicious sparkling food—a wholesome malt beverage exhaling the aroma of hop gardens and the fragrant scent of new mown northern barley fields.

The little alcohol in it promotes cheerfulness of mind—which is the best of all medicines. The Lupulin in the hops soothes the nerves and acts as a digestive tonic; while the juice of the barley contains a high percentage of substantial nutriment.

MUCH GAIETY AT ATLANTIC HOTEL

Some of the Events of Week at Popular Carolina Watering Place

(Special to The Times.)
Atlantic Hotel, Morehead City, N. C., July 30.—The season still continues at Morehead; gaiety reigns supreme. This week began especially brilliantly, Miss Mary James, of Greenville, having given a sail Sunday night, Miss Loula McDonald, of Raleigh, having entertained her friends Monday night in a like manner, and Wednesday night Miss Mellon, of Charlotte, was given a beautiful sail by Mr. J. Archy Clark, of Wilson.

The weekly German took place Saturday night and as usual was a very enjoyable affair. The German was gracefully led by Mr. J. C. Wood, of Edenton, with Miss Nancy Mason, of Kentucky, many couples from this state and elsewhere dancing.

The fishing improves daily and is now better than it has been for several seasons; many sensational catches have been made in the past few days. Messrs. White and Williamson, of Graham, brought in 35 sheep-heads Monday as a day's catch, while Mr. Kennedy, of Falling Creek, hooked 33 mackerel Tuesday. The trout also continue to bite well.

Conventions of some kind have been held practically every week at the Atlantic Hotel, the next thing of its kind being the arrival of the Third Regiment on August 4th. A large crowd is expected and Morehead will be even gayer than it has been for the past few weeks.

"Health Coffee" is really the closest Coffee Imitation ever yet produced. This clever Coffee Substitute was recently produced by Dr. Shoop of Raleigh, Wis. Not a grain of real Coffee is in it either. Dr. Shoop's Health Coffee is made from pure toasted grains, with malt, nuts, etc. Really it would fool an expert—who might drink it for Coffee. No 29 or 30 minutes tedious boiling. "Made in a minute," says the doctor. Sold by W. B. Mann.

ARTIST EARLE HAS HEIR

Affinity "Hero," Remarried, Now a Father

Had Several Great Danes in Yard to Keep Visitors Away—Story of Divorce of First Wife and His Marriage.

(By Leased Wire to The Times.)
Monroe, N. Y., July 30.—A son was born last evening to Mrs. Ferdinand Pinney Earle, the wife of the socialist artist, who makes his home at Quaker Hill, a few miles outside of the village. Mrs. Earle and the baby are reported to be doing nicely.

Mrs. P. F. Earle, mother of the artist and Alfred Kuttner, brother of Mr. Earle, and wife have been staying at the artist's home for several weeks in anticipation of the event.

Since the artist recently issued a warning that he was keeping several great Danes and a hive of hostile bees on his grounds to keep away casual visitors, there have been but few visits of congratulations by the neighbors.

Earle and his wife, who was Julia Kuttner, were married in Lombardy in the last week in March. Immediately after the first Mrs. Earle had obtained her decree of divorce. They came here on April 8 and went at once to Earle's place at Monroe.

The first Mrs. Earle left her husband and went to Europe early last September. Miss Kuttner had been staying at the Earle home for some time previous to Mrs. Earle's departure.

On account of the publicity that followed the departure of Mrs. Earle, Miss Kuttner went into retirement for a time, but she rejoined Earle when things blew over. She went over to Europe in December with her mother and Earle joined her there later. They had been making little side trips to parts of France. When they got the news that the first Mrs. Earle had got her divorce they were married at once.

Heat prostrates the nerves. In the summer one needs a tonic to offset the customary hot weather. Nerve and strength depression. You will feel better within 48 hours after beginning to take such a remedy as Dr. Shoop's Restorative. Its prompt action in restoring the weakened nerves is surprising. Of course, you won't get entirely strong in a few days, but each day you can actually feel the improvement. That tired, lifeless, spiritless feeling will quickly depart when using the Restorative. Dr. Shoop's Restorative will sharpen a falling appetite; it acts as a digestion; it will strengthen the weakened kidneys and heart by simply rebuilding the worn-out nerves that these organs depend upon. Test it a few days and be convinced. Sold by Henry T. Eicks Co.

N. Y. TAILORS MAY GO ON A STRIKE

(By Leased Wire to The Times)
New York, July 30.—Unless the employers restore the nine-hour day and the scale of wages prevailing prior to the beginning of the money stress of last October, the 30,000 tailors comprising the National Brotherhood of Tailors in this city and Brooklyn, will go on strike. This was decided upon at a meeting of the brotherhood on Terrace Lyceum, at No. 206 Broadway. This may also affect other organizations of the brotherhood throughout the country which are affiliated with it.

Delay in commencing treatment for a slight irregularity that could have been cured quickly by Foley's Kidney Remedy may result in a serious kidney disease. Foley's Kidney Remedy builds up the worn out tissues and strengthens these organs. Commence taking it today. O. G. King.

SHELLARD NOT GUILTY

Coroner's Jury Says Barbara Rieg Killed Herself

Sister of Girl, in Sensational Manner, Accuses Policeman Shellard of the Crime—Man Husted Out of Room by Friends.

(By Leased Wire to The Times)
New York, July 30.—There was a sensational demonstration at the coroner's inquest into the death of Barbara Rieg, when the jury brought in the verdict that it was caused by a pistol shot wound inflicted by her own hand.

Thirty or 40 persons, mostly policemen, three in uniform, crowded about Policeman David Shellard, who was accused of murdering the girl and loudly congratulated him. They grasped his hands and shook them. Mrs. Mary Thompson, sister of the dead girl, leaped to her feet where she had been sitting with Mrs. Eva Rieg, the mother, and, making her way toward the group about Shellard, cried:

"The dirty murderer; the dirty murderer." Mrs. Rieg followed, crying: "He killed her, and I'll kill him."

The two uniformed policemen who had the prisoner saw this movement and apparently becoming alarmed hustled Shellard out of the crowd and away from his friends. The women followed, but were headed off by the girl's father, who implored them not to make a scene.

Mrs. Rieg quieted down, but Mrs. Thompson kept sobbing: "He killed my sister; I know he did."

The policemen got Shellard away from the crowd.
